§ 1.1 The Contract Documents

The Contract Documents consist of this Agreement, Conditions of the Contract, Drawings, Specifications, Addenda issued prior to the execution of this Agreement, other documents listed in this Agreement, and Modifications issued after execution of this Agreement, all of which form the Contract and are as fully a part of the Contract as if attached to this Agreement or repeated herein. References to "General Conditions" in this document shall mean the modified AIA A201-2007 *General Conditions of the Contract for Construction*, a copy of which is attached hereto as APPENDIX A. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations or agreements, either written or oral. If anything in the other Contract Documents, other than a Modification, is inconsistent with this Agreement, this Agreement shall govern.

§ 1.1.1 The Contract Documents shall not be construed to create a contractual relationship of any kind (1) between the Owner and a Contractor or Subcontractor or any third party, or (2) between any persons or entities other than the Owner and Construction Manager, including but not limited to any consultant retained by the Owner to inspect the Work.

§ 1.2 Relationship of the Parties

The Construction Manager accepts the relationship of trust and confidence established by this Agreement and covenants with the Owner to exercise the Construction Manager's skill and judgment in furthering the interests of the Owner; to furnish efficient construction administration, management services and supervision; to furnish at all times an adequate supply of workers and materials; and to perform the Work in an expeditious and economical manner consistent with the Owner's interests. The Owner agrees to furnish or approve, in a timely manner, information required by the Construction Manager and to make payments to the Construction Manager in accordance with the requirements of the Contract Documents. Construction Manager shall perform its services under this Agreement in accordance with the standard of care and skill for Construction Managers at Risk experienced in the construction management of similar projects.

§1.2.3 The Construction Manager's Project Team consists of the following key personnel:

Senior Project Manager – Keith Butkus, P.E.
Resident Engineer – Peter Sathissarat, P.E.

The Owner selected the Construction Manager after interviewing its Project Team and, in part, because of their collective experience and talents. Construction Manager agrees that there will be no change in the Project Team personnel set forth above except as otherwise requested or approved by Owner or as may result from such personnel leaving their employ or other circumstances beyond the reasonable control of Construction Manager. Should circumstances beyond the reasonable control of the Construction Manager result in changes to this Project Team, the Construction Manager shall submit the credentials of the Construction Manager's proposed replacement team member for the Owner's approval, which approval shall not be unreasonably withheld.

§ 1.3 General Conditions

The general conditions of the contract shall be as set forth in the A201-2007, as amended by the SUPPLEMENTARY GENERAL CONDITIONS OF THE CONTRACT attached hereto as APPENDIX A and made a part hereof, which document is incorporated herein by reference. The term "Contractor" as used in A201-2007 shall mean the Construction Manager. The term "Contract Sum" shall mean the agreed Total Construction Cost as set forth in EXHIBIT A attached hereto and made a part hereof.

§ 2.1 Deleted

§2.2.1 through §2.2.8 Deleted

§ 2.2.9 Owner is a tax exempt entity under the laws of the State of Illinois. Owner shall, as part of its undertakings under this Agreement, provide to the Construction Manager all certificates of exemptions and tax exempt numbers needed to entitle Construction Manager/Contractor and Subcontractors to purchase materials and other items to be used on the work or incorporated into the work on a tax exempt basis, said exemption specifically to include but not to be limited to the "Illinois Retailer Occupation Tax" (Sales Tax). Construction Manager shall provide such certificates to the subcontractors.

§ 2.3.2.3 Subcontracts or other agreements shall conform to the applicable payment provisions of this Agreement, and shall not be awarded on the basis of cost plus a fee without the prior consent of the Owner. If the Subcontract is awarded on a cost-plus a fee basis, the Construction Manager shall provide in the Subcontract for the Owner to receive the same audit rights with regard to the Subcontractor as the Owner receives with regard to the Construction Manager in Section 6.11 below.

§ 2.3.2.4 If the Construction Manager recommends a specific bidder that may be considered a "related party" according to Section 6.10, then the Construction Manager shall promptly notify the Owner in writing of such relationship and notify the Owner of the specific nature of the contemplated transaction, according to Section 6.10.2.

§ 2.3.2.5 The Construction Manager shall schedule and conduct meetings to discuss such matters as procedures, progress, coordination, scheduling, and status of the Work. Construction Manager shall include the Project occupancy requirements showing portions of the Project having occupancy priority, if any are established with the Owner. Construction Manager shall update and reissue the Project Construction Schedule monthly to show current conditions and revisions required by actual experience. Submission of such updated schedules shall be a condition to Owner's payment of monthly Applications for Payment. Construction Manager shall maintain the progress of all Work in accordance with the approved Project Construction Schedule, and to ensure all work meets the approved plans and specifications for the Project.

