Project Proposal

April 9, 2020

Mr. Ken Dado
Utility Operations Manager
Village of Orland Park
14700 Ravinia Ave.
Orland Park, Illinois 60462

Subject: 2020 PLC Modernization Project

Concentric Project Number: 190565.50

Dear Mr. Dado:

The Village of Orland Park currently manages a water distribution system and sanitary/storm collection system consisting of 25 sites. These sites include seven water towers, three booster stations, one main pumping station, 13 lift stations, and one storm station. Each of these sites are integrated into the Village's SCADA system to provide monitoring and some control. The hardware used at each site is a mixture of GE 90-30 series and VersaMax Series PLCs, various Consolidated Electric controllers, various Horner Electric OCS devices, as well as some other manufacturers. Each of these sites communicate utilizing GE MDS 9810 radios using the unlicensed 900MHz frequency.

The GE 90-30 PLCs reached end of life status in October of 2017. These types of PLCs are currently controlling the main pumping station and the largest booster station on 153rd Street. Since this series of PLC has reached end of life status, the manufacturer no longer supports the hardware and spare parts are only available only through third party sources and may not be available when required due to failure.

The Village experienced a failure late last year when the main component of the main pumping station PLC failed and required the Village to run the station in manual. Concentric was unable to procure a new, sealed box, replacement for the failed component which gave the Village only one option to fix the issue; second-hand remanufactured parts. After attempting to install two different components, the Village was able to continue normal, automated, operation.

Similar to the GE 90-30 PLCs, the various Consolidated Electric and Horner Electric hardware, located at the remaining sites, are no longer supplied and some are obsolete products. While researching the parts that the Village currently uses, it proved to be very difficult to find any supplier that has spare parts available for purchase. The GE MDS 9810 radios are also discontinued and may not provide the bandwidth necessary for future non-PLC based applications (eg. IP-based security cameras).

In addition to the outdated PLC hardware, a number of the lift station sites only provide some status and alarm signals to SCADA with little ability to adjust control parameters (such as pump on/off settings). These sites currently use a pump controller separate from the SCADA PLC which does not allow operators the ability to adjust all control settings from the iFix-based SCADA system. At the main pumping station, operators would like the ability to expand upon the current water pump controls to allow operation using Tower 4 and Tower 10, as a backup. Included in this proposal are provisions for allowing the operator to select which tower is to be used for control and which tower is to be used as a failover.

Concentric Integration is proposing the Village upgrade their existing control hardware at all locations with new hardware from a single manufacturer that has an "Active" lifecycle status on the product line, where spare parts can be readily ordered and procured, and that utilize the same programming and configuration software. Concentric Integration recommends the Village upgrade to Rockwell Automation's Allen-Bradley Logix Platform to match the future main pumping station MCC PLC platform. For lift station sites that have separate stand-alone pump controllers, Concentric proposes the stand-alone pump controllers be removed, and the pump control programming be integrated with the SCADA PLC to provide operators more flexible control options. Concentric also proposes the Village upgrade its existing telemetry infrastructure with a high bandwidth cellular-based solution.

Concentric greatly appreciates the opportunity to propose a solution to improve the Village's current system.

4. Confirm successful program migration through testing of status and control signals and document results using a Field Device Report checkout form.
5. Replace existing GE MDS 9810 radios at each of the 25 sites with new Cisco routers as indicated in the Equipment section of the Scope of Services
6. The new PLC system will continue to utilize the Main Pumping Station as the master polling PLC for the system. At the start of the installation phase of the project, the main pumping station PLC will be temporarily installed alongside the existing GE 90-30 PLC. The temporary installation will serve as the endpoint for each of the new PLC installations to communicate once online. One by one, each site will be transitioned from the old PLC system to the new PLC system.
 - a. Upon completion of all remote sites to the main pumping station, the GE 90-30 PLC will be decommissioned and the new Allen Bradley Controllogix PLC will be installed and started up. During this time, the main pumping station will need to be operated manually until the new PLC is completely installed.

Lift Station and Booster Station Pump Power Monitoring

1. Concentric will install, configure, and integrate Allen Bradley Power Monitor 500's for each pump at each lift station and booster station to provide energy data to the SCADA system as indicated in the Equipment section of the Scope of Services.

Cellular Network Implementation

1. Concentric will be implementing a Verizon Wireless Private Machine-to-Machine network to replace the existing 900MHz network currently being used to communicate to each site's PLC. Concentric has included in this proposal provisions to consult with Verizon and Village IT to properly setup the administrative-side of this new network.
2. Concentric will be subcontracting Kreuger Tower (or other qualified antenna system contractor) to install exterior antennas for the Tower locations. In the past, Concentric has experienced issues with communicating cellular within a water tower structure and recommends this approach, which is included in this proposal.
3. Concentric will be providing an indoor MIMO antenna with built-in diversity at each of the remaining sites.

Win-911 Modifications

1. Concentric will update the existing Win-911 application as necessary to accommodate the new PLC system.
2. Concentric will provide up to 100 additional alarms to the Win-911 system.

Modifications to SCADA Graphics and HMI Application

1. The provided PLC systems will enable the Village to monitor and control more information than in the current system. Concentric will provide graphical updates to the existing iFix HMI system to visualize new monitoring KPIs and control functions.
 - a. Prior to starting software development, Concentric will provide a list of recommended KPIs and control functions to the Village to choose which of the proposed items the Village staff would like Concentric to visualize on the iFix HMI system.
 - b. Prior to completing software development, Concentric will review the modified graphics with the Village and allow up to one round of revisions to the proposed graphics, based on the comments from the Village.

2. Concentric will add the necessary device connections to the existing IGS driver on iFix to connect to the new PLC network.
3. Concentric will add the necessary PLC tags to the iFix HMI system to provide visualization and control functions of the new PLC system.
4. Concentric will not be providing additional trending in the iFix HMI application as part of this project.

