WHEREAS, an application seeking an amendment to a special use permit for certain real estate, as set forth below, has been filed with the Village Clerk of this Village and has been referred to the Plan Commission of this Village and has been processed in accordance with the Land Development Code of the Village of Orland Park, as amended; and

WHEREAS, the Plan Commission of this Village held a public hearing on March 9, 2010, properly continued to March 23, 2010, on whether the requested amendment to a special use permit should be granted, at which time all persons present were afforded an opportunity to be heard; and

WHEREAS, a public notice in the form required by law, was given of said public hearing by publication not more than 30 days nor less than 15 days prior to said hearing in the Orland Park Prairie, a newspaper of general circulation in this Village; and

WHEREAS, the Plan Commission of this Village has filed its report of findings and recommendations that the requested amendment to a special use permit be granted with this President and Board of Trustees, and this Board of Trustees have duly considered said report and findings and recommendations;

NOW, THEREFORE, Be It Ordained by the President and Board of Trustees of the Village of Orland Park, Cook and Will Counties, Illinois, as follows:

SECTION 1

The Plan Commission has made its report of findings and recommendations, and such are hereby adopted by reference as findings of this President and Board of Trustees as fully as if completely set forth at length herein. All exhibits submitted at the aforesaid public hearing are also incorporated by reference into this Ordinance. This President and Board of Trustees find that the proposed amendment to a special use is in the public good and in the best interests of the Village and its residents, is consistent with the Comprehensive Plan of the Village, and is consistent with and fosters the purposes and spirit of the Land Development Code of the Village of Orland Park, as set forth in Section 1-102 thereof.

SECTION 2

In addition to the findings set forth in Section 1 hereof, this Board of Trustees further finds in relation to the amendment to a special use permit to allow for remodeling of the exterior building facades, addition of a new entry vestibule and addition of a rear service area, which shall be constructed at a future time, to the existing building at the Terry’s Lincoln Mercury dealership in the VCD Village Center District as follows:

(a) The Subject Property is located at 9401 W. 143rd Street and is zoned VCD Village Center District within the Village of Orland Park, Cook and Will Counties, Illinois. The Petitioner,

Terry Kunes for Terry's Lincoln Mercury, is seeking an amendment to an existing special use permit for an addition of a 132 square foot vestibule addition, remodeling of the exterior building facades and a 5,220 square foot building addition at the southwest corner of the rear of the existing building. The Subject Property is the subject of a Special Use Permit granted by Village Ordinance 1320.

(b) The proposed amendment to a special use for an expansion to an existing automotive dealership is consistent with the purposes, goals, objectives and standards of the Comprehensive Plan, any adopted overlay plan and the Land Development Code of the Village of Orland Park. The Comprehensive Plan designates this site as Regional Commercial. Automobile sales are appropriate in such an area, and the building addition and remodeling will not affect that appropriateness.

(c) The proposed amendment to a special use will be consistent with the character of the immediate vicinity of the subject property. The subject property is located in the VCD Village Center District. The property to the north is zoned VCD Village Center District and contains commercial retail, the property to the south is zoned VCD Village Center District and contains a detention pond and commercial retail strip mail, the property to the east is zoned OL Open Lands District and is owned by the Village; the property to the west is zoned VCD Village Center District and contains an auto repair shop.

(d) The design of the proposed special use will minimize any adverse effects, including visual impacts, on adjacent properties. The proposed special use will not have an adverse effect on the value of adjacent property. It does not contain any exterior lighting changes. In addition, the changes to the exterior façade will update the exterior of the building.

(e) The Petitioner has demonstrated that public facilities and services, including but not limited to roadways, park facilities, police protection, hospital and medical services, drainage systems, refuse disposal, water and sewers, and schools will be capable of serving the special use at an adequate level of service. If there are any issues with engineering or significant changes to the site plan as part of the building addition, a new petition for an amendment to this special use will be required. The site has access through a curb cut off of 143rd Street and a curb cut off of John Humphrey Drive. In addition, a driveway connects the property to the parcel to the west.

(f) The Petitioner has made adequate legal provisions to guarantee the provision and development of any open space and other improvements associated with the proposed amended development.

(g) The amended development will not adversely affect a known archaeological, historical or cultural resource.

(h) The special use amendment as granted shall in all aspects conform to the applicable regulations of this Ordinance, Ordinance 1787 and the Land Development Code of the Village of Orland Park as amended, for the district in which it is located as well as all applicable regulations and ordinances of the Village, unless specifically addressed in this or another Ordinance.
