## 2017 BUDGET REQUEST FORM

### REQUEST INFORMATION

<b>Type of Request:</b> Personnel												
<b>Title:</b> Reclassify Part-Time HR Coordinator to Full-Time HR Coordinator												
<p style="text-align: center;"><b>Strategic Plan Goals:</b></p> <p>Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/></p>												
<b>Requesting Department:</b> Village Manager												
<p>Reclassify current part-time HR Coordinator position to full-time. Since 2011 HR has operated with two part-time clerical positions to replace the full-time clerical position that was vacated January 1, 2011. During that timeframe there were long periods of vacancy in one of the positions. HR requires the stability and consistency that comes with a full-time position. This request would return the HR staffing levels back to the level in 2011 which is a more appropriate staffing level to manage the volume and complexity of work in the Human Resources division. HR supports management's needs and activities related to all employees 950-1000 total at our peak in summer months, approximately-280 full-time, 350 regular part-time and 350 seasonal employees. Approximately 375 new or rehires were processed between January and June 2016.</p> <p>HR is excited to implement the principles of High Performing Organizations in our department and developing and modifying current programs consistent with these principles organization wide. Much work needs to be done in modernizing our current HR function and shifting to a more automated, less paper intensive function. While the initial priority is the talent acquisition process: recruitment, applicant processing and the onboarding of new and rehires automation of records management, benefits administration, and leave management will also need to occur in the near future. Review and implementation of new systems will require dedicated, consistent resources to achieve results while managing the day to day volume. In addition this position will assist in reducing the clerical/administrative tasks completed at the Generalist and Director level allowing for more appropriate focus on risk management, system review and implementation, training, benefits administration, leave management, process improvement, and regulatory compliance.</p> <p>The current HR Coordinator is a high performer with a very strong customer service and team work approach. This position is currently scheduled for 29 hours per week and is responsible for the administrative/clerical tasks associated with recruitment, hiring, onboarding, leave management, file management, Above and Beyond program, Anniversary Awards, and coordination of vendor on-site visits. This position is involved in assisting with wellness programs and open enrollment. This position also provides backup support to the Public Information desk and to the Village Manager's Office. In 2016 this position began processing new and rehires in the payroll system as well and conducting phone screens, interviews of seasonal employees, and employment verifications for current employees as well as new hires. These types of tasks require a high level of customer service ability, detail orientation as well as knowledge of our systems, procedures, and general employment guidelines.</p> <p>Recommend non-union grade 175, starting rate 25.92 effective 1/1/2017.</p>

### REQUEST INFORMATION

<b>Type of Request:</b> Personnel					
<b>Title:</b> Reclassify Communications Manager position to grade 150 step 7					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/>					
<b>Requesting Department:</b> Public Information					
<p><b>Description/Justification:</b></p> <p>The communications manager's responsibilities have increased over the last year, by overseeing the day to day operations including the part-time staff in the Office of Public Information.</p> <p>The communications manager oversees all public relations and marketing efforts of the Village of Orland Park. This position creates and implements marketing campaigns for Village programs, special events and initiatives, and supervises part-time employees and Village contractors. The manager works closely with Village departments and commissions, delivering their messages to the community, and is responsible for writing a number of Village related pieces including news stories, correspondence, reports, advertising copy and speeches. The communications manager maintains statistics and performance strategies relative to public information efforts. This position serves as a liaison for outside agencies' events that include the Village and facilitates Village Board related special events. The manager utilizes all available media to deliver the Village's messages including online, broadcast emails, print, electronic, social, visual, cable television, photography and news. Design tasks include producing publications, advertising copy, brochures, cable television and REACH screen slides and signage. This position is responsible for producing content and scheduling for Orland Park Television on Comcast and U-Verse and for producing in-house videos.</p>

<b>Title:</b> Reclassify Part-Time Communications Specialist to Full-Time Communications Specialist					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/>					
<b>Requesting Department:</b> Public Information					
<p><b>Description/Justification:</b> Part-time communications Specialist to Full-time Communications Specialist. It would be beneficial to the Public Information Office to obtain a full-time Communications Specialist position based on workload and necessity. The Public Information office has operated with two full-time (one of which is split with the Village Manager's office) and two part-time employees while the responsibilities of the department continue to increase on a regular basis. The reclassification will allow for a more appropriate and necessary focus on village messaging and communications. The current requirements of the Communications Specialist position go beyond the amount of time allotted for the position, making the need for a full-time position apparent. The position requires, but is not limited to: *the design, editing and launch of the quarterly village newsletter, the Orland Park Public *communication with all departments village-wide to gather content for publication(s) *municipal messaging/marketing including media relations *overseeing and follow through with telephone town hall communications with residents *management and overseeing of graphic design, layout and copyediting for village created content/publications *creation of materials for special/community projects (Such as ATRRP brochures, delegation visit materials, village-wide mailings) *maintenance of departmental web site content, as needed *event planning, promotion and management *phone app maintenance/updates *web page creation/maintenance for various village departments/entities</p>