Rockwell Historian and FactoryTalk VantagePoint Tasks

1. Concentric will update all necessary existing historian tags to point to the new PLC system.
2. Concentric will discuss with the Village, during an appropriate status meeting, the historical information the Village would like to store as part of the new PLC system that are not currently historized in their current system, as well as what trends the Village would like Concentric to create within the Village's existing VantagePoint system.
3. Concentric will not be providing any additional historian tag licenses as part of this project. Currently, the Village has a 500 tag license. If the Village would like to purchase an additional license to add more tags to the Rockwell Historian, Concentric will provide a quote outside of this proposed Contract.
4. Concentric will modify the existing reports, if necessary, to maintain the existing functionality of the current Vantagepoint reports.
5. Concentric will develop the trends identified in the meeting mentioned above.

Documentation

1. Provide via USB flash drive or via electronic file-share using Microsoft OneDrive or similar, electronic copies of the following:
 - a. Updated network diagram, detailing the modifications of the SCADA network as part of this proposed project
 - b. Signed Field Device Test Reports
 - c. As-Built wiring diagrams, detailing the completed installations at each site
 - d. Router configuration files
 - e. Managed switch configuration files
 - f. PLC programs
 - g. OIT programs

Concentric Assumptions / Customer Responsibilities

1. Customer will assign an initial project manager at the project kickoff meeting.
2. Cellular coverage inside building, in Concentric's experience, is typically suitable for cellular-based communication without the need for an external outdoor antenna. In situations where cellular coverage is not suitable, additional provisions will be quoted outside of this proposal for mounting outdoor antennas.
3. Customer will provide site access for installation, programming, and startup during Customer's normal business hours. Work outside of Customer's normal business hours can be agreed upon as needed, provided Concentric can secure the site(s) upon departure.
4. Customer understands that all existing equipment to remain is assumed to be in good, working order. In the event that any other equipment does not perform as-expected, Concentric will work with the Customer to repair, as-needed, under a separate contract.
5. Customer will dispose of/recycle any removed equipment.
6. Customer understands that software/materials purchased outside Concentric may require regular support, and it will coordinate directly with the manufacturer to identify support costs for future budgeting purposes.
7. Customer understands that Concentric will need to be present onsite for various activities within this contract. Currently, laws require individuals to abide by social distancing directives from the CDC and local government. Concentric will comply with all local ordinances as required and maintain social distancing during work onsite while laws as such are in place.
8. Concentric assumes that the currently active main pumping station MCC project will not interfere with the proposed project.

Project Schedule

Our estimated project schedule will be agreed upon at the project kickoff meeting. Concentric is available to begin work after May 1, 2020 and estimates that this project will take up to one (1) year to complete.

2. Engagement of Consultant: General Service Obligations.

2.1 Engagement of Consultant. Customer hereby engages Consultant, and Consultant hereby accepts such engagement, to provide the Deliverables and perform the system integration and other professional services related thereto as further described in the Signed Acceptance Document (collectively, the "**Services**") in accordance with the Agreement.

2.2 Project Management. Each party shall, throughout the Term of the Agreement, maintain within its organization a project manager to serve as such party's primary point of contact for day-to-day communications, consultation, and decision-making regarding the Services. Each such project manager shall be responsible for providing all day-to-day consents and approvals on behalf of such party under this Agreement. Each party shall ensure its project manager has the requisite organizational authority, skill, experience, and other qualifications to perform in such capacity. If either party's project manager ceases to be employed by such party or such party otherwise wishes to replace its project manager, such party shall promptly name a new project manager by written notice to the other party.

2.3 Changes. Either party may, at any time during the Term of the Agreement, request in writing changes to the Services. The parties shall evaluate and, if agreed, implement all such changes in accordance with a written change order ("Change Order"). In the event that such changes cause an increase in Consultant's fee or time required for performance of any Services, whether or not reflected in any Change Order, an equitable adjustment shall be made and this Agreement shall be modified in writing accordingly. Consultant, in its sole and absolute discretion, may withhold the provision or delivery of any Service or Deliverable for which additional compensation will be charged until its receipt of a Change Order and

written authorization from Customer. No changes will be effective unless and until memorialized in a written Change Order signed by both parties.

2.4 Subcontractors. Consultant may from time to time in its discretion engage third parties to perform the Services (each, a "Subcontractor").

3. Services.

3.1 Services Provided. Consultant will provide to Customer the Services described in the Signed Acceptance Document in accordance with the Agreement. Consultant will use commercially reasonable efforts to meet any performance dates specified in the Signed Acceptance Document, and any such dates are estimates only.

3.2 Third-Party Materials. The System may include or operate in conjunction with Third-Party Materials. If Third-Party Materials are included in or required for use with any of the Deliverables, Consultant will indicate this in the Signed Acceptance Document, or in a subsequent written notice given in accordance with Section 16.3 below, and provide a list of such Third-Party Materials upon request. All Third-Party Materials are provided pursuant to the terms and conditions of the applicable third-party license agreement. Customer shall comply with all such third-party license agreements for which Consultant provides a copy or link, as well as any applicable third-party license agreements which are posted in the "3rd Party Terms" document at www.goconcentric.com/standard-terms.

4. Customer Obligations.

4.1 Customer Resources and Cooperation. Customer shall timely provide such cooperation and assistance as Consultant reasonably requests to enable Consultant to perform the Services in accordance with the Signed Acceptance Document, including any applicable performance dates set forth therein. Without limitation of the foregoing, Customer shall timely:

- (a) perform all obligations identified as customer responsibilities in the Signed Acceptance Document;
- (b) provide the Customer Materials and all such other resources as may be specified in the Signed Acceptance Document;
- (c) provide Consultant Personnel with safe access to Customer's premises, the Core System and suitably qualified personnel;
- (d) ensure the Core System is set up and in working order to allow Consultant to perform the Services and deliver and, where applicable, install each Deliverable in accordance with the Signed Acceptance Document;
- (e) participate through suitably qualified and authorized Customer personnel in such meetings as may be scheduled by either party on at least ten (10) days' prior notice; and
- (f) provide all consents, approvals, notices and other communications as required under this Agreement and, where applicable, as specified in the Signed Acceptance Document.

