Meeting Minutes

Monday, March 6, 2017

7:00 PM

Village Hall

Board of Trustees

Village President Daniel J. McLaughlin

Village Clerk John C. Mehalek

*Trustees, Kathleen M. Fenton, James V. Dodge, Jr., Patricia Gira,
Carole Griffin Ruzich, Daniel T. Calandriello, and Michael F. Carroll*

CALL TO ORDER/ROLL CALL

The meeting was called to order at 7:00 PM.

Present: 7 - Trustee Fenton, Trustee Dodge, Trustee Gira, Trustee Griffin Ruzich, Trustee Calandriello, Trustee Carroll and President McLaughlin

VILLAGE CLERK'S OFFICE**2017-0130 Approval of the February 20, 2017 Regular Meeting Minutes**

The Minutes of the Regular Meeting of February 20, 2017, were previously distributed to the members of the Board of Trustees. President McLaughlin asked if there were any corrections or additions to be made to said Minutes. There being no corrections or additions,

I move to approve the minutes of the Board of Trustees Meeting of February 20, 2017.

A motion was made by Trustee Fenton, seconded by Trustee Gira, that this matter be APPROVED. The motion carried by the following vote:

Aye: 7 - Trustee Fenton, Trustee Dodge, Trustee Gira, Trustee Griffin Ruzich, Trustee Calandriello, Trustee Carroll, and President McLaughlin

Nay: 0

2017-0160 2017 Inauguration Date - Ordinance

The deadline for Cook County to canvass all election results is 21 days after the April 4, 2017 Consolidated Election, which will be Tuesday, April 25, 2017.

The inauguration and swearing in of the Village President, Village Clerk, three (3) Village Trustees and three (3) Library Trustees, elected at the April 4, 2017 consolidated election, shall take place on May 15, 2017, as authorized by 65 ILCS 5/3.1-10-15.

I move to pass Ordinance Number 5170, entitled: AN ORDINANCE PROVIDING FOR THE INAUGURATION OF THE VILLAGE PRESIDENT, VILLAGE CLERK, VILLAGE TRUSTEES AND LIBRARY TRUSTEES ON MAY 15, 2017

A motion was made by Trustee Carroll, seconded by Trustee Griffin Ruzich, that this matter be PASSED. The motion carried by the following vote:

Aye: 7 - Trustee Fenton, Trustee Dodge, Trustee Gira, Trustee Griffin Ruzich, Trustee Calandriello, Trustee Carroll, and President McLaughlin

Nay: 0

2017-0134 Orland Park Rotary Club - Raffle License

The Orland Park Rotary Club is requesting a license to sell raffle tickets beginning

Tuesday, March 7, 2017 through Thursday, May 25, 2017 when the raffle drawing will take place at 8:00 PM.

The purpose for this raffle is to raise scholarship funds for college-bound students from the community.

I move to approve issuing a raffle license to the Orland Park Rotary Club to begin selling raffle tickets on Tuesday, March 7, 2017 through Thursday, May 25, 2017 when the raffle drawing will take place at Silver Lake Country Club.

A motion was made by Trustee Gira, seconded by Trustee Dodge, that this matter be APPROVED. The motion carried by the following vote:

Aye: 7 - Trustee Fenton, Trustee Dodge, Trustee Gira, Trustee Griffin Ruzich, Trustee Calandriello, Trustee Carroll, and President McLaughlin

Nay: 0

PROCLAMATIONS/APPOINTMENTS/PRESENTATIONS

2017-0131 Community Pride Awards - Sophia Jablonski

President McLaughlin presented a Community Pride Award to Carl Sandburg High School student Sophia Jablonski in recognition of her winning the Illinois High School Association (IHSA) State Bowling Championship. Sophia is the first bowler in IHSA history to win in the wheelchair division.

This was a presentation, NO ACTION was required.

2017-0146 Community Pride Awards - St. Michael Cheerleaders - Presentations

President McLaughlin presented Community Pride Awards to the St. Michael Varsity Cheerleading Squad coached by Mrs. Becky Weslow and Ms. Kimberly Williams. The squad won the 2017 ICAA State Championship.

This is the sixteenth state championship for the St. Michael Cheerleaders.

This was a presentation, NO ACTION was required.

CONSENT AGENDA

Passed the Consent Agenda

A motion was made by Trustee Griffin Ruzich, seconded by Trustee Carroll, to PASS THE CONSENT AGENDA, including all the following items marked as having been adopted on the Consent Agenda. The motion carried by the following vote:

Aye: 7 - Trustee Fenton, Trustee Dodge, Trustee Gira, Trustee Griffin Ruzich, Trustee Calandriello, Trustee Carroll, and President McLaughlin

Nay: 0

2017-0125 Payroll - Approval

The lists of Payroll having been submitted to the Board of Trustees for approval and the lists having been determined by the Board of Trustees to be in order and having been approved by the various Department Heads,

I move to approve the Bi-Weekly Payroll for February 24, 2017 in the amount of \$1,037,973.55.

This matter was APPROVED on the Consent Agenda.

2017-0126 Accounts Payable - Approval

The lists of Accounts Payable having been submitted to the Board of Trustees for approval and the lists having been determined by the Board of Trustees to be in order and having been approved by the various Department Heads,

I move to approve the Accounts Payable from February 21, 2017 through March 6, 2017 in the amount of \$1,878,036.84.

This matter was APPROVED on the Consent Agenda.

2017-0117 Outdoor Warning Siren System Annual Maintenance Contract 2017 - Purchase

Fulton Technologies provides the maintenance and testing of all tornado sirens in Orland Park. The maintenance program includes inspection, testing, and general maintenance of the system. Fulton Technologies has installed and serviced the Village's fourteen sirens for many years and has been an outstanding partner to insure the reliability of our outdoor weather warning siren system.

Fulton Technologies provided a quote of \$5,505.24 for the general maintenance of the sirens.

I move to approve using Fulton Technologies, 160 N. Garden Ave. Roselle, Illinois 60172 to perform the Outdoor Warning Siren System Annual Maintenance Contract for 2017, not to exceed \$5,504.24.

This matter was APPROVED on the Consent Agenda.

2017-0054 Quantitative Narcotics and Cannabinoid Testing and Expedited Examination - Purchase

In 2016, the Illinois State Legislature passed a law (625 ILCS 5/11 501(A)(7)) establishing a legal level of cannabis intoxication for a Driving Under the Influence arrest. Statutory quantitative testing is now required to determine the level of delta-90 tetrahydrocannabinol concentration of an offender's whole blood and/or urine to determine a presumption of intoxication. Currently, the Illinois State Police Crime laboratory does not have the ability to conduct quantitative analysis of either whole blood or urine. Additionally, the Illinois State Police Crime Laboratory is unable to provide an approximate date when it will receive funding and purchase

forensic equipment to satisfy the statutory requirement.

The University of Illinois Chicago Analytical Forensic Testing Laboratory (AFTL), a fully accredited laboratory, has the ability to conduct statutory required quantitative testing for delta-90 tetrahydrocannabinol concentration with a turnaround of between 14 and 21 days. The laboratory can also conduct quantitative testing for other narcotics. Urgent requests will be honored and can be completed in 24 hours.

I move to approve using University of Illinois Chicago Analytical Forensic Laboratory (AFTL) of Chicago, Illinois to conduct statutory required quantitative narcotics and cannabinoid testing and expedited examination at a cost not to exceed \$5,000.00 annually.

This matter was APPROVED on the Consent Agenda.

2017-0091 Disposal of Certain Seized Vehicles at Public Auction - Ordinance

The Police Department requests approval to declare two vehicles, a 2001 Nissan Maxima and a 2005 Chrysler 300, as excess property and to dispose of at public auction. These vehicles were seized by the department and forfeited to the Village by the Circuit Court of Cook County from a driver who was driving their vehicle while their license was suspended for DUI.

I move to pass Ordinance Number 5171, entitled: ORDINANCE AUTHORIZING DISPOSAL BY PUBLIC AUCTION OF PERSONAL PROPERTY (VEHICLES) OWNED BY THE VILLAGE OF ORLAND PARK, ILLINOIS

This matter was PASSED on the Consent Agenda.

2017-0122 Six (6) Panasonic - ARBITRATOR Mk3-HD In-car video systems - Purchase

The Police Department currently has a Panasonic Arbitrator In-Car Camera System installed in each marked patrol vehicle. The purpose of the mobile video recording system is to provide an objective video and audio account of events as they actually occur during a traffic stop, traffic related offense or DUI Investigation. In-car video recordings are used as valuable evidence in DUI and other traffic related cases.

The Panasonic Arbitrator Mk3 HD is a rugged and durable mobile digital video system that can be used with the current Dell in-car computer system. It is specifically engineered for law enforcement and provides a fully-integrated system for video storage, transfer, archiving and retrieval.

The original Panasonic Arbitrator video systems that were purchased in 2007 are out of warranty and are beginning to malfunction more frequently. The Department will install the new systems in six (6) of the new police vehicles purchased in 2017. The older functioning units will be kept in reserve for temporary replacement when

current units malfunction and are taken out of service for repair.

CDS Office Technologies, 1271 Hamilton Parkway, Itasca, Illinois 60143, is the vendor used in the past purchases and holds the State of Illinois Joint Purchasing Contract for the Panasonic Arbitrator.

I move to approve the purchase of six (6) Panasonic Arbitrator Video Systems with software maintenance and extended warranty agreements through the State of Illinois Joint Purchasing Contract from CDS Office Technologies, 1271 Hamilton Parkway, Itasca, Illinois 60143, at a cost not to exceed \$34,230.00.

This matter was APPROVED on the Consent Agenda.

2017-0107 Centennial Park Aquatic Center 2017 - Lifeguard Licensing

In preparation of the 2017 pool season, a license must be purchased for each Centennial Park Aquatic Center (CPAC) lifeguard. These licenses, known as a Competency Assessment Performance folder (CAP), are provided by the Starfish Aquatics Institute.

Starfish Aquatics Institute is the agency which certifies Recreation managers, squad leaders, and team leaders that provide in-house training to certify our lifeguards. Starfish Aquatics Institute is regarded as the gold standard in the industry and enables the CPAC staff to provide a safe and responsive environment to CPAC patrons.

CAPs are \$30 each and are sold in quantities of 12 (CAP Packs) for \$360. CPAC employs 162 guard staff. To meet the required number of licenses needed, 14 packages at \$360 each are required for a total of 168 CAP Packs. The total purchase will be \$5,040. Staff is requesting approval for purchase.

I move to approve the purchase of CAP Packs (lifeguard licenses) from Starfish Aquatics Institute at a cost not to exceed \$5,040.00.

This matter was APPROVED on the Consent Agenda.

2017-0108 Special Recreation Christmas Dinner Dance

The Annual Special Recreation Christmas Dinner Dance will be held on December 8, 2017 at Riviera Country Club in Orland Park. This event has been held for the past 18 years and is well attended by Orland Park's Special Recreation participants, as well as invited nearby Special Recreation agencies. Based on prior experience, we anticipate 250 - 300 people will be in attendance at this event.

The dinner dance is funded through the registration fees of those who attend. The Village pays for 15-20 employees to staff the event. These employees attend the event to assist our participants as we would for other Special Recreation Programs.

Payment to Riviera Country Club consists of an initial deposit of \$500, a 30-day deposit of \$750, a 60-day deposit of \$750, and the remaining cost is due 21 days prior to the event date. The total estimated cost will not exceed \$8,250 as the maximum capacity of the banquet room is 300.

I move to approve payment to Riviera Country Club for a deposit of \$500, 30-day deposit of \$750, 60-day deposit of \$750, and the remaining cost due 21 days prior to the event date and to make the appropriate payment both for staff and registrants for the event not to exceed a total of \$8,250.

This matter was APPROVED on the Consent Agenda.

2017-0109 2017 Recreation Program Guide Distribution Approval

In 2016, the Recreation Department began distributing the Summer, Fall, and Winter/Spring Recreation Program Guides to Orland Park residents through the Orland Park Post Office. The distribution through the post office reached over 26,000 active resident addresses. The distribution cost for each season's program guide varies due to the number of pages for each publication. Staff is requesting approval to distribute the three 2017 recreation program guides through the United States Post Office for the budgeted amount of \$24,000.

I move to approve the distribution of three 2017 recreation program guides through the United States Post Office for the budgeted amount of \$24,000.

This matter was APPROVED on the Consent Agenda.

2017-0121 ITB CPAC Filters Removal and Replacement of Sand (Silica) Bid

An invitation to bid was issued on February 2, 2017 for the removal and replacement of the sand (silica) in the filters for the Zero Depth pool and inspection of the laterals. The bid was opened on February 16th, 2017 with one company submitting a bid. Aqua Pure Enterprises, Inc. of Romeoville, IL was the only responsive bidder at a cost of \$28,961.51. There may be some additional costs incurred for lateral repair charges that apply after filters are emptied, depending on what the inspection of the laterals reveals.

I move to approve accepting the bid from Aqua Pure Enterprises of Romeoville, IL at amount not to exceed the budgeted amount of \$30,000.00 for the CPAC Removal & replacement of Sand (silica).

This matter was APPROVED on the Consent Agenda.

2017-0100 Centennial Park Security Gates

Centennial Park has had issues over the last several years in the overnight hours after the park has closed. Vandalism, property damage and use of facilities have occurred after the park has closed. This year, staff has been working in conjunction with the Police Department to stem the amount of issues that occur after hours.

The Police Department has been patrolling the complex after closing hours, and upon their exit they place temporary barricades up deterring the entrance to the facility after hours. When staff arrives in the morning, the barricades are removed. In an effort to find a more permanent solution; the installation of swing gates to the park's entrance has been determined to be the best course of action. Gates would be installed in-house by staff.

Pricing quotes were requested from several companies for the purchase of a thirty foot (30') manual double swing barrier gate, a twenty four foot (24') manual double swing barrier gate and posts. Gate Depot (Martrano Enterprises LLC) priced the material and shipping at \$5,533.00, Supply Inc. (DF supply, Inc.) priced the materials and shipping at \$5,250.13.

I move to approve the quote from Supply Inc. (DF Supply, Inc.) for the purchase of a thirty foot and twenty four foot manual double leaf swing gate and receiver posts at a cost not to exceed \$5,250.13.

This matter was APPROVED on the Consent Agenda.

2017-0061 Centennial Park Aquatic Center - Pool Shade Structure Quote

Staff is requesting to replace eight (8) Funbrella umbrellas at the pool with new shade structures. The old funbrellas have maintenance issues and the weight and design requires them to be closed during inclement weather. When closing the heavy funbrellas, we have experienced a few minor injuries to staff. Staff recommends replacement and purchase of shade structures that will not require closure.

Staff received quotes from Parkreation Inc. of Prospect Heights, IL. This company is the sole representative for the Shade System Inc. company in our area that produces these shade structures. The Village has used this product throughout the years and staff recommends keeping the same units in the parks and pool areas for a consistent look and maintenance. The quote for the structures is as follows:

Eight (8) SP12 Single post pyramid shade unit by Shade Systems Inc., 12' x 12' x 8' high eave with steel frame and single color fabric, in ground mount, turn-n-slide system on all four corners. Cost per unit is \$2,685.00 each (\$21,480.00) with freight charges of \$2,144.00, for a total cost of \$23,624.00.

I move to approve waiving the bid process;

And

Approve the purchase of the eight (8) new shade structures as noted from Parkreation Inc. at a cost not to exceed \$23,624.00.

This matter was APPROVED on the Consent Agenda.

2017-0101 Tree Preservation and Green Infrastructure Account Policy Update

In 2008, the Village Board approved revisions to the Tree Preservation Section of the Land Development Code to provide for a "Tree Mitigation Account." This account provides a 'cash in lieu' option for landowners and developers who are unable to meet the Villages tree mitigation requirements on their property.

In 2010, a "Tree Mitigation Account Policy" was presented to the Development Services and Planning Committee and Finance Department for review. Since that time, only a handful of projects have been implemented using this account (# 010-0000-229-1100) as a funding source, which currently has a balance of \$212,682.50.

On February 6, 2017, the Village Board of Trustees approved an update to the name of the "Tree Mitigation Account" to the "Tree Preservation and Green Infrastructure Account." The name change better reflects the enhanced scope of work and project type that these funds may be used to support, as detailed in this policy update.

The proposed changes to the Tree Preservation and Green Infrastructure Account Policy are two-fold: 1) update the scope and type of work that may be funded by this account; and 2) to make minor changes to the schedule for project solicitation and review.

The scope of work that the Tree Preservation and Green Infrastructure Account may be used to fund is currently limited to tree plantings in public spaces. The proposed updated scope and type of work is expanded to include 1) tree preservation / enhancement projects and 2) green infrastructure projects, including design and permitting costs associated with the implementation of a project. The current policy that all projects funded by this account must be located on public property within the Village remains unchanged.

The current policy states that Development Services Department will solicit tree planting projects from different department in the Fall and Winter of each year. The proposed changes would implement a quarterly review schedule in the hope that momentum for both the Policy and specific projects could be maintained year round.

I move to approve the changes to the Tree Preservation and Green Infrastructure Account Policy, as detailed in the memorandum titled "Tree Preservation and Green Infrastructure Account Update", dated 02/20/2017.

This matter was APPROVED on the Consent Agenda.

2017-0102 Village Hall Green Roof Structural Analysis - Proposal

In 2011, the Village worked with CBBEL to develop an application for funding for a

green roof on Village Hall via the Illinois Green Infrastructure Grant Program. Funding for the project was not awarded. Since that time, the Illinois Green Infrastructure Grant Program has been suspended.

Interest in establishing a green roof at Village Hall has persisted. The Village Hall green roof would create an educational and social gathering space accessible to residents, visitors and staff members alike. The green roof would also increase awareness of the watershed and water quality benefits potentially leading to the construction of more of these types of projects throughout the Village.

The proposed location for the green roof on two (2) second floor terraces on the north side of Village Hall are highly visible and relatively accessible to the Public and Village Staff. Additionally, these terraces overlook the Village's stormwater detention basin, which would directly benefit from the improved water quality generated by the green roof.

The first step in determining the feasibility of a green roof at Village Hall is to perform a structural analysis of the proposed locations. Such an analysis was not performed as a part of the 2011 application process. A proposal from Christopher B. Burke Engineering (CBBEL) to perform a structural analysis of the two (2) terraces to verify they have the structural capacity to allow for the installation of a green roof has been requested. Funding to pay for this study would come from the Village's Tree Preservation and Green Infrastructure Account.

The proposal states that CBBEL will review the existing plans of the Village Hall structure provided by staff. CBBEL has included one site visit in this proposal to verify existing conditions and to check items that are unclear in the existing plans. CBBEL will analyze the structure and determine if the structure has the capacity to support the proposed green roof loads and if it will be in compliance with the current Village building code requirements. As part of the analysis, CBBEL will determine if any modifications to the structure are required to support the proposed loads. CBBEL will provide the Village with a technical memorandum summarizing its finding and recommendations. Once this is completed, staff will come back to the Village Board with recommendations on moving forward or not with a pilot green roof project.

I move to approve to accept the proposal for the Village Hall Green Roof Structural Analysis from Christopher B. Burke Engineering, Ltd. of Rosemont, Illinois in an amount not to exceed \$4,850.00.

This matter was APPROVED on the Consent Agenda.

2017-0139 2017 ComEd Grant - Resolution

The ComEd Green Region Program offers small grants to local governments and non-profits in our region for the protection and improvement of open space. Potentially covered expenses include land acquisition, planning, and physical site

improvements such as passive recreational facilities and plant and animal community restoration. The grant is limited to \$10,000 maximum, and requires an equal local match. Grant recipients may apply for additional grants on an annual basis.

In 2013 the Village was awarded a ComEd Green Region grant to assist in the effort to clean up and remove trash, debris, and invasive landscape plant materials from the site. The grant also helped fund the development of a conceptual Master Plan for the site. Since that time, a consultant was hired to complete the engineering and construction plans for the Nature Center, and with construction ready to begin in 2017, staff and Open Lands are seeking additional financial assistance in the form of grants to help construct some of the proposed Nature Center site improvements. The emphasis of the ComEd Grant application will be concentrated on the restoration of native plant and animal communities in the Nature Center and the surrounding area. The proposed expenses include planting Native Plants, establishing Native Seeding Areas, and installing a Pollination Awareness Sign. Additional grants, including continued re-application to the ComEd Green Regions program, will be pursued in the future.

In February of 2017, the Open Lands Commission voted 4-0 to support application to the ComEd Green Region Program grant. The Com-Ed grant application requires a resolution of support from the Village Board approving the submission as well as approving the utilization of Village Open Lands funds for the local match, which in this case will be a maximum of \$10,000.

I move to pass Resolution Number 1704, entitled: A RESOLUTION AUTHORIZING SUBMISSION OF AN APPLICATION FOR A COMED GREEN REGION PROGRAM GRANT.

This matter was PASSED on the Consent Agenda.

2017-0094 151st Street - Ravinia Avenue to West Avenue Purchase of Existing Temporary Traffic Signal

The Village is currently finalizing plans to reconstruct 151st Street from West Avenue to Ravinia Avenue. As part of the reconstruction project, new water main and storm sewer will be constructed. Currently the project is scheduled to be bid in 2018 with a majority of the work to be done in 2019. With the reconstruction of the intersection a temporary traffic signal will be required. The cost to take down existing signal equipment and install temporary equipment is estimated to be \$75,000.

As the LaGrange Road widening and enhancements project nears completion this year, temporary traffic signals throughout the corridor will be replaced with permanent signal equipment. As part of the LaGrange Road project, IDOT installed a temporary traffic signal at 151st Street and Ravinia. This intersection and traffic signal location is under the jurisdiction of Orland Park. The existing permanent signal equipment was left in place to be made operational again with

the completion of LaGrange Road.

Given the fact that the Village will be reconstructing 151st Street in the very near future staff coordinated with IDOT the installation of the current temporary traffic signal to be compatible with the proposed 151st Street project. This would eliminate the need to have IDOT's contractor to remove the temporary equipment and reinstall the permanent equipment and then have the Village contractor remove the permanent equipment and install another temporary signal. However, in order to leave the temporary signal in place to be utilized by the Village, the Village will need to purchase and maintain the signal equipment so that IDOT can close out the traffic signal portion of the LaGrange Road project.