§ 2.3.2.7 The Construction Manager shall record the progress of the Project. The Construction Manager shall supervise and coordinate all aspects of the Project with all authorities, governmental agencies and utility companies who may be involved in the Project. The Construction Manager shall provide sufficient organization, personnel and management to carry out the requirements of this Agreement. Upon acceptance by Owner, the form of Cost vs. Budget Report shall establish the standard for detail required for the remainder of the Project.

§ 2.3.2.9.13 The Anticipated Cost Report will show actual costs for completed activities and estimates for uncompleted tasks and will identify variances between actual and budgeted or estimated costs. § 2.3.2.15 Construction Manager shall provide information so that the Owner may apply for and obtain all necessary and required building permits and special permits for permanent improvements, excluding permits required to be obtained directly by the various Subcontractors. Owner shall timely provide all record drawings, specifications and other information required to obtain such permits. With respect to permits that Subcontractors are required to obtain, Construction Manager shall require all such Subcontractors to obtain those permits before they commence their work. Construction Manager shall verify that applicable fees and assessments for all permits have been paid. Construction Manager shall obtain, with Owner's assistance, approval from authorities having jurisdiction over the Project, after having achieved Substantial Completion.

§ 2.3.2.16 Construction Manager shall immediately notify Owner in writing of any inaccuracies of which Construction Manager may become aware in any surveys or other documentation describing the physical characteristics, legal limitations, and utility locations for the Project Site.

ARTICLE 7 PAYMENTS FOR CONSTRUCTION PHASE SERVICES

§ 7.1 Progress Payments

§ 7.1.1 Based upon Applications for Payment by the Construction Manager and approved in writing by the Owner and Certificates for Payment and approved by the Owner, the Owner shall make progress payments on account of the Contract Sum to the Construction Manager as provided below and elsewhere in the Contract Documents.

§ 7.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month.

§ 7.1.3 Payments shall be made pursuant to the Illinois Local Government Prompt Payment Act after receipt by the Owner of the Construction Manager's invoice for the construction draw based upon the percentage of completion applied against the Construction Price, the Owner shall pay to the Construction Manager the total amount, less

retainage when applicable as defined in Paragraph 7.1.7 below, unless there is a dispute about the amount of compensation due the Construction Manager in which case the Owner shall pay the undisputed amount. The date on which payment is due shall be referred to as the "Payment Date".

§7.1.3.1 Notwithstanding anything in Subparagraph 7.1.3 to the contrary, the Owner may elect, in the Owner's sole discretion, to make any payment due the Construction Manager on behalf of a Subcontractor of any tier jointly payable to the Construction Manager and such Subcontractor. The Construction Manager and such Subcontractor shall be responsible for the allocation and disbursement of funds included as part of any such joint payment. Any such joint payment shall constitute payment to the Construction Manager, in the full amount of the joint payment, as if such joint payment were made to the Construction Manager alone. In no event shall any joint payment be construed to create any contract between the Owner and a Subcontractor of any tier, obligations from the Owner to such Subcontractor, or rights in such Subcontractor against the Owner.

§ 7.1.4 With each Application for Payment, the Construction Manager shall submit payrolls, petty cash accounts, receipted invoices or invoices with check vouchers attached, and any other evidence required by the Owner to demonstrate that cash disbursements already made by the Construction Manager on account of the Cost of the Work equal or exceed progress payments already received by the Construction Manager, less that portion of those payments attributable to the Construction Manager's Fee, plus payrolls for the period covered by the present Application for Payment. Along with each Application for Payment or contemporaneous with payment, Construction Manager shall deliver its general lien waiver for the work covered by the present application and further lien waivers from all Subcontractors on the project waiving liens for Work for which payment was requested by Construction Manager and paid by Owner on the preceding Application for Payment.

§ 7.1.5 Each Application for Payment shall be based on the most recent schedule of values, in the format approved by the Owner and Construction Manager, submitted by the Construction Manager in accordance with the Contract Documents. The Stipulated General Conditions shall also be shown as a single separate item. The schedule of values shall be prepared in such form and supported by such data to substantiate its accuracy as the Owner may require. This schedule, unless objected to by the Owner, shall be used as a basis for reviewing the Construction Manager's Applications for Payment.

§ 7.1.6 Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment.

§ 7.1.7 Subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

- .1 Subtract retainage of ten percent (10%) from that portion of the Work that the Construction Manager has subcontracted;
- .2 Subtract the aggregate of previous payments made by the Owner;
- .3 Subtract the shortfall, if any, indicated by the Construction Manager in the documentation required by Section 7.1.4 to substantiate prior Applications for Payment, or resulting from errors subsequently discovered by the Owner's auditors in such documentation; and
- .4 Subtract amounts, if any, for which the Owner has withheld or nullified a Certificate for Payment as provided in Section 9.5 of AIA Document A201-2007.