4.2 Effect of Customer Failure or Delay. Consultant is not responsible or liable for any late delivery or delay or failure of performance caused in whole or in part by Customer's delay in performing, or failure to perform, any of its obligations under this Agreement. In the event of any such delay or failure, Consultant may, in its sole discretion and by written notice to Customer, extend all such performance dates as Consultant deems reasonably necessary and, where applicable, amend the Signed Acceptance Document to reflect such extensions. The foregoing is in addition to, and not in lieu of, all other remedies Consultant may have for any such failure or delay by Customer.

4.3 Non-Solicitation. During the Term of the Agreement and for one (1) year after, Customer shall not, and shall not assist any other Person to, directly or indirectly, recruit or solicit for employment (or engagement as an independent contractor) any Person then or within the prior twelve (12) months employed by Consultant. In the event of a violation of this Section 4.3, Consultant will be entitled to liquidated damages equal to the compensation paid by Consultant to the applicable employee during the prior twelve (12) months.

5. Delivery: Testing and Acceptance.

5.1 Delivery. Consultant will deliver or cause to be delivered or made available to Customer each Deliverable in accordance with the Signed Acceptance Document. Except as otherwise expressly set forth in the Signed Acceptance Document, Consultant will deliver Consultant Software in binary code (object code) only. Customer acknowledges and agrees that Customer has no right or license under this Agreement to receive the source code for any Consultant Software.

5.2 Review and Acceptance. Acceptance of the Deliverables or System will be conducted as follows:

(a) Following delivery of any Deliverables provided for in a Signed Acceptance Document (including where applicable installation of the System), Customer will have fourteen (14) calendar days (the "Review Period") to thoroughly inspect and review the Deliverables and/or System and confirm that the Services have been completed in accordance with the Signed Acceptance Document (the "Project Acceptance Review"). Consultant has the right to observe or participate in all or any part of the Project Acceptance Review.

(b) Promptly upon the completion of the Project Acceptance Review, Customer shall notify Consultant in writing of its acceptance or, solely if the Project Acceptance Review identifies any material failure of the Deliverables or System to conform to the Specifications or perform in accordance with the Documentation (each, a "Nonconformity"), rejection of the Deliverables or System. Customer shall not unreasonably withhold its acceptance and shall include in any rejection notice a reasonably detailed description of the Project Acceptance Review conducted, the results thereof and each identified Nonconformity. The Deliverables or System will be deemed accepted by Customer upon the expiration of the Review Period if Customer has not delivered a notice accepting or rejecting the Deliverables or System prior to such expiration.

(c) Subject to Section 5.2(d), following receipt of a rejection notice, Consultant shall use commercially reasonable efforts to remedy the Nonconformities reported by Customer. Customer shall, at no charge to Consultant, provide all such cooperation and assistance as Consultant may reasonably request to assist Consultant's efforts to remedy Nonconformities. Upon Consultant's notice of its correction of the reported Nonconformities, Customer shall have an additional Review Period to conduct Project Acceptance Reviews to determine whether such Nonconformities have been remedied.

(d) The parties shall repeat the process set forth in Section 5.2(a) through Section 5.2(b) until Customer has accepted the Deliverables or System as set forth in Section 5.2(b), provided, however, if Customer issues more than three (3) rejection notices: (i) Customer may accept the Deliverables or System as nonconforming, in which case the parties agree to mutually negotiate any appropriate reduction in Fees to reflect the impact of the Nonconformities; or (ii) if Customer does not accept the System as nonconforming, either party may terminate this Agreement in accordance with Section 11.2(c) below.

(e) Consultant has the right to dispute, in good faith, Customer's rejection or qualified acceptance of the Deliverables or System by providing written notice to Customer of such dispute within fourteen (14) calendar days after Consultant's receipt of Customer's written notice of such rejection or qualified acceptance, as applicable. Consultant shall specify in the notice of dispute the basis of the dispute in sufficient detail to facilitate investigation by Customer and resolution by the parties. The parties shall first attempt in good faith to promptly resolve the dispute by negotiation and consultation between themselves. If the dispute is not resolved on an informal basis within ten (10) calendar days after Consultant's notice thereof, the parties shall seek to resolve the dispute pursuant to Section 11.5. Pending the resolution of such dispute, Consultant will have no obligation to correct any alleged Nonconformity or repair or replace any Deliverables.

This Section 5.2 sets forth Consultant's sole obligations and Customer's exclusive remedies for any failure of the Deliverables or System to conform to the Specifications or perform in accordance with the Documentation.

6. Maintenance and Support. During the Warranty Period, Consultant will provide to Customer System maintenance and support services as part of the Services and without additional charge.

7. Fees; Payment Terms.

7.1 Fees. Customer shall pay to Consultant the fees set forth in the Specification and Signed Acceptance Document ("Fees").

7.2 Time and Materials. Where the Services are provided on a time and materials basis:

- (a) the Fees payable for the Services shall be calculated in accordance with Consultant's hourly fee rates for the Consultant Personnel set forth in the Specification and Signed Acceptance Document; and
- (b) Consultant will issue invoices to Customer monthly in arrears for its Fees for time for the immediately preceding month, calculated as provided in this Section 7.2, together with a breakdown of any Reimbursable Expenses incurred during that period.

7.3 Fixed Price. Where Services are provided for a fixed price, the total Fees for the Services shall be the amount set out in the Specification and Signed Acceptance Document. The total Fees shall be paid to Consultant in installments as set out in the Specification and Signed Acceptance Document together with Customer's payment of any Reimbursable Expenses incurred by Consultant during the installment period. At the end of a period for which an installment is due under the Specification and Signed Acceptance Document, Consultant will issue invoices to Customer for the Fees and Reimbursable Expenses that are then payable for that period.

7.4 Reimbursable Expenses. Customer shall reimburse Consultant for all travel and out-of-pocket expenses incurred by Consultant in connection with performing the Services ("Reimbursable Expenses").

7.5 Fee Increases. The parties agree that for Services provided on a time and materials basis, Consultant may increase its standard fee rates specified in the Specification and Signed Acceptance Document upon ninety (90) days prior written notice to Customer.

