	Midgrade Gasoline	#2 Diesel	Diesel Winter Blend	Red-Dyed Diesel (Generators)	Total	Difference to low bid	Past Performance
If Avalon Selected:	\$473,688.70	\$109,907.20	\$119,193.40	\$4,317	\$707,106.46	\$1,340.51	Outstanding, local company, prompt deliveries, often would provide leftover fuel when they top off other customers, added additives in deep freeze without a call, placed an above ground generator tank in PW yard for emergency fuel. Low price in diesel and blend.
If Petroleum Traders Selected:	\$470,213.45	\$110,787.83	\$120,074.03	\$4,691	\$705,765.95	-	Fair, deliveries from Fort Wayne, IN, have had late deliveries. Low price difference is midgrade fuel costs.
If Al Warren Oil Co. Selected:	\$472,420.48	\$110,303.88	\$119,590.08	\$4,215	\$706,529.60	\$763.64	Not used before. New Lenox uses them and noted all positive results. Lowest category was generator fuel.