A description of the items to be purchased is as follows:

PURCHASE OF EXISTING TEMPORARY TRAFFIC SIGNAL EQUIPMENT,
VIDEO DETECTION CAMERAS, AND WIRELESS RADIO ANTENNAS:
\$43,500.00 TOTAL

Staff recommends the Village purchase the temporary signal equipment from TriTech Electric and also recommends the temporary signal be left in place for utilization of the 151st Street reconstruction project. Staff will coordinate the removal and salvaging of the existing permanent equipment.

I move to approve the purchase of existing temporary traffic signal equipment located at 151st Street and Ravinia Avenue for the total amount not to exceed \$43,500.

This matter was APPROVED on the Consent Agenda.

2017-0149 2016-17 Zoning Map Update

Per state statute, the Village must update and publish a zoning and boundary map reflecting the changes that occurred during the previous calendar year 2016 through February 28, 2017. Development Services has reviewed the map and listings and is in concurrence with the changes.

The 2016-17 Zoning and Boundary Map, with the zoning changes highlighted, is displayed in the Board Room.

I move to approve the Official Zoning and Boundary Map for the Village of Orland Park, Cook and Will Counties, Illinois, reflecting the true and correct zoning for the Village of Orland Park as of February 28, 2017, and that said Official Zoning and Boundary Map be authorized to be published.

This matter was APPROVED on the Consent Agenda.

2016-0871 Caliente Mexican Restaurant - Special Use Permit

The petitioner is proposing to operate a restaurant (Caliente Mexican Restaurant)

at 11030 179th Street in the Marley Creek Commons retail center, located at 11000-11060 179th Street. The property is currently zoned BIZ General Business District. The restaurant is required to obtain Special Use approval because they are within 300 feet of a residential parcel (Section 6-207.C.20). A restaurant is an allowable Special Use for the BIZ zoning district as long as it is in accordance with the procedures and standards set forth in Section 5-105 of the Land Development Code.

Marley Creek Commons is a 17,263 square foot retail center on a 1.8 acre lot. The final site plan was approved by the Village Board on May 21, 2001 (Ord. 3530). The building itself consists of eleven tenant spaces, four of which are currently vacant.

Caliente Mexican Restaurant will occupy a vacant 1,259 square foot unit within Marley Creek Commons. The proposed restaurant will offer both dine-in and carry-out options. The interior of the space is being remodeled to accommodate the restaurant and will include approximately eight (8) seats. No outdoor seating area is proposed.

As confirmed by the property management company, Sanders Commercial Real Estate, Inc., the project will also consist of adding opaque gates to one of the existing dumpster enclosures and restriping an existing parking space in order to provide an additional handicapped accessible space, for a total of four (4) accessible spaces on site.

The proposed restaurant will be consistent with the character of the immediate vicinity of the property. Marley Creek Commons contains commercial retail, restaurant, personal service, and office tenants, with which the proposed restaurant is compatible. Surrounding uses include a retail shopping center to the west and a bank, fast food restaurant and vacant land to the south. Residential uses include the Stone Ridge subdivision townhomes and multi-family buildings to the north and Eagle Ridge II subdivision townhomes to the east.

I move to approve the Special Use Permit for Caliente Mexican Restaurant as fully referenced below.

THIS SECTION FOR REFERENCE ONLY (NOT NECESSARY TO BE READ)

I move to approve a Special Use Permit for Caliente Mexican Restaurant to operate a restaurant located within 300 feet of a residential parcel, subject to the following conditions:

1. That a Building permit is submitted to the Building Department;
2. That the Petitioner comply with all Building and Health Code requirements;
3. That all mechanical equipment is screened, either at grade level with landscaping or hidden behind the roofline;

4. That any new signage is approved through a separate permitting process;
5. That four (4) handicapped accessible parking spaces are provided in the existing parking lot and meet the requirements of Land Development Code 6-306.D;
6. That opaque gates are installed on the existing garbage enclosure at the rear of the subject property and meet the requirements of Land Development Code Section 6-302.D. All existing and future grease receptacles must be located inside dumpster enclosure areas.

This matter was APPROVED on the Consent Agenda.

2017-0093 Zeigler Building Code Variance - Resolution

Plans were submitted to the Village for a formal plan review of the proposed construction of a new Infiniti car dealership. Village ordinance 501.3.2 requires exterior walls to be solid masonry or a veneer of masonry with a minimum 2 5/8" thickness on a steel stud frame back up. The proposed construction indicates no masonry on several areas of the exterior wall. The architect proposes to add masonry in areas where structural support can be readily achieved.

The areas in question are portions of exterior wall of which horizontal structural members are designed for wind loading and bracing the glazed storefront walls along main sales showroom areas. The steel sections / beams are designed for wind loading and not for the additional weight of concrete block of which will induce additional loads to both the horizontal beams and the vertical structural columns including all structural connections. The masonry provides no value to the building envelope in terms of structural loading or for fire resistance.

For clarification, the definition of a exterior wall per IBC Chapter 2 "Definitions" is a wall that is bearing or non bearing used to enclose the building and act as a weather barrier or thermal envelope. The total percentage of wall surface below roof membrane that has only steel stud is approximately 14.7% (2,221 sq.ft.) of the total wall surface. The architect added an additional 5.1% (759.3 sq.ft.) of the wall area with a masonry back up of which meets the intent of the code. The variance is requested for 9.6% (1,461.7 sq.ft.) of the total exterior wall area of the building to remain as a steel stud frame with an aluminum composite metal surface serving as the finished exposed surface. The total thermal exterior wall area is 15,166 sq.ft.

I move to pass Resolution Number 1705, entitled: A RESOLUTION APPROVING AN APPEAL FROM THE PROVISIONS OF THE ORLAND PARK BUILDING CODE REGARDING MASONRY (ZEIGLER INFINITI DEALERSHIP - 8751 W 159TH STREET)

This matter was PASSED on the Consent Agenda.

2017-0161 Downtown Main Street Parking Deck - Final Contract Amount

On February 20, 2017, the Village approved a collection of change orders over \$10,000 related to the Downtown Main Street Parking Deck.

At this time, Staff is seeking formal approval to amend the current contract to reflect a total contract amount of \$15,252,445.00, which matches the amount presented in the staff report prepared for the Board meeting held on February 20, 2017 (2017-0065).

This adjustment is inclusive of all change orders over the life of this project, and represents the final project cost.

I move to approve a final contract amount for the Downtown Main Street Parking Deck with Walsh Construction Company II, LLC for \$15,252,445.00 and authorize the Interim Village Manager to execute any related change orders on behalf of the Village.

This matter was APPROVED on the Consent Agenda.

PARKS AND RECREATION**2017-0137 Village of Orland Park Periodical Printing Approval**

On February 24, 2017, eight proposals were submitted and reviewed by staff for the printing of the three Recreation Department Program Guides, two Senior Program Guides, three issues of the Orland Park Public Newsletter, and the Annual Report.

Through the process of combining the Village periodicals into one request for proposal staff has identified that the different types of printing processes affect pricing. Printers often specialize in one type of print process, thus creating large pricing differences between print companies. Sheet-fed and heat-set web print is the best for printing on coated stock, such as the Orland Park Newsletter and Annual Report. Sheet-fed uses a tighter line screen (better resolution) and provides the best quality; while cold set web-fed produces lower quality images, it is more economical for larger quantities with higher page counts, such as the Recreation Program Guides.

The original intent for combining the Requests for Proposal was to get better pricing for all Village periodicals. If staff were to utilize only one print company for all the periodicals, Paulson Press Inc. offers the lowest qualifying price, which would be over budget by \$10,150. However, considering the current budget, the Recreation Department will save \$7,983 by utilizing Woodward Printing Services; Paulson Press Inc. is more economical for Public Information.

Staff has determined, with savings from the results of the request for proposal, to

add a third Senior Guide issue to parallel the Recreation Program Guides and registration dates rather than having two issues that fall between the current recreation guides. The first issue of the 2017 Senior Program Guide was approved for print at the February 6, 2017 Board Meeting.

After review of pricing, samples and reference checks, Recreation Department staff recommends accepting the lowest pricing proposal from Woodward Printing Services for printing three Recreation Program Guides and two Senior Program Guides in the amounts specified in the proposal for a total yearly cost of \$61,140. In 2018 and 2019, the recreation guide series will include three Recreation Program Guides and three Senior Program Guides.

Public Information Office staff recommends accepting the proposal from Paulson Press Inc. for printing of the Orland Park Public Newsletter and Annual Report in the amounts specified in the proposal. Staff has determined that the proposal addresses and accurately reflects the updated features, increased size and current format of the newsletters and annual report. The village maintains the option not to renew the contract annually.

I move to approve accepting the proposal for the 2017 - 2019 Recreation Department Program Guide and Senior Program Guide series from Woodward Printing Services in the specified amounts in the proposal not to exceed the budgeted amount;

And

Approve accepting the proposal for the 2017 - 2019 Orland Park Newsletter and Annual Reports in the specified amounts in the proposal not to exceed the budgeted amount.

A motion was made by Trustee Gira, seconded by Trustee Fenton, that this matter be APPROVED. The motion carried by the following vote:

Aye: 7 - Trustee Fenton, Trustee Dodge, Trustee Gira, Trustee Griffin Ruzich, Trustee Calandriello, Trustee Carroll, and President McLaughlin

Nay: 0

MAYOR'S REPORT

2017-0164 Veterans Outreach Programs

President McLaughlin reported that the Village of Orland Park along with the Department of Defense has been a Commemorative Partner for the United States of America Vietnam War Commemoration 50th Anniversary that began in 2015 and is ending in 2017.

During each of those years, the Village held at least two events to thank and honor veterans of the Vietnam War, including personnel who were held as prisoners of

war or listed as missing in action, for their service and sacrifice on behalf of the United States and to thank and honor the families of these veterans.

Events that took place were the Moving Wall that visited the Village over a weekend; A night with Rocky Bleier; Concert in the Park honoring our service men and women; Movie nights; just to name a few.

This is the last year for this partnership and Trustee Dodge, the veterans liaison on the Board along with Veterans Assistant Tom Dubelbeis have been working on several programs that are important to the Veterans that will continue past 2017.

Tom Dubelbeis reported that The Village of Orland Park Veterans Commission is actively at work to bring the following outreach programs to veterans and those serving in our military in 2017.

Currently, in the developing phase, Operation Outreach is co-sponsored by the Village with corporate sponsorships forthcoming. Operation Outreach's goal is to highlight when residents currently serving in the military are scheduled to come home. Operation Outreach will partner with local civic organizations, schools and churches to obtain the names of these individuals so that Mayor McLaughlin can send an appreciation package with a letter of appreciation. Packages could include a Veterans Commission challenge coin, gift card to a local restaurant, temporary membership to the Orland Park Sportsplex, etc.

Operation Outreach will send letters out to local organizations and then prepare and send the appreciation packages.

Several other projects and events that were discussed was The Public Information Office (PIO) is assisting the Veterans Commission in an Aid and Attendance Seminar, intended for veterans that may need home health care assistance. PIO is also assisting in creating and uploading a welcome/introduction video by Mayor McLaughlin to the Veterans Memorial Web Site.

The Department of Business Information Systems (IT) is in the process of creating a Veterans Memorial Wall website that will include video and pictures to go along with the over 900 names of the veterans that are engraved on the Village's Memorial wall. This website will have description of who these veterans are/were, where they served, etc. - If the veteran is no longer with us their families will do a brief tribute to them.

This website will also have a calendar of upcoming veteran's events.

Mr. Dubelbeis stated that the public is invited to the Village's observance of Memorial Day 2017 that will be held on Monday, May 29 at 1 p.m. The community is invited to send a name of a living or deceased veteran to be added to Village's granite memorial.

The Veterans Commission and the Recreation Department is in the beginning stages of putting together the Inaugural 5K Run & Walk coming in May of 2018.

Trustee Dodge echoed the importance of the Operation Outreach program along with the 5K Run and Walk and the involvement of the Recreation Department.

Recreation Division Director Nancy Flores explained to the Board what a great idea it will be to have a certified 5K Veterans Run here in the Village. Runs are very popular and recreation staff is very familiar with what goes into organizing a run of this type. The Turkey Trot has always been a sold out and huge success along with the pandemonium event. The Recreation Department feels honored to be a part of the inaugural official Veterans 5K run which will take place in May, 2018 close to, if not on Memorial Day.

This item was informational, NO ACTION was required.

BOARD COMMENTS

TRUSTEE GIRA – The Bass Fishing Club from School District 230 is asking if the Village could help them by allowing storage for their boats at Lake Sedgewick.

This Club had done a lot of work at Lake Sedgewick from creating breeding buckets, to organize a fish audit in the fall so that it is known what types of fish habitat the lake.

The Bass Fishing Club considers Lake Sedgewick their classroom. The students are currently in the processes of making boats at school to be used on Lake Sedgewick for different projects. However, it is the transportation to and from school of these boats to the lake that will pose a problem.

Trustee Gira stated that if she has the Boards support for District 230's Bass Fishing Club to store their boats in a temporary storage locker type unit in the same location where the Village stores their boats, President McLaughlin has offered to fund this storage unit.

Interim Village Manager Timothy McCarthy stated that he has discussed this on several occasions with Park's Director Gary Couch and has requested him to budget for permanent storage lockers in the 2018 budget for the Village's boats and canoes once the Master Plan has been reviewed with the Board. Director Couch has also been instructed to reach out to School District 230 to see if they would be willing to share with the cost of a permanent building for the storage of their boats in the future.

Interim Village Manager McCarthy stated that he doesn't see it being a problem for short term only, to have a temporary storage locker (keeping in mind the codes)

for the Bass Fishing Clubs boats to be stored at Lake Sedgewick until the permanent building is constructed as the Master Plan in that area is reviewed and approved.

President McLaughlin stated that if the temporary storage locker is allowed he will sponsor the cost of this unit.

President McLaughlin took a consensus of the Board to allow a temporary storage locker for District 230's Bass Fishing Clubs boats to be stored at Lake Sedgewick in the same area as the Village's boats.

Trustee Gira – This storage locker would only be temporary for this coming season and into possibly next season as they may need. She is in favor.

Trustee Carroll – District 230's Bass Fishing Club has done some great stewardship in Lake Sedgewick. They have helped with the stocking of fish in the lake and they have helped with the Veteran's Event for fishing on the lake. He would be in favor of this.

Trustee Dodge – Is in favor of this and an Intergovernmental Agreement would need to be prepared.

Trustee Ruzich – Is all in favor of spending President McLaughlin's money instead of the Village's money.

Trustee Calandriello - Is in favor.

Trustee Fenton – Is in favor.

TRUSTEE CARROLL – There were 20 items on the consent agenda tonight that had gone through the Committee process and detailed discussion took place on each item within the six Committees. Only after being recommended unanimously by the Committee members, were these items brought before the Board tonight for approval on the consent agenda.

TRUSTEE DODGE – He thanked and complimented staff on their successfully participation in the Lean Six Sigma. He realizes how intense and the amount of work involved in this process. Updates will be coming to the Board shortly.

TRUSTEE CALANDRIELLO – Stated residents have brought to the attention of the Village their concerns about an increased number of sightings of wild coyotes in the Village. He is asking residents to call the nonemergency Police phone number to report sightings of coyotes. Staff will be keeping stats of areas that sightings have been reported. Because this is the birthing season, coyotes will be coming out more and more.

There has never been a report in Illinois of a coyote attacking a human, but please watch your smaller pets carefully when they are in the yard.

TRUSTEE FENTON – Updated what use to be called the “Farmer’s Market” will now be called “Market in the Park” and will take place on Thursday evenings from 4 PM to 8 PM in Crescent Park located at 143rd and LaGrange. Market in the Park, will begin June 1, 2017 through September 7, 2017. It will be an Artesian type market; including locally farm grown fresh produce, entertainment and food.

PRESIDENT McLAUGHLIN – Usually at this time of year I am asking the Village Manager to thank Public Works for the great job they have done with snow removal. This year (because of no snowfall) I’d like to say thank you for the wonderful job done with the high winds and rain that came last week and all the flooded intersections.

EXECUTIVE SESSION

I move to recess to a Closed Executive Session for the purpose of discussion of a) approval of minutes; and b) the appointment, employment, compensation, discipline, performances or dismissal of specific village employees.

A motion was made by Trustee Fenton, seconded by Trustee Griffin Ruzich, that this matter be RECESS. The motion carried by the following vote:

Aye: 7 - Trustee Fenton, Trustee Dodge, Trustee Gira, Trustee Griffin Ruzich, Trustee Calandriello, Trustee Carroll, and President McLaughlin

Nay: 0

RECONVENE BOARD MEETING

The roll was called to reconvene the Regular Meeting and Trustees Fenton, Dodge, Gira, Ruzich, Calandriello, Carroll and President McLaughlin were present.

Purpose of the Executive Session was for the discussion of a) approval of minutes; and b) the appointment, employment, compensation, discipline, performances or dismissal of specific village employees.

ADJOURNMENT - 8:10 PM

A motion was made by Trustee Fenton, seconded by Trustee Griffin Ruzich, that this matter be ADJOURNED. The motion carried by the following vote:

Aye: 7 - Trustee Fenton, Trustee Dodge, Trustee Gira, Trustee Griffin Ruzich, Trustee Calandriello, Trustee Carroll, and President McLaughlin

Nay: 0

REQUEST FOR ACTION REPORT

File Number: **2017-0147**
Orig. Department: **Village Manager**
File Name: **Occupational Health Service Provider**

BACKGROUND:

Ingalls Occupational Health Program provides Occupational Health Services including pre-employment exams, initial treatment of occupational injuries, other employee medical exams and serves as a collection site for the drug and alcohol testing.

The Village began utilizing Ingalls Occupational Health as the primary occupational health provider on January 1, 2015. The contract included and option for up to four (4) additional years subject to annual review by the Village.

Staff recommends renewing for another year and continuing to utilize Ingalls Occupational Health in 2017.

On March 6, 2017, this item was reviewed by the Finance Committee, recommended for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

The estimated annual cost for this service is approximately \$25,000.00. Costs are based on actual utilization. Adequate funds have been included in the FY17 budget to support this expenditure.

REQUESTED ACTION:

I move to approve Ingalls Occupational Health to continue to provide occupational health services for the Village of Orland Park for FY2017.

REQUEST FOR ACTION REPORT

File Number: **2017-0148**
Orig. Department: **Village Manager**
File Name: **Drug and Alcohol Testing Third Party Administrator**

BACKGROUND:

The Village currently uses First Advantage, a Symphony Technology Group Company, a leading background screening company, as a third party administrator (TPA) to provide Medical Review Officer (MRO) services, random drug program administration, statistical reporting services, and emergency collection sites for the Village's drug and alcohol testing program.

The 2014 service agreement between First Advantage and the Village provides for an automatic to renewal for 36 months starting June 1, 2014 through May 30, 2017. Pricing is competitive and has remained unchanged over the years, \$20.50 per drug screen and \$21.50 per DOT drug screen.

Staff recommends exercising the service agreement's renewal provision and working with First Advantage to establish a service agreement for future years.

On March 6, 2017, this item was reviewed by the Finance Committee, recommended for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

The estimated annual cost for this service is approximately \$13,500. Costs are based on actual utilization. Adequate funds have been included in the in the FY2017 budget.

REQUESTED ACTION:

I move to approve First Advantage to continue to provide third party administration services for the Village of Orland Park's drug and alcohol testing program for FY2017.

REQUEST FOR ACTION REPORT

File Number: **2017-0145**
 Orig. Department: **Public Works Department**
 File Name: **2017 Sanitary Flow Monitoring - Proposal**

BACKGROUND:

In 2015, RJN Group Inc. of Wheaton, Illinois (RJN) was selected by a competitive proposal process to complete the Village’s Comprehensive Sanitary Sewer Evaluation Project. A vendor was required to guide the Village through the various technical processes required to conform to new mandates issued by the Metropolitan Water Reclamation District (MWRD) as it relates to the reduction of inflow/infiltration (I/I) into the Village’s sanitary sewer system.

The vendor was tasked to “provide assistance in developing and implementing a village-wide comprehensive sanitary sewer system evaluation & repair program.” Section F, in the Village’s scope of work, requires the consultant to assist in the establishment of programs, parameters and bid documents for short term and long term operational activities. Including but not limited to; Manhole Inspections; Smoke Testing; Flow Monitoring and Televising Sanitary Sewers.

Following a number of meetings and discussions between RJN and Village staff, it was determined that a village-wide flow monitoring program would be beneficial to help guide the Village’s Sanitary Sewer Program. This proposal is for flow monitoring services directly related to the Village’s Sanitary Sewer Inflow and Infiltration Capital Improvement Program for Year 2.

Flow monitoring, in short, determines if there are differences in sanitary sewer flows during dry and wet weather conditions. The primary purpose of the flow monitoring project is to provide the Village with a comprehensive and comparative assessment of the sanitary sewers.

In 2016, following a detailed review of the Village’s sanitary sewer GIS atlas, RJN recommended 13 locations for flow monitoring, along with an evaluation of flow through four lift stations. The information collected provided valuable information in determining how to move forward with the program. RJN will use this data to recommend future long-term operations and maintenance programs.

For 2017, RJN has recommended the implementation of six flow meters to provide a more detailed analysis of our primary project area. These locations are listed and shown in the attached proposal. The total cost for the recommended 2017 flow monitoring program is \$82,300. This cost includes the purchase of three additional flow monitoring devices which will bring the Village owned fleet to six (6), each of the 6 will remain in place for longer-term evaluation.

On March 6, 2017, this item was reviewed by the Public Works Committee and recommended for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

There is sufficient funding in the FY17 budget line item 031-6003-470500 to accommodate this work.

REQUESTED ACTION:

I move to approve accepting the proposal from RJN Group Inc. of Wheaton, Illinois for 2017 Flow Monitoring Services for a cost not to exceed \$82,300.