7.6 Payment Terms. Customer shall pay all Fees and Reimbursable Expenses on or prior to the due date therefor set forth in the Specification and Signed Acceptance Document or, where the Specification and Signed Acceptance Document does not specify such date, within thirty (30) days after the date of Consultant's invoice therefor. Customer shall make payments to the address or account specified in the Specification and Signed Acceptance Document or such other address or account as is specified by Consultant in writing from time to time.

7.7 Late Payment. If Customer fails to make any payment when due then, in addition to all other remedies that may be available:

- (a) Consultant may charge interest on the past due amount at the rate of 1.5% per month calculated daily and compounded monthly or, if lower, the highest rate permitted under applicable Law;
- (b) Customer shall reimburse Consultant for all costs incurred by Consultant in collecting any late payments or interest, including attorneys' fees, court costs and collection agency fees; and
- (c) if such failure continues for ten (10) calendar days following written notice thereof, Consultant may suspend performance of the Services until all past due amounts and interest thereon have been paid, without incurring any obligation or liability to Customer or any other Person by reason of such suspension. When such default is cured by Customer, the amount to be paid for the scope of work will be equitably increased to account for Consultant's damages arising from such suspension (including without limitation demobilization and remobilization expenses and increased costs of performance) and the time for Consultant to complete the scope of work will be equitably extended to account for such suspension.

7.8 Taxes. All Fees and other amounts payable by Customer under this Agreement are exclusive of taxes and similar assessments. Customer is responsible for all sales, use and excise taxes, and any other similar taxes, duties and charges of any kind imposed by any federal, state or local governmental or regulatory authority on any amounts payable by Customer hereunder, other than any taxes imposed on Consultant's income.

7.9 No Deduction or Setoff. Customer shall pay all amounts due under this Agreement without setoff, deduction, recoupment or withholding of any kind for amounts owed or payable by Consultant whether under this Agreement, applicable Law or otherwise and whether relating to Consultant's breach, bankruptcy or otherwise.

7.10 Prompt Payment Laws. In the event of a conflict between the provisions of this Section 7 and any applicable "prompt payment" laws or regulations within the State of Illinois, including without limitation the Local Government Prompt Payment Act, 50 ILCS 505/1 and the Contractor Prompt Payment Act, 815 ILCS 603/1 (collectively the "Illinois Prompt

Payment Laws”), the provisions of the Prompt Payment Laws shall control. Consultant shall have all remedies that may be available at law, in equity, or otherwise with respect to Customer’s payment obligations hereunder and pursuant to the Illinois Prompt Payment Laws.

8. Intellectual Property Rights. The following provisions shall govern all Intellectual Property Rights which may arise in the course of performing this Agreement.

8.1 Consultant Materials. All right, title, and interest in and to (a) the Consultant Materials and (b) all works, inventions and other subject matter incorporating, based on or derived from any Consultant Materials, including all customizations, enhancements, improvements and other modifications thereof (collectively, “Derivatives”), in each case (subclause (a) and subclause (b)) by whomsoever made and including all Intellectual Property Rights therein, are and will remain, as appropriate, with Consultant. Customer has no right or license with respect to any Consultant Materials or Derivatives except as expressly licensed under Section 9.1, in each case subject to Section 9.2. Consultant expressly reserves all other rights in and to the Consultant Materials and Derivatives. If Customer permits any third party to access or modify the Consultant Materials, Customer must do so pursuant to a written agreement that: (i) prohibits such third party from using, disclosing or distributing the Consultant Materials for any purpose other than as reasonably necessary to facilitate Customer’s internal use of the Deliverables provided hereunder; and (ii) prohibits such third party from removing, obscuring or altering any legal notices or copyright management information included in or upon the Consultant Materials; and (iii) states that such third party shall not disassemble, decompile or “unlock”, decode or otherwise reverse translate or engineer, or attempt in any manner to reconstruct or discover any source code or underlying algorithms of the Consultant Materials. Customer acknowledges that permitting a third party to modify the Consultant Materials shall void the warranty set forth in Section 12 below.

8.2 Customer Materials. As between the parties, Customer is and will remain the sole and exclusive owner of all right, title, and interest in and to the Customer Materials, including all Intellectual Property Rights therein, subject only to the license granted under Section 9.3. Customer expressly reserve all other rights in and to the Customer Materials.

8.3 Third-Party Materials. All right, title, and interest in and to the Third-Party Materials, including all Intellectual Property Rights therein, are and will remain with their respective third-party rights holders subject to the terms and conditions of the applicable third-party license agreements. Customer has no right or license with respect to any Third-Party Materials except as expressly licensed under such third-party license agreements.

(a) Reseller Products. In some cases, Consultant or its affiliated entities will act as a reseller of Third-Party Materials, which are referred to as “Reseller Products” for convenience. Customer acknowledges that Consultant may receive compensation in the form of a commission or profit share in connection with Reseller Products. All Reseller Products are warranted solely by the original manufacturer’s warranty. Customer will be deemed to contract directly with the licensor or seller of any Reseller Products, and will be directly responsible for complying with any license, end user license agreement, or other terms and conditions associated with Reseller Products.

(b) Licensed Embedded Products. “Licensed Embedded Products” means any software component that is provided by Consultant from a licensed development platform utilized by Consultant. Regarding all Licensed Embedded Products, Customer will be deemed an authorized end user, and Consultant grants Customer a royalty-free, fully paid-up, non-exclusive right and license to use and execute the Licensed Embedded Products as part of the Consultant Materials and Deliverables provided hereunder or in the future. With respect to all Licensed Embedded Products, Customer agrees: (i) Customer is prohibited from distribution of the Licensed Embedded Products; (ii) all Licensed Embedded Products are warranted solely by the original manufacturer’s warranty; (iii) any and all liability of Licensed Embedded Product licensors and suppliers shall be limited to the maximum extent permitted by applicable law; and (iv) Customer may not attempt to disassemble, decompile or “unlock”, decode or otherwise reverse translate or engineer, or attempt in any manner to reconstruct or discover any source code or underlying algorithms of the Licensed Embedded Products. Customer agrees to review and comply with any other terms and conditions associated with Licensed Embedded Products which are posted from time to time in the “3rd Party Terms” document at www.goconcentric.com/standard-terms.