<b>Type of Request:</b> Personnel					
<b>Title:</b> Building Maintenance Foreman to Facilities Manager					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/>					
<b>Requesting Department:</b> Choose an item.					
<p><b>Description/Justification:</b> The Building Department Foreman position currently oversees the successful functioning and operation of over 12 municipal buildings/facilities. The position coordinates and monitors various operational processes including vendor maintenance contracts, HVAC management, functional control and repair and quote and bid acquisition for facility improvements and upgrades. Over the years, the position, in its current form, has evolved to include budget preparation and oversight for the Building Maintenance Division. The position should be more appropriately reclassified to a manager level position, more specifically a Facilities Manager position. Municipal facilities managers, also known as administrative services managers, help ensure that municipal organizations operate efficiently by expertly planning and directing building-related services. For example, a facilities manager would be in charge of allocating office space to different departments, ensuring that water pipes and sprinkler systems in buildings are properly maintained, and procuring major equipment. The current Building Department Foreman performs these functions along with a myriad of other oversight, procurement and maintenance functions.</p>

<b>Requesting Department:</b> Public Works					
<p><b>Description/Justification:</b> The Public Works Department is requesting to reclassify the current Management Analyst to the Assistant to the Director. The current Management Analyst has taken the lead on several High Performing Organization (HPO) projects including the Lean Six Sigma Green Belt initiatives, Work Management System and developing a new Capital Project Tracking module. The management analyst received his Six Sigma Yellow belt through the Village and is currently pursuing the Six Sigma Green Belt. The management analyst has demonstrated the ability to take on and handle additional higher level responsibilities.</p> <p>As the Assistant to the Public Works Director, the management analyst will take on a higher profile leadership role including supervising Administrative Customer Service Staff. The Public Works Department has recognized the increased critical need for enhanced communications between residents, managers, office staff and field personnel. The Assistant to the Director will also act as a liaison to ensure residents' concerns are addressed.</p> <p>The current Management Analyst is performing exceptional work and has greatly increased the efficiency of the Public Works Department's ability to evaluate, explain and respond to various internal and external customers. Public Works is heavily reliant on this employee and he has proven to be a valued asset to the team and organization.</p>

<b>Requesting Department:</b> Recreation					
<p><b>Description/Justification:</b> The recreation department is requesting a reclassification for the Recreation Financial Liaison to Grade 160 to account for the additional responsibilities over the last several years. The current position has seen an increased in the volume of responsibilities for both the recreation and parks departments. Responsibilities include managing the financial modules for ActiveNet software, application of Class Software when needed for historical reporting comparisons, managing Innoprise software with the payroll module, requisitions, pcards, quarterly review of ICMA data survey, and training and assisting full time staff and part time staff in recreation and parks departments on ActiveNet and Innoprise software. The financial liaison oversees and reviews full time staffs' financial reporting, including annual budget entry, accounts receivable and billing, refund processing and sponsorship billing. The liaison also tracks budget expenditures and revenues and analyzes trends from previous years to date.</p>

<b>Title:</b> Position Reclassification – Recreation Operations Manager – Grade Change					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/>					
<b>Requesting Department:</b> Recreation					
<p><b>Description/Justification:</b> The recreation core leadership team consists of 2 Facility Administrators and 1 Recreation Operations Manager. The scope of work from these three individuals includes oversight of 4 revenue generating business operations including the Sportsplex, Centennial Park Aquatic Center, the Ice rink and the newly acquired Palos Health and Fitness Center. Their leadership responsibilities include early childhood education, youth programming, theater, dance, day camps, cultural programming, Village-wide special events, and oversight of facilities and management of outdoor fields. The core leadership team manages both full time and part time staff, provides analytical comparisons, conducts research, and executes RFPs, contracts and written reports. While evaluating the recreation positions across Village departments, we have determined the recreation positions should be reclassified to Grade 115 at Step 5 which are similarly situated in leadership management position and responsibilities and will provide a comparable equity for the core recreation leadership team. This team has continually taken on additional responsibilities and will continue to do so as the recreation department and the Village evolves.</p>

<b>Title:</b> Part-time Maintenance II at Sportsplex					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/>					
<b>Requesting Department:</b> Building Maintenance					
<p><b>Description/Justification:</b> The Sportsplex is a high profile and valued recreation amenity in the Village of Orland Park. The Sportsplex, as a customer-centric facility, becomes more attractive to patrons and customers when timely and responsive maintenance activities can be accomplished. When repair and maintenance needs arise at the Sportsplex, the Building Maintenance Division schedules and assign available staff persons to evaluate and repair. Depending on Building Maintenance's priorities, a response to a Sportsplex maintenance request may be delayed causing minor repair requests to become larger issues that are escalated by the requesting customer/member. This delay could negatively impact a Sportsplex member's perception of the facility's commitment to customer service excellence. To remedy this issue, and create a more efficient and responsive solution to maintenance requests, a Part-time Maintenance II employee will be assigned exclusively to the Sportsplex to perform critical and timely maintenance and service repairs.</p>

