WATER SALE, PURCHASE AND SERVICE AGREEMENT
BETWEEN THE VILLAGE OF OAK LAWN, ILLINOIS AND
CERTAIN OF ITS MUNICIPAL CUSTOMERS

This Water Sale, Purchase and Service Agreement made and entered into as of the Effective Date defined below, by and between the VILLAGE OF OAK LAWN, COOK COUNTY, ILLINOIS, an Illinois municipal corporation and home rule unit duly organized and existing under the laws of the State of Illinois ("*Oak Lawn*"), and each of the following units of local government who shall become signatories to this Agreement (the "*Southwest System Customers*"):

Village of Mokena
Village of New Lenox
City of Oak Forest

Village of Orland Park
Village of Tinley Park

all of Oak Lawn and the named municipalities referred to collectively as the "*Parties*" and each individually as a "*Party*."

WITNESSETH:

PREAMBLES

A. The City of Chicago ("*Chicago*") currently owns and operates a water system ("*Chicago Water System*"), which supplies Lake Michigan derived raw water treated to then current potable water standards in accordance with applicable State of Illinois and United States federal laws ("*Chicago Water*") to various customers, including Oak Lawn.

B. A municipal water system (a "*Water System*") means a system for the supply of water, including but not limited to all facilities and equipment, land, easements, rights-of-way over lands and waters, pumping, storage facilities, mains, pipelines and appurtenances acquired and used or useful for the purposes of treating, providing and transmitting water to customers of such municipality, and also includes, where in place, such facilities, equipment, land, water rights, easements, rights-of-way, and appurtenances so acquired and used or useful for the purpose of taking and treating water.

C. Oak Lawn owns and operates a Water System, consisting of three major elements described as follows: (1) that portion of the Water System that is used to service its retail customers (as now in existence and as improved in the future, the "*Oak Lawn Retail Water System*" or its "*Municipal Customer Water System*"), described in *Exhibit "A"* attached hereto; (2) that portion of the Water System (as now in existence and as improved in the future, the "*Oak Lawn Regional Water System*" as more particularly defined in the text below) which serves all of its customers not served by the Oak Lawn Retail Water System (consisting of municipalities for municipal use and for resale by such municipalities to residents and others);

and (3) the Oak Lawn Southeast System (as defined in the text below), which may or may not become part of the Oak Lawn Regional System as described in Preamble H below.

D. The Oak Lawn Regional Water System delivers Chicago Water to municipalities either directly or indirectly through adjacent Water Systems, described as follows: (1) a system owned and operated by Oak Lawn (the "*Oak Lawn Southeast System*") serving the Villages of Country Club Hills, Matteson, and Olympia Fields (which system may become part of the Oak Lawn Regional System as described in Preamble H below), and (2) a system **not** owned or operated by Oak Lawn (the "*Tinley Park Branch System*") serving the Villages of Tinley Park, Mokena and New Lenox and which may serve the Illinois American Water Company at its service area in the Village of Orland Hills and vicinity. (The Oak Lawn Regional Water System does not include the Tinley Park Branch System).

E. The current municipal customers ("*Municipal Customers*") of the Oak Lawn Regional Water System are as follows: (1) the Oak Lawn Retail Water System; (2) Village of Chicago Ridge ("*Chicago Ridge*"); (3) City of Country Club Hills ("*Country Club Hills*") as served by the Oak Lawn Southeast System; (4) Village of Matteson ("*Matteson*") as served by the Oak Lawn Southeast System; (5) Village of Mokena ("*Mokena*") as served through the Tinley Park Branch System; (6) Village of New Lenox ("*New Lenox*") as served through the Tinley Park Branch System; (7) City of Oak Forest ("*Oak Forest*"); (8) Village of Olympia Fields ("*Olympia Fields*") as served by the Oak Lawn Southeast System; (9) Village of Orland Park ("*Orland Park*"); (10) City of Palos Hills ("*Palos Hills*"); (11) Village of Palos Park ("*Palos Park*"); and (12) Village of Tinley Park ("*Tinley Park*") as served through the Tinley Park Branch System; *provided, however*, that (a) such term shall not include a municipality no longer served by the Oak Lawn Regional Water System for a reason other than *force majeure*; (b) as to each covenant or representation of a Municipal Customer made in this Agreement, such term is limited to the Parties hereto; and (c) Chicago Water to be delivered to Mokena and New Lenox shall be delivered to Tinley Park at the Points of Delivery to the Tinley Park Branch System.