February 27, 2017

Mr. John J. Ingram
Infrastructure Maintenance Director
Village of Orland Park
15655 Ravinia Avenue
Orland Park, Illinois 60462

**SUBJECT: PROPOSAL FOR PROFESSIONAL ENGINEERING SERVICES FOR
2017 ORLAND PARK STRATEGIC FLOW MONITORING**

Dear Mr. Ingram:

RJN Group, Inc. (RJN) is pleased to submit this proposal to the Village of Orland Park (Village) for a strategic sanitary sewer flow monitoring project.

In 2015, RJN was selected by the Village for the Comprehensive Sanitary Sewer Evaluation consultant role to, "Provide assistance in developing and implementing a Village-wide comprehensive sanitary sewer system evaluation & repair program." This proposal is for flow monitoring services for Year-2 of the Village's Sanitary Sewer Inflow and Infiltration (I/I) Capital Improvement Program (CIP).

RJN, founded and headquartered in Wheaton, Illinois has completed numerous flow and rainfall monitoring and analysis projects of various sizes throughout the country, including dozens of projects within the greater Chicagoland area. We own and maintain an inventory of over 450 flow meters, have a data group dedicated data analysts, and provide all of the field and office services required to complete flow monitoring work in-house.

PROJECT UNDERSTANDING

Following the results of last year's flow monitoring program and discussions with Village staff, it has been determined that a strategic flow monitoring program will be beneficial to break up basins identified with severe I/I and to help guide the Village's Sanitary Sewer Inflow and Infiltration (I/I) Capital Improvement Program (CIP). We recommend 6 locations for flow monitoring to further analyze some of the worst basins identified in 2016 as well a location to further investigate evidence of downstream control near the MWRD interceptor. These locations are shown on the attached map.

Page 2

Mr. John J. Ingram

February 27, 2017

Flow monitoring is a valuable tool that can be used to study a variety of problem areas and to gather data for a number of reasons. Because of this, the Village has decided that it is in their best interests to begin purchasing meters to build a Village fleet of meters. This proposal will include an allowance for the assistance with and purchase of three additional flow meters for the Village. This purchase, in addition to the three that were purchased in 2016 will put the Village's meter fleet at 6 Village-owned meters, to be used in this project.

Using five flow meters to monitor the MWRD basin just south of 151st street will split up and provide baseline flow assessment of the Village's entire sewer system in the Short-Term Priority Area identified and submitted to the Metropolitan Water Reclamation District of Greater Chicago (MWRD) for the new Inflow and Infiltration Control Program (IICP). Having baseline data for this area will be beneficial so that future inspections required under the MWRD IICP can be quantitatively analyzed for flow reduction, and flow reduction efforts can be quantified following sewer rehabilitation activities in the area. This data will also be another method to check the accuracy of the 151st street lift station meter. The details of these meter locations are shown on the attached exhibit.

Using another meter near last year's meter site ORL-01-16 will help to assess the surcharging and severe downstream control exhibited due to the proximity to the MWRD interceptor. Continuing flow metering here can provide more accurate data in assessing the problem at this location. Data from these meters will be useful in determining capacity of sewers at MWRD connection points and could be used in the future to calibrate a hydraulic model.

RJN will be responsible for completing all flow metering and data analysis for the project.

Key components of the project are:

- Assist with the selection and purchasing of three flow meters for the Village.
- Begin metering as soon as practical. Leave Village-owned meters in for six months.
- Analyze meter data develop a summary report and action items for follow-up inspections, studies, and rehabilitation.

PROJECT APPROACH

We have determined that 6 flow meters will be required to properly subdivide the focus areas for the 2017 study. A map showing the recommended flow meter locations and basin boundaries is attached.

Meter Purchase

RJN will coordinate the purchase of three additional Hach meters as part of this contract to bring the Village's fleet up to 6 Village-owned flowmeters. RJN will procure the meters on behalf of the Village and prepare them for installation.

Installation and Calibration

RJN field technicians will make an initial site evaluation visit to the targeted meter locations. Meter site investigations are necessary to evaluate hydraulic flow characteristics and sensor application to ensure that conditions are suitable for measuring flow rates accurately. The field crew will also review each site for access, traffic control, and overall site safety considerations. Site investigation results can then be used to determine the optimal location and appropriate flow metering technology for each meter site.

Site investigation reports containing the site information and digital photographs will be prepared for Village's approval prior to the installation of the metering equipment.

RJN's field crews are certified in confined space entry procedures and will complete confined space entry reports before each site visit through the duration of the project.

At the time of installation, manual depth and velocity readings are taken by the field technicians to confirm that the meter is reading accurately and to the manufacturer's operating standards. In addition to the initial calibration, RJN will return within two weeks of installation and at least once more during the flow-monitoring period to obtain a sufficient number of manual level and velocity readings for calibrations and for comparison to the meter collected data. A final set of measurements for calibration will be taken prior to meter removal.

Data Maintenance & Handling

RJN will maintain the data link required for remotely uploading the data from the installed

Page 4

Mr. John J. Ingram

February 27, 2017

meters. Experienced data analysts will collect, consolidate, process, and perform a cursory review for data continuity and quality throughout the project. Data will be corrected and adjusted according to calibrations and flow balances among connecting sites. The data will be made available online to the Village for viewing.

RJN will utilize a host software support application program for remote wireless flow meter data collection. On a daily basis, all data recorded and stored in the meter will be collected by the host system. RJN will install, operate, and maintain the telemetry for this system. RJN Group will use a system employing client/server architecture to store all project flow data. On a daily basis, flow meter measurements, battery voltages, and other data entities will be forwarded to the server and immediately posted to the website for viewing by authorized parties.

The web module software will allow any networked computer (with appropriate authentication) access to the data stored using a common web browser (i.e. Microsoft Internet Explorer). The web module will enable the user to view the data and download the data in Microsoft Excel format. Web module users will not have access to modify the database or any operational system configurations.

Data Analysis

RJN will review the flow monitoring data at least twice a week during the “settling in” period and then once per week thereafter, and rainfall data after receipt. During the “settling in” period, crews will obtain necessary calibrations and make efforts to prevent sensor failure, minimize equipment maintenance issues, avoid excessive siltation, and configure the monitoring equipment to capture hydraulic variations or anomalies. The analysis of the data includes the identification of data gaps, hydraulic anomalies, and overall meter performance.

Any equipment service needs will be conveyed to RJN field service crews from our data analysis team. The data will be processed and edited in accordance with field confirmations to produce final data sets for each site. The final data will be posted when completed.

After the flow-monitoring period is complete, the data will be evaluated and used in developing an I/I analysis for the Village. In addition to addressing the results of the flow monitoring, the report will also include recommendations for reducing excess flows. The recommended study plan will help to identify areas of high I/I and provide guidance on determining future long term planning O&M programs for the MWRD IICP.

Recommendations on scheduling and budgeting further studies, including smoke testing,

manhole inspections, dyed water flooding, and televising inspection will be included.

PROPOSED SCOPE OF SERVICES

Our proposed scope of services is outlined as follows:

1. Procure three Hach FL-900 flow meters for the Village with expedited delivery.
2. Coordinate with Village for periodic data delivery from the Village's 5 rain gauges.
3. Investigate targeted sites for flow meter installation. Determine the meter sites that are hydraulically suitable for flow monitoring. Prepare Site Investigation Reports for approval by Village.
4. Prepare flow meters for installation. Install the 6 Village-owned flow meters at approved locations.
5. During installation, calibrate each flow meter by taking manual depth and velocity measurements and comparing with meter readings.
6. Provide standard traffic control measures (portable signs and cones) at each site in or near a roadway. If a higher level of traffic control is required, RJN crews will contact Village staff and request traffic control assistance.
7. Prepare the host system for handling the flow data and posting the data for viewing and access by Village staff. Review the data at least twice per week during the "settling in" period, once per week thereafter, and report any equipment service needs to the field crews.
8. Take calibration measurements on meters a second time within two weeks of installation. Utilize the calibrations to adjust the data and prepare final data sets.
9. Provide flow meter maintenance as necessary to keep equipment in proper operation for the duration of the monitoring period. Calibrate each meter at least one additional time within the flow monitoring period.
10. Procure spare parts and replacement equipment, such as batteries and desiccants, as needed to keep flow meters working and within operating standards.
11. Perform final calibration measurements at each site and remove the flow meters.

12. Process the collected raw data. Analyze the processed data for wet- and dry-weather flow patterns. Create hydrographs for each meter and determine wet-weather peaking factors at standard storm recurrence and durations for each basin.
13. Perform an inflow and infiltration analysis, including:
 - a. Inflow peaking factors;
 - b. Regression analysis for peaking factor prediction;
 - c. Scattergraphs and hydrographs; and
 - d. Capacity analysis including downstream control and surcharging assessment.
14. Provide the following information for the summary report:
 - a. Details on each flow meter and rain gauge location;
 - b. Summary of the flow and rainfall data collected;
 - c. Conclusions from the flow metering, including evidence of downstream control, hydraulic bottlenecks, and levels of infiltration and inflow (I/I);
 - d. Adequacy of the existing system to handle existing flows; and
 - e. Recommendations for the MWRD IICP high-priority area and other high priority areas as part of long term O&M program.
15. Consolidate information and prepare and pdf copies of a draft report to Village outlining results and recommendations.
16. Incorporate Village's comments and submit up to three copies of the final report to Village. Provide a pdf of the final report and a flash drive containing all digital documents and processed flow-monitoring data.
17. Provide project management services for the duration of the project. Attend up to two meetings with Village staff.

ITEMS REQUESTED FROM VILLAGE

We request the following items from Village:

1. Access to the Village's five rain gauges for periodic data deliveries from Village for each rain gauge, at 15-minute interval data, at a minimum. Village will remain responsible for rain gauge maintenance and data collection.
2. Assistance with traffic control where needed in high traffic locations.

SCHEDULE

Flow meters are typically installed in March/April. It is our goal to have all meters installed within three weeks of project approval.

The key schedule parameters for this project are as follows:

- Order meters within one week of a notice to proceed.
- The site investigations will begin within two weeks of a notice to proceed.
- Flow meters will be installed within two weeks of site investigations, based on purchased meter delivery.
- The flow monitoring period will begin after the last meter is successfully installed.
- The flow monitoring periods is 6 months. The draft report will be submitted to Village within three months of the end of the flow-monitoring period.
- The final report will be submitted within two weeks of receipt of Village comments on the draft report.

PROPOSED FEE

This scope of services will be invoiced on a unit price basis per the following fee schedule. The total cost for the recommended program is **\$82,300**.

Task #	Task	Quantity	Unit	\$/Unit	Total
1001	Site Investigations (6 meters)	6	meter	\$ 350	\$ 2,100
1002	Meter Preparation and Installation	6	meter	\$ 900	\$ 5,400
1003	Long-Term Meter Maint., Cals, & Review (6 met., 6 mos)	36	meter-mo.	\$ 925	\$ 33,300
1004	I/I Analysis, Draft/Final Report	1	LS	\$ 8,500	\$ 8,500
1005	Project Management and Meetings	1	LS	\$ 3,500	\$ 3,500
1006	Meter Purchase*	1	Cost+5%	\$ 29,500	\$ 29,500
TOTAL :					\$ 82,300

* For purchase of 3 meters including 5% markup for purchase coordination

It is our pleasure to submit this proposal to the Village of Orland Park. Please feel free to contact Joe at (630) 682-4700 x337 if you would like to discuss this proposal in detail. We are looking forward to the opportunity to continue working with Village on this important program.

REQUEST FOR ACTION REPORT

File Number:	2017-0140
Orig. Department:	Public Works Committee
File Name:	Dump Body and Snow Removal Equipment Package Installation - Purchase

BACKGROUND:

The Public Works 2017 Fiscal Year Budget has a rollover Board approved line item in the amount of \$165,474.00 for the installation of a dump body, snow plow, hydraulic system and salt spreader with prewet system. The equipment package will be installed on two (2) previously purchased single truck chassis. These trucks are primary units used in all snow removal efforts and are utilized for other maintenance needs throughout the year as necessary. Additionally, these truck packages include the Villages AVL system and standardized spreader controls enhancing staffs ability in salt and liquid data tracking.

The Village is a member of the National Joint Powers Alliance (NJPA), a purchasing cooperative that provides competitive pricing for equipment purchases. As a member of NJPA, we are eligible to purchase the equipment packages through the cooperative including installation and calibration on the two 2017 International Workstar 7400 chassis cabs.

Henderson Truck Equipment of Huntley, Illinois, has the NJPA contract # 080114-HPI and has submitted a cost quote in the amount of \$144,102.00. Staff has reviewed the quote and recommends purchasing the package for installation on the two previously purchased chassis'.

On March 6, 2017 this item was reviewed by the Public Works Committee and recommended for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

There is sufficient rollover funding for the equipment packages in 010-5006-470200.

REQUESTED ACTION:

I move to approve accepting the proposal from Henderson Truck Equipment of Huntley, Illinois for the purchase and installation of two (2) Dump Body and Snow Removal Equipment Packages in an amount not to exceed \$144,102.00.

REQUEST FOR ACTION REPORT

File Number:	2017-0143
Orig. Department:	Public Works Department
File Name:	Culvert Rehabilitation Project, Wheeler Drive Over Tinley Creek - Bid Award and Construction Engineering Services

BACKGROUND:

The Wheeler Drive bridge structure over Tinley Creek is a cast-in-place concrete, two-cell box culvert constructed in 1975. Over the past 40 years, the concrete roof under the roadway of the structure has deteriorated and lost up to 50% of the cross section. Fragmented concrete has exposed the main reinforcing bars under the roadway. Many of the reinforcing bars are detached from the concrete slab for about one-half of the span length of the bridge. The loss of concrete and corrosion of main reinforcing steel under the traffic lanes continues to grow and has reduced the capacity of this structure. IDOT inspected the structure late in 2015 and initiated a 15-ton gross weight limit posting requirement. While safe for regular residential use, this new limit negatively impacts regular village operations, contracted services, and fire & rescue.

On July 5, 2016, the Village Board approved a proposal from HR Green, Inc. of New Lenox, Illinois to perform Phase I and Phase II Consulting Engineering Services for the Culvert Rehabilitation Project Wheeler Drive Over Tinley Creek. In order to facilitate the construction of the project, staff requested and received a proposal for Phase III Construction Services from HR Green. For the past several years, HR Green has been the Village's "Bridge Consultant". They have inspected this bridge on a regular basis and are very familiar with the condition and associated issues. They have established themselves as a proficient and professional consultant to the Village. Therefore, staff recommends approving the proposal from HR Green Inc., of New Lenox, Illinois for Phase III Construction Services for the Culvert Rehabilitation Project Wheeler Drive Over Tinley Creek in an amount not to exceed \$22,585 (proposal attached), plus a \$5,000 contingency for a total of \$27,585.00.

An Invitation to Bid for the culvert rehabilitation work was advertised in the Southtown Star Newspaper on January 23, 2017. Six (6) sealed bids were received and opened by the Village Clerk's office on February 6, 2017 (summary attached). Bids were submitted by Airy's Inc. of Tinley Park, Illinois; Alliance Contractors, Inc. of Woodstock, Illinois; Copenhaver Construction of Gilberts, Illinois; D. Construction of Coal City, Illinois; Kee Construction LLC of Chicago, Illinois; and MYS Incorporated of Palos Heights, Illinois.

Kee Construction LLC of Chicago, Illinois, was identified as the lowest responsible bidder for the Culvert Rehabilitation Project Wheeler Drive Over Tinley Creek with a submitted project cost of \$194,074.00. This cost is below the engineer's estimate of \$ 221,317.50 for the anticipated improvements; therefore, it is staff's recommendation that Kee Construction LLC of Chicago, Illinois be awarded the Culvert Rehabilitation Project Wheeler Drive Over Tinley Creek in the amount of \$194,074.00, plus a \$10,000 contingency for a total of \$204,074.00.

On March 6, 2017, this item was reviewed by the Public Works Committee and recommended

for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

Funds for this work are available in the Capital Budget, account 031-6007-471250.

REQUESTED ACTION:

I move to approve accepting the proposal from HR Green, Inc., of New Lenox, Illinois for Phase III Construction Engineering Services for the Culvert Rehabilitation Project Wheeler Drive Over Tinley Creek to in an amount not to exceed \$27,585.00.

And

Approve accepting the bid from Kee Construction, LLC of Chicago, Illinois for the Culvert Rehabilitation Project Wheeler Drive Over Tinley Creek bid to for an amount not to exceed \$204,074.00.

Re: Proposed Culvert Rehabilitation Project
Wheeler Drive over Tinley Creek
Structure No. 016-7700
HR Green No.: 86100343

Dear Mr. Rittenbacher:

Per your request HR Green has reviewed the bid tabulation and qualifications of the apparent low bidder, Kee Construction, LLC. Additionally, attached is a letter submitted February 22, 2017 by Kee Construction listing additional projects similar in construction to the subject project being bid. It appears that Kee Construction, LLC is pre-qualified to perform the proposed improvements as demonstrated by their IDOT Certification in category 017-Concrete Construction and per the referenced similar projects. We recommend the Village of Orland Park accept the low bid from Kee Construction, LLC bid in the amount of **\$194,074.00**. The engineer's opinion of probable construction cost was estimated at \$221,317.50.

If you have any questions or need additional information please call me at 815-320-7119.

Sincerely,

A handwritten signature in blue ink, appearing to read 'T. Scott Creech'.

- 7.0 PROFESSIONAL SERVICES FEE
- 8.0 TERMS AND CONDITIONS

THIS **AGREEMENT** is between Village of Orland Park (hereafter “CLIENT”) and HR GREEN, INC. (hereafter “COMPANY”).

1.0 Project Understanding

1.1 General Understanding

The project consists of improvements to the existing double barrel cast in place concrete box culvert (15’ wide by 5’-5” high double barrel). Improvements consist of removal and replacement of concrete superstructure with steel reinforcement, remove and replace PCC sidewalk within the culvert limits, and adding ornamental railing. Wheeler drive will be allowed to be closed for a specified period of time to allow required superstructure activities.

1.2 Assumptions

The construction observation phase assumes **part-time** observation by one (1) Construction Engineer throughout the duration of the project while the contractor is performing work on-site. The duration is estimated to be forty (40) working days (8 weeks) or from earliest start of June 1, 2017 to August 1, 2017 for substantial completion and August 15, 2017 for final completion. Additional time is included to get familiar with the plans and contract documents, set-up filing system, mark and measure removal items, attend preconstruction meeting, develop a punchlist, coordinate final acceptance with the CLIENT, project close-out, general administrative tasks, and managerial supervision.

2.0 Scope of Services

The CLIENT agrees to employ COMPANY to perform the following services:

The COMPANY will be on-site part-time while the contractor is performing work, to ascertain that the contractor’s work is being performed in accordance with plans, special provisions, and standard specifications in accordance with all contract requirements. The COMPANY will observe and document the work performed and quantify pay items constructed in place. Pay Estimates will be generated for the CLIENT’s approval and any proposed changes to the work will be presented to the CLIENT for consideration and approval. The COMPANY will track the contractor’s progress and daily activities via daily and weekly reports. The COMPANY will assure proper evidence of material inspection in accordance with IDOT’s Project Procedures Guide, as well as coordinate with the Village’s material testing firm to provide and maintain adequate materials testing reports for material acceptance by the CLIENT and IDOT. Each of these tasks will be part of the Construction Engineer’s daily duties.

Following is a description of the various tasks associated with the construction observation services to be supplied by the Company.

A. Construction Start-Up and Review

This work includes the need for the Construction Engineer to review the approved plans and specifications to become generally familiar with the project, reviewing

contractor submittals and proposed construction schedule, and set-up the Construction Engineer's file system and documentation.

B. Construction Layout Verification

This work consists of marking limits of removals for concrete superstructure removal, p.c.c. sidewalk removal, and verifying other elements of the contractors work to ensure constructability of the plans. (Construction Staking is to be completed by the Contractor)

C. Preconstruction Meeting

This works consists of preparing documents and chairing the Preconstruction Meeting prior to the start of construction.

D. Construction Observation – On-site Improvements

This work consists of part-time observation of contractor work activities, field measurements, documentation via Inspectors Daily Reports, generation of contractor pay estimates and potential change orders, any other overall project management requirements to ensure general conformance with the approved Engineering Plans and Specifications. The construction engineer will be onsite part-time during key construction activities such as concrete form and rebar placement prior to concrete pours, concrete pours, finishing, and other construction activities as determined, as necessary, to observe construction activity for conformance with plans and specifications.

E. Project Close-out and Punch List

This work will consist of agreeing to all pay item quantities with the contractor, obtaining all material certification, development of "as-built" record drawings, developing and coordinating the completion of any punchlist, and development of final change orders and pay estimate.

F. RE Administration

The work will consist of Construction Management personnel providing guidance and consultation to the field staff as needed. It is anticipated that one (1) site visit per week will be made by the Sr. Project Manager to ensure the project is being administered properly and staff is equipped appropriately to ensure that observation and documentation is being performed in compliance with IDOT standard procedures. Time is also included for invoicing and managing project budget.

3.0 Deliverables and Schedules Included in this Agreement

The schedule for construction observation will be in accordance with the contractor's work schedule. Final Project records will be organized, boxed, and indexed for submission to the CLIENT.

4.0 Items not included in Agreement/Supplemental Services

The following items are not included as part of this agreement:

- A. Off-site Material Inspection
- B. Construction Layout of Contractor Work

Supplemental services not included in the agreement can be provided by COMPANY under separate agreement, if desired.

5.0 Services by Others

Rubino Engineering, Inc. – Material Testing for concrete.

6.0 Client Responsibilities

The CLIENT will provide final approval of Pay Estimates and Change Orders.

7.0 Professional Services Fee

7.1 Fees

The fee for services will be based on COMPANY standard hourly rates current at the time the agreement is signed. These standard hourly rates are subject to change upon 30 days' written notice. Non salary expenses directly attributable to the project such as: (1) living and traveling expenses of employees when away from the home office on business connected with the project; (2) identifiable communication expenses; (3) identifiable reproduction costs applicable to the work; and (4) outside services will be charged in accordance with the rates current at the time the work is done.