### MEMORANDUM

---

October 7, 2016

TO: Mayor McLaughlin

Trustee Fenton  
Trustee Dodge  
Trustee Gira

Trustee Griffin Ruzich  
Trustee Calandriello  
Trustee Carroll

FROM: Timothy J. McCarthy, Interim Village Manager *TJM*

COPY: Joseph La Margo, Annmarie Mampe

RE: **REORGANIZATION OF PARKS DIVISION TO THE PARKS AND GROUNDS DEPARTMENT**

In August 2016, I met with Trustees Gira and Carroll to discuss the current status of the Parks Division and a proposed plan to reorganize the division into the Parks and Grounds Department.

The division is currently run by Gary Couch who is serving as an acting superintendent at a salary of \$106,849. One of his current foremen has been on leave for six months and may retire in November 2016. His other foreman position is staffed by a MWIII who is serving as an acting foreman and, as a result, earned \$21,362 dollars in overtime in FY2015 and will likely earn the same overtime in FY2016.

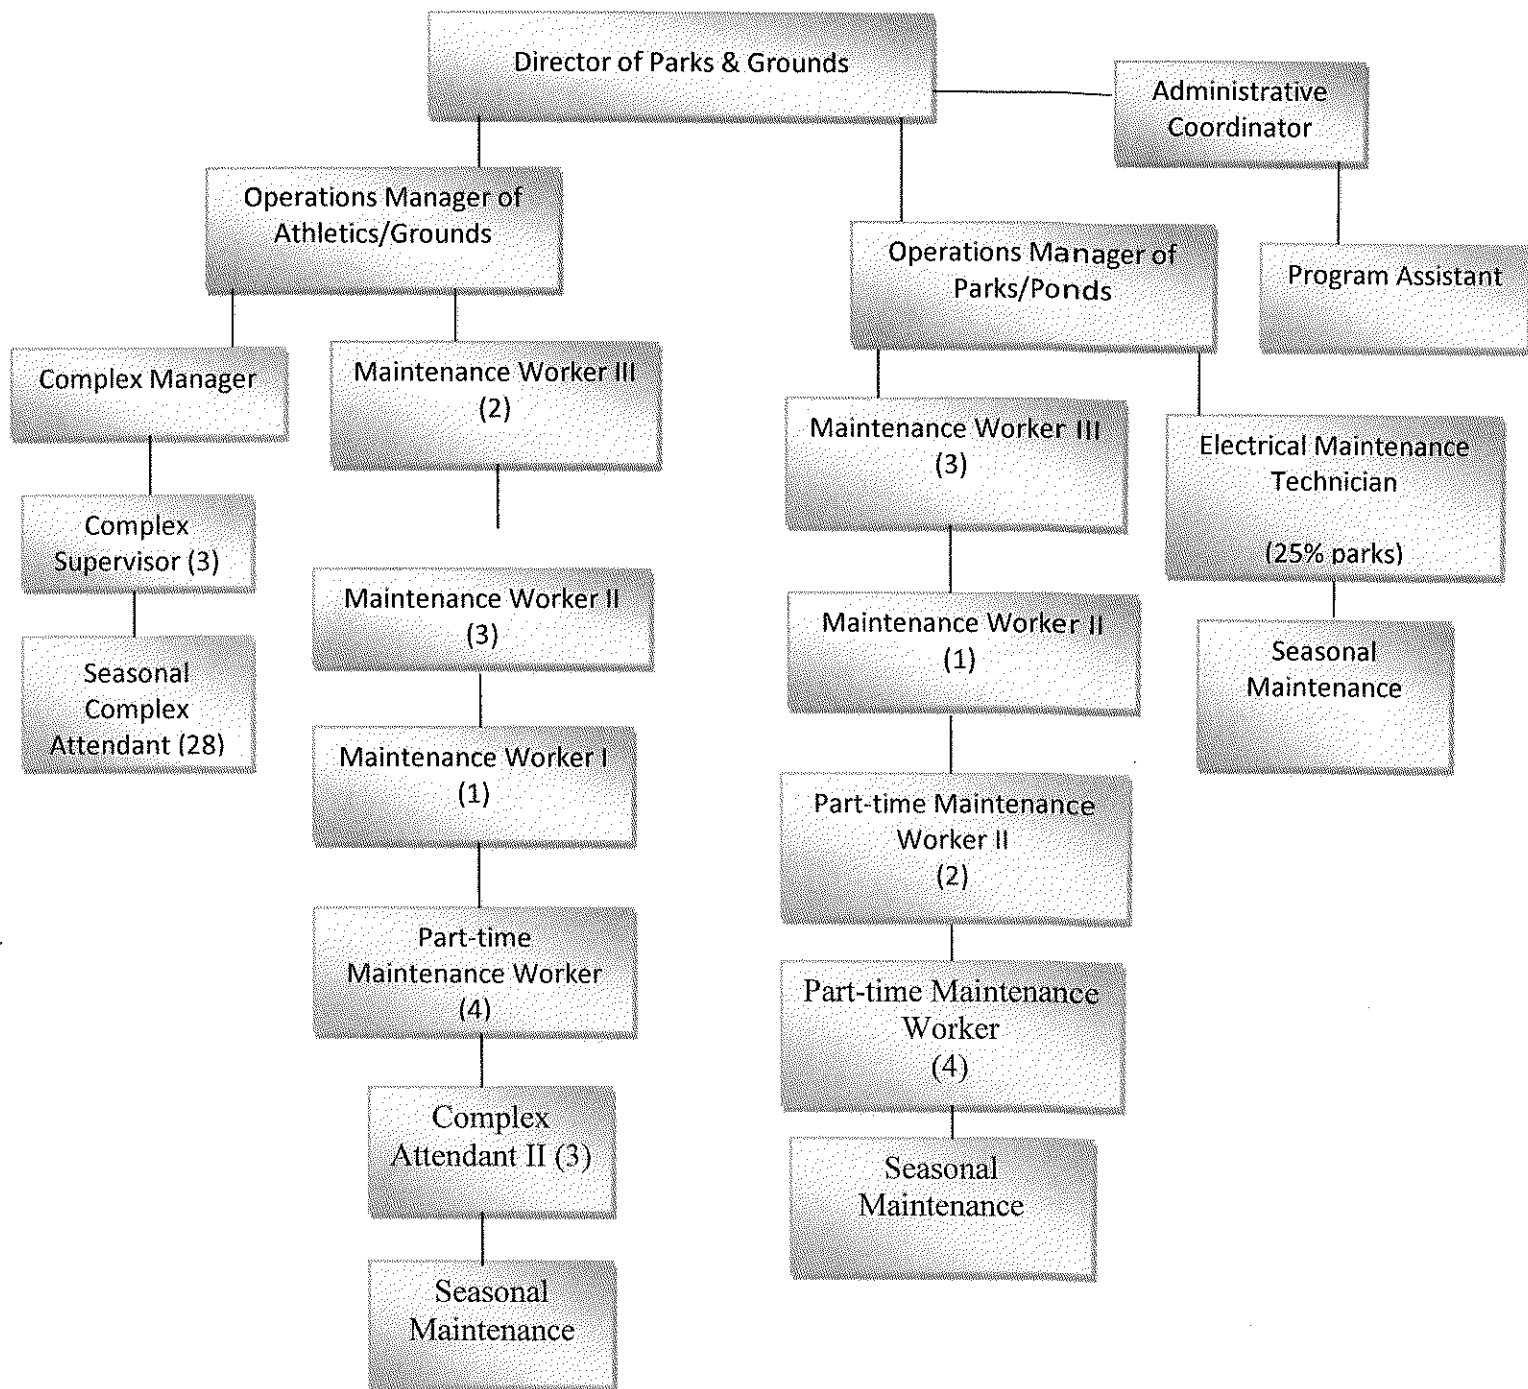

Gary Couch has been doing an excellent job running the division under uncertain circumstances and with little supervisory help since January of this year with very good results. The responsibilities of the division will be broadened to include aesthetic pond maintenance and all grounds to include roadway medians.

Gary currently supervises fifteen (15) full time employees and almost eighty (80) part time and seasonal employees. I believe that the overall responsibilities of the division for athletic fields, parks, grounds and ponds calls for this division to become a separate department and that Gary Couch deserves the opportunity to be its director based on his past performance and familiarity with the position.

I would propose that Gary Couch be promoted to director at a salary of \$112,000 and the two foremen be changed to operations managers similar to the Public Works department at salaries of \$95,534. The total cost to include benefits would be \$21,403 and be largely funded by the reduction in overtime that the acting foreman is currently receiving.

I would also propose that we replace the MWIII position if he becomes one of the operations managers to maintain current staffing. This proposal is included in the Summary of Position Requests provided to the Board at the revenue hearing on August 18 and a copy of the proposed organization chart is also attached.

Trustee Carroll and Gira have approved this reorganization and I am asking for the support of the Mayor and Board to implement the new Parks and Grounds Department on January 1, 2017. Trustees Gira and Carroll have also agreed that the new department would report to the Chair of the Recreation Department due to its historical close working relationship with the Recreation Department.

