2018-0727 El Mezcal - Special Use

Presentation by Turley, made in accordance with written staff report dated December 6, 2018 (refer to audio 7:55-18:53).

Commissioners, staff and petitioner discussed where new seating would be, parking and traffic flow. A condition was added stating that the petitioner must install a "Do Not Enter"/ "One Way Only" at the north-east corner where the circular drive meets the Orland Crossing property driveway connection.

A motion was made by Commissioner Aubin, seconded by Chairman Parisi, to approve Public Hearing 2018-0727.

I move to accept as findings of fact of this Plan Commission the findings of fact set forth in this staff report, dated December 11, 2018.

I move to recommend to the Village Board of Trustees approval of a Special Use Permit Amendment for the El Mezcal Restaurant, located inside the BP Automobile Service Station, at 14299 Lagrange Road in Orland Park, subject to the following conditions:

1) The El Mezcal Restaurant tenant space inside the BP cannot exceed 1500 square feet in size.

2) All building changes require Building Permits and must meet all Building Code requirements.

3) No exterior building, site plan, or sign changes are approved under this permit and require additional Village approvals.

4) The property owner must remove and replace ALL dead trees on the site.

5) The property owner, in coordination with the Orland Crossing property owner, must complete the driveway connection (roughly 400 square feet) that connects to the existing Orland Crossing driveway.

- 6) The property owner must, in coordination with the tenant, restore and repaint the aluminum rooftop screening visible from the rear of the building.

CLOSE PUBLIC HEARING

A motion was made by Chairman Parisi, seconded by Chairman Schussler, to close Public Hearing 2018-0727

APPROVED

NON-PUBLIC HEARINGS

None.

OTHER BUSINESS

2018-0762 Discuss going paperless for the Plan Commission packets

Discussion about going paperless for the Plan Commission packets (refer to audio 35:00-1:03:30)

Commissioners agreed that going paperless would be more efficient, but would like staff to look into the possibility of the Village providing them with a device (iPad, Chromebook) so that they get the same digital packet set up as the Village Board of Trustees. At the end of the discussion, the Plan Commission agreed to switch to PDF packets starting with the packets for the next Plan Commission meeting.

2018-0763 Discuss going paperless for the Land Development Code Updates