7.2 Invoices

Invoices for COMPANY's services shall be submitted, on a monthly basis. Invoices shall be due and payable upon receipt. If any invoice is not paid within 15 days, COMPANY may, without waiving any claim or right against the CLIENT, and without liability whatsoever to the CLIENT, suspend or terminate the performance of services. The retainer shall be credited on the final invoice. Accounts unpaid 30 days after the invoice date may be subject to a monthly service charge of 1.5% (or the maximum legal rate) on the unpaid balance. In the event any portion of an account remains unpaid 60 days after the billing, COMPANY may institute collection action and the CLIENT shall pay all costs of collection, including reasonable attorney's fees.

7.3 Extra Work

Any work required but not included as part of this contract shall be considered extra work. Extra work will be billed on a Time and Material basis with prior approval of the CLIENT.

7.4 Exclusion

This fee does not include attendance at any meetings or public hearings other than those specifically listed in the Scope of Services. These work items are considered extra and are billed separately on an hourly basis.

7.5 Payment

The CLIENT AGREES to pay COMPANY on the following basis:

Time and material basis with a Not to Exceed fee of **\$22,585.00**.

ITEM	MAN-HOURS	LABOR COST	DIRECT COST (1)	SUB CONSULTING
Start-up and Review	8	\$ 880.00		
Construction Layout Verification	4	\$ 440.00		
Preconstruction Meeting	2	\$ 220.00		
Construction Observation (2, 3)	160	\$ 17,600.00	\$ 565.00	\$ 1,000.00
Project Close-out and Punchlist	12	\$ 1,320.00		
RE Administration	4	\$ 560.00		
Subtotals:	190	\$ 21,020.00	\$ 565.00	\$ 1,000.00
	Contract Total:		\$ 22,585.00	

(1) Direct Costs (Mileage) = 44 Round Trips x 24.0 Miles/RT x \$0.535/Mile = \$564.96 ≈ \$565.00

(2) Construction Observation Services are based on Estimated 40 Working Field Days

(3) Part-Time Observation Services – Average of 20 hours per week for 8 weeks.

8.0 Terms and Conditions

The following Terms and Conditions are incorporated into this AGREEMENT and made a part of it.

8.1 Standard of Care

Services provided by COMPANY under this AGREEMENT will be performed in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing at the same time and in the same or similar locality.

8.2 Entire Agreement

This Agreement, and its attachments, constitutes the entire understanding between CLIENT and COMPANY relating to professional engineering services. Any prior or contemporaneous agreements, promises, negotiations, or representations not expressly set forth herein are of no effect. Subsequent modifications or amendments to this Agreement shall be in writing and signed by the parties to this Agreement. If the CLIENT, its officers, agents, or employees request COMPANY to perform extra services pursuant to this Agreement, CLIENT will pay for the additional services even though an additional written Agreement is not issued or signed.

8.3 Time Limit and Commencement of Services

This AGREEMENT must be executed within ninety (90) days to be accepted under the terms set forth herein. The services will be commenced immediately upon receipt of this signed Agreement.

8.4 Suspension of Services

If the Project or the COMPANY'S services are suspended by the CLIENT for more than thirty (30) calendar days, consecutive or in the aggregate, over the term of this Agreement, the COMPANY shall be compensated for all services performed and reimbursable expenses incurred prior to the receipt of notice of suspension. In

addition, upon resumption of services, the CLIENT shall compensate the COMPANY for expenses incurred as a result of the suspension and resumption of its services, and the COMPANY'S schedule and fees for the remainder of the Project shall be equitably adjusted.

If the COMPANY'S services are suspended for more than ninety (90) days, consecutive or in the aggregate, the COMPANY may terminate this Agreement upon giving not less than five (5) calendar days' written notice to the CLIENT.

If the CLIENT is in breach of this Agreement, the COMPANY may suspend performance of services upon five (5) calendar days' notice to the CLIENT. The COMPANY shall have no liability to the CLIENT, and the CLIENT agrees to make no claim for any delay or damage as a result of such suspension caused by any breach of this Agreement by the CLIENT. Upon receipt of payment in full of all outstanding sums due from the CLIENT, or curing of such other breach which caused the COMPANY to suspend services, the COMPANY shall resume services and there shall be an equitable adjustment to the remaining project schedule and fees as a result of the suspension.

8.5 Book of Account

COMPANY will maintain books and accounts of payroll costs, travel, subsistence, field, and incidental expenses for a period of five (5) years. Said books and accounts will be available at all reasonable times for examination by CLIENT at the corporate office of COMPANY during that time.

8.6 Insurance

COMPANY will maintain insurance for claims under the Worker's Compensation Laws, and from General Liability and Automobile claims for bodily injury, death, or property damage, and Professional Liability insurance caused by the negligent performance by COMPANY'S employees of the functions and services required under this Agreement.

8.7 Termination or Abandonment

Either party has the option to terminate this Agreement. In the event of failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party, then the obligation to provide further services under this Agreement may be terminated upon seven days written notice. If any portion of the services is terminated or abandoned by CLIENT, the provisions of this Schedule of Fees and Conditions in regard to compensation and payment shall apply insofar as possible to that portion of the services not terminated or abandoned. If said termination occurs prior to completion of any phase of the project, the fee for services performed during such phase shall be based on COMPANY'S reasonable estimate of the portion of such phase completed prior to said termination, plus a reasonable amount to reimburse COMPANY for termination costs.

8.8 Waiver

COMPANY'S waiver of any term, condition, or covenant or breach of any term, condition, or covenant, shall not constitute a waiver of any other term, condition, or covenant, or the breach thereof.

8.9 Severability

If any provision of this Agreement is declared invalid, illegal, or incapable of being enforced by any Court of competent jurisdiction, all of the remaining provisions of this Agreement shall nevertheless continue in full force and effect, and no provision shall be deemed dependent upon any other provision unless so expressed herein.

8.10 Successors and Assigns

All of the terms, conditions, and provisions hereof shall inure to the benefit of and are binding upon the parties hereto, and their respective successors and assigns, provided, however, that no assignment of this Agreement shall be made without written consent of the parties to this Agreement.

8.11 Third-Party Beneficiaries

Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either the CLIENT or the COMPANY. The COMPANY'S services under this Agreement are being performed solely for the CLIENT'S benefit, and no other party or entity shall have any claim against

the COMPANY because of this Agreement or the performance or nonperformance of services hereunder. The CLIENT and COMPANY agree to require a similar provision in all contracts with contractors, subcontractors, subconsultants, vendors and other entities involved in this project to carry out the intent of this provision.

8.12 Governing Law and Jurisdiction

The CLIENT and the COMPANY agree that this Agreement and any legal actions concerning its validity, interpretation and performance shall be governed by the laws of the State of Illinois without regard to any conflict of laws provisions, which may apply the laws of other jurisdictions.

It is further agreed that any legal action between the CLIENT and the COMPANY arising out of this Agreement or the performance of the services shall be brought in a court of competent jurisdiction in the State of Illinois.

8.13 Dispute Resolution

Mediation. In an effort to resolve any conflicts that arise during the design or construction of the project or following the completion of the project, the CLIENT and COMPANY agree that all disputes between them arising out of or relating to this Agreement shall be submitted to non-binding mediation unless the parties mutually agree otherwise. The CLIENT and COMPANY further agree to include a similar mediation provision in all agreements with independent contractors and consultants retained for the project and to require all independent contractors and consultants also to include a similar mediation provision in all agreements with subcontractors, sub-consultants, suppliers or fabricators so retained, thereby providing for mediation as the primary method for dispute resolution between the parties to those agreements.

8.14 Attorney's Fees

If litigation arises for purposes of collecting fees or expenses due under this Agreement, the Court in such litigation shall award reasonable costs and expenses, including attorney fees, to the party justly entitled thereto. In awarding attorney fees, the Court shall not be bound by any Court fee schedule, but shall, in the interest of justice, award the full amount of costs, expenses, and attorney fees paid or incurred in good faith.

8.15 Ownership of Instruments of Service

All reports, plans, specifications, field data, field notes, laboratory test data, calculations, estimates and other documents including all documents on electronic media prepared by COMPANY as instruments of service shall remain the property of COMPANY. COMPANY shall retain these records for a period of five (5) years following completion/submission of the records, during which period they will be made available to the CLIENT at all reasonable times.

8.16 Reuse of Documents

All project documents including, but not limited to, plans and specifications furnished by COMPANY under this project are intended for use on this project only. Any reuse, without specific written verification or adoption by COMPANY, shall be at the CLIENT's sole risk, and CLIENT shall defend, indemnify and hold harmless COMPANY from all claims, damages and expenses including attorney's fees arising out of or resulting therefrom.

Under no circumstances shall delivery of electronic files for use by the CLIENT be deemed a sale by the COMPANY, and the COMPANY makes no warranties, either express or implied, of merchantability and fitness for any particular purpose. In no event shall the COMPANY be liable for indirect or consequential damages as a result of the CLIENT's use or reuse of the electronic files.

8.17 Failure to Abide by Design Documents or To Obtain Guidance

The CLIENT agrees that it would be unfair to hold COMPANY liable for problems that might occur should COMPANY'S plans, specifications or design intents not be followed, or for problems resulting from others' failure to obtain and/or follow COMPANY'S guidance with respect to any errors, omissions, inconsistencies, ambiguities or conflicts which are detected or alleged to exist in or as a consequence of implementing COMPANY'S plans, specifications or other instruments of service. Accordingly, the CLIENT waives any claim against COMPANY, and agrees to defend, indemnify and hold COMPANY harmless from any claim for injury or losses that results from failure to follow COMPANY'S plans, specifications or design intent, or for failure to

obtain and/or follow COMPANY'S guidance with respect to any alleged errors, omissions, inconsistencies, ambiguities or conflicts contained within or arising as a result of implementing COMPANY'S plans, specifications or other instruments of services. The CLIENT also agrees to compensate COMPANY for any time spent and expenses incurred remedying CLIENT's failures according to COMPANY'S prevailing fee schedule and expense reimbursement policy.

8.18 Opinion of Probable Construction Cost

COMPANY shall submit to the CLIENT an opinion of probable cost required to construct work recommended, designed, or specified by COMPANY, if required by CLIENT. COMPANY is not a construction cost estimator or construction contractor, nor should COMPANY'S rendering an opinion of probable construction costs be considered equivalent to the nature and extent of service a construction cost estimator or construction contractor would provide. This requires COMPANY to make a number of assumptions as to actual conditions that will be encountered on site; the specific decisions of other design professionals engaged; the means and methods of construction the contractor will employ; the cost and extent of labor, equipment and materials the contractor will employ; contractor's techniques in determining prices and market conditions at the time, and other factors over which COMPANY has no control. Given the assumptions which must be made, COMPANY cannot guarantee the accuracy of his or her opinions of cost, and in recognition of that fact, the CLIENT waives any claim against COMPANY relative to the accuracy of COMPANY'S opinion of probable construction cost.

8.19 Design Information in Electronic Form

Because electronic file information can be easily altered, corrupted, or modified by other parties, either intentionally or inadvertently, without notice or indication, COMPANY reserves the right to remove itself from its ownership and/or involvement in the material from each electronic medium not held in its possession. CLIENT shall retain copies of the work performed by COMPANY in electronic form only for information and use by CLIENT for the specific purpose for which COMPANY was engaged. Said material shall not be used by CLIENT or transferred to any other party, for use in other projects, additions to this project, or any other purpose for which the material was not strictly intended by COMPANY without COMPANY's expressed written permission. Any unauthorized use or reuse or modifications of this material shall be at CLIENT'S sole risk. Furthermore, the CLIENT agrees to defend, indemnify, and hold COMPANY harmless from all claims, injuries, damages, losses, expenses, and attorney's fees arising out of the modification or reuse of these materials.

The CLIENT recognizes that designs, plans, and data stored on electronic media including, but not limited to computer disk, magnetic tape, or files transferred via email, may be subject to undetectable alteration and/or uncontrollable deterioration. The CLIENT, therefore, agrees that COMPANY shall not be liable for the completeness or accuracy of any materials provided on electronic media after a 30 day inspection period, during which time COMPANY shall correct any errors detected by the CLIENT to complete the design in accordance with the intent of the contract and specifications. After 40 days, at the request of the CLIENT, COMPANY shall submit a final set of sealed drawings, and any additional services to be performed by COMPANY relative to the submitted electronic materials shall be subject to separate AGREEMENT. The CLIENT is aware that differences may exist between the electronic files delivered and the printed hard-copy construction documents. In the event of a conflict between the signed construction documents prepared by the COMPANY and electronic files, the signed or sealed hard-copy construction documents shall govern.

8.20 Information Provided by Others

The CLIENT shall furnish, at the CLIENT's expense, all information, requirements, reports, data, surveys and instructions required by this AGREEMENT. The COMPANY may use such information, requirements, reports, data, surveys and instructions in performing its services and is entitled to rely upon the accuracy and completeness thereof. The COMPANY shall not be held responsible for any errors or omissions that may arise as a result of erroneous or incomplete information provided by the CLIENT and/or the CLIENT's consultants and contractors.

COMPANY is not responsible for accuracy of any plans, surveys or information of any type including electronic media prepared by any other consultants, etc. provided to COMPANY for use in preparation of plans. The CLIENT agrees, to the fullest extent permitted by law, to indemnify and hold harmless the COMPANY from any damages, liabilities, or costs, including reasonable attorneys' fees and defense costs,

arising out of or connected in any way with the services performed by other consultants engaged by the CLIENT.

COMPANY is not responsible for accuracy of topographic surveys provided by others. A field check of a topographic survey provided by others will not be done under this contract unless indicated in the Scope of Services.

8.21 Force Majeure

The CLIENT agrees that the COMPANY is not responsible for damages arising directly or indirectly from any delays for causes beyond the COMPANY's control. CLIENT agrees to defend, indemnify, and hold COMPANY, its consultants, agents, and employees harmless from any and all liability, other than that caused by the negligent acts, errors, or omissions of COMPANY, arising out of or resulting from the same. For purposes of this Agreement, such causes include, but are not limited to, strikes or other labor disputes; severe weather disruptions or other natural disasters or acts of God; fires, riots, war or other emergencies; failure of any government agency to act in timely manner; failure of performance by the CLIENT or the CLIENT'S contractors or consultants; or discovery of any hazardous substances or differing site conditions. Severe weather disruptions include but are not limited to extensive rain, high winds, snow greater than two (2) inches and ice. In addition, if the delays resulting from any such causes increase the cost or time required by the COMPANY to perform its services in an orderly and efficient manner, the COMPANY shall be entitled to a reasonable adjustment in schedule and compensation.

8.22 Job Site Visits and Safety

Neither the professional activities of COMPANY, nor the presence of COMPANY'S employees and subconsultants at a construction site, shall relieve the General Contractor and any other entity of their obligations, duties and responsibilities including, but not limited to, construction means, methods, sequence, techniques or procedures necessary for performing, superintending or coordinating all portions of the work of construction in accordance with the contract documents and any health or safety precautions required by any regulatory agencies. COMPANY and its personnel have no authority to exercise any control over any construction contractor or other entity or their employees in connection with their work or any health or safety precautions. The CLIENT agrees that the General Contractor is solely responsible for job site safety, and warrants that this intent shall be made evident in the CLIENT's AGREEMENT with the General Contractor. The CLIENT also agrees that the CLIENT, COMPANY and COMPANY'S consultants shall be indemnified and shall be made additional insureds on the General Contractor's and all subcontractor's general liability policies on a primary and non-contributory basis.

8.23 Hazardous Materials

CLIENT hereby understands and agrees that COMPANY has not created nor contributed to the creation or existence of any or all types of hazardous or toxic wastes, materials, chemical compounds, or substances, or any other type of environmental hazard or pollution, whether latent or patent, at CLIENT's premises, or in connection with or related to this project with respect to which COMPANY has been retained to provide professional engineering services. The compensation to be paid COMPANY for said professional engineering services is in no way commensurate with, and has not been calculated with reference to, the potential risk of injury or loss which may be caused by the exposure of persons or property to such substances or conditions. Therefore, to the fullest extent permitted by law, CLIENT agrees to defend, indemnify, and hold COMPANY, its officers, directors, employees, and consultants, harmless from and against any and all claims, damages, and expenses, whether direct, indirect, or consequential, including, but not limited to, attorney fees and Court costs, arising out of, or resulting from the discharge, escape, release, or saturation of smoke, vapors, soot, fumes, acid, alkalis, toxic chemicals, liquids gases, or any other materials, irritants, contaminants, or pollutants in or into the atmosphere, or on, onto, upon, in, or into the surface or subsurface of soil, water, or watercourses, objects, or any tangible or intangible matter, whether sudden or not.

It is acknowledged by both parties that COMPANY'S scope of services does not include any services related to asbestos or hazardous or toxic materials. In the event COMPANY or any other party encounters asbestos or hazardous or toxic materials at the job site, or should it become known in any way that such materials may be present at the job site or any adjacent areas that may affect the performance of COMPANY'S services, COMPANY may, at its option and without liability for consequential or any other damages, suspend performance of services on the project until the CLIENT retains appropriate specialist consultant(s) or

contractor(s) to identify, abate and/or remove the asbestos or hazardous or toxic materials, and warrants that the job site is in full compliance with applicable laws and regulations.

Nothing contained within this Agreement shall be construed or interpreted as requiring COMPANY to assume the status of a generator, storer, transporter, treater, or disposal facility as those terms appear within the Resource Conservation and Recovery Act, 42 U.S.C.A., §6901 et seq., as amended, or within any State statute governing the generation, treatment, storage, and disposal of waste.

8.24 Certificate of Merit

The CLIENT shall make no claim for professional negligence, either directly or in a third party claim, against COMPANY unless the CLIENT has first provided COMPANY with a written certification executed by an independent design professional currently practicing in the same discipline as COMPANY and licensed in the State in which the claim arises. This certification shall: a) contain the name and license number of the certifier; b) specify each and every act or omission that the certifier contends is a violation of the standard of care expected of a Design Professional performing professional services under similar circumstances; and c) state in complete detail the basis for the certifier's opinion that each such act or omission constitutes such a violation. This certificate shall be provided to COMPANY not less than thirty (30) calendar days prior to the presentation of any claim or the institution of any judicial proceeding.

8.25 Limitation of Liability

In recognition of the relative risks and benefits of the Project to both the CLIENT and the COMPANY, the risks have been allocated such that the CLIENT agrees, to the fullest extent permitted by law, to limit the liability of the COMPANY and COMPANY'S officers, directors, partners, employees, shareholders, owners and subconsultants for any and all claims, losses, costs, damages of any nature whatsoever or claims expenses from any cause or causes, including attorneys' fees and costs and expert-witness fees and costs, so that the total aggregate liability of the COMPANY and COMPANY'S officers, directors, partners, employees, shareholders, owners and subconsultants shall not exceed \$50,000.00, or the COMPANY'S total fee for services rendered on this Project, whichever is greater. It is intended that this limitation apply to any and all liability or cause of action however alleged or arising, unless otherwise prohibited by law.

8.26 Construction Observation

COMPANY shall visit the project at appropriate intervals (as described in the scope of services) during construction to become generally familiar with the progress and quality of the contractors' work and to determine if the work is proceeding in general accordance with the Contract Documents. The CLIENT has not retained COMPANY to make detailed inspections or to provide exhaustive or continuous project review and observation services. COMPANY does not guarantee the performance of, and shall have no responsibility for, the acts or omissions of any contractor, subcontractor, supplier or any other entity furnishing materials or performing any work on the project.

If the CLIENT desires more extensive project observation or full-time project representation, the CLIENT shall request in writing such services be provided by COMPANY as Additional Services in accordance with the terms of the Agreement.

8.27 Municipal Advisor

The COMPANY is not a Municipal Advisor registered with the Security and Exchange Commission (SEC) as defined in the Dodd-Frank Wall Street Reform and Consumer Protection Act. When the CLIENT is a municipal entity as defined by said Act, and the CLIENT requires project financing information for the services performed under this AGREEMENT, the CLIENT will provide the COMPANY with a letter detailing who their independent registered municipal advisor is and that the CLIENT will rely on the advice of such advisor. A sample letter can be provided to the CLIENT upon request..

This AGREEMENT is approved and accepted by the CLIENT and COMPANY upon both parties signing and dating the AGREEMENT. Work cannot begin until COMPANY receives a signed agreement. The effective date of the AGREEMENT shall be the last date entered below.

Sincerely,

HR GREEN, INC.

REQUEST FOR ACTION REPORT

File Number:	2017-0153
Orig. Department:	Public Works Department
File Name:	RPZ/Backflow Preventer Testing - Contract Extension

BACKGROUND:

RPZ/Backflow Preventer testing must be performed annually per state law. These devices are installed onto potable water plumbing systems to protect the drinking water and the Village water supply from contaminants.

The Village originally issued an RFP in 2014 to perform testing at all village owned properties. R. J. O'Neil, Inc. of Montgomery, Illinois was the lowest responsive proposal for fiscal years 2014 through 2016. After performing the testing for the past three years, the contractor has determined additional cost savings can be achieved. Per the attached quote the contractor is reducing their pricing from the FY16 rate of \$81.00 per device to \$61.60 per device for a total cost of 10,893.60.

In addition to testing, repairs are periodically necessary to maintain the backflow preventers in working order. Due to the variability of repairs, they are typically handled on a time and material basis. As such, an additional \$2,000.00 is requested in the event a repair is needed bringing the total to \$12,893.60.

On March 6, 2017 this item was reviewed by the Public Works Committee and recommended for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

Funds are available in FY17 Budget for this service.

REQUESTED ACTION:

I move to approve waiving the bid process;

And

Approve accepting the proposal from R. J. O'Neil, Inc. of Montgomery, Illinois for RPZ/Backflow Preventer Testing at a cost of \$61.60 per device for the years 2017, 2018 and 2019 and a total cost not to exceed \$12,893.60.