(c) Open Source Products. “Open Source Products” means any software component that is subject to any open-source copyright license agreement, including any GNU General Public License or GNU Library or Lesser Public License,

or other license agreement that substantially conforms to the Open Source Definition as prescribed by the Open Source Initiative or otherwise may require disclosure or licensing to any third party of any source code with which such software component is used or compiled. Consultant will identify any Open Source Products which are incorporated into the Consultant Materials and post or link to the applicable license agreement associated with any such Open Source Products on its website. Customer acknowledges that it has access to such information and a duty to read and comply with the applicable license agreements.

(d) No Third-Party Materials Representations or Warranties. Customer's remedies with respect to all Third-Party Materials will be limited to whatever recourse may be available against the applicable licensor thereof. Without limiting the generality of the foregoing, wherever Consultant may agree to provide configuration, installation, or deployment services relating to any Third-Party Materials, any warranties of Consultant relate to and are applicable to Consultant's Services only, not to Third-Party Materials. CONSULTANT MAKES NO REPRESENTATIONS, EXPRESS, IMPLIED OR OTHERWISE, REGARDING ANY THIRD-PARTY MATERIALS. CUSTOMER EXPRESSLY ACKNOWLEDGES AND AGREES THAT ITS USE OF THIRD-PARTY MATERIALS IS AT CUSTOMER'S SOLE RISK AND THAT THIRD-PARTY MATERIALS ARE RECOMMENDED BY CONSULTANT "AS IS" AND WITHOUT WARRANTY OF ANY KIND FROM CONSULTANT INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT.

9. Licenses.

9.1 Consultant License. Subject to and conditioned upon Customer's payment of the Fees and compliance with Section 9.2 and all other applicable provisions of this Agreement, Consultant hereby grants to Customer a fully paid-up and royalty-free, non-transferable, non-sublicensable license exercisable in perpetuity, solely: (a) to install, operate, and use the System (including Consultant Software in object code only) for the Permitted Use in the Core System at the Designated Site(s) in accordance with the Documentation; and (b) to use the Documentation and other Deliverables in connection therewith.

9.2 Consultant License Restrictions. Customer shall not, and shall not permit any other Person to, access or use any Consultant Materials except as expressly permitted by this Agreement. For purposes of clarity and without limiting the generality of the foregoing, with respect to all Consultant Materials, Customer shall not, except as this Agreement expressly permits:

- (a) copy, modify or create derivative works or improvements of the Consultant Materials;
- (b) rent, lease, lend, sell, sublicense, assign, distribute, publish, transfer or otherwise make available the Consultant Materials to any other Person, including through or in connection with any time-sharing, service bureau, software as a service, cloud or other technology or service;
- (c) reverse engineer, disassemble, decompile, decode or otherwise attempt to derive or gain access to the source code of the Consultant Materials or any part thereof;
- (d) remove, delete, alter or obscure any trademarks or any copyright, trademark, patent or other intellectual property or proprietary rights notices from any Consultant Materials, including any copy thereof;
- (e) use any Consultant Materials in a manner or for any purpose that infringes, misappropriates, or otherwise violates any Law or Intellectual Property Right;
- (f) use the Consultant Materials for purposes of competitive analysis of the System, the development of a competing system, product or service, or any other purpose that is to Consultant's commercial disadvantage;
- (g) use any Consultant Materials in, or in association with, the design, construction, maintenance or operation of any hazardous environments, systems, or applications; or,
- (h) otherwise use the Consultant Materials beyond the scope of the license granted under Section 9.1.

9.3 Customer Materials License. Customer hereby grants to Consultant a fully paid-up and royalty-free, non-exclusive right and license to use, reproduce, perform, display, distribute, modify, and create derivative works and improvements of the Customer Materials to perform the Services or to further develop and improve the Consultant Materials

as necessary or desirable to perform the Services. This license commences upon Customer's first delivery of Customer Materials to Consultant and is irrevocable and perpetual.

10. Confidentiality.

10.1 Confidential Information. In connection with this Agreement, each party (as the "Disclosing Party") may disclose or make available Confidential Information to the other party (as the "Receiving Party"). Subject to Section 10.2, "Confidential Information" means information in any form or medium (whether oral, written, electronic, or other) that the Disclosing Party considers confidential or proprietary, including information consisting of or relating to the Disclosing Party's technology, trade secrets, know-how, business operations, plans, strategies, customers, and pricing, and information with respect to which the Disclosing Party has contractual or other confidentiality obligations, whether or not marked, designated or otherwise identified as "confidential". Without limiting the foregoing, the Consultant Materials are the Confidential Information of Consultant.

10.2 Exclusions. Confidential Information does not include information that: (a) was rightfully known to the Receiving Party without restriction on use or disclosure prior to such information's being disclosed or made available to the Receiving Party in connection with this Agreement; (b) was or becomes generally known by the public other than by the Receiving Party's or any of its Representatives' noncompliance with this Agreement; (c) was or is received by the Receiving Party on a non-confidential basis from a third party that was not or is not, at the time of such receipt, under any obligation to maintain its confidentiality; or (d) the Receiving Party can demonstrate by written or other documentary records was or is independently developed by the Receiving Party without reference to or use of any Confidential Information.

10.3 Protection of Confidential Information. As a condition to being provided with any disclosure of or access to Confidential Information, the Receiving Party shall:

(a) not access or use Confidential Information other than as necessary to exercise its rights or perform its obligations under and in accordance with this Agreement;

(b) except as may be permitted by and subject to its compliance with Section 10.4, not disclose or permit access to Confidential Information other than to its Representatives who: (i) need to know such Confidential Information for purposes of the Receiving Party's exercise of its rights or performance of its obligations under and in accordance with this Agreement; (ii) have been informed of the confidential nature of the Confidential Information and the Receiving Party's obligations under this Section 10.3; and (iii) are bound by written confidentiality and restricted use obligations at least as protective of the Confidential Information as set forth in this Section 10.3.