## 2017 BUDGET REQUEST FORM

### REQUEST INFORMATION

<b>Type of Request:</b> Personnel					
<b>Title:</b> Promote Part-Time GIS Intern to Full-time GIS Technician					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/>					
<b>Requesting Department:</b> Public Works					
<p><b>Description/Justification:</b> The Public Works Department is requesting to reclassify current part-time GIS intern Step 6 to a full-time GIS Technician. The Public Works Department has become increasingly reliant on information provided within the village's GIS software/databases. The need for updating and maintaining the Public Works infrastructure geodatabases has become critical for managers, office staff and field personnel.</p> <p>The GIS intern is performing exceptional work both in the field collecting data and in the office. The GIS intern has greatly increased the efficiency of the Public Works Department's ability to evaluate, explain and respond to various internal and external customers. Public Works is heavily reliant on GIS and the various layers that contain critical infrastructure information. Unfortunately, effectively extrapolating data from the GIS can take a while for novice users creating inefficiencies. The GIS intern has been able to go well beyond creating maps from the system; rather, the intern has created new monitoring and evaluating processes for snow routes using GEO fences; updated points for newly installed trees and removed ash trees directly related to the ATRRP program and corrected critical infrastructure details like pipe sizes, flow directions, and right of way boundaries.</p>

<b>Type of Request:</b> Discretionary					
<b>Title:</b> Contract Services for Village-wide Parkway Tree Trimming					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/>					
<b>Requesting Department:</b> Public Works					
<p><b>Description/Justification:</b> Public Works needs to trim parkway trees over roadways and sidewalks to increase safety, minimize canopy branch damage to Village vehicles and waste management vehicles. Un-trimmed canopies severely restrict the Village's ability to plow snow using our standard of "curb-to-curb" plowing. Snow trucks are forced to maneuver around low hanging parkway trees resulting in unplowed areas along streets and roads causing unsafe road conditions. The Village's Road Improvement Program is also dependent upon parkway trees being successfully trimmed. Contractors use large machinery called milling machines to remove the top surfaces of asphalt during road projects. The large machinery will violently break overhanging branches that have not been appropriately trimmed causing irreversible damage to the parkway trees.</p>					
<b>Fund Name</b>	<b>Account Number</b>	<b>Account Title</b>	<b>Quantity</b>	<b>Amount</b>	<b>Total Amount</b>
General Fund	010-5002-443300	Streets/Right of Way		\$40,000	\$40,000

<b>Type of Request:</b> Discretionary					
<b>Title:</b> Zero Waste at the Taste					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input checked="" type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input type="checkbox"/>					
<b>Requesting Department:</b> Special Events					
<p>In 2016, Mayor McLaughlin initiated the Zero Waste Challenge to the Taste of Orland Park with an end goal of reducing the quantity of trash sent to landfills. At the heart of this initiative, was the challenge of engaging restaurants in utilizing compostable and recyclable products, along with educating Taste patrons towards the importance of this effort and gaining their direct assistance towards this initiative.</p> <p>Towards that end, in 2017, to continue this effort, the following items/services will need to be budgeted in the amounts shown.</p> <p><b>Description/Justification:</b>          Compostable forks, spoons, knives, straws, trash &amp; recycling bags - \$3,500          Zero Waste signs &amp; banners - \$2,000          Zero Waste publicity (newspaper ads., Facebook and Google paid advertising) - \$1,500          Compost &amp; recycling bin supplies (*Parks to build) - \$1,200          Compost &amp; recycling totters &amp; dumpsters - \$1,200          Misc. supplies (i.e. gloves, aprons) - \$400</p> <p>*Mayor would like a new layout in 2017</p>					
<b>Fund Name</b>	<b>Account Number</b>	<b>Account Title</b>	<b>Quantity</b>	<b>Amount</b>	<b>Total Amount</b>

<b>Title:</b> Piano Refurbishing					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input checked="" type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input type="checkbox"/>					
<b>Requesting Department:</b> Recreation					
<p><b>Description/Justification:</b> The Cultural Arts Commission has planned 6 musical/orchestral events for the community upon receiving the donation of the piano in 2016. The community has welcomed the events and provided positive feedback with continued support to provide more musical opportunities. Christine Chott of Chott Piano provided technical evaluation of the piano before the Village acquired in 2016 and followed up with a refurbishment estimate that will be necessary for the piano of such rich history.</p> <p>The total cost to refurbish the Concert Grand Piano is \$26,000. Staff is requesting \$16,000 to cover the cost of refurbishment and \$10,000 which was budgeted in 2016 to be rolled over from the 2016 budget to cover the remaining cost for the 2017 Budget.</p> <p>Cultural Arts Commission has worked very hard with staff to continue the momentum to purpose orchestral concerts in 2017 in addition to hosting piano recital's as a rental opportunity for piano instructors.</p>