PROPOSAL
February 24, 2017

SUBMITTED TO:
Dennis Wokurka

JOB NAME & LOCATION:
Village of Orland Park

R.J. O'Neil proposes to provide the following work.
RPZ Testing

Work Included:

1. Testing all original 49 rpz's including 3 new ones at parking garage for 2017 (\$61.60 per device)
2. Testing all original 49 rpz's including 3 new ones at parking garage for 2018 (\$61.60 per device)
3. Testing all original 49 rpz's including 3 new ones at parking garage for 2019 (\$61.60 per device)

Total Price For 3 years...\$9,600.00

1. Testing all 7 devices for Orland Park Health and Fitness Center for 2017 (61.60 per device)
2. Testing all 7 devices for Orland Park Health and Fitness Center for 2018 (61.60 per device)
3. Testing all 7 devices for Orland Park Health and Fitness Center for 2019 (61.60 per device)

Total Price For 3 years...\$1,293.60

Any alteration or deviation from above specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and above the estimate. All agreements are contingent upon strikes, accidents, delays, or other events beyond our control. Owner to carry fire, tornado, builder's risk, liability and other necessary insurance. Due to the volatility of material costs, this proposal amount is good for 30 days.

ACCEPTANCE OF PROPOSAL. We agree to pay for the above work at the above prices. Specifications and conditions are satisfactory and hereby accepted. Our signature is authorization to do the work as specified and to make payments according to terms; 80% due at rough-in inspection, full balance at completion. Venue for any litigation arising out of this contract, including collecting any payment of sums due R.J. O'Neil, shall be in Kendall County, Illinois. Purchaser agrees to pay all costs of collection, including attorney's fees.

REQUEST FOR ACTION REPORT

File Number: **2017-0136**
Orig. Department: **Public Works Department**
File Name: **Enclosed Trailer - Purchase**

BACKGROUND:

The 2017 Fiscal Year Budget has a Board approved line item for the purchase of an enclosed trailer for the Street Division of the Public Works Department. The Streets division intends to use the trailer for hauling and storing small power equipment, tools and supplies, used primarily for various concrete maintenance assignments throughout the Village.

The manufacturer of the trailer was contacted for references of three or more authorized dealers within 50 miles of the Village, only two were provided. Requests for proposal were solicited and received from: Funk's Trailer Sales, Inc. of Morris, Illinois (\$5,884.00); and Wild Bill's RV & Outdoor Center of Homer Glen, Illinois (\$5,374.99).

Staff recommends accepting the lowest proposal in the amount of \$5,374.99 for a 2017 Cargomate 7X16 Trailer from Wild Bill's RV & Outdoor Center of Homer Glen, Illinois. The trailer will be ready for pick up at the vendors location in 4-5 weeks after receipt of order.

On March 6, 2017, this item was reviewed by the Public Works Committee and recommended for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

Funds are available in account number 010-5006-470200 for this purchase.

REQUESTED ACTION:

I move to approve accepting the proposal from Wild Bill's RV & Outdoor Center, Homer Glen, Illinois, for the purchase of one 2017 Cargomate 7X16 trailer with options, in an amount not to exceed \$5,374.99.

REQUEST FOR ACTION REPORT

File Number:	2017-0155
Orig. Department:	Public Works Department
File Name:	Tree Replacement Planting - Contract Extensions

BACKGROUND:

The Village of Orland Park has removed and replaced nearly 8,000 ash trees over the past three years. The Village utilized two tree companies, Mid America Tree & Landscaping, Inc. of Mokena, Illinois and Brancato Landscaping Inc. of Elk Grove Village, Illinois to plant replacement trees. Mid America Tree & Landscaping was first awarded the Village's planting bid in 2008 as part of the Village's 50/50 tree replacement program. Over the years, Mid America has performed well and hand-digs each tree installation. This less intrusive approach to tree planting will be critical as we engage Mid America to install trees around ponds and parks. Mid America's per-tree-costs are still well below those tree costs received from more recent request for proposals and bids. Brancato Landscaping is the larger of the two companies and is skilled in mass parkway tree plantings. Brancato Landscaping uses a mechanical dig operation which enables them to move quickly through subdivisions as they did during the Fall of 2016, planting approximately 2,200 parkway trees. Staff sees a major benefit in extending both companies' contracts. While the majority of parkway trees have been removed and replaced, there still remain a small number of parkway trees that need to be planted this spring. The Village also desires to replace ash trees that were removed from around ponds throughout the Village. The Village's planting contracts with Mid America expired in December of 2016 as did the planting contract with Brancato Landscaping.

Both landscape companies have agreed to hold their prior year contract prices through the end of the year (2017). Staff recommends to engage Mid America Tree & Landscaping to perform tree replacements at ponds and parks during the 2017 Spring and Fall planting season, while also utilizing Brancato Landscaping to complete the handful of parkway replacements that remain. Staff also plans to utilize Brancato's quick and efficient planting operation to install roughly 74 parkway trees along Harlem Avenue from 151st Street to 159th Street as part of the Harlem Avenue Landscape Maintenance program. Brancato has agreed to install the trees along Harlem Avenue as part of this extended contract.

On March 6, 2017, this item was reviewed by the Public Works Committee and recommended for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

Funds are available in the FY17 budget to cover the cost for this work.

REQUESTED ACTION:

I move to approve extending the contracts for Village-wide tree installations for Mid America Tree & Landscaping, Inc. of Mokena, Illinois and Brancato Landscaping Inc. of Elk Grove Village, IL through December 31, 2017 at a cost not to exceed the Board approved budgeted

amount.

Village of Orland Park
Attn: Mr. Napoleon Haney
15655 Ravinia Ave.
Orland Park, IL 60462

Dear Mr. Haney,

Mid America has had the privilege of working with the Village of Orland Park under the Tree Planting Contract for a number of years. We have enjoyed the opportunity to be of service to the Village and feel we have provided excellent services.

At this time, we would like to offer the Village an agreement for a Tree Planting Contract extension for an additional one year term, for tree planting at Retention Ponds. A new Tree Planting Contract agreement would then cover the 2017 season. We will hold the same cost of \$210.00 per tree for the 2017 planting season.

We appreciate the opportunity to be of service to you, and will continue to provide you with quality, on time services.

Sincerely,

Joseph Limanowski

REQUEST FOR ACTION REPORT

File Number:	2017-0144
Orig. Department:	Public Works Department
File Name:	13841 Southwest Highway 36" Storm Pipe Replacement (Additional Time and Material) - Payment

BACKGROUND:

On November 21, 2016 the Board of Trustees approved accepting the proposal from Airy's, Inc. of Tinley Park, Illinois for the replacement of a section of 36" corrugated metal pipe (CMP) at 13841 Southwest Highway in an amount not to exceed \$10,737.00. The pipe had deteriorated to the point of creating a large sinkhole.

While completing the initial repair, staff was notified by Airy's that additional pipe replacement was needed to effectively complete the repair. After dewatering and excavating, an additional 20 feet of CMP was found to be in a condition of imminent failure. As such, it was determined that the best course of action was to expand the scope of replacement with additional new 36" high-density polyethylene (HDPE) pipe. This additional work was completed on a time and material basis in the amount of \$7,111.91.

On March 6, 2017, this item was reviewed by the Public Works Committee and recommended for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

Contingency funds (031-6001-484950) will be transferred to Underground Water Lines/Valves (031-6007-443800).

REQUESTED ACTION:

I move to approve transferring funds from the water and sewer contingency account;

And

Approve payment to Airy's, Inc. of Tinley Park, Illinois for additional work on the 13841 Southwest Highway 36" Storm Pipe replacement in an amount of \$7,111.91 for a total project cost of \$17,848.91.

REQUEST FOR ACTION REPORT

File Number:	2017-0141
Orig. Department:	Public Works Department
File Name:	Bulk Material Purchase, Concrete - Proposal

BACKGROUND:

Each year, Public Works crews repair deteriorated concrete curbs and sidewalk. Crews also repair concrete over various underground utility repairs. In order to obtain competitive pricing for the purchase of ready-mix concrete, staff solicits concrete suppliers prior to the start of the construction season. In addition to price, suppliers are asked to provide information regarding delivery hours, scheduling, short (small) loads, wait time, and any related charges.

For almost all concrete repair work completed by Public Works, 4000 PSI Concrete mix is utilized. Price quotes were submitted from three local suppliers: Ozinga Ready Mix Concrete, Inc. of Mokena, IL submitted a price of \$121.00 (including \$3/CY Environmental Charge) per cubic yard (4000 psi concrete); VCNA Prairie of Bridgeview, IL submitted a price of \$135.00 per cubic yard (4000 psi concrete); and Wille Brothers Company of Oak Forest, IL submitted a price of \$123.00 per cubic yard (4000 psi concrete).

Based on the submitted pricing, it is staff's recommendation that the proposal submitted by Ozinga Ready Mix Concrete of Mokena, Illinois be accepted for the purchase of bulk concrete to be used for various concrete repairs in 2017.

On March 6, 2017, this item was reviewed by the Public Works Committee and recommended for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

Funding is available in three separate accounts (010-5002-462900), (031-6002-462900) and (031-6007-462900).

REQUESTED ACTION:

I move to approve waiving the bid process;

And

Approve accepting the proposal from Ozinga Ready Mix Concrete, Inc. of Mokena, IL for bulk Ready Mix Concrete for FY2017 for a cost not to exceed the total Board approved budgeted amount.

REQUEST FOR ACTION REPORT

File Number: **2017-0142**
Orig. Department: **Public Works Department**
File Name: **Bulk Material Purchase, Hot Mix Asphalt - Proposal**

BACKGROUND:

During the warmer seasons, Public Works patches deteriorated asphalt streets, and restores asphalt over underground utility repairs. Prior to the start of construction season, staff solicits asphalt vendors for competitive prices to purchase bulk Hot-Mix Asphalt (HMA). Asphalt vendors generally cannot guarantee cost past a single construction season due to the uncertainty and volatility of fuel, oil and raw material costs. Much of the asphalt work that is performed requires both an asphalt binder layer and a surface course of asphalt. Because these are two entirely different mixes of asphalt, two different and separate deliveries are required.

To avoid considerable freight charges, Village staff and equipment are utilized to transport Hot-Mix Asphalt from the asphalt plant to the job site. There are three factors that staff considers when selecting a vendor: (1) Asphalt plant proximity to job site, (2) plant HMA production schedule, (3) plant HMA availability.

It is critical that asphalt maintain a warm temperature through the installation process. The need to transport, install and compact the material in a timely manner makes Plant proximity and minimizing travel time a priority. Other factors affecting HMA availability are the type and amount of material produced each day. These factors are controlled by the individual asphalt plant and often dictate what type of work crews are able to perform on a given day.

To minimize delays and the effects of these factors, staff is requesting approval to purchase from multiple locations as needed. Staff solicited and received proposals from three (3) vendors with asphalt plants near Orland Park: Crowley-Sheppard Asphalt, of Chicago Ridge, IL, D-Construction of Coal City, IL and K-5 Construction Corp. of Lemont, IL. These three HMA suppliers are IDOT certified for the production of (N50) HMA Mixes.

Crowley-Sheppard submitted a fixed cost for 2017 of \$45.00 per ton for binder material and \$52.00 per ton for surface product. D-Construction provided a cost (through July) of \$39.50 per ton for binder and \$45.50 for surface product. K-5 Construction submitted costs (through July) of \$45.00 for binder material and \$47.25 for surface product.

On March 6, 2017, this item was reviewed by the Public Works Committee and recommended for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

Funds to cover the cost for HMA during the 2017 season are available in 031-6007-462800; 010-5002-462800 and 031-6002-462800.

REQUESTED ACTION:

I move to approve accepting the proposals from D-Construction of Coal City, IL, Crowley-Sheppard Asphalt, of Chicago Ridge, IL and K-5 Construction Corporation of Lemont, IL., for the bulk material purchase of Hot-Mix Asphalt for the 2017 construction season as needed at a cost not to exceed the budgeted amounts.

To: Rich Rittenbacher
Subject: Material pick up prices

Hi Rich,

Below are our material pick up prices that are valid thru July 31,2017. As we get closer to the July 31st date, I will review the oil market conditions, and adjust accordingly.

Markham plant location:

#2203 IDOT N50 SC \$ 47.25 ton

2204 IDOT N50 BC \$ 45.00 ton

Hodgkin's plant location:

2203 IDOT N50 SC \$ 49.00 ton

2204 IDOT N50 BC \$ 45.75 ton

Prices are materials only picked up at the HMA facilities noted.

If you should have any questions or comments, please feel free to contact me.

Thank you
Scott

REQUEST FOR ACTION REPORT

File Number: **2017-0138**
Orig. Department: **Public Works Department**
File Name: **Disposal of Certain Village Equipment at Public Auction - Ordinance**

BACKGROUND:

The Vehicles & Equipment Division of Public Works is requesting authorization to sell three (3) 2002 model year Chevrolet 3500HD Dump trucks with plows and spreaders that have mileage ranging from 75,100 to 91,000 miles. Staff recommends utilizing the services provided by America's Auto Auction, Inc., located in Crestwood, Illinois, for the disposal of these vehicles.

America's Auto Auction is an alternative for the Village to dispose of surplus vehicles. The vehicles would be driven to America's Auto Auction location in Crestwood, Illinois, for the April 25, 2017 sale. The April 25 auction is a joint event sponsored by the South Suburban Mayors and Managers Association. America's will sell the vehicles for a 5% commission on each sale which also includes the title transfer. The Village would be paid within 10 business days after the sale by check.

In order to legally dispose of municipal property, the Village must adopt an ordinance that describes the items to be sold.

On March 6, 2017, this item was reviewed by the Public Works Committee and recommended for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

Upon receipt, proceeds from the auction will be deposited into the general fund of the Village of Orland Park.

REQUESTED ACTION:

I move to pass Ordinance Number _____, entitled: AN ORDINANCE AUTHORIZING DISPOSAL BY PUBLIC AUCTION OF PERSONAL PROPERTY OWNED BY THE VILLAGE OF ORLAND PARK, ILLINOIS

..T

AN ORDINANCE AUTHORIZING DISPOSAL BY PUBLIC AUCTION OF PERSONAL PROPERTY OWNED BY THE VILLAGE OF ORLAND PARK, ILLINOIS

..B

WHEREAS, at least a majority of the Corporate Authorities of the Village of Orland Park have decided it is no longer necessary or useful for the Village of Orland Park to retain ownership of the personal property described in Exhibit A attached; and

WHEREAS, the said Corporate Authorities have decided that continued ownership of the personal property described in Exhibit A is not in the best interests of the Village of Orland Park; and

WHEREAS, the President and Board of Trustees of the Village of Orland Park have determined that the said personal property shall be sold at a public auction/sale tentatively scheduled for Tuesday, April 25, 2017.

NOW, THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of Orland Park, Cook and Will Counties, Illinois, as follows:

SECTION 1:

The Preamble is adopted as fully set forth herein.

SECTION 2:

Pursuant to Section 11-76-4 of the Illinois Municipal Code, Illinois Compiled Statutes (65 ILCS 5/11-76-4), the President and the Board of Trustees of the Village of Orland Park find that the following items of personal property now owned by the Village of Orland Park, Illinois, are no longer necessary or useful to the said Village, and its best interests will be served by the auction/sale of the personal property listed in Exhibit A attached.

SECTION 3:

Pursuant to the said Section 11-76-4, the Village Manager is hereby authorized and may direct the sale of the personal property to which Section 2 of this Ordinance refers, "AS IS" and without warranties at the public action/sale.

SECTION 4:

The Village Manager is hereby authorized and may direct America's Auto Auction to advertise the sale of the aforementioned personal property in a newspaper within the community before the date of said public auction/sale.

SECTION 5:

No bid which is less than the minimum value as provided by the Village Purchasing Agent shall be accepted as the sales price of property listed in Section 2 of this Ordinance unless a lower amount is authorized by the Village Manager or his representative.

SECTION 6:

Upon payment of the full price, the Village Manager and/or Village President is hereby authorized and directed to convey and transfer title or ownership to the item of personal property from the Village to the successful bidder/buyer to execute all documents necessary to effectuate the sale.

SECTION 7:

This Ordinance shall be in full force and effect from and after its passage, by a vote of a majority of the Board of Trustees in the manner provided by law.

In order to legally dispose of municipal property, the Village must adopt an ordinance that describes the items to be sold.

In the event that two (2) attempts have been made to sell said property, and that no bids have been received equal to the minimum price, the property shall be either donated or scrapped as determined by the Village Manager.

On March 6, 2017, this item was reviewed by the Public Works Committee and recommended for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

Upon receipt, proceeds from the auction will be deposited into the general fund of the Village of Orland Park.

REQUESTED ACTION:

I move to pass Ordinance Number _____, entitled: AN ORDINANCE AUTHORIZING DISPOSAL BY PUBLIC AUCTION OF PERSONAL PROPERTY OWNED BY THE VILLAGE OF ORLAND PARK, ILLINOIS.

AN ORDINANCE AUTHORIZING DISPOSAL BY PUBLIC AUCTION OF PERSONAL PROPERTY OWNED BY THE VILLAGE OF ORLAND PARK

WHEREAS, a simple majority of the Corporate Authorities of the Village of Orland Park have determined it is no longer necessary, useful or in the best interest for the Village of Orland Park to retain ownership of the personal property described in Section 2 below; and

WHEREAS, the President and Board of Trustees of the Village of Orland Park have determined that the said personal property shall be sold, if possible, through Public Surplus Auction.

NOW, THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of Orland Park, Cook and Will Counties, Illinois, as follows:

SECTION 1

The Preamble is adopted as fully set forth herein.

SECTION 2

Pursuant to Section 11-76-4 of the Illinois Municipal Code (Illinois Compiled Statutes, 65 ILCS 5/11-76-4), the President and the Board of Trustees of the Village of Orland Park find that the following items of personal property now owned by the Village of Orland Park, are no longer necessary or useful to the said Village, and its best interests will be served by the auction/sale of the following personal property:

SECTION 3

Pursuant to the said Section 11-76-4, the Village Manager is hereby authorized and may direct the sale of the personal property to which Section 2 of this Ordinance refers, "AS IS" and without warranties at the public auction/sale. The said online public auction shall be conducted by Public Surplus.com ("the "Auction House").

SECTION 4

The Auction House is hereby authorized and directed to advertise the sale of the aforementioned personal property before the date of said public auction/sale.

- One (1) Lot of twelve new/unused Toner Ink Cartridges, lot consists of;
 - Quantity (2) Konica / Minolta TN601K
 - Quantity (1) HP 2600 (magenta) MSE brand
 - Quantity (1) HP 2600 (cyan) MSE brand
 - Quantity (1) HP 2600 (yellow) MSE brand
 - Quantity (1) HP 2600 (black) MSE brand
 - Quantity (2) 40A Hewlett Packard
 - Quantity (1) 8750 Epson
 - Quantity (1) TN360 MSE brand
 - Quantity (1) HP4200 MSE brand
 - Quantity (1) UG 5580 Panasonic
- One (1) Used Vollrath model 97106 3-level stainless steel utility cart.
- One (1) lot of 310 pieces of Sysco dinnerware, lot consists of;
 - Quantity (28) 10 1/4" plates Sysco # 4005799
 - Quantity (72) 7 ounce cups Sysco # 4005864
 - Quantity (58) 5 1/2" saucers Sysco # 4008041
 - Quantity (25) 4 1/8" plates Sysco # R4090000124

Quantity (64) 5 1/2" plates Sysco # 4005773

Quantity (63) 7 ounce bowls Sysco #4005856

- One (1) Used Kitchen table, 36"round x 42" tall
- One (1) Used True Manufacturing Freezer, model T-49F, serial 1-3025373
- One (1) Used True Manufacturing refrigerated food preparation table, model TSSU-48-12, serial 1-3034792.
- One (1) Used True Manufacturing refrigerated food preparation table, model TSSU-48-12, serial 1-3034806.
One (1) Used True Manufacturing model T-49 refrigerator serial number 1-3023937.
- One (1) Used bakers rack with 7 shelves manufactured by SYSCO, model/serial is N/A
- One (1) Used kitchen sink with pull out faucet mounted in a wooden cabinet with a granite counter top. Make model unknown
- One (1) Used Convotherm Industrial kitchen oven manufactured by ALTO-SHAAM, model HUD 10.10, serial 156883-070.
- One (1) Used HOBART Model LX30H industrial dishwasher, serial 23-1024-927.
- One (1) Used Hoshizaki ice Maker, model KM-500MAH, serial L00896H
- One (1) Used Quartet brand mobile chalkboard, model/serial n/a,72"wide x 48" tall
- One (1) Used Larkin Industries stainless steel exhaust hood, model SC 114048 w/Ansul R-102 wet chemical system

SECTION 5

No bid which is less than the minimum price as provided by the Village Manager to the Auction House shall be accepted by the Auction House as the sales price of property listed in Section 2 of this Ordinance unless a lower amount is authorized by the Village Manager or his/her representative.

SECTION 6

Upon payment of the full price, the Village Manager and/or Village President is hereby authorized and directed to convey and transfer title or ownership to the item of personal property from the Village to the successful bidder/buyer and to execute all documents necessary to effectuate the sale.

SECTION 7

In the event that, after no fewer than two (2) attempts have been made by the Auction House to sell said personal property, no bids have been received equal to the minimum price as determined in the manner set forth above, the said personal property shall be either donated or scrapped as determined by the Village Manager.

SECTION 8

This Ordinance shall be in full force and effect from and after its passage by a majority vote of the Corporate Authorities and approval in the manner provided by law.

REQUEST FOR ACTION REPORT

File Number:	2017-0158
Orig. Department:	Recreation Department
File Name:	Sportsplex Domestic Hot Water Upgrades and Shower Renovations Revised Scope - Proposal

BACKGROUND:

In November 2014, the Village sought proposals from qualified Energy Services Companies (ESCOs) to conduct an investment grade audit of Village facilities and to implement an Energy Performance Contract. During those evaluations, the first step in the process was to select an ESCO partner to conduct an audit. CTS Group received the top recommendation. At the June 1, 2015 Board of Trustees meeting, the board approved the authorization of CTS Group to conduct an Investment Grade Audit of Village facilities.