If the Receiving Party or any of its Representatives is compelled by applicable Law to disclose any Confidential Information then, to the extent permitted by applicable Law, the Receiving Party shall: (a) promptly, and prior to such disclosure, notify the Disclosing Party in writing of such requirement so that the Disclosing Party can seek a protective order or other remedy, or waive its rights under Section 10.3; and (b) provide reasonable assistance to the Disclosing Party in opposing such disclosure or seeking a protective order or other limitations on disclosure. If the Disclosing Party waives compliance or, after providing the notice and assistance required under this Section 10.4, the Receiving Party remains required by Law to disclose any Confidential Information, the Receiving Party shall disclose only that portion of the Confidential Information that the Receiving Party is legally required to disclose.

11. Term and Termination.

11.1 Term. The term of this Agreement commences as of the Effective Date and, unless terminated earlier pursuant to any of the Agreement's express provisions, will continue in effect until the parties have performed their obligations under the Signed Acceptance Document ("Term").

11.2 Termination. In addition to any other express termination right set forth elsewhere in this Agreement:

(a) Consultant may terminate this Agreement, effective on written notice to Customer, if: (i) Customer fails to pay any amount when due hereunder, and such failure continues more than ten (10) calendar days after Consultant's delivery of written notice thereof; (ii) there have been three (3) or more such payment failures in the preceding twelve (12) month period, regardless of whether any such failures were timely cured; or (iii) Customer breaches any of its obligations under Section 9.2 (License Restrictions) or Section 10 (Confidentiality).

(b) Either party may terminate this Agreement effective on written notice to the other party if the other party materially breaches this Agreement through no fault of the terminating party, and such breach: (i) is incapable of cure; or (ii) being capable of cure, remains uncured thirty (30) calendar days after the non-breaching party provides the breaching party with written notice of such breach.

(c) If the System cannot be installed and made fully operational, and either party reasonably determines that the System cannot be made to function properly, such party may terminate this Agreement upon written notice to the other party. In the event of such termination, all Fees accrued through the date of termination shall be due upon such termination.

(d) Either party may terminate this Agreement, effective immediately, if the other party: (i) is dissolved or liquidated or takes any corporate action for such purpose; (ii) becomes insolvent or is generally unable to pay, or fails to pay, its debts as they become due; (iii) files or has filed against it a petition for voluntary or involuntary bankruptcy or otherwise becomes subject, voluntarily or involuntarily, to any proceeding under any domestic or foreign bankruptcy or insolvency Law; (iv) makes or seeks to make a general assignment for the benefit of its creditors; or (v) applies for or has appointed a receiver, trustee, custodian, or similar agent appointed by order of any court of competent jurisdiction to take charge of or sell any material portion of its property or business.

11.3 Effect of Termination Pursuant to Section 11.2. Upon any expiration or termination of this Agreement:

(a) Consultant shall immediately cease all use of and within five (5) days deliver to Customer, or, if return is impractical, shall destroy, all documents and tangible materials containing, reflecting, incorporating or based on the Customer Materials or Customer's Confidential Information; provided, however, that Consultant may retain one archival copy of the Customer Materials and Customer's Confidential Information to the extent Consultant requires or will require such Customer Materials or Confidential Information to meet its internal recordkeeping requirements or perform any of its obligations or exercise any of its rights or licenses under any surviving provisions of this Agreement.

(b) Customer shall (i) immediately cease all use of and within five (5) days deliver to Consultant, or at Consultant's written request destroy, all documents and tangible materials containing, reflecting, incorporating, or based on the Consultant Materials or Consultant's other Confidential Information; and (ii) permanently erase the Consultant Materials and Consultant's other Confidential Information from its computer systems, except, in each case, to the extent that Customer requires or will require such Consultant Materials or Consultant's Confidential Information to perform any of its obligations or exercise any of its rights or licenses under any surviving provisions of this Agreement.

(c) If Customer terminates this Agreement pursuant to Sections 11.2(b) or (c), Customer will be relieved of any obligation to pay any Fees hereunder for Services and Deliverables that Consultant has not provided as of the effective date of termination and Consultant will refund to Customer Fees paid in advance for such Services and Deliverables.

(d) If Consultant terminates this Agreement pursuant to Sections 11.2(a), (b), or (c), Customer shall pay all previously-accrued but not yet paid Fees and Reimbursable Expenses through the effective date of termination, on receipt of Consultant's invoice therefor.

(e) If Consultant terminates this Agreement, all licenses granted to Customer under this Agreement will also automatically and immediately terminate on the effective date of such termination.

(f) Customer shall certify to Consultant in a notarized written instrument signed by Customer's duly authorized executive officer that it has complied with the requirements of this Section 11.3.

11.4 Surviving Provisions. The provisions set forth in the following Sections, and any other right or obligation of the parties in this Agreement that, by its nature, should survive termination or expiration of this Agreement, will survive any

expiration or termination of this Agreement: Section 8, Section 9.1, Section 9.2, Section 9.3, Section 10, Section 11.3, this Section 11.4, Section 12, Section 13, Section 14, Section 15, and Section 16.

11.5 Dispute Resolution. Any dispute arising out of or relating to this Agreement, including the alleged breach, termination, validity, interpretation and performance thereof ("Dispute") shall be resolved with the following procedures:

(a) Negotiation. Upon written notice of any Dispute, the parties shall attempt to resolve it promptly by negotiation between executives who have authority to settle the Dispute and this process should be completed within thirty (30) calendar days (the "Negotiation").

(b) Mediation. If the dispute has not been resolved by negotiation in accordance with Section 11.5(a), then the parties shall proceed to mediation unless the parties at the time of the dispute agree to a different timeframe. A "Notice of Mediation" shall be served, signifying that the Negotiation was not successful and to commence the mediation process. The parties shall agree on a mediator; however, if they cannot agree within fourteen (14) calendar days then Customer and Consultant shall each select a mediator and such mediators shall together unanimously select a neutral mediator who shall conduct the mediation. The mediation session shall be held within forty-five (45) days of the retention of the mediator, and last for at least one (1) full mediation day, before any party has the option to withdraw from the process. The parties may agree to continue the mediation process beyond one (1) day, until there is a settlement agreement, or the mediator states that there is no reason to continue because of an impasse that cannot be overcome and sends a "notice of termination of mediation." All reasonable efforts will be made to complete the mediation within thirty (30) days of the first mediation session.