<b>Title:</b> Men & Women's Locker Room Shower Renovations					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input checked="" type="checkbox"/> High Performing Organization <input type="checkbox"/>					
<b>Requesting Department:</b> Public Works					
<p><b>Description/Justification:</b> Shower renovations at the former Palos Health and Fitness Center are extremely important. There has been a history of water leakage behind the walls that has created major aesthetic issues. Potential pipe repairs may need to be performed to ensure that the prior leaks have been properly sealed and repaired. Because of the past leaks, the tile must be replaced and re-grouted from the floor to about 6 feet high. The walls in the area need to be repaired because there are portions of missing wall from where past repairs were made.</p>

## 2017 BUDGET REQUEST FORM

### REQUEST INFORMATION

<b>Type of Request:</b> Technology
<b>Title:</b> Applicant Tracking/Onboarding Application
<p align="center"><b>Strategic Plan Goals:</b></p> <p>Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/></p>
<b>Requesting Department:</b> MIS
<p><b>Description/Justification:</b></p> <p align="center"><b>Technology Request Talent Acquisition Onboarding Software</b></p> <p>Consistent with the principles of high performing organizations a technology solution is needed to automate and streamline the processes that impact, village internal and external customers, managers and HR staff in recruiting and onboarding employees. A talent acquisition/applicant tracking and onboarding system will streamline the applicant process from job posting to hire. Our current processes need to be modernized to stay competitive in attracting and retaining qualified employees. Approximately 10,500 applications were processed in response to approximately 475 job postings between 2013 -2016. Each year the HR department works with hiring managers to recruit, hire and or rehire approximately 450 employees; of which approximately 125 are new hires and about 325 are seasonal hires or rehires. With the majority of our positions being part-time and seasonal we need to be able to get in front of potential candidates early and make it easy for them to apply.</p> <p>Our current recruiting/applicant process is very manual requiring an applicant to download an application, save it, then email or mail it to Human Resources. Applications are entered into an Access database, printed, copied and sent to managers for review, candidates are notified that their resume or application has been received however because of the manual nature of the process; further candidate follow-up can be inconsistent. In addition, the onboarding process is also manual, this process includes coordinating pre-employment exams, background checks, completing regulatory and tax forms, and review and sign off on village policies. With the volume of activity associated with hiring employees these manual processes are cumbersome, inefficient, and susceptible to errors, wasteful of time and paper.</p> <p>A talent acquisition/applicant tracking system will assist staff to streamline processes, engage the right candidates, provide for automatic notifications to candidates throughout the full recruitment process, provide for transparency between managers and HR regarding the status of a position,</p>

support compliance, and monitor key metrics. Onboarding software, will streamline our current labor intensive, manual, and repetitive processes allowing for a more efficient employee friendly experience. This software will allow for new hires to complete all of their new hire paperwork online, coordinate pre-employment exams and other activities, review and sign off on Village policies online, provide for notification to the new hire, manager and HR regarding outstanding/pending items. Improved efficiencies like these are expected to decrease recruitment/HR costs, and increase overall customer satisfaction, performance, and time to focus on tasks that will directly impact overall effectiveness.

Staff evaluated several talent acquisition/applicant tracking and onboarding systems and recommends working with iCIMS. iCIMS companies can manage our entire talent acquisition lifecycle within a single SaaS application. Their focus on user-friendly technology and a customer experience has made them one of the largest and fastest-growing providers in the industry. iCIMS is privately-held, their growing customer base and strong financial success makes them a leader in the talent acquisition software category.

Staff participated in demonstrations of seven (7) talent acquisition and onboarding systems. The attached spreadsheet provides a list of the systems reviewed and the associated pricing. All of the systems have the capability to store and track resumes/applications, manage job postings, automate communication with candidates, maintain records, etc. iCIMS talent acquisition and onboarding system stood out to be the most robust of the systems and the easiest to use for the applicant, hiring manager, and staff. iCIMS is mobile optimized, integrated with social media, easy to access, has full candidate and new hire scheduling capabilities, sends and tracks automated emails, reminders, status updates, provides for electronic signatures, allows for the upload of resumes and or applications which are parsed into the system, easy and quick review of candidate information, allows for candidate searching and filtering, video interviewing, workflow managed at the HR level rather than IT. iCIMS assumes responsibility for federal regulatory compliance. The system has a professional look enabling the village to present a modern image and build our brand with candidates and new hires. Videos can be included in both the talent acquisition and onboarding modules to assist in culture shaping.

The City of Vail, Colorado and Yakima County, Washington are iCIMS clients and spoke highly of the talent acquisition module, the ease of use, the implementation process, and the customer support.

