STEWARDSHIP PROPOSAL

For: The Village of Orland Park

Project: Police Headquarters – Native Landscape Stewardship 2011

This agreement, made and entered into Monday, November 01, 2010 shall be between the Village of Orland Park, hereinafter referred to as the Owner/Agent and Pizzo & Associates, Ltd., hereinafter referred to as Pizzo. Stewardship services shall consist of the following:

I. SERVICES

Pizzo agrees to perform the following services to restored natural areas, using properly trained and supervised personnel.

A. The services for the month of **NOVEMBER** through **APRIL** shall be per the following schedule:

1. Implement controlled burn in natural areas, as needed. Pizzo will use fire as a tool to clear debris, recycle nutrients and stimulate native plant and animal species. Our fire crew is comprised of S130/S190 trained crew leaders knowledgeable in the fuel types present. The fire crew will create needed firebreaks and place noticeable signage prior to the burn. Seeds will be harvested prior to the burn to allow for post burn dispersal. The areas to be burned will contain unburned refuge for animal species. Due to the unpredictability of the weather, it may be necessary to postpone the burn to the next burn season. It is possible that local conditions could cause the burn unit to burn poorly when all conditions are within parameters. Pizzo will obtain the necessary permits. The Owner/Agent shall notify neighbors when applicable. ***When conducted, controlled burns will be billed in addition to General Stewardship services at the rate specified below.***
2. Control invasive woody & herbaceous flora through cultural methods, physical removal or the application of appropriate herbicides. The native plants will take advantage of the competitive release created by mowing, the timely application of herbicide or physical removal of the non-native plants.
3. Pizzo will collect the seeds of the native plants to disperse into the open areas during the growing season or after the controlled burn.

B. The services for the months of **MAY** through **OCTOBER** shall be per the following schedule:

1. Control invasive woody & herbaceous flora through cultural methods, physical removal or the application of appropriate herbicides. See paragraph A2.
2. We will collect the seed of the native plants to disperse into the open areas during the growing season or after the controlled burn.
3. Mow all restored areas, if necessary, to control invasive flora and allow light to the ground for new seedlings.
4. Prepare the site for the controlled burn by creating needed fire breaks.
5. Plant supplemental native seed and/or plugs at Pizzo's discretion to increase native plant competition & biodiversity (this item may be paid for out of the "Labor" and/or "Herbicide" budget lines).

ESTIMATED STEWARDSHIP SCHEDULE*

*Because natural areas are dynamic systems that constantly change and adapt to current conditions, the stewardship schedule must be flexible as well to allow Pizzo to react to conditions on the ground. This schedule should be considered a guideline and may be varied from to react to current site conditions.
 **In newly planted natural areas, the execution of a prescribed fire may not be possible until the second or third growing season.

Section I. This EQUAL EMPLOYMENT OPPORTUNITY CLAUSE is required by the Illinois Human Rights Act and the Rules and Regulations of the Illinois Department of Human Rights published at 44 Illinois Administrative Code Section 750, et seq.

Section II. In the event of the Contractor's noncompliance with any provision of this Equal Employment Opportunity Clause, the Illinois Human Right Act, or the Rules and Regulations for Public Contracts of the Department of Human Rights (hereinafter referred to as the Department) the Contractor may be declared non-responsible and therefore ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and this agreement may be canceled or avoided in whole or in part, and such other sanctions or penalties may be imposed or remedies involved as provided by statute or regulation.

During the performance of this Agreement, the Contractor agrees:

- A.** That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin or ancestry; and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization.
- B.** That, if it hires additional employees in order to perform this Agreement, or any portion hereof, it will determine the availability (in accordance with the Department's Rules and Regulations for Public Contracts) of minorities and women in the area(s) from which it may reasonably recruit and it will hire for each job classification for which employees are hired in such a way that minorities and women are not underutilized.

G. That it will include verbatim or by reference the provisions of this Equal Employment Opportunity Clause in every subcontract it awards under which any portion of this Agreement obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor. In the same manner as the other provisions of this Agreement, the Vendor will be liable for compliance with applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the Department in the event any subcontractor fails or refuses to comply therewith. In addition, the Vendor will not utilize any subcontractor declared by the Illinois Human Rights Department to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations.