During the course of the mediation, no party can assert the failure to fully comply with Section 11.5(a) as a reason not to proceed or to delay the mediation. The service of the Notice of Mediation shall stay the running of any applicable statute of limitations regarding the Dispute until thirty (30) days after the parties agree that the mediation is concluded or the mediator issues a Notice of Impasse. Each side shall bear an equal share of the mediation costs unless the parties agree otherwise.

All communications, both written and oral, during the parties' efforts under Sections 11.5(a) and 11.5(b) are confidential and shall be treated as settlement negotiations for purposes of applicable rules of evidence; however, documents generated in the ordinary course of business prior to the Dispute, that would otherwise be discoverable, do not become confidential simply because they are used in the Negotiation and/or Mediation process. The process shall be confidential based on terms acceptable to the mediator and/or mediation service provider.

12. Representations and Warranties.

12.1 Mutual Representations and Warranties. Each party represents and warrants to the other party that:

(a) it is a duly organized, validly existing, and in good standing as a corporation or other entity under the Laws of the jurisdiction of its incorporation or other organization;

(i) Consultant shall use commercially reasonable efforts to cure such breach by either the repair or replacement of the defective Consultant Material without cost to the Customer, provided that Customer had not altered the System in any way and has maintained the System in accordance with Consultant's recommendations; further provided that, if Consultant cannot cure such breach within a reasonable time (but no more than sixty (60) days) after Customer's written notice of such breach, either party may, at its option, terminate the Agreement effective immediately upon written notice to the other party.

(ii) Consultant shall not be in breach of its warranty under this Section 12.2(b), and the foregoing remedy shall not be available, unless Customer provides written notice of such breach within twenty (20) calendar days of its discovery of such defect or failure and in no event later than twelve (12) months after Customer's acceptance or deemed acceptance of the System.

(iii) In no event will Consultant be responsible for (a) any modifications to any Consultant Materials or Deliverables made by anyone other than Consultant; (b) damages caused by misuse, improper operation, or improper or insufficient maintenance of any Consultant Materials or Deliverables; (c) normal wear and tear; (d) any data loss or corruption or personal information data breach; or (e) any alleged defects in any Consultant Materials or Deliverables that arise from Consultant's compliance with designs or other criteria or requirements provided by or through Customer.

(c) Any claim arising out of or in connection with this Agreement or its subject matter must be filed within twelve (12) months after the Customer's acceptance or deemed acceptance of the System or be permanently barred.

12.3 Additional Customer Representations and Warranties. Customer represents, warrants, and covenants to Consultant that Customer owns or otherwise has and will have the necessary rights and consents in and relating to the Customer Materials so that, as received by Consultant and used in accordance with this Agreement, they do not and will not infringe, misappropriate or otherwise violate any Intellectual Property Rights of any third party or violate any applicable Law.

ALL THIRD-PARTY MATERIALS ARE PROVIDED "AS IS" AND ANY REPRESENTATION OR WARRANTY OF OR CONCERNING ANY THIRD-PARTY MATERIALS IS STRICTLY BETWEEN CUSTOMER AND THE THIRD-PARTY OWNER OR DISTRIBUTOR OF THE THIRD-PARTY MATERIALS.

\$5,000,000 aggregate

Automobile Liability: \$1,000,000 combined single limit

14. Limitations of Liability.

14.1 EXCLUSION OF DAMAGES. IN NO EVENT WILL CONSULTANT OR ANY OF ITS LICENSORS, SERVICE PROVIDERS OR SUPPLIERS BE LIABLE UNDER OR IN CONNECTION WITH THIS AGREEMENT OR ITS SUBJECT MATTER UNDER ANY LEGAL OR EQUITABLE THEORY, INCLUDING BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, AND OTHERWISE, FOR ANY: (a) LOSS OF PRODUCTION, USE, BUSINESS, REVENUE, OR PROFIT OR LOSS OF DATA OR DIMINUTION IN VALUE; (b) USE, QUALITY, OR PERFORMANCE OF THE SYSTEM, SYSTEM COMPONENTS, OR OTHER DELIVERABLES OTHER THAN AS EXPRESSLY SPECIFIED IN THE SPECIFICATIONS, DOCUMENTATION, OR THIS AGREEMENT, INCLUDING ANY INABILITY TO USE OR NON-PERFORMANCE OF THE SYSTEM, IN WHOLE OR IN PART; OR (c) CONSEQUENTIAL, INCIDENTAL, INDIRECT, EXEMPLARY, SPECIAL, ENHANCED, OR PUNITIVE DAMAGES, IN EACH CASE REGARDLESS OF WHETHER SUCH PERSONS WERE ADVISED OF THE POSSIBILITY OF SUCH LOSSES OR DAMAGES OR SUCH LOSSES OR DAMAGES WERE OTHERWISE FORESEEABLE, AND NOTWITHSTANDING THE FAILURE OF ANY AGREED OR OTHER REMEDY OF ITS ESSENTIAL PURPOSE.

14.2 CAP ON MONETARY LIABILITY. IN NO EVENT WILL THE COLLECTIVE AGGREGATE LIABILITY OF CONSULTANT AND ITS LICENSORS, SUBCONTRACTORS, SERVICE PROVIDERS AND SUPPLIERS UNDER OR IN CONNECTION WITH THIS AGREEMENT OR ITS SUBJECT MATTER, UNDER ANY LEGAL OR EQUITABLE THEORY, INCLUDING BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY AND OTHERWISE, EXCEED THE FOLLOWING (WHICHEVER IS GREATER): (A) THE AMOUNT PAID BY CUSTOMER TO CONSULTANT PURSUANT TO THIS AGREEMENT IN THE TWELVE (12) MONTH PERIOD PRECEDING THE EVENT GIVING RISE TO THE CLAIM; OR, (B) IF THE COLLECTIVE AGGREGATE LIABILITY IS INSURED IN WHOLE OR IN PART, THE AGGREGATE AMOUNT RECOVERED BY CONSULTANT FROM ANY INSURERS OF THE LIABILITY. THE FOREGOING LIMITATION APPLIES NOTWITHSTANDING THE FAILURE OF ANY AGREED OR OTHER REMEDY OF ITS ESSENTIAL PURPOSE.