During the November 21, 2016 Board of Trustees meeting, the Board approved the proposal from the CTS Group for the replacement of the domestic hot water system at the Sportsplex. The project was initially approved at a not-to-exceed cost of \$489,500. After CTS completed their detailed analysis of the project areas, additional issues were found in the men's shower room area that would require correcting. Further inspection of the shower facilities revealed an important American with Disabilities Act (ADA) deficiency. The installation of the hot water system would require the removal and replacement of the floor including the installation of floor drains.

The existing men's shower drains do not meet code and will require the removal and replacement of the floor to install trench drains to meet code. The cost for this work needs to be added to the original "not-to-exceed" proposal in order to meet the required code compliance and ADA guidelines. These items account for the additional \$105,224 above the original price proposal. The additional costs are broken out as follows: General Construction (47%), Plumbing (15%), Architectural (11%), Project Development (8%), Mechanical/Electrical (9%), and Structural (10%).

Staff also recommends adding the following work to this project:

1. Family restroom shower upgrades which includes new distribution piping; temperature control at each shower; new tile flooring, addition of wall tile for the wall where new shower fixture will be installed \$39,892.00.
2. Lighting Upgrades to include new fixture in all shower areas in place of reusing the existing fixtures \$6,431.00.
3. Replacement of hot and cold water mixing valves which provides for the installation of a new lead free valve with piping assembly, temperature gauge and outlet ball valve \$6,278.00.

The total cost of this additional work from CTS Group of Chicago, Illinois is \$157,825.00 for a total project cost of \$647,325.00.

On March 6, 2017, this item was reviewed by the Public Works Committee and recommended

for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

Funding to cover the cost for these alternates and additional ADA work is available in the FY17 budget.

REQUESTED ACTION:

I move to approve accepting the proposal from the CTS Group of Chicago, IL for the Sportsplex Domestic Hot Water Upgrades and Shower Renovations Revised Scope for an additional cost not to exceed \$157,825.00.

February 28th, 2017

Mr. John Ingram/Mr. Napoleon Haney
Public Works Director/Assistant Public Work Director
Village of Orland Park
15655 Ravinia Avenue
Orland Park, IL 60464

Re: Domestic Water Upgrade & Shower Renovations

Mr. Ingram & Mr. Haney,

Per our conversation, CTS recommends the following solution for Upgrading the Sportsplex Domestic Water System and Shower Renovations:

Sportsplex Scope of Work for DW Heaters and Shower Renovation:

Domestic Hot Water System

- Demo and remove existing storage tank and heat exchanger. Domestic hot water (DHW) and heating hot water system will be decoupled.
- Provide and install two (2) new water heaters with new expansion tank to match heater requirements.
- Connect new DHW system to existing distribution system.
- Insulate new piping.
- Tie-in new system to existing temperature controls to display real-time status.
- Provide start up and commissioning of new system.
- De-commissioning of existing temporary domestic hot water system.

Shower Renovation

General

- Demolition of existing shower piping and removal of drywall as needed to access existing piping.
- Demolition of existing temperature control system and mixing valve.
- Remove existing towel hooks, benches, mirrors and grab bars at the existing Men's room shower area and reinstall after ceramic tile installation.
- Remove existing towel hooks, benches, mirrors and grab bars, curtain rods at the existing Women's room shower area and reinstall after ceramic tile installation.

Shower Stalls

- Furnish and installed new hot and cold water piping to each shower in men's and women's shower area.
- Provide and install all necessary hardware – shower head and single valve or individual valve for water temperature control.
- Provide compartment overhead braced floor mounted Phenolic shower partitions at East side of Men's room shower area.
- Provide overhead shower rod at the existing Handicap shower in Men's shower area.

Ceramic Tile

- Remove existing ceramic tile floors in Men's and Women's shower area only.
- Float and prep floors in order to install new 2"x2" Mosaic floor tile.
- Prepare existing cinder block walls to accept new ceramic wall tile.
- Install new ceramic wall tile for the walls in shower area for both men's and women's locker room.
- Install epoxy grout on walls and standard grout on floors.

The following areas were added to the original "Not to Exceed" proposal in order to meet the required code compliance and ADA guidelines. These account for the additional \$105,224 above the original proposal of \$489,500.

These additional costs of \$105,224 are broken out as follows: General Construction (47%), Plumbing (15%), Architectural (11%), Project Development (8%), Mechanical/Electrical (9%), Structural (10%). A detailed description of this scope of work is as follows:

ADA and Code Compliance Scope of Work

Shower Renovation

The existing Men's shower drains do not meet code and will require the removal of the floor to install trench drains to meet code. The base project also includes partially removing the CMU wall for the ADA shower in the Men's shower room to meet existing ADA requirements. Below is a scope of work for the added cost to address ADA issues and Code compliance in the Men's Shower Area;

Demo

- Removal of Entire Ceiling (drywall) in ADA Shower
- Saw cut and remove existing concrete slab in men's shower area.
- Saw cut and remove CMU in Men's ADA shower.

Shower Areas

- Provide and install new Polymer Trench Drain and Grate.
- Install new 2" stainless steel vent piping and connect new vent piping for the new Trench Drains in the Men's shower area.
- Provide longer overhead shower rod at the existing ADA shower in Men's shower area to accommodate larger opening.

Drywall/Carpentry:

- Provide metal framing repairs at removed ceiling area in ADA shower.
- Installation of new Denssheild backer board for ADA shower ceiling.
- Install STO coatings at ADA shower room only.

Painting

- Prepare and paint new drywall ceilings with Epoxy paint in ADA shower area.
- Prepare and paint block walls in areas as noted on design drawings with Epoxy paint.

Ceramic Tile

- Float and prep floors up to 3/8" in order to install new 2"x2" Mosaic floor tile.
- Prepare remaining CMU wall in ADA shower to accept new ceramic wall tile.
- Install waterproofing, Epoxy grout, Sealer and Caulk at CMU wall in ADA shower

Misc.

- Debris removal (Spoils from cutting, CMU, Concrete Floor, Drywall...Etc.)
- Additional labor to cut and replace Men's Shower Area Floor.
- Re - Mobilization once floor cures (approximately 28 days)

The following additional alternates have also been provided for consideration:

Alternate Add FIM -1.1 Family Restroom Shower Upgrades

For and added cost, CTS can provide a renovated Family Restroom Shower Area and new distribution piping to allow for temperature control at each shower. Renovation will include new tile flooring, the addition of wall tile for the back wall where the new shower fixture will be installed. The scope of work will be similar to the Women's shower upgrades.

Alternate Add FIM - 1.2 Lighting Upgrades

For and added cost, CTS can provide new fixture in the all shower areas in place of reusing the existing fixtures. Fixtures will be rated for use in shower areas.

Alternate Add FIM - 1.3 Replace Hot and Cold Water Mixing Valves

For an added cost, CTS can provide new Hot and Cold Water Temperature Mixing Valves (TMV) in the Men's and Women's shower areas in place of reusing the existing valves. New TMVs will be mounted in existing cabinets. New TMVs will be Symmons 7-400A, lead free valve with piping assembly, temperature gauge and outlet ball valve.

Domestic Water and Shower Renovation Pricing:	\$594,724
Alternate Add FIM -1.1 Family Restroom Shower Upgrades	\$ 39,892
Alternate Add FIM - 1.2 Lighting Upgrades	\$ 6,431
Alternate Add FIM - 1.3 Replace Hot and Cold Water Mixing Valves	\$ 6,278

Total Domestic Water and Shower Renovation Pricing with Alternates above: \$647,325

Please contact me if you have any questions or need additional information. Thanks again.

Sincerely,

Michele A. James

REQUEST FOR ACTION REPORT

File Number: **2017-0157**
Orig. Department: **Public Works Department**
File Name: **Facilities Lighting Upgrades - Proposal**

BACKGROUND:

The Energy Independence and Security Act of 2007 (EISA) states that the magnetic ballasts and T12 bulbs/lamps can no longer be produced and used for commercial and industrial applications. All imported and domestic production of the T12 fluorescent lights were to cease after July 14, 2012, per the mandate. Large manufacturers like Philips and Sylvania were granted two-year extensions on the deadline. The Village, like most other public facilities, needs to transition its facilities to the energy efficient T8 and or LED lighting.

In November 2014, the Village sought proposals from qualified Energy Services Companies (ESCOs) to conduct an investment grade audit of Village facilities and to implement an Energy Performance Contract. During those evaluations, the first step in the process was to select an ESCO partner to conduct an audit. CTS Group received the top recommendation.

During the June 1, 2015 Board of Trustee meeting, the board approved the authorization of the CTS Group to conduct an Investment Grade Energy Audit of the Village facilities. CTS surveyed all Village facilities and determined that, with the exception of the Splex and Health and Fitness Center, all other facility interior spaces contain T-12 lighting fixtures that are inefficient and are being phased out of service. In addition, many of the Village facilities have Metal Halide, High Pressure Sodium and mercury vapor lighting fixtures that need to be upgraded to improve lighting quality and reduce energy consumption and maintenance costs.

CTS's turnkey solution includes engineering with architectural fees/permits/drawings, project management and subcontractor work completion. The CTS Groups recommends that the Village Hall, Civic Center, and Franklin Loebe Center be converted as part of this first phase transition. Currently, the Department of Commerce and Economic Opportunity (DCEO) has incentives for T-12 replacements. Based on the Village's cost to install this current phase of lighting fixtures (\$198,900), applicable grants through the DCEO Illinois Energy Now program are estimated at \$23,814. CTS will submit all necessary paperwork for preapproval and final submission on behalf of the Village. This is the last year that DCEO will administer these incentives. The program is being turned over to utility companies after May of 2017 and it is unlikely that T-12 incentives will be provided in the future. The CTS Group will administer this program that will allow for Village facilities to transition from the outdated fluorescent technology to newer, approved, lighting technologies (T8 and/or LED).

On March 6, 2017, this item was reviewed by the Public Works Committee and recommended for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

Funds are available in account 010-1700-443100 to cover the cost for this work.

REQUESTED ACTION:

I move to approve accepting the proposal from the CTS Group of Chicago, IL to upgrade T-12 lighting fixtures in Village facilities for a not-to-exceed amount of \$198,900.

February 28, 2017

Mr. John Ingram/Mr. Napoleon Haney
Public Works Director/Assistant Public Work Director
Village of Orland Park
15655 Ravinia Avenue
Orland Park, IL 60464

Re: T-12 Lighting Upgrades

Mr. Ingram & Mr. Haney,

Per our conversation, CTS recommends the following solution for upgrading the remaining T-12 lighting fixtures within the Village Facilities:

The turnkey solution includes engineering with architectural fees/permits/drawings, project management, performance & payment bonds, commissioning, insurance, overhead/profit, and subcontractor work completion.

Lighting Upgrades:

The following Village Buildings contain inefficient T-12 lighting fixtures. These fixtures are inefficient, difficult to maintain and no longer being manufactured. The Village would like to replace all existing T-12 fixtures throughout the Village facilities. Currently the Department of Commerce and Economic Opportunity (DCEO) has incentives for replacement. This is the last year they will be administering these incentives. The program is being turned over to the utilities after May of 2017 and it is unlikely that T-12 incentives will be provided in the future.

- Village Hall
- Civic Center
- Public Works
- Recreation Center
- Robert Davidson Center
- Cultural Arts Center
- Recreation Administration Building
- Centennial Park

CTS Recommends replacement of the T-12 lighting with T-8 fluorescent fixtures in all facilities to improve lighting levels, reduce energy consumption and reduce maintenance costs throughout the Village.

We have provided the following proposal for upgrading a portion of this lighting in 2017 as part of the Phase I project. We would plan on submitting final paperwork prior to the grant deadline of May 8, 2017.

Upgrade T-12 Lighting – Village Hall, Civic Center, & Recreation Center

CTS recommends replacement of all T-12 lighting with more efficient T-8 fixtures existing in the following facilities:

- Village Hall
- Civic Center
- Recreation Center

Total Pricing: \$198,900

Note: Grants through the DCEO Illinois Energy Now program are estimated at \$23,814. CTS will submit all necessary paperwork for preapproval and final submission on behalf of the Village.

Please contact me if you have any questions or need additional information. Thanks again.

REQUEST FOR ACTION REPORT

File Number:	2017-0150
Orig. Department:	Public Works Department
File Name:	Facilities Window Cleaning - Contract Extension

BACKGROUND:

Archer Window Cleaning of Orland Park, Illinois has sent us a proposal requesting an extension of their contract with the Village for window cleaning. The proposal extends their 2010 prices for an additional three years. At the time of the original bid in 2010, Archer was the low bid of 3 bidders. Their contract was extended once in 2014, also holding the original 2010 pricing. Over the past six years they have provided excellent service at a reasonable cost. Thirteen Village facilities are cleaned twice a year, including; Village Hall, Police, Public Works, Civic Center, Sportsplex, Recreation Administration, Robert Davidson Center, Franklin Loebe Center, Cultural Arts Center, Old Village Hall, 143 Street Metra Station, 153 Street Metra Station and 179 Street Metra Station, at an annual cost of \$10,280.00. For 2017, two additional buildings - Orland Park Health & Fitness Center (\$1,000.00) and the newly constructed Parking Deck (\$900.00) will be added, bringing the total annual cost to \$12,180.00.

On March 6, 2017, this item was reviewed by the Public Works Committee and recommended for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

Funds for this work are included in the 2017 annual budget.

REQUESTED ACTION:

I move to approve waiving the bid process;

And

Approve accepting the proposal from Archer Window Cleaning of Orland Park, Illinois for the extension of the 2010 Facilities Window Cleaning bid at a cost not to exceed \$12,180.00 annually.

Jack:
I have a quick question for you regarding the additions to the window cleaning contract. It appears that the Village requires two cleanings a year for all facilities. As it pertains to the two facility prices highlighted below, is the highlighted price for a single cleaning, or is the highlighted cost for both cleanings?

REQUEST FOR ACTION REPORT

File Number: **2017-0159**
Orig. Department: **Public Works Department**
File Name: **Dectron Replacement at Orland Park Health & Fitness Center - Proposal**

BACKGROUND:

The current Dectron dehumidification unit currently serving the pool area of the Orland Park Health & Fitness Center (OPHFC) is in disrepair. A full evaluation of this equipment revealed that the unit was undersized for the air capacity that it was assigned to handle. The unit was also past the point of functional repair. This single piece of mechanical equipment provides critical function for the air quality inside of the facility. Indoor swimming pools and spa rooms require demanding maintenance. Excess moisture releases into the indoor pool enclosure when pool water warms to swimming temperatures. This moisture is heavily laden with chlorine or bromine disinfectants. If left uncontrolled, mold and mildew will eventually permeate every inch of an indoor swimming pool facility, as well as any adjoining structures. To avoid mold and structural problems, a properly sized, operational dehumidification unit would need to be purchased and installed.

In November 2014, the Village sought proposals from qualified Energy Services Companies (ESCOs) to conduct an investment grade audit of Village facilities and to implement an Energy Performance Contract. During those evaluations, the first step in the process was to select an ESCO partner to conduct an audit. CTS Group of Chicago, Illinois received the top recommendation. At the June 1, 2015 Board of Trustees meeting, the board approved the authorization of CTS Group to conduct an Investment Grade Audit of Village facilities. The CTS Group was engaged to manage and oversee the replacement of the Dectron unit.

The Village budgeted \$591,000.00 for this work. After an evaluation of the existing Dectron unit and identification of the replacement dehumidification system, CTS provided the Village with a proposal for the replacement and installation at a cost of \$553,464.00. Having no history with the facility and to account for any unforeseen work stemming from the installation of the new unit, staff is requesting to utilize the \$37,536.00 (budget/proposal) savings as the contingency amount.

On March 6, 2017, this item was reviewed by the Public Works Committee and recommended for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

Funding to cover the cost for this work is available in the FY17 Budget, account 010-1700-443200.

REQUESTED ACTION:

I move to approve accepting the proposal from the CTS Group of Chicago, IL for the Dehumidification System Replacement at the Orland Park Health & Fitness Center for a cost of

\$553,464.00 plus \$37,536 contingency for a total cost not to exceed \$591,000.

February 24, 2017

Mr. John Ingram/Mr. Napoleon Haney
Public Works Director/Assistant Public Work Director
Village of Orland Park
15655 Ravinia Avenue
Orland Park, IL 60464

Re: Orland Park Health and Fitness center – RTU-2(Pool Unit) Replacement

Mr. Ingram & Mr. Haney,

Per our conversation, CTS recommends the following solution for upgrading the existing RTU-2 unit serving the pool area of the Orland Health and Fitness Center.

The turnkey solution includes engineering with architectural fees/permits/drawings, project management, performance & payment bonds, commissioning, insurance, overhead/profit, and subcontractor work completion.

Orland Health and Fitness Center – RTU-2 (Pool Unit) Replacement:

The existing Dectron Unit (RTU-2) currently serving the Pool Area is not operating effectively which is causing humidity issues and a strong chlorine smell in the pool area. The Village would like this unit replaced to greatly improve comfort levels, and reduce maintenance costs. CTS will replace the existing Pool Dehumidification Unit with a new unit that is properly sized. The scope of work is as follows;

- Disconnect natural gas and electricity currently connected to this unit.
- Evacuate all refrigerant and dispose of in adherence to EPA requirements.
- Demo all thermostatic controls and install new.
- Furnish and install new pipe chase housing and curb.
- Furnish and install new Roof Top Dehumidification Unit.
- Replace existing inline heat exchanger pump with new 3hp inline pump.

Total Pricing: \$553,464

Please contact me if you have any questions or need additional information. Thanks again.

Sincerely,

Michele A. James
CTS Account Manager

REQUEST FOR ACTION REPORT

File Number: **2016-0871**
Orig. Department: **Development Services Department**
File Name: **Caliente Mexican Restaurant - Special Use Permit**

BACKGROUND:

On March 6, 2017 the Village Board of Trustees approved 7 - 0 a special use permit for Caliente Mexican Restaurant to be located at 11030 179th Street

This is now before the Village Board for consideration of the ordinance.

BUDGET IMPACT:

REQUESTED ACTION:

I move to pass Ordinance Number_____, entitled: ORDINANCE GRANTING A SPECIAL USE PERMIT FOR CALIENTE MEXICAN RESTAURANT - 11030 179TH STREET.

Special Use Standards

1. Caliente will be consistent with the purposes, goals and objectives of the Comprehensive Plan. Caliente will be in an existing retail center that currently has other restaurants. There will not be any changes to the exterior of the site with the exception of signage, which will adhere to the local regulations. It will not alter any entry way that will disrupt access to the property.
2. Caliente will be consistent with the community character of the immediate vicinity of the parcel. Caliente will be in an existing retail center that currently has other restaurants; is not changing the exterior of the site with the exception of signage, which will adhere to the local regulations.
3. The design of the proposed use will minimize adverse effect on the adjacent properties. Caliente will be in an existing retail center that currently has other restaurants. There will not be any changes to the exterior of the site with the exception of signage, which will adhere to the local regulations. The interior will be a simple and clean set-up.
4. The proposed use will not have an adverse effect on the value of the adjacent property. Caliente will be in an existing retail center that currently has other restaurants. There will not be any changes to the exterior of the site with the exception of signage, which will adhere to the local regulations.
5. Caliente will be in an existing retail center that currently has other restaurants. There will not be any changes to the exterior of the site with the exception of signage, which will adhere to the local regulations. It will not alter any entry way that will disrupt access to the property.
6. Caliente will be in an existing retail center that currently has other restaurants. There will not be any changes to the exterior of the site with the exception of signage, which will adhere to the local regulations. It will not alter any entry way that will disrupt access to the property.
7. The development will not adversely affect a known resource. We are not aware of any historical resources in the vicinity. Caliente will be in an existing retail center that currently has other restaurants. There will not be any changes to the exterior of the site with the exception of signage, which will adhere to the local regulations. It will not alter any entry way that will disrupt access to the property.
8. The use will comply with all additional standards imposed by the Village. Caliente will be in an existing retail center that currently has other restaurants. There will not be any changes to the exterior of the site with the exception of signage, which will adhere to the local regulations. It will not alter any entry way that will disrupt access to the property.

..T

ORDINANCE GRANTING A SPECIAL USE PERMIT FOR CALIENTE MEXICAN RESTAURANT – 11030 179TH STREET

..B

WHEREAS, an application seeking a special use permit to operate a restaurant within 300 feet from a residential parcel at 11030 179th Street has been filed with the Village Clerk of this Village and has been referred to the Plan Commission of this Village and has been processed in accordance with the Land Development Code of the Village of Orland Park as amended; and

WHEREAS, said Plan Commission of this Village held a public hearing on January 24, 2017, on whether the requested special use permit should be granted, at which time all persons present were afforded an opportunity to be heard; and

WHEREAS, a public notice in the form required by law was given of said public hearing by publication not more than 30 days nor less than 15 days prior to said hearing in the Orland Park Prairie, a newspaper of general circulation in this Village; and

WHEREAS, the Plan Commission of this Village has filed its report of findings and recommendations that the requested special use be granted with this President and Board of Trustees, and this Board of Trustees have duly considered said report and findings and recommendations;

NOW THEREFORE, Be It Ordained by the President and Board of Trustees of the Village of Orland Park, Cook and Will Counties, Illinois, as follows:

SECTION 1

The Plan Commission of this Village has made its report of findings and recommendations regarding the proposed special use. The findings of the Plan Commission are herein incorporated by reference as the findings of this President and Board of Trustees, as completely as if fully recited herein at length. All exhibits submitted at the aforesaid public hearings are also hereby incorporated by reference as fully as if attached hereto. This President and Board of Trustees further finds that the proposed special use is in the public good and in the best interests of the Village and its residents and is consistent with and fosters the purposes and spirit of the Orland Park Land Development Code as set forth in Section 1-102 thereof. Said special use is also in accordance with the provisions of the Comprehensive Land Use Plan of the Village.