§ 7.1.8 The Owner and Construction Manager shall agree upon (1) a mutually acceptable procedure for review and approval of payments to Subcontractors and (2) the percentage of retainage held on Subcontracts, and the Construction Manager shall execute subcontracts in accordance with those agreements. Upon approval from the Owner, retainage may be reduced to 5% at substantial completion of the trade contractor scope of work. The Owner shall also allow reduction of retainage, and potentially full payment, for early trade contractors. The Owner shall review and approve, on a case by case basis, any requests for reduction of retainage. No retainage will be held on General Condition items.

§ 7.1.8.1 Notwithstanding anything to the contrary in this Agreement and to the fullest extent permitted under Illinois law, Owner shall be entitled to withhold up to ten percent (10%) of the Cost of the Work, Construction Manager's Fee, and General Conditions, as statutory retainage, to be held until 30 days following final completion of the Work. Further, Construction Manager shall be required to contract with Subcontractors to withhold up to ten percent (10%) of the contract amount of each of Contractor's subcontracts. Amounts retained may be released to Construction Manager's, Subcontractors only upon Owner's prior written approval.

§ 7.1.8.2 Notwithstanding anything contained in the Contract Documents to the contrary, the Construction Manager shall not be entitled to any progress payment for any Work performed unless the Owner shall have received when due, and approved the following: (i) Insurance Certificates; (ii) Payment & Performance Bonds; and (iii) appropriate waivers of lien from the Construction Manager (current) and all subcontractors and suppliers (in arrears).

§ 7.1.9 Except with the Owner's prior approval, the Construction Manager shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

§ 7.1.10 Deleted

§ 7.1.12 As an express condition precedent to payment, Construction Manager shall provide the Owner, as part of each Application for Payment, a current and accurate Sworn Statement in accordance with Section 5 of the Illinois Mechanics Lien Act, and a copy of the updated and/or revised Project Schedule.

§ 7.2 Final Payment

§ 7.2.1 Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Construction Manager in accordance with the Illinois Government Prompt Payment Act when

- .1 the Construction Manager and its subcontractors have fully performed the specific trade contract scope except for the Construction Manager's responsibility to correct Work as provided in Section 12.2.2 of AIA Document A201-2007, and to satisfy other requirements, if any, which extend beyond final payment;
- .2 the Construction Manager has submitted a final trade-specific accounting for the Cost of the Work approved by the Owner;

The Owner's final payment to the Construction Manager shall be in accordance with the Illinois Government Prompt Payment Act.

§ 7.2.1.1 Final payment shall not be due until Construction Manager has furnished to Owner (1) a Partial Unconditional Waiver of Lien and a Sworn Statement that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which a Subcontractor, Supplier or Subconsultant may make a claim against the Payment Bond and/or for which the Owner might be responsible by virtue of Construction Liens or (less amounts withheld by Owner) have been paid or otherwise satisfied, (2) a Full Unconditional Waiver of Lien or a Full Conditional Waiver of Lien, as the case may be, from every Subcontractor, Supplier or Subconsultant that provided labor or materials for the Project certifying they have or will be paid in full from Owner's final payment consistent with the Construction Manager's final Sworn Statement, (3) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect and will not be cancelled or allowed to expire until 30 days prior written notice has been given to Owner, (4) a written statement that Construction Manager knows of no substantial reason that the insurance will not be renewable to cover the period required by the Contract Documents, (5) all warranties and guarantees required by the Contract Documents, (6) copies of "as built" drawings and the other submittals required by this Agreement, and (7) if required by Owner, other data establishing payment of satisfaction of obligations, such as receipts, releases and waivers of liens, claims, security interests or encumbrances arising out of this Agreement, to the extent and in such form as may be designated by Owner. Upon receipt of the Final Payment, Construction Manager shall furnish Owner a Full Unconditional Waiver of Lien for itself and from each of its Subcontractors, material suppliers and Subconsultants to the extent not previously furnished to the Owner. Acceptance of final payment by Construction Manager, a Subcontractor, Subconsultant or Supplier shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of the final Application for Payment. Construction Manager shall include a similar waiver provision in each of its subcontracts and purchase orders.

Without limiting the generality of the above, the Owner's approval shall be subject to the following non-exclusive requirements:

- .3 Subtract the aggregate of previous payments made by the Owner.

§ 7.2.2 The Owner will, within a reasonable period of time after receipt of the Final Application for Payment, either issue a final Certificate for Payment with a copy to the Construction Manager, or notify the Construction Manager in writing of the Owner's reasons for withholding a certificate as provided in Section 9.5.1 of the AIA Document A201-2007. The time periods stated in this Section supersede those stated in Section 9.4.1 of the AIA Document A201-2007.

§ 7.2.3. Pending a final resolution of any amounts in disputed on the Final Application for Payment, the Owner shall pay the Construction Manager the amounts not in dispute and the Construction Manager shall supply appropriate lien waivers therefor.

