

September 1, 2013

Dear Joint Purchasing Participant:

Subject: 2013-2014 Rock Salt, Bulk Contract Information

In completing the 2013 – 2014 Rock Salt season contract re-procurement, the State of Illinois did not encounter the types of supply-related issues experienced in previous seasons. We made every effort to secure Road Salt at the best available price for participants in our contract re-procurement, and gladly report that all locations across the State were able to have their supply needs met through the State's procurement efforts.

We again recommend that participating agencies and governmental entities examine their application rates and roadway priorities in order to minimize next season's maintenance program cost while also ensuring the safety of the public.

Enclosed is a copy of the requisition you submitted to us for the purchase of rock salt. The information from the requisition, including purchase commitment, can be used to submit your requirements to this year's contract vendor:

Contract: PSD 4017550

Cargill Incorporated Salt Division
24950 Country Club Blvd., # 450
North Olmsted, OH 44070
Phone (800) 600-7258

Term: September 2013 – August 2014

FEIN Number: 41-0177680

Contact: Government Services

Your unit is **Contract Line No: 80 / Price per ton F.O.B. destination, is \$ 51.28**
Emergency pickup of salt from vendor's warehouse is not made available in this contract.

The additional price per ton to have rock salt delivered in trucks equipped with coal/grain chute openings in the tailgate to permit controlled off-loading of rock salt onto conveyors is **\$40.00** per ton. Contact vendor for availability in your area and scheduling deliveries.

You are responsible for issuing your own purchase order document to the vendor. Orders may be placed with the vendor via telephone, with a written or fax confirmation to follow immediately. ***You are strongly encouraged to order early and to store as much salt as possible in order to help prevent potential salt shortages this winter.*** Also, you need to make every effort to place orders in full truckload lots (22-25 tons) or multiples of such.

Your governmental unit is responsible for ensuring that the 80 or 100 percent minimum guaranteed purchase commitment (as noted on your Requisition) is met before the end of the winter season, June 30, 2014. The vendor is required to furnish not less than 120-percent (if needed) of the contract quantity by March 1, 2014. Your governmental unit is responsible for processing vendor invoices in a timely manner.

Delivery shall be made as soon as possible after vendor receipt of order by phone or mail. The maximum time from receipt of order to the actual delivery for orders placed between December 1, 2013 through April 1, 2014 shall not exceed seven working days, unless as modified in the Order Guidelines herein..

For orders placed between December 1, 2013 and April 1, 2014, if a vendor is unable to make delivery within the order timeline, local governmental units shall have the right to retain \$.20 per ton per working-day as liquidated damages on the undelivered portion of the order. For orders placed prior to 9:00 a.m. on a given day, that day to be considered as the first calendar day of the seven-day delivery period. For an order placed after 9:00 a.m. on a given day, the following day shall be considered as the first calendar day of the seven day delivery period.

CMS reserves the right to mitigate application of liquidated damages imposed against a vendor, in the event of orders exceeding the maximum percentages outlined below:

An agency may order up to 20.% of their awarded contract tonnage in any given week and vendor shall deliver within 7 working-days after receipt of order. Quantity ordered above the 20.% threshold shall have an extended deliver time of one-working-day for each one-percentage-point above the 20.% guideline. For example, if an agency orders 25.% of their awarded total 100 ton, delivery of the first 20 ton (20.%) shall be within 7 working-days after receipt of order, the remaining 5 ton should be delivered within 12 working-days after receipt of order.

If after seven working-days of liquidated damages assessment, the vendor has still failed to deliver, local governmental unit shall have the right to terminate an order and purchase road salt or abrasives from another source, or take action consistent with public safety as needed to continue daily business. Any and all additional costs incurred may be collected from the original vendor, in addition to liquidated damages, by participant's legal action.

All deliveries shall be covered with approved weatherproof materials. The vendor shall ensure that delivery person inspects the inside of the trailer and that all salt is removed from the trailer before leaving a delivery point. The vendor will ensure all weights and measures shown on delivery tickets are correct. Local governmental units reserve the right to require that delivery trucks occasionally be directed to a scale in the vicinity of the delivery point as a check on delivered truckloads.

Deliveries of rock salt containing any foreign material such as mud, rocks, grader teeth, wood, tarpaulins, etc., may be rejected at the delivery site. In the event that any foreign material is discovered in dumped deliveries, the salt and foreign matter may be reloaded onto the cartage hauler's truck by the local governmental unit and returned for credit, or the vendor shall immediately ship a specification compliant load of replacement salt, or issue a refund to the governmental unit consistent with the contract price.

In December 2013, the contract vendor shall have in place stockpile(s) located in or near Illinois covering the tonnage awarded for the northern regions of the State, and in January of 2014 the contract vendor shall have in place stockpile(s) in or near to Illinois covering the total tonnage awarded for all regions of the State. At our discretion, we will inspect the stockpiles to ensure that these stockpiles are in sufficient quantities, and that vendor commitments to the stockpiles are with the users of this contract.

Enhanced rock salt 2013 - 2014 season availability from Cargill Salt Division:

The Department of Central Management Services surveyed vendors for availability of an enhanced rock salt option in the invitation for bid, and received an offering from Cargill Salt Division. Locations interested in this enhanced salt option must call the vendor for product availability information and to facilitate potential ordering arrangements.

Their product is made available to any joint purchasing participant awarded in the Cargill Salt Division Contract as an up-charge per ton option and would be added to your order as a separate line item. Contact Jason Fenske Pone: 612-817-7357 for availability details.

The enhanced salt product features additional pre-treatment of approved road salt with a product providing enhanced melting performance, with reduced corrosion and clumping.

It is hoped that this information will be beneficial to you in the utilization of this contract. If you have any further questions concerning the rock salt contract, please feel free to contact me at (217) 782-8091.

Sincerely,

Wayne Ilsley, CBBP, Buyer
Bureau of Strategic Sourcing