SECTION 2

In addition to the findings set forth in Section 1 hereof, this Board of Trustees further finds, in relation to the proposed special use permit to operate a restaurant within 300 feet from a residential parcel at 11030 179th Street, as follows:

(a) The Subject Property is located at 11030 179th Street within the Village of Orland Park in Cook County, Illinois. The proposal is to operate a dine-in and carry-out restaurant in the Marley

Creek Commons retail center located at 11000-11060 179th Street. The interior of the vacant 1,259 square foot space will be remodeled to accommodate the restaurant and provide for approximately eight (8) dine-in seats. A special use permit is required pursuant to Section 6-207.C.20 of the Land Development Code because the Subject Property is within 300 feet of a residential parcel. A restaurant is an allowable special use for the BIZ General Business District provided that it complies with the procedures and standards set forth in Section 5-105 of the Land Development Code. The Petitioner is not proposing any changes to the exterior of the site. There are no modifications or variances proposed for this project.

(b) The proposed development is consistent with the purposes, goals, objectives and standards of the Comprehensive Plan, any adopted overlay plan and the Land Development Code. The proposed land use is compatible with the BIZ General Business District, although it requires a special use permit. The proposed land use is also compatible with the Comprehensive Plan's designation of the Subject Property as Neighborhood Mixed Use.

(c) The proposed development will be consistent with the character of the immediate vicinity of the Subject Property, which is presently zoned R-4 Residential District - Stone Ridge Subdivision Townhomes/Multi-Family to the north, and BIZ General Business District - (across 179th Street) Financial Institution/ Fast Food Restaurant/ Vacant Land to the south, R-4 Residential District - (across Bernard Drive) Eagle Ridge II Subdivision to the east, and BIZ General Business District - Commercial Retail Shopping Center to the west, where commercial uses are located. The proposed development will be consistent with the character of the immediate vicinity of the property since Marley Creek Commons contains commercial retail, restaurant, personal service, and office tenants.

(d) The design of the development will minimize adverse effects, including visual impacts, on adjacent properties. The proposed use will fill a vacant space. There will be no changes to the exterior of the site with the exception of signage, which will adhere to the local regulations, and no landscaping to trees will be removed during the project. The proposed site will not alter any entry way that will disrupt access to the property. Although the rear of the building and loading area serving the Marley Creek Commons is adjacent to one-story brick garages for a multi-family building in the Stone Ridge subdivision, all activities associated with the proposed restaurant in the rear loading area will be adequately screened. The rear setback of the building is forty (40) feet from the property line with approximately a ten (10) to thirty (30) foot landscape buffer extending along the rear of the property. In addition to the landscaping, a masonry fence and retaining wall will also separate the rear of the retail center from adjacent residences. Opaque gates will be installed on the existing masonry dumpster enclosure located in the loading area north of the building, and any existing and future grease receptacles will be located within the existing dumpster enclosure areas. Accordingly, there will be no adverse effect on the value of the adjacent property.

(e) The Petitioner has demonstrated that public facilities and services, including but not limited to roadways, park facilities, police and fire protection, hospital and medical services, drainage systems, refuse disposal, water and sewers and schools will be capable of serving the special use at an adequate level of service. The existing building footprint shall remain. The proposed site will not alter any entry way that will disrupt access to the property. The Subject Property is

accessible from the south by one (1) curb cut on 179th Street, accessible from the east by one (1) curb cut on Bernard Drive, and accessible from the west by two (2) curb cuts on Stoneridge Drive. The Subject Property is also accessible via sidewalks along 179th Street, Bernard Drive, and Stoneridge Drive, which connect to the Marley Creek Common's retail center's interior walkway and provide direct access for pedestrians to the shopping plaza's businesses. The Marley Creek Common's parking lot can accommodate the requisite number of parking spaces for the Subject Property, and an additional handicapped accessible parking space will be provided on site to meet the requirements of Section 6-306.D of the Land Development Code. Prior to restriping the parking lot on the Subject Property, a building permit will be submitted to the Development Services Department for review.

(f) Petitioner has made adequate legal provision to guarantee the provision and development of any open space and other improvements associated with the proposed development.

(g) The development will not adversely affect a known archaeological, historical or cultural resource.

(h) The proposed development shall comply with all additional standards imposed on it by all other applicable requirements of the ordinances and regulations of the Village.

SECTION 3

A special use for the operation of a restaurant at 11030 179th Street, which is located within 300 feet from a residential parcel, is hereby granted and issued to Caliente Mexican Restaurant for the following described property, subject to the conditions below:

LOT 4 IN MARLEY COMMONS BEING A RESUBDIVISION OF PART OF LOT 1 IN EAGLE RIDGE ESTATES BEING A SUBDIVISION OF PART OF THE NORTHWEST 1/4 OF SECTION 32, TOWNSHIP 36 NORTH, RANGE 12, EAST OF THE THIRD PRINCIPAL MERIDIAN, COOK COUNTY, ILLINOIS.

PIN: 27-32-101-012-0000

This special use permit is subject to the following conditions:

A. That a Building permit is submitted to the Building Department.

B. That the Petitioner complies with all Building and Health Code requirements.

C. That all mechanical equipment is screened, either at grade level with landscaping or hidden behind the roofline.

D. That any new signage is approved through a separate permitting process.

E. That four (4) handicapped accessible parking spaces are provided in the existing parking lot and meet the requirements of Land Development Code Section 6-306.D.

F. That opaque gates are installed on the existing garbage enclosure at the rear of the Subject Property and meet the requirements of Land Development Code Section 6-302.D. All existing and future grease receptacles must be located inside the dumpster enclosure areas.

SECTION 4

Petitioner shall at all times comply with the terms and conditions of this Ordinance and all other codes and ordinances of the Village unless specifically amended by this or another ordinance. In the event of non-compliance, the special use permit shall be subject to revocation by appropriate legal proceedings.

SECTION 5

The zoning map of the Village of Orland Park, Cook and Will Counties, Illinois, shall be amended so as to be in conformance with the granting of the special use as aforesaid.

SECTION 6

This Ordinance shall be in full force and effect from and after its passage and approval as required by law.

REQUEST FOR ACTION REPORT

File Number: **2017-0149**
Orig. Department: **Development Services Department**
File Name: **2016-17 Zoning Map Update - Ordinance**

BACKGROUND:

Per state statute, the Village must update and publish a zoning and boundary map reflecting the changes that occurred during the previous calendar year 2016 through February 28, 2017. Development Services has reviewed the map and listings and is in concurrence with the changes.

The 2016-17 Zoning and Boundary Map, with the zoning changes highlighted, is displayed in the Board Room.

This is the required ordinance to follow up the previous Board approval from March 6, 2017.

BUDGET IMPACT:

REQUESTED ACTION:

I move to pass Ordinance Number _____, entitled: ORDINANCE APPROVING THE PUBLICATION OF AN UPDATED ZONING DISTRICT MAP.

Title/Name/Summary

ORDINANCE APPROVING THE PUBLICATION OF AN UPDATED ZONING DISTRICT MAP

..B

WHEREAS, the Village of Orland Park has adopted a Land Development Code governing the development of land in the Village and dividing the Village into zoning districts; and

WHEREAS, the zoning districts of the Village are shown on the Zoning District Map as described in Section 6-102 of the Land Development Code; and

WHEREAS, the Land Development Code Section 6-102D directs the regular updating and publication of the Zoning District Map.

NOW THEREFORE, Be It Ordained by the President and Board of Trustees of the Village of Orland Park, Cook and Will Counties, Illinois, as follows:

SECTION 1

The Zoning District Map of the Village of Orland Park, setting forth the boundaries of the zoning districts established in Section 6-101 of the Land Development Code as they may be applied from time to time to all land within the corporate limits of the Village is hereby updated to include Village Board approved changes from the time of the last update to February 28, 2017.

SECTION 2

Publication of the updated map is hereby authorized, such map to bear the statement "Last updated on 02/28/2017."

SECTION 3

The original of the updated Zoning District Map shall be signed by the Village Clerk and the President of the Board of Trustees and retained in the Office of the Development Services Department. Copies of the updated map shall be made available for purchase by interested parties.

SECTION 4

This Ordinance shall be in full force and effect from and after its passage and approval and publication as required by law.

REQUEST FOR ACTION REPORT

File Name:	Glen Oaks Industrial Park Phase V, lots 3, 4, and 5 and 6 - Extension

BACKGROUND:

Project

Glen Oaks Industrial Park Phase V, lots 3, 4, and 5 and 6 - Extension

Petitioner

Ray Dignan

OVERVIEW AND BACKGROUND

In 2008 the Village Board approved Glen Oaks Industrial Park Phase V, lots 3, 4, and 5 and 6, an office building planned development that included five medical office buildings on a 4.8 acre parcel located north of 165th Street in Glen Oaks Industrial Park and east of 108th Avenue. The 2008 petition was to be an expansion of a large office building complex that began construction in 1999 and resulted in the construction of over 27 buildings in the surrounding Industrial Park.

The 2008 Glen Oaks Phase V Industrial Park approvals included a site plan and building elevations, a special use for a planned development with modifications, consolidation of lots 3, 4, 5 and 6 into one lot, and a landscape plan. The Plat of Consolidation was approved in January 2009. Only one of the five proposed offices, Buildings 'E' was constructed in 2009. Also in 2009, the Village approved additional office buildings north of Glen Oaks in 'Winterset IV Office Park'. However due to the recession, the project stalled and there was little interest in constructing additional office buildings until recently. In 2014 the Winterset five acre site was sold to the Village for a Public Works bulk storage area. The petitioner has now returned to the Village Board for an extension of the Glen Oaks Phase V approvals in response to recent interest in the office market, and specifically a medical doctor seeking a new office building.

The Site Plan has been slightly revised to remove the driveway extension stubs and water main extension that were to connect to the proposed Winterset V offices, since the site is instead now occupied by Public Works Bulk Storage. The Board also approved a Landscape Plan in

November 2008 that still applies to the project; however the removed extension stubs must be infilled with plant material to meet Code requirements.

No changes are proposed to the approved building elevations.

There are some outstanding Glen Oaks engineering bills that the Village paid, in the amount of \$5,025.44, that must be paid before occupancy of the first completed building.

This case is now before the Village Board of Trustees for final approval.

BUDGET IMPACT:

REQUESTED ACTION:

I move to approve a three year extension for the Glen Oaks Industrial Park Phase V lots 3, 4, and 5 and 6; including revised Site Plan received 1.26.17; Elevations dated 9.14.06; Landscape Plan approved November 28, 2008; and Special Use Permit for a planned development, all subject to the following conditions:

- 1) The petitioner pays \$5,025.44 in outstanding fees prior to occupancy of the first completed building.
- 2) The project is subject to final Engineering and Building Code requirements and approvals.
- 3) The project must comply with the Board approved 2008 Final Landscape Plan, subject to these additional conditions:
 - a. Landscaping for each building and associated parking lot and buffers must be completed prior to the occupancy of each building.
 - b. The two removed driveway stubs must be infilled with shrubbery and trees to provide a continuous buffer that meets Landscape Code requirements.
 - c. The detention pond and buffer plantings must be installed prior to occupancy of future building 'D'.

REQUEST FOR ACTION REPORT

File Number:	2017-0167
Orig. Department:	Department of Business Information Systems
File Name:	Legistar Annual Maintenance Agreement - Expenditure Approval

BACKGROUND:

Legistar is an Online Cloud application that provides a comprehensive, integrated document management and information retrieval system designed specifically to support the legislative process, including meeting agendas, minutes of meetings, journals of proceedings, subject matter indexes and reports.

Business Information Systems has included funds in the FY 2017 budget for the annual Legistar Maintenance and Support Agreement beginning February 1, 2017 to January 31, 2018.

Also, included in this year's maintenance is support for InSite Hosted Professional Subscription Services for period February 1, 2017 to January 31, 2018.

BUDGET IMPACT:

Funds are budgeted in BIS Online Services account 010-1600-442850 for this expenditure.

REQUESTED ACTION:

I move to approve the Legistar Annual Maintenance Agreement expenditure with Granicus, Inc. in an amount not to exceed \$9,069.

REQUEST FOR ACTION REPORT

File Number:	2017-0191
Orig. Department:	Department of Business Information Systems
File Name:	HPE Foundation Care for 3PAR Virtualization

BACKGROUND:

In March 2014, the Village Board approved the purchase of a Server Virtualization System. In addition, professional technical services from SWC Technology Partners of Oak Brook, Illinois, were purchased for configuration and implementation of the entire system. These consulting services included a three year computer maintenance agreement with SWC to support and maintain our Server Virtualization System.

Business Information Systems has included funds in FY 2017 to extend our maintenance agreement with SWC for another year. Maintenance includes on-site defective equipment replacement, technical support for hardware, software, as well as, software updates.

BUDGET IMPACT:

Funds are budgeted in BIS Computer Maintenance account 010-1600-443610 for this expenditure.

REQUESTED ACTION:

I move to approve the HPE Foundation Care for 3PAR Virtualization expenditure with SWC Technology Partners of Oak Brook, Illinois, in an amount not to exceed \$8,081.

REQUEST FOR ACTION REPORT

File Number:	2017-0182
Orig. Department:	Public Works Department
File Name:	2017-2018 Central Management Services Bulk Road Salt Participation - Joint Purchase Requisition

BACKGROUND:

For a number of years, the Village of Orland Park has participated in the State Joint Purchasing Program administered by the Illinois Department of Central Management Services (CMS) in an effort to secure the best price for road salt. At this time of the year, the State of Illinois requires us to renew our option to participate in this program for next winter's road salt (2017-2018) allocation. In doing so, we must complete and submit the Illinois Joint Purchasing Requisition indicating both the tonnage and amount anticipated to be budgeted for our 2017-2018 road salt requirements. Last year, the Village purchased salt under our contract renewal option which did not require the submission of any salt ton amounts. Staff recommends that the Village participate in the CMS competitive bid process scheduled for May or June of 2017.

The salt allocation requests for the previous two seasons 2015-2016 and 2016-2017 were both 4,500 tons at \$59.71 per ton for each of the program years. This salt purchase price expires on June 30th of 2017, with the new bid price becoming effective after the State bid process is complete. According to our current CMS salt contract, the Village will need to take receipt of the final 2016-2017 salt allocation of 3,100 tons (minimum) by June 20, 2017. Unless several snow events occur before the end of this snow season this salt will fill our salt barn to capacity and ensures that the Village is well stocked to handle the beginning of the 2017-2018 snow season. With this scenario, it is staff's recommendation to reduce this year's allocation request to 4,000 tons. Per the CMS agreement, the Village is required to purchase a minimum of 80% of this request (3,200 tons). The Village also has the ability to purchase up to 120% of this request (4,800 tons). Upon receipt of the updated pricing, staff will return to Committee and Board for approval of the vendor and funding required for our 2017-2018 salt purchase.

Yearly, the Illinois Department of Central Management Services sends their Joint Purchasing Requisition close to the required deadline submission date necessitating last minute actions in order to meet this deadline. The re-procurement solicitation/agreement is required to be executed and returned to the State of Illinois by April 1, 2017.

To ensure that the Village is able to participate in the CMS process, the agreement is being forwarded directly to Board and placed on the March 20, 2017 Board agenda for review and approval.

This item is going directly to the Board of Trustees.

BUDGET IMPACT:

The FY17 Budget has sufficient funds in line item 010-5002-462600 for this request.

REQUESTED ACTION:

I move to approve authorizing the Village Manager to execute the Illinois Joint Purchasing Requisition with the Illinois Department of Central Management Services for bulk road salt for the 2017-2018 winter season.

Village Manager
TITLE

MEMORANDUM

TO: Local Governmental Units Authorized to Participate in Joint Purchasing

FROM: Lance Traynor, Strategic Sourcing Manager,
Bureau Of Strategic Sourcing, Commodities & Equipment

DATE: March 01, 2017

SUBJECT: Deadline for Submission of Bulk Rock Salt (Sodium Chloride)
Requirements for the 2017 - 2018 Winter Season

Action Required!

The State of Illinois, Bureau of Strategic Sourcing is planning to solicit bids for highway ice control (bulk rock salt) in May or June of 2017 for the 2017 - 2018 Winter Season.

Additionally, existing contracts (**PSD 4018284, 4018285, and 4018286**) contain a renewal option at the sole option of the State. Therefore, if you are a participant within one of these contracts and if your community's intention is to renew, then this must be identified.

If your unit of government desires to be included in this year's contract re-procurement solicitation, or wishes to renew one of the existing contracts with a renewal option, **you are required to complete the copy of the attached Joint Purchasing Requisition Form** and return it to the Bureau Of Strategic Sourcing no later than **5:00 P.M. April 01, 2017**. Your choice is to "SOLICIT BIDS" or "RENEW" or "not be an active participant" in the State's procurement efforts for the 2017 - 2018 Season. **Note: Timeframe for submission is firm, and will not be extended.**

The "RENEW" Renewal Process - Utilize Table B

If your governmental entity is a participant under one of the following contracts - (**PSD 4018284, 4018285, and 4018286**) - and upon receipt of your stated **desire to RENEW** with your updated tonnage quantity requirements, the State will work to finalize renewal on behalf of your governmental entity. Should you choose to renew, all Terms and Conditions shall remain the same as in the present contract, and you will be able to re-state your desired quantities (with cap on quantity increase not to exceed 20.% more than your past year's quantity). **Complete Table B** (only) to indicate your intent to renew and state your desired quantity requirements.

Note that a **Renewal Option** is **not available** under current contracts (**PSD 4018143, 4018144, 4018145, and 4018146**) and you should **complete Table A** (only) to indicate your intent to participant, and state your quantity requirements for re-establishment of competitively bid new contract(s) for the 2017 - 2018 Season.

The "SOLICIT BIDS" ReBid Procurement Process - Utilize Table A

Should a renewal option not exist, or should you wish to participate in the State's bid process for the 2017 - 2018 Season, complete **Table A** (only) to indicate your intent to participate in the bid process, your minimum purchase requirement, and your desired bid quantities as 100.% of your contract commitment.

The State seeks to combine the needs of hundreds of governmental entities across Illinois into a single bid document in an effort to consolidate buying power, and to make it easier for vendors to respond to the individual needs of those hundreds of communities through a single bid response. Award is to the lowest responsible bidder meeting the terms and conditions of the bid solicitation. A single contract is completed for each vendor for all locations awarded through the competitive process. Thereafter, each governmental unit places its own orders with their vendor in compliance with the contract terms and conditions, and is responsible for direct payment to their contract vendor.

CMS does not set pricing, nor does CMS buy salt for resale. Vendors offer pricing under a competitive bid process, in accordance with the Illinois Procurement Code and Rules and the Illinois Joint Purchasing Act. CMS strives to utilize a consistent approach, to the greatest degree possible, in seeking to achieve a highly competitive bid process.

Anticipated Terms – for the 2017 - 2018 Solicitation

This section applies to those units of government participating in the joint purchase of rock salt contract solicitation. Renewing entities will be governed under the existing contract(s). All participants will be required to abide by the respective contract terms and conditions. The major terms for the upcoming season are expected to be as follows:

1. Rock salt specification shall be in accordance with AASHTO Specification M143, Sodium Chloride Type 1, Grade 1, or an acceptable approved alternate.
2. Quantities shown in the invitation for bid are estimates only. The total ton quantity submitted shall be considered sufficient to service the seasonal needs of the local governmental unit, and may be adjusted as stated herein.
3. The purchase percentage agreement is consistent with last season's bid. We are asking local government to identify their purchase percentage commitment (choose one) on the Requisition Form. (**Table-A Option**)
 - 3.a. When submitting rock salt estimated usage for next winter, local governmental unit shall agree to purchase at least 80.% of the amount; and the vendor shall agree to furnish not less than 120.% of the awarded tonnage amount. (Please make selection on Requisition Form)
 - OR**
 - 3.b. When submitting rock salt estimated usage for next winter, local governmental unit shall agree to purchase at least 100.% of the amount; and the vendor shall agree to furnish not less than 120.% of the awarded tonnage amount. (Please make selection on Requisition Form)
 - 3.c. Each governmental unit is responsible for ensuring that the guaranteed purchase requirement is met before the end of the season (**June 30, 2018**).
4. Each governmental unit shall be responsible for issuing their own purchase orders against the resulting contract.
 - 4.a. **Governmental units are strongly encouraged to order early and to store as much salt as possible in order to help prevent potential salt shortages.** Governmental units need to make every effort to place orders in full truckload quantity of (22 - 25 tons). Requests for a quantity of less than a truckload will not be accepted.

REQUEST FOR ACTION REPORT

File Number: **2017-0183**
Orig. Department: **Public Works Department**
File Name: **IDOT Cultural and Natural Resources Review Form (BDE 2289) - Authorization**

BACKGROUND:

Dyer Construction was recently awarded the Parkview Stage 2 Storm Water Improvement Project. Part of that work involves the construction of a large detention pond in the Evergreen View Park. Judlau Construction is the contractor working for IDOT on the reconstruction of 159th Street. The work on 159th Street requires a large amount of dirt fill. Dyer Construction coordinated an agreement with Judlau Construction to dispose of the excess dirt from the Parkview project within the 159th Street project.

A condition for the use of the dirt within the 159th Street project is a required review of the source area by the Illinois State Archeological Survey (ISAS). IDOT form BDE 2289 provides authorization for the ISAS to access the portion of the Evergreen View Park property which will be the source for the dirt to be used as fill on the 159th Street project. The form also authorizes any artifacts found at the site to remain publicly owned.

The requirement to complete the survey was not anticipated and only became known recently. Dyer Construction anticipated starting work on the project the week of March 20, 2017. In order to meet that timeframe the form needed to be signed and the survey completed. As such, the Village Manager signed the form in advance to ensure construction could move forward in a timely manner.

This form has been reviewed and found acceptable by the Village Attorney.

This item is going directly to The Board of Trustees.

BUDGET IMPACT:

REQUESTED ACTION:

I move to approve authorizing the Interim Village Manager to execute the IDOT Cultural and Natural Resources Review Form (BDE 2289).