F. Each Municipal Customer currently owns and operates its own Water System (each a "*Municipal Customer Water System*"). For convenience and clarity, Chicago Ridge, Palos Hills, and Palos Park may be referred to as the "*North System Customers*"; Country Club Hills, Matteson, and Olympia Fields may be referred to as the "*Southeast System Customers*"; and Mokena, New Lenox, Oak Forest, Orland Park and Tinley Park may be referred to as the "*Southwest System Customers*".

G. The points of delivery (the "*Points of Delivery*") from the Oak Lawn Regional Water System to the Oak Lawn Retail Water System and to each of the Southwest System Customers are as shown in *Exhibit "B"* attached hereto.

H. Oak Lawn, through the Oak Lawn Regional Water System and the Oak Lawn Southeast System, serves Chicago Water to the Southeast System Customers pursuant to existing contracts (the "*Existing Southeast Customer Contracts*"), copies of which all Parties have received; Oak Lawn has offered a Conforming Agreement (as hereinafter defined) to the North System Customers and to the Southeast System Customers; and Oak Lawn anticipates that the

North System Customers, who prior to the Effective Date are without a contract for Chicago Water, will execute and deliver Conforming Agreements (when so executed by the North System Customers and Oak Lawn, the “*North Customer Agreements*”), which North Customer Agreements shall be on file in the office of the Oak Lawn Village Clerk. As of the time of the offer of this Agreement to the Southwest System Customers, there is no expectation or determination as to whether the Southeast System Customers will enter into a Conforming Agreement (should they do so, it may be referred to as the “*New Southeast Customer Agreement*”); and the Parties hereto acknowledge that insofar as this Agreement allows, but is not dependent on, execution and delivery of the New Southeast Customer Agreements, certain provisions herein have been written in the alternative, either of which is acceptable to the Parties.

I. So long as the Southeast System Customers do not execute the Conforming Agreement, the Oak Lawn Southeast System will remain an independent water system and not be a part of the Oak Lawn Regional System. Subject to the terms of this Agreement, the Southeast System Customers may enter into future written water agreements with Oak Lawn (becoming “*Future Water Customers*” as hereinafter defined) and, further, it is possible that Oak Lawn may enter into future written agreements to supply other municipalities or private entities with Chicago Water through the Oak Lawn Regional Water System (thereby also becoming Future Water Customers) or to supply Chicago Water to Emergency Water Customers (as hereinafter defined).

J. Each Municipal Customer as Party to this Agreement finds that it is advisable for such Municipal Customer to continue to obtain from the Oak Lawn Regional Water System a continuing supply of Chicago Water for its Municipal Customer Water System.

K. Oak Lawn finds that it is advisable to supply Chicago Water to the Municipal Customers who are Parties pursuant to the terms and conditions of this Agreement.

L. Oak Lawn has provided by contract with Chicago for a supply of Chicago Water pursuant to the “Water Supply Agreement between the City of Chicago, Illinois, and the Village of Oak Lawn, Illinois,” dated February 8, 2013, Agreement No. OL-2013 (“*Chicago-Oak Lawn Agreement*”).