14.3 Customer acknowledges and agrees that the parties entered into the Agreement in reliance upon the limitations of liability set forth in Section 14, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties.

15. Force Majeure. In no event will either party be liable or responsible to the other party, or be deemed to have defaulted under or breached this Agreement, for any failure or delay in fulfilling or performing any portion of this Agreement, (except for any confidentiality or payment obligations), when and to the extent such failure or delay is caused by any circumstances beyond such party's reasonable control (a "Force Majeure Event"), including acts of God, flood, fire, lightning, earthquake or explosion, war, terrorism, invasion, riot or other civil unrest, embargoes or blockades in effect on or after the date of this Agreement, national or regional emergency, strikes, labor stoppages or slowdowns or other industrial disturbances, passage of Law or any action taken by a governmental or public authority, including imposing an embargo, export or import restriction, quota, or other restriction or prohibition or any complete or partial government shutdown, or national or regional shortage of adequate power or telecommunications or transportation. Either party may terminate this Agreement if a Force Majeure Event continues substantially uninterrupted for a period of thirty (30) calendar days or more. In the event of any failure or delay caused by a Force Majeure Event, the affected party shall give prompt notice to the other party, stating the period of time the occurrence is expected to continue and use diligent efforts to end the failure or delay and minimize the effects of such Force Majeure Event.

16. Miscellaneous.

16.1 Further Assurances. Upon a party's reasonable request, the other party shall, at the requesting party's sole cost and expense, execute and deliver all such documents and instruments, and take all such further actions, necessary to give full effect to this Agreement.

16.2 Relationship of the Parties. The relationship between the parties is that of independent contractors. Nothing contained in this Agreement shall be construed as creating any agency, partnership, joint venture, or other form of joint enterprise, employment, or fiduciary relationship between the parties, and neither party shall have authority to contract for or bind the other party in any manner whatsoever.

16.3 Notices. All notices, requests, consents, claims, demands, waivers, and other communications under this Agreement have binding legal effect only if in writing and addressed to a party as follows (or to such other address or such other person that such party may designate from time to time in accordance with this Section 16.3):

Any exhibits, attachments, and riders referred to herein are an integral part of this Agreement to the same extent as if they were set forth verbatim herein. The headings in this Agreement are for reference only and do not affect the interpretation of this Agreement.

16.5 Entire Agreement; Amendment and Modification; Waiver. This Agreement, together with any other documents incorporated herein by reference, constitutes the sole and entire agreement of the parties with respect to the subject matter of this Agreement and supersedes all prior and contemporaneous understandings, agreements, representations and warranties, both written and oral, with respect to such subject matter. No amendment to or modification of this Agreement is effective unless it is in writing and signed by each party. No waiver by any party of any of the provisions hereof shall be effective unless explicitly set forth in writing and signed by the party so waiving. Except as otherwise set forth in this Agreement, no failure to exercise, or delay in exercising, any rights, remedy, power, or privilege arising from this Agreement shall operate or be construed as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power, or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power, or privilege

16.6 Assignment. Customer shall not assign or otherwise transfer any of its rights, or delegate or otherwise transfer any of its obligations or performance, under this Agreement, in each case whether voluntarily, involuntarily, by operation of law, or otherwise, without Consultant's prior written consent. No delegation or other transfer will relieve Customer of any of its obligations or performance under this Agreement. Any purported assignment, delegation, or transfer in violation of this Section 16.6 is void. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective permitted successors and assigns.

16.7 No Third-Party Beneficiaries. This Agreement is for the sole benefit of the parties hereto and their respective permitted successors and permitted assigns and nothing herein, express or implied, is intended to or shall confer upon any other Person any legal or equitable right, benefit, or remedy of any nature whatsoever, under or by reason of this Agreement.

16.8 Severability. If any provision of this Agreement is invalid, illegal, or unenforceable in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provision of this Agreement or invalidate or render unenforceable such provision in any other jurisdiction. Upon such determination that any provision is invalid, illegal, or unenforceable, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of

the parties as closely as possible in a mutually acceptable manner in order that the transactions contemplated hereby be consummated as originally contemplated to the greatest extent possible.

16.9 Governing Law; Submission to Jurisdiction. Any legal suit, action or proceeding arising out of or related to this Agreement or its subject matter shall be instituted exclusively in the federal courts of the United States or the courts of the State of Illinois in each case located in or having jurisdiction over McHenry County, Illinois, and each party irrevocably submits to the exclusive jurisdiction of such courts in any such suit, action, or proceeding. Service of process, summons, notice, or other document by mail to such party's address set forth herein shall be effective service of process for any suit, action, or other proceeding brought in any such court.

16.10 Waiver of Jury Trial. EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY THAT MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES AND, THEREFORE, EACH SUCH PARTY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LEGAL ACTION ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

16.11 Equitable Relief. Each party acknowledges and agrees that a breach or threatened breach by such party of any of its obligations under Sections 8, 9, or 10, would cause the other party irreparable harm for which monetary damages would not be an adequate remedy and agrees that, in the event of such breach or threatened breach, the other party shall not be required to submit itself to the Dispute Resolution process set forth in Section 11.5 and will be entitled to equitable relief, including a restraining order, an injunction, specific performance, and any other relief that may be available from any court, without any requirement to post a bond or other security, or to prove actual damages or that monetary damages are not an adequate remedy. Such remedies are not exclusive and are in addition to all other remedies that may be available at law, in equity, or otherwise.

16.12 Counterparts. This Agreement may be executed in counterparts, each of which is deemed an original, but all of which together are deemed to be one and the same agreement. A signed copy of the Agreement delivered by facsimile, e-mail, or other means of electronic transmission is deemed to have the same legal effect as delivery of an original signed copy of this Agreement.