REQUEST FOR ACTION REPORT

File Number: **2017-0200**
Orig. Department: **Development Services Department**
File Name: **Letter of Intent with Bradford Real Estate for Main Street Downtown - Parcel E**

BACKGROUND:

The Village of Orland Park has been working with HSA Commercial (Tim Blum) and Bradford Real Estate (Jay Eck) on the terms of the next phase of development in the Main Street Downtown. Agreement on the terms of a Letter of Intent (LOI) between the Village of Orland Park and Bradford has been reached (see attached LOI). A summary of the economic impacts and pro-forma is attached.

In summary, the project entails the construction of a two story, mixed-use building that will be anchored by a second story luxury cinema and restaurant. The first floor will include a mix of specialty retail and restaurant space. The Village will sell parcel "E" to the developer, Bradford. Bradford will own and construct the building and lease to the tenants.

Cinopolis intends to lease the second floor space in the proposed entertainment building from Bradford. The current plan is to construct and operate an 8 screen cinema, with upscale finishes and dine-in service, as well as restaurant and bar service. Cinopolis is a privately held chain of movie theaters started in Mexico, with over 300 locations world wide. Cinopolis USA has 16 locations throughout California, Florida, and the east coast. Cinopolis is entering the Illinois marketplace with a cinema in Arlington Heights and now Orland Park. Please see the attached letter of support from Cinopolis.

Bradford will also build the additional public plaza space, on behalf of the Village of Orland Park. The Village will reimburse Bradford for the cost of the public plaza. The Developer and the Village will work together to finalize the site plan, engineering and building plans for the project. The timeline for completion is 12-18 months; depending on due diligence. The closing date for the sale of the property will be subject to these items being completed.

BUDGET IMPACT:

Please refer to the attached economic and financial pro-forma. Bradford will purchase the property from the Village of Orland Park for \$1 million. The private investment is anticipated to be \$20 million. The direct economic impact to the Village of Orland Park is estimated to be \$9 million through the remaining life of the TIF District.

REQUESTED ACTION:

I move to approve the Letter of Intent between the Village of Orland Park, Illinois and the Bradford Real Estate Company for the development of Parcel E in the Main Street Downtown, and authorize the Village President to execute the Letter of Intent.

**Phase III - Main Street Downtown

Re: Main Street Downtown
Parcel E - Letter of Intent
Orland Park, Illinois

Dear Jay:

As development consultant for the Village of Orland Park, HSA Commercial, Inc. is pleased to present the following proposal for Bradford Real Estate Companies to acquire and develop a parcel within the Main Street Downtown, an approximately 27-acre area located at the northwest corner of 143rd Street and LaGrange Road in the Village of Orland Park, Illinois that is owned or controlled by the Village of Orland Park. Bradford shall construct a two story, approximately 80,000-square-foot, mixed-use building anchored by a Cinepolis movie theater occupying the entire second level with specialty retail and restaurant space on the first level and more specifically described below.

Owner: Village of Orland Park ("VOP")

Purchaser: An affiliate entity of The Bradford Real Estate Companies ("Bradford")

Property: Approximately 1.69 acres depicted as "Parcel E" in "Exhibit A".

Purchase Price: \$1,000,000.00

Terms of Payment: The Purchase Price, inclusive of any earnest money deposit, shall be paid in cash at Closing, plus or minus any customary prorations

Development: Contained within the Property, and at its sole expense, Purchaser will develop an approximately 40,000-square-foot upscale theater, primarily on the second floor with restaurant, office, or retail space on the ground level, the amount of GLA will be mutually agreed upon, but also consistent with market demand (Building"). Subject to market constraints, Bradford and VOP will work together with the goal of developing at least 25,000 square feet on the first floor facing LaGrange Road in a manner that is consistent with the VOP's mixed-use vision for this Building, and any office uses will be on the Ravinia Avenue side of the Building. Additionally, Bradford shall develop the remainder of the Property, inclusive of all site work mutually agreed upon with the VOP within the back of curb of the Property. Development shall be subject to all existing exclusive and easement restrictions that exist within the Main Street Triangle to be further reviewed during Due Diligence.

Purchaser shall assume sole responsibility for the design, entitlement, financing, and construction of the Development. Bradford shall retain VOP's design architect (TOA Design) for the initial base building design

to expedite the entitlement process, as long as TOA's fees are competitive with other design architects in the industry.

Construction Costs:

Notwithstanding the foregoing, Construction Costs in excess of one hundred fifty dollars (\$150) per square foot of the gross building area of the Building shall reduce the Purchase Price dollar-for-dollar up to a maximum reduction of \$1,000,000. Construction Costs shall be defined as those specific costs to deliver the Building in a "warm dark shell" condition as mutually agreed upon and outlined in the Cinepolis required work letter (attached), together with customary site work within 12' of the Building (sidewalk, landscaping, etc.), as well as architectural, engineering, permit, and entitlement fees. Construction Costs shall not include any brokerage commissions or tenant improvements, or allowances payable to prospective tenants of the Development. Prior to Closing, Purchaser and Owner shall review and mutually agree upon the Construction Costs. Purchaser shall use commercially reasonable efforts to reduce Construction Costs by engaging in value engineering with VOP, as well as obtaining construction bids from three general contractors which shall be shared with VOP before awarding any contract.

Development Enhancements:

VOP shall be responsible for reimbursing Purchaser for the cost of constructing any upgrades to the Development unrelated to the base building construction of the Building and associated site work immediately adjacent to the building as described above such as plazas and other amenities. VOP's written consent shall be required for the additional scope and extraordinary site costs.

Delivery of Documents:

Within ten (10) days of the execution of this document, VOP shall deliver to Bradford any information in their possession pertinent to Bradford's due diligence process for the Property including but not limited to title reports and surveys, current tax bills, all physical reports pertaining to the Property, and any environmental studies in VOP's possession.

Due Diligence:

VOP and Bradford agree to work together to expedite the entitlement process and will simultaneously pursue the following activities within THREE HUNDRED SIXTY (360) days from receiving VOP board approval of this document and a fully executed purchase and sale agreement to:

- a. Finalize a lease with the project's anchor tenant
- b. Perform any customary inspections with regard to the environmental condition of the Property
- c. Review title for the Property
- d. Prepare engineering and construction documents for the Development
- e. Receive all necessary entitlements and permits to begin construction of the Development

Notwithstanding the above, upon VOP Board approval, Bradford shall commence with concept drawings and preliminary entitlements.

Delivery Condition: Bradford shall take possession of the Property in its as-is condition which, generally consists of a pad-ready condition, free and clear of all construction debris, with all utilities (water, storm sewer, sanitary sewer, natural gas, electric) stubbed within five (5') feet of the Property. Bradford shall confirm this condition during its Due Diligence. VOP represents that the Property shall be delivered to the Bradford in compliance with all applicable environmental laws, county storm water requirements, and regulations consistent with the development of the intended use of the Property. VOP shall provide Bradford and their lender with an environmental indemnity to be further defined in the purchase and sale agreement.

Parking Structure: VOP shall provide parking for the Property through a common parking structure as depicted in Exhibit A at no cost or expense other than the operational cost of routine maintenance and insurance payable to VOP on a proportional basis as reasonably, but mutually, determined. Use of the structure is subject to an easement agreement with VOP and University of Chicago. Bradford shall confirm the suitability of the parking during Due Diligence. Bradford or its Tenants will have no obligation to reimburse the University of Chicago for their maintenance of common areas

Common Area Costs: Bradford shall be responsible for 100% of all operating costs associated with the Property including real estate taxes, insurance, and maintenance. Additionally, Bradford shall pay a proportionate share of routine maintenance and insurance costs associated with the adjacent parking structure (as described above) as well as a contribution towards adjacent roads. The proportionate share shall be agreed upon, but based on a to-be-determined, but reasonable, proportional basis..

Closing: Thirty (30) days from the satisfaction of the Bradford's Due Diligence

This letter of intent does not include material and substantive business terms that still must be negotiated between both parties and therefore is not intended to be, nor should it be considered, a binding agreement. The terms and conditions set forth herein are subject to final Village of Orland Park Board approval and further mutual negotiation and agreement and are not binding upon any party unless, and until, they are embodied in a final and legally binding mutually acceptable agreement(s) signed by all parties.

Sincerely,

Timothy Blum
Executive Vice President and Managing Director

EXHIBIT A Property Location

March 15, 2017

Mayor Daniel McLaughlin
Village of Orland Park
14700 Ravinia Avenue
Orland Park, Illinois 60462

Dear Mayor McLaughlin,

I am pleased to share with you and the Board of Trustees Cinépolis' desire and intent to become part of the fabric of Orland Park. As you are aware, we have been working with Bradford Real Estate Companies on the proposed site plan and terms of a Letter of Intent (LOI) to open a luxury cinema in Orland Park's Downtown. We share your vision of the Downtown and are impressed with Orland's commitment to this area.

Cinépolis intends to lease the second floor space in the proposed entertainment building from Bradford. The current plan is to construct and operate an 8 screen cinema, with upscale finishes and dine-in service, as well as restaurant and bar service. Cinépolis is a privately-held chain of movie theaters started in Mexico, with over 500 locations world-wide. Cinépolis USA has 16 locations throughout California, Florida and the East Coast. Cinépolis is entering the Illinois marketplace with a cinema in Arlington Heights and now Orland Park.

Cinépolis intends to finalize the deal terms with Bradford and give final approval of the project on April 5, 2017. We look forward to partnering with Bradford and the Village of Orland Park on this project in the coming months.

Sincerely,

A handwritten signature in black ink, appearing to read "Neil Baron", with a long horizontal flourish extending to the right.

Neil Baron
Vice President of Real Estate

Since its inception in the late 80's, Bradford Real Estate has developed more big box retail projects than any other retail developer in the Chicago metropolitan area, making it the leader in retail power centers. The success of Bradford is attributable to many factors – the professionalism, dedication, and entrepreneurial spirit of its team; the integrity, accessibility, and ingenuity devoted to each tenant and project; and its ability to tenaciously approach every detail of development. These factors, combined with the firm's adherence and devotion to the core aspects of retail development, have led to Bradford's solid reputation, its impressive base of repeat tenants, and its unparalleled retail development projects.

Bradford is a privately owned retail development company that invests for its own account as well as in joint venture with landowners and investment partners. Tenants include established retailers such as Mariano's, Menard's, Meijer, Portillo's, Art Van, Jewel, PetsMart, Walgreens, Starbucks, Chipotle, and McDonald's on a repeat basis.

For more than a decade, Bradford has maintained the same core group of professionals, resulting in an ability to recognize the obstacles and complexities of each project and utilize its experience to effectively and creatively execute solutions. As a result, the firm has maintained a consistent and loyal clientele, with many tenants returning for more than one development project. The dedication and professionalism of this team drives the firm's commitment to its valued business relationships, its foundation of integrity and determination, and its entrepreneurial development tradition.

Bradford offers more than a development service to its clients. Landowners, investors, local governments and retailers have access to the many available resources of Bradford, from the team's vast experience and expertise, to its creative problem solving approach and results driven entrepreneurial spirit. The retail developer devotes all of its capabilities, expertise and investment into each aspect of a development project. As such, Bradford owned and joint development projects benefit from the architectural, construction, leasing, mapping, management, legal, and financial resources available through the in-house capabilities of the Bradford team.

Whether collaborating with a landowner, investor, local government, or retailer, Bradford offers insight, creativity, and dedication to each project.

Jay Eck, vice president of Bradford Real Estate, said: "For 30 years, the Bradford team has built an enviable reputation as a leader in retail development in the Midwest. We have persevered through multiple economic cycles, remaining at the forefront of retail trends and leading to completion of multi-faceted, groundbreaking developments. We have worked closely with municipalities on multiple properties in the Midwest, and our repeat ability to deliver a superior final product is a credit to our development expertise, our investment capacity and capability, as well as our joint ability to form strong partnerships with tenants, partners, lenders and other interested parties that are vital to the success of a project such as the Mariano's in Orland Park and now the proposed mixed-use Cinopolis development at Main Street Downtown. We look forward to adding our expertise to the long-term success of Main Street Downtown, which we believe will offer an unrivaled entertainment, dining and living experience for visitors and tenants alike."

REQUEST FOR ACTION REPORT

File Number: **2017-0193**
Orig. Department: **Recreation Department**
File Name: **2017 Musical - Beauty and the Beast**

BACKGROUND:

The annual Orland Park Theatre Troupe musical production, Disney's Beauty and the Beast, will be held March 24 - 26, 2017, at Carl Sandburg High School Performing Arts Center. The rights and royalties were secured in 2016 from Music Theatre International (MTI) in New York. The total cost of the contract included royalty fees to sell tickets on the main floor at Carl Sandburg High School Performing Arts Center. The fees for rights and royalties totaled \$4,790.00.

Due to the popularity of the show, the main floor tickets for the Sunday matinee on March 26 have sold out. With this being the last performance date, staff does not want to turn people away at the door, therefore, staff would like to add the balcony seats to the Sunday performance for an additional royalty expense of \$555.00. Only 35 tickets of the 214 available balcony seats would need to be sold to cover the \$555.00 expense. The contract with MTI is currently at \$4,790.00; with the additional royalty fee for the Sunday balcony seats, the total cost would be \$5,345.00. This production is currently on track to exceed the budgeted revenues for 2017.

This agenda item is being considered by the Parks & Recreation Committee and the Village Board of Trustees meeting on the same night. Village Board approval will be contingent upon receiving an approval recommendation at the Parks & Recreation Committee meeting.

BUDGET IMPACT:

This item will be covered by offsetting revenue from additional ticket sales of the balcony seats at \$14, \$16 or \$18 per ticket.
(Expenditure Account #283-4002-490470).

REQUESTED ACTION:

I move to approve the additional payment of \$555.00 to MTI (total contract fee of \$5345.00) for the additional royalties for balcony seats for the Sunday, March 26, 2017, production of Beauty and the Beast.

REQUEST FOR ACTION REPORT

File Number: **2017-0214**
Orig. Department: **Parks Department**
File Name: **CPAC Tube Slide Vertical Turbine Repair**

BACKGROUND:

The vertical turbine that controls the flow of water for the Lazy River tube slide needs to be repaired prior to the opening of pool season. The turbine shaft is starting to cavitate. Bushings will be replaced with an upgraded material to increase life span. The impeller will either be shaved off, or replaced to reduce the amount of amperage the motor is currently drawing. Staff has received two quotes from vendors that we deal with. Illinois Pump of Rolling Meadows, IL submitted a quote for \$6,486.00 for the repair work. Thomas Pump of Romeoville, IL submitted a quote of \$5,903.00. Staff recommends accepting the lower quote from Thomas Pump of Romeoville IL.

This agenda item is being considered by the Parks & Recreation Committee and the Village Board of Trustees on the same night.

BUDGET IMPACT:

Funds for the repair are available in the 2017 Pool Budget 283-4005-443200

REQUESTED ACTION:

I move to approve the quote from Thomas Pump for an amount not to exceed \$5,903.00 for the CPAC Tube Slide vertical turbine repair.

Scope of Supply: Shop Rebuild Vertical Turbine Pump - Tube/White Slide Pump)

Illinois Pump will provide labor, material, and equipment to...

1. Pump Repair (single stage; ?? ft deep wet well; *open* ft clearance overhead):
 - check all parts to our “rebuild” and factory specifications
 - parts to be replaced:
 - trim impeller to decrease amp draw
 - line shaft & bowl shaft (17-4)
 - lower bowl bearing, upper bowl bearing (vesconite)
 - packing bearing (bronze)
 - stuffing box packing (graphite impregnated)
 - gaskets
 - grade 5 hardware (stainless steel)
 - *if additional parts are needed, see Special Notes*
 - clean & sandblast all surfaces (inside and out)
 - epoxy paint (including interior column pipe)
2. Motor Repair (30 HP):
 - basic continuity test and meg ohm test of insulation to determine if repair is feasible
 - replace bearings & seals
 - inspect, clean, & re-varnish windings
 - clean external surfaces
 - prime & paint
3. *Install, field test, & proper start-up by others*

Estimated Total Cost (as listed above):.....\$6,486.00 Total

Options: (*option pricing is valid when added at the same time as pump rebuild*)

1. Convert pump shaft seal from packing to “maintenance free” mechanical seal = \$2,100 each
2. Installation and start-up support is available, billed at our standard T&M rates

→→→ Please clearly designate Options when entering your order!

End of Scope of Supply.

Tuesday, February 21st. 2017

Page 3 of 3

Special Notes:

- Work Schedule: Pricing of this work is based on completion during regular business hours (07:00AM to 3:00PM). Work can be scheduled at other times at an additional cost.
- Additional Parts: Our experience tells us that as a minimum you will need the parts as outlined above. We will be unable to verify the condition of the internal components until the pump/motor is disassembled in our shop for further inspection. We will notify you in writing before proceeding of the costs for any additional parts that are required for proper repair. Our open door policy invites you to visit our shop at any time during business hours to inspect the condition of your pump.
- Pressure Gauges: Properly functioning gauges must be used to monitor the performance of the pump system and maintain our warranty. We will advise if you we find any faulty gauges.
- Check Valve: A properly functioning check valve is required to maintain our pump warranty. If the existing check valve is not functioning properly at start-up of the rebuilt pump, we will replace it with a new check valve and add this as a separate line item to our invoice.
- Controls & Electrical Connections: We will provide a general inspection of the controls and electrical connections during our service work. Proper controls and electrical connections are required to maintain our warranty. We will advise you if we find any control or electrical issues.
- Parking & Access: The closest, convenient on-site parking, along with clear, clean, and safe access to the equipment during our on-site service is required.
- Extra Labor & Material: Any work or material that is needed beyond what has been described in our proposal will be at additional cost. If additional costs are required, we will notify you before proceeding.

Terms & Conditions:

- Delivery:
 - Approx. 2 weeks (after receipt of signed quote & formal order; subject to prior inventory levels)
- Payment Terms:
 - Net 30 Days from completion date
 - Illinois Pump, Inc. standard terms applies, copy available on request; terms inconsistent with Illinois Pump standard terms and conditions which may appear on purchaser's formal order will not be binding on seller.
- Sales Tax:
 - sales tax IS NOT included in the pricing listed above
 - please provide your tax-exempt certificate with your order
- F.O.B.: Local freight to your site included; factory freight to our shop will be added to your invoice
- Warranty: Illinois Pump, Inc. standard warranty applies, copy available on request
- Validity: Proposal is valid for thirty (30) days

Acceptance of Proposal:

The undersigned is authorized to sign on its company's behalf and hereby accepts this proposal as outlined above, subject to all of the terms and conditions set forth and agree to perform the same.

REQUEST FOR ACTION REPORT

File Number:	2017-0216
Orig. Department:	Parks Department
File Name:	Turf Mowing RFP 17-012

BACKGROUND:

A Request for Proposals for Turf Mowing for years 2017, 2018 and 2019, with the possibility of extending for two (2) additional years, was issued on February 24, 2017. The item closed on March 10, 2017. The Village received twelve proposals. Staff evaluated the proposals and set up interviews with six (6) companies.

The companies granted interviews were Sila Maintenance Inc, Mid America Tree and Landscape, C & T Lawn, Semmer Landscape and Acres Group. Interviews were conducted by a staff team comprised of Parks and Grounds and Public Works representatives. All vendors interviewed were asked a standard set of questions to insure uniformity (apples to apples) responses.

The team considered the ability to complete the work, size and stability of company, cost, and levels of supervision, and responsiveness to complaints. After reviewing the proposals and conducting the interviews, the team is recommending awarding the contract to Semmer Landscape.

Semmer presented very well and in fine detail explained procedures and methods to address issues that may come up. They also would reduce the size of equipment utilized on our sports fields. Alternating mowing patterns at our Parks and buildings will dramatically improve the overall appearance of our properties. Staffing and equipment levels are sufficient to meet the requirements that are needed to accomplish our mowing.

This agenda item is being considered by the Parks & Recreation Committee and the Village Board of Trustees on the same night.

BUDGET IMPACT:

Funds are available for this service and are budgeted in the following accounts;

.....

Streets - \$36,950.00
Storm Water - \$128,850.00
Parks & Grounds - \$312,900.00
Buildings - \$36,530.00
Metra - \$7,440.00

REQUESTED ACTION:

I move to approve the proposal for Turf Mowing from Semmer Landscape for the years 2017, 2018 and 2019 with the possibility of extending the contract for two (2) additional years in an amount not to exceed proposed rates.

REQUEST FOR ACTION REPORT

File Number: **2017-0186**
Orig. Department: **Finance Department**
File Name: **Budget Rollovers - Approval**

BACKGROUND:

A detailed spreadsheet (by fund) of budget rollovers is attached showing a total increase to the fiscal year 2017 budget of \$35,036,809. These budget rollovers are necessary as various projects budgeted in fiscal year 2016 were not completed as of December 31, 2016.

BUDGET IMPACT:

The budget impact is a decrease in expenditures for fiscal year 2016 and an increase in budgeted expenditures for fiscal year 2017.

REQUESTED ACTION:

I move to approve an amendment to the fiscal year 2017 expenditure budget in an amount not to exceed \$35,036,809.

VILLAGE OF ORLAND PARK

REQUEST FOR ACTION REPORT

File Number:	2017-0176
Orig. Department:	Village Manager
File Name:	Intergovernmental Affairs Consultants - Annual Renewals

BACKGROUND:

The Village employs both William M. Filan and Smith Dawson and Andrews, Inc to provide intergovernmental affairs assistance at the state and federal levels respectively. In 2015, with each consultant the Village entered into a one year agreement with automatic annual contract renewals. The agreement with William M. Filan is for \$3,000.00 per month. The agreement with Smith Dawson and Andrews Inc. is for \$3,333.33 per month.

Staff seeks authorization to continue these services in 2017 and to renew annually thereafter.

BUDGET IMPACT:

\$76,000.00 will be charged to 010-0000-432850.

REQUESTED ACTION:

I move to approve the Village Manager to automatically renew an agreement with William Filan of Chicago, IL in the amount of \$36,000.00 and an agreement with Smith Dawson and Andrews, Inc. of Washington D.C. in the amount of \$40,000 to provide intergovernmental affairs services.