ARTICLE 10 TERMINATION OR SUSPENSION

§ 10.1 Termination Prior to Establishment of the Guaranteed Maximum Price

§ 10.1.1 The Owner may terminate this Agreement upon not less than seven days' written notice to the Construction Manager for the Owner's convenience and without cause, and the Construction Manager may terminate this Agreement, upon not less than seven days' written notice to the Owner, for the reasons set forth in Section 14.1.1 of A201-2007.

§ 10.1.2 In the event of termination of this Agreement pursuant to Section 10.1.1, the Construction Manager shall be equitably compensated for services performed prior to receipt of a notice of termination. In no event shall the Construction Manager's compensation under this Section exceed the compensation set forth in Section 5.1.1.

§ 10.1.3 If the Owner terminates the Contract pursuant to Section 10.1.1 after the commencement of the Construction Phase, the Owner shall pay to the Construction Manager an amount calculated as follows, which amount shall be in addition to any compensation paid to the Construction Manager under Section 10.1.2:

- .1 Take the Cost of the Work incurred by the Construction Manager to the date of termination;
- .2 Add the Construction Manager's Fee computed upon the Cost of the Work to the date of termination at the rate stated in Section 5.1 or, if the Construction Manager's Fee is stated as a fixed sum in that Section, an amount that bears the same ratio to that fixed-sum Fee as the Cost of the Work at the time of termination bears to a reasonable estimate of the probable Cost of the Work upon its completion; and
- .3 Subtract the aggregate of previous payments made by the Owner for Construction Phase services.

The Owner shall also pay the Construction Manager fair compensation, either by purchase or rental at the election of the Owner, for any equipment owned by the Construction Manager which the Owner elects to retain and which is not otherwise included in the Cost of the Work under Section 10.1.3.1. To the extent that the Owner elects to take legal assignment of subcontracts and purchase orders (including rental agreements), the Construction Manager shall, as a condition of receiving the payments referred to in this Article 10, execute and deliver all such papers and take all such steps, including the legal assignment of such subcontracts and other contractual rights of the Construction Manager, as the Owner may require for the purpose of fully vesting in the Owner the rights and benefits of the Construction Manager under such subcontracts or purchase orders. All Subcontracts, purchase orders and rental agreements entered into by the Construction Manager will contain provisions allowing for assignment to the Owner as described above.

If the Owner accepts assignment of subcontracts, purchase orders or rental agreements as described above, the Owner will reimburse the Construction Manager for or assume responsibility for payment of all costs arising under the subcontract, purchase order or rental agreement, if those costs would have been reimbursable as Cost of the Work if the contract had not been terminated. If the Owner chooses not to accept assignment of any subcontract, purchase order or rental agreement that would have constituted a Cost of the Work had this agreement not been terminated, the Construction Manager will terminate the subcontract, purchase order or rental agreement and the Owner will pay the Construction Manager the costs necessarily incurred by the Construction Manager because of such termination, up to the amount payable to the Subcontractor under the subcontract.

§ 10.2 Termination

Subject to the provisions of Section 10.2.1 and 10.2.2 below, the Contract may be terminated as provided in Article 14 of AIA Document A201-2007.

§ 10.2.1 If the Owner terminates the Contract without cause, the amount payable to the Construction Manager pursuant to Sections 14.2 and 14.4 of A201-2007 shall not exceed the amount the Construction Manager would otherwise have received pursuant to Sections 10.1.2 and 10.1.3 of this Agreement.

§ 10.2.2 If the Construction Manager terminates the Contract, the amount payable to the Construction Manager under Section 14.1.3 of A201-2007 shall not exceed the amount the Construction Manager would otherwise have received under Sections 10.1.2 and 10.1.3 above.

§ 10.3 Suspension

The Work may be suspended by the Owner as provided in Article 14 of AIA Document A201-2007. In such case, the Guaranteed Maximum Price and Contract Time shall be increased as provided in Section 14.3.1 of AIA Document A201-2007.

This Agreement shall be subject to, construed and interpreted and enforced under the laws of the State of Illinois. Exclusive venue and jurisdiction for all disputes shall be any state or federal court located in Cook County, Illinois.

§ 11.4 Assignment

The Owner and Construction Manager, respectively, bind themselves, their agents, successors, assigns and legal representatives to this Agreement. Neither the Owner nor the Construction Manager shall assign this Agreement without the written consent of the other. Except as provided in Section 13.2.2 of A201-2007, neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make such an assignment without such consent, that party shall nevertheless remain legally responsible for all obligations under the Contract.

§11.5 ADDITIONAL MISCELLANEOUS PROVISIONS

§11.5.1 If any provision of this Agreement is held to be unenforceable, no other provision shall be affected thereby, and the remainder of the Agreement shall be interpreted as if it did not contain the unenforceable provision.
