 - 9.2. In the event the Tools do not generate a meter reading, or Customer has opted to not install a Data Collection Agent, Customer agrees to provide Company with accurate meter readings within a reasonable time of the Company's request, or if mutually agreed upon, to provide the Company with timely access to all Managed Devices so that Company may obtain meter readings as required. In the event a meter reading is not generated by the Tools or, upon request, Customer fails to provide a meter reading within a reasonable time, Company may estimate the reading and bill Customer accordingly, or perform an on-site meter reading at a rate of \$159.00 per hour, per technician.

11. RETURN POLICY. Notwithstanding Section 13 herein, Company warrants that all Supplies will be free from material defect for a period of one (1) year from date of purchase. In the event any of the Supplies are determined to be defective, Company, at Company's option, will either refund Customer at the cost of the defective Supplies or replace the defective Supplies. Customer covenants and agrees that Customer shall use the Supplies only as specified by the OEM. Customer's improper use of the Supplies shall void this limited warranty. Unused imaging Supplies, such as ink and toner, may be

returned within ninety (90) days from the date of invoice for credit to the Customer's account, provided the Customer is compliant with this Section 11. To be eligible for a return, all products must be packaged in the original protective outer box and be in resalable condition, as determined in the Company's sole discretion. All returns must have a return merchandise authorization ("RMA") number associated with the Supplies, which can be obtained by contacting the Company's Client Services department at (888) 928-6637 or e-mailing the Customer Returns Department at returns@nextdayplus.com. Customer is responsible for returning the approved items to the Next Day Plus warehouse and for all associated shipping and/or handling costs. Customer must promptly notify Company and the OEMs of any alleged infringement and permit Company and OEMs to direct the defense. Neither Company nor the OEMs are responsible for any non-litigation expenses or settlements unless Company and OEMs pre-approve them in writing. To avoid infringement, Company may modify or substitute an equivalent Tool, or obtain any necessary licenses. Company is not liable for any infringement based upon a modification of the Tools to Customer's specifications or the Tools being used by Customer in a manner not permitted by this Agreement.
 - 12.2. Notwithstanding Section 12.1, above, this limited indemnification does not include any and all claims, costs, damages, actions, destruction, loss of data, data integrity issues, and/or other loss sustained by Customer caused by third party software and/or other licensed material installed on the Equipment and/or Customer-Owned Devices.
 - 12.3. Customer further agrees to defend, indemnify and hold harmless Company from and against any loss, damage or costs (including reasonable attorney's fees) incurred in connection with claims made or brought against Company by a third party arising from or relating to: (i) any act, error, omission, fault, negligence, or misconduct of Customer or any user of the Services, Software or Company Equipment, whether authorized or unauthorized by Customer; (ii) Customer's breach of any obligation, warranty, representation, or covenant of this Agreement; (iii) any claim by any employee or invitee of Customer or user other than a claim based on the gross negligence or willful misconduct of Company; (iv) any claim by any customer of Customer, end user or other third party relating to, or arising from, Customer Data or Customer's use of the Services, Software or Company Equipment; or (v) violation of any Applicable Laws by Customer or any Customer employee, contractor or agent.

Any liability for any cause of action whatsoever shall be limited to amounts paid by Customer under this Agreement. This limitation shall apply regardless of the form of action, whether contract or tort, including without limitation negligence actions, provided, however, that this limitation shall not apply to damages resulting from personal injury caused by Company's negligence. In no event shall OEMs or Company be liable to Customer for any special, indirect, incidental, consequential, exemplary or punitive damages in any way arising out of or relating to this Agreement. Notwithstanding anything to the contrary in this Agreement, OEMs shall not be liable to Customer or be responsible to provide any Break Fix Services or Supplies in the event that Company is in breach of its agreement(s) with the OEMs, third party vendors, or licensors. Customer covenants and agrees that it has read the terms of service of any such third party vendor, and expressly assumes the risk of any damage, destruction, loss of data, data integrity issues, or other loss sustained by Customer caused by third party software and/or other licensed material installed on the Equipment and/or Customer-Owned Devices. Customer shall also hold the Company harmless due to its use, improper use, or inability to use Company Supplies or Equipment, or subjecting the Managed Devices, Equipment, or Customer-Owned Devices to unusual physical or electrical stress.

Upon the termination of this Agreement, each Party will return all physical confidential and proprietary information in possession or control that contain or relate to such confidential information, including all materials and deliverables, such as working papers, reports, and data, provided to, developed by or prepared as part of this Agreement, unless it is part of a deliverable included in the Customer's contracted solution. To the extent that a copy of such proprietary or confidential information is in the digital possession of either Party, the possessing Party shall destroy any such digital copies and files at the termination of this Agreement.