**Budget Impact:** First year expense \$23,000, second year expense \$30,000.

Fund Name	Account Number	Account Title	Quantity	Amount	Total Amount

## 2017 BUDGET REQUEST FORM

### REQUEST INFORMATION

<b>Type of Request:</b> Technology					
<b>Title:</b> Leave Management Software - HR					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/>					
<b>Requesting Department:</b> Village Manager					
<p><b>Description/Justification:</b> This request is for software to assist in the management of employee leave time including, FMLA, short-term disability, worker's compensation, military and other leave for all employees full time (280) and part-time/seasonal (600) as it relates to many different requirements. HR processes approximately 110 disability related leaves per year. This number does not include disability leaves that are requested but not taken but must be tracked due to regulatory or program requirements. Leave management includes the coordination of information related to regulatory requirements, collective bargaining agreement requirements, IMRF, Police Pension, STD plan requirement, and union, non-union and full vs. part-time status. Maintaining leave records manually makes the required tracking and coordinating leaves inefficient and susceptible for error.</p>

<b>Total:</b>					<b>\$30,000</b>

## 2017 BUDGET REQUEST FORM

### REQUEST INFORMATION

<b>Type of Request:</b> Technology					
<b>Title:</b> Benefit Administration Software - HR					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/>					
<b>Requesting Department:</b> Village Manager					
<p><b>Description/Justification:</b> This request is for software to provide for a regulatory compliant, efficient management and coordination tool in the administration of employee benefits program. The Village currently provides medical, dental, vision, life insurance, and FSA, HSA, wellness and other benefit programs to our employees and their dependents. We have four medical plans as well as several different employee premium contribution structures based on union and non-union status as well as collective bargaining agreements. HR administers benefits for 280 full time employees, 25 full time library employees and approximately 50 benefit continuation participants and their dependents. The Affordable Care Act has a number of reporting requirements that are currently met by compiling information from a number of different sources. Open enrollment is required annually. The current process is manual which is inefficient from an employee and administration standpoint. For example, one change to an employee's eligibility status requires that HR manually update the information with each vendor. We seek a system that is regulatory compliant, can integrate with current Village systems, provides benefits management, on-line open enrollment, and the capability to update information with the vendors.</p>					
<b>Fund Name</b>	<b>Account Number</b>	<b>Account Title</b>	<b>Quantity</b>	<b>Amount</b>	<b>Total Amount</b>

<b>Type of Request:</b> Technology					
<b>Title:</b> Vehicle Licensing Software System					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input checked="" type="checkbox"/> Quality of Life <input checked="" type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/>					
<b>Requesting Department:</b> Finance					
<p><b>Description/Justification:</b> The Village's current financial software does not offer a streamlined online vehicle sticker renewal module. To offer this service to residents during the 2017 vehicle sticker sale, an additional software purchase is necessary. A quote for a new system was received from Third Millennium Software Solutions which provides the capability to purchase vehicle stickers online through a convenient, secure, self-service portal. Residents would access this portal through the Village's website. Residents can remove, edit or add new vehicle database records. Residents will receive payment receipts for each vehicle sticker purchased.</p>

<b>Type of Request:</b> Technology					
<b>Title:</b> Google API for Mapping VOP Businesses					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/>					
<b>Requesting Department:</b> MIS					
<p><b>Description/Justification:</b> <a href="#">Click here to enter text.</a></p> <p><b>Title:</b> API for mapping Village Business into Google</p> <p><b>History:</b> One of the reasons the VOP is so successful with generating revenue is due to its relationships with the business community. To continue to promote, retain and bring in new businesses having every business listed and available to the mobile community is paramount. Today most residents are using both IOS and Android devices for a majority of their local search areas of interest. With Google Maps API, we can overlay our existing GIS business database and location to help with the business promotion and search engine optimization through Google Maps (and subsequently Apple Maps). This value added service we would provide to the business community to aid in driving business into their doors.</p> <p><b>Financial Impact:</b> This would be paid from the General Fund 010-1600-442850 Discretionary Spend for 2017.</p> <p><b>Recommended Action/Motion:</b> I would move to recommend to the Village Board to approve the amount of \$10,000 paid to Google of Mountain View, CA.</p>					
<b>Fund Name</b>	<b>Account Number</b>	<b>Account Title</b>	<b>Quantity</b>	<b>Amount</b>	<b>Total Amount</b>
General Fund	010-1600-442850	Online Services	1	\$10,000	\$10,000

### REQUEST INFORMATION

<b>Type of Request:</b> Technology					
<b>Title:</b> Electronic Time Recording License					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/>					
<b>Requesting Department:</b> MIS					
<p><b>Description/Justification:</b></p> <p>Title: e-Time recording system for CBA/Hourly/Seasonal Employees</p> <p>History:</p> <p>Today CBA, CPAC, Part-time non-exempt employees have to manually punch a time clock at a centralized location within their service area. Each pay period these paper timecards are collected and reviewed by a designated set of individuals who approve/reject/comment/enter into a spreadsheet for approvals to a supervisor or director then the admin downloads into the payroll system for processing.</p> <p>High Performance Organization Objective:</p> <p>The purpose of the electronic time recording cloud based system is to allow CBA, seasonal, and part-time employees to track their time in a paperless based system, to lower employee time card approval process and increase the productivity to the staff responsible for the processing time cards for payroll. This will also remove the dependency on paper documents; improve metrics and reporting as well as 2017 FSLA changes. Employees will be able to walk up to a kiosk and punch in/out or use current ID badges, their phone or mobile device, or assigned PIN to punch in/out from a specific or remote location approved by their Supervisor.</p> <p>Financial Impact:</p> <p>Funds will be procured from the General Fund 010-1600-452850 Online Services 2017 discretionary.</p> <p>Recommended Action/Motion:</p> <p>I move to recommend to the Village Board to approve the adoption of an electronic time card solution to Replicon, Calgary, Canada in an amount not to exceed \$37,000/yr.</p>					
<b>Fund Name</b>	<b>Account Number</b>	<b>Account Title</b>	<b>Quantity</b>	<b>Amount</b>	<b>Total Amount</b>

<b>Type of Request:</b> Technology					
<b>Title:</b> Cloud Based Microsoft Exchange (email) 350 Users					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/>					
<b>Requesting Department:</b> MIS					
<b>Description/Justification:</b> Title: Cloud Based Microsoft Exchange (email) 350 Users  History: Currently the Village self-hosts at 2010 Microsoft Email Exchange client and will go into extended support <a href="https://support.microsoft.com/en-us/lifecycle/search/default.aspx?sort=PN&amp;alpha=exchange%20server%202010&amp;Filter=FilterNO&amp;wa=wsignin1.0">https://support.microsoft.com/en-us/lifecycle/search/default.aspx?sort=PN&amp;alpha=exchange%20server%202010&amp;Filter=FilterNO&amp;wa=wsignin1.0</a> . As we move to a mobile workforce and looking to bring the Village to a current Microsoft revision (2016 Exchange) moving to a cloud based Exchange client will improve access, reliability, scalability, integration, storage and archiving capabilities without having to host internally paying for maintenance, electricity, licensing and hardware. The software will always be at the most current revision with Microsoft.  Recommended Action/Motion: I move to recommend to the Village Board to approve the amount of \$33,600/yr to Microsoft, Seattle for the migration of a self-hosted email exchange to a cloud based email exchange.					
<b>Fund Name</b>	<b>Account Number</b>	<b>Account Title</b>	<b>Quantity</b>	<b>Amount</b>	<b>Total Amount</b>

### REQUEST INFORMATION

<b>Type of Request:</b> Technology					
<b>Title:</b> Electronic Touch Display for Architectural Drawings During Plan Reviews					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/>					
<b>Requesting Department:</b> Public Works					
<b>Description/Justification:</b> <b>Title:</b> <b>Electron Touchscreen Plan Review Table – Architecture Drawings</b>  <b>History:</b> <p>Today the Public Works employees in working with the Development Services must maintain a paper based system to manage architecture drawing for plan reviews, manually comment, ship between interdepartmental mail sensitive and expensive, fragile copies of architectural plans.</p> <p>High Performance Organization Objective:          To eliminate the need for paper architectural drawings that can be damaged (fire, water), lost, stored taking up valuable office real estate and replaced with an electronic viewing, electronic annotation, electronically stored, time stamped and dated, and backed up for future reference. This will also allow for a more timely review process and return correspondence with the resident/contractor/business customer.</p> <p>Recommended Action/Motion          I move to recommend to the Village Board to approve purchase from Ideum Corrales, New Mexico for the Ideum Display the in an amount not to exceed \$11,000.</p>

<b>Title:</b> AVL/Weather Monitor Parks					
<b>Strategic Plan Goals:</b>					
Economic Development <input type="checkbox"/> Downtown Development <input type="checkbox"/> Quality of Life <input type="checkbox"/> High Performing Organization <input checked="" type="checkbox"/>					
<b>Requesting Department:</b> Parks					
<p><b>Description/Justification:</b> Purchase and installation of a monitor with all applicable software to run the AVL (Auto Vehicle Locator) and weather applications to be installed in supervisors office at the new Parks Administration building. The monitor will allow constant updates as to the location of department assets, especially during snow operations. This will allow for faster deployment of units to “hot spots” that occur during emergencies. Weather is a critical factor in all of our operations whether it is snow operations, or rain/lightning updates for athletics and our aquatic center.</p>