M. Oak Lawn has determined and the Municipal Customers as Parties to this Agreement have concurred that the capacity of the existing Oak Lawn Regional Water System (“*Current System Capacity*”) is not adequate to serve the needs of the Municipal Customer Water Systems, as such needs may exist as of the Effective Date and through the year 2030; and Oak Lawn has determined to improve and expand the Oak Lawn Regional Water System with the goal of providing the Municipal Customers with an adequate supply of Chicago Water (the “*2013 Regional System Improvements*”), which 2013 Regional System Improvements shall include but not be limited to the installation of a “West Side Transmission Main” and associated piping, valves, pump station improvements, standby engine generator improvements, and electrical distribution and motor control equipment improvements; and the preliminary description of which improvements is as depicted in *Exhibit “C”* attached hereto.

N. To pay the costs of the 2013 Regional System Improvements, Oak Lawn has determined that it is necessary for it to borrow money and issue its New Series Bonds (as hereinafter defined) in evidence thereof.

O. Each Municipal Customer has received from the State of Illinois Department of Natural Resources (“IDNR”), a current allocation of Lake Michigan water as shown in *Exhibit “D”* attached hereto which (as shown) includes allocations for the listed years up to and including the year 2030 (the allocation for each year as shown in said Exhibit being the “*Current Year Allocation*” for such year and the allocation for the year 2030 as shown in said Exhibit being the “*2030 Allocation*”).

P. Pursuant to the Illinois Municipal Code, including but not limited to, 65 ILCS 5/11-124-1 *et seq.*, 65 ILCS 5/11-129-1 *et seq.*, and 65 ILCS 5/11-139-1 *et seq.*, the Illinois Intergovernmental Cooperation Act, 5 ILCS 220/1 *et seq.*, Article VII, Section 10 of the 1970 Constitution of the State of Illinois, and applicable home rule powers of New Lenox, Oak Lawn, Oak Forest, Orland Park, and Tinley Park under Article VII, Section 6 of the 1970 Constitution of the State of Illinois, Oak Lawn and the Municipal Customers are authorized to enter into this Agreement.

Q. Except as expressly provided or required by the terms of this Agreement, nothing in this Agreement is intended to cause or result in relinquishment of ownership or change in use by Oak Lawn in any part of the Oak Lawn Retail Water System or Oak Lawn Regional Water System or to cause or result in the relinquishment of ownership or change in use by any Municipal Customer in any part of its respective Municipal Customer Water System; *provided, however,* that Oak Lawn expressly acknowledges (1) the use of an existing transmission main, beginning at 146th Street and Central Avenue and ending at the existing Point of Delivery to Orland Park (the “*Orland Spur One Main*”) which is owned by Orland Park, (2) the use of a new transmission main to be constructed beginning at 151st Street and the ComEd Corridor west of Harlem Avenue and ending at the existing Point of Delivery to Orland Park (the “*Orland Spur Two Main*”) which will be owned by Orland Park and (3) the requirement that the Oak Lawn Regional Water System maintain said mains in accordance with Sections 11.C and D of this Agreement.

R. To better assure continuity and cooperation among the Parties, they have agreed to the Statement of Mutual Cooperation Process as set forth in *Exhibit “P”* attached hereto.

S. Certain costs and amounts (including debt service on the Old Bonds) due to or from certain of the Parties or other municipalities served by the existing Oak Lawn Regional Water System must be preserved and provided for under this Agreement, as set forth in *Exhibit “K”* attached hereto.

T. Oak Lawn and the other Parties hereto have each, respectively, duly authorized their respective Presidents or Mayors to sign and their Municipal Clerks to attest this Agreement.

Oak Lawn shall reduce the size of the proposed Bond issue by the amount of the cash contribution to be supplied by the Municipal Customers.

(1) Oak Lawn shall have sought approval of such System Project and related financing, if financing is contemplated, in accordance with the other terms and conditions of this Agreement and shall not have received the necessary consent (either Executive Consent Obtained or Corporate Consent Obtained, as applicable) to such System Project or to the related issuance of Future Series Bonds.

(2) Oak Lawn shall notify the Municipal Customers of its intent to acquire and construct the System Project notwithstanding that consent has not been obtained.

(3) Oak Lawn shall construct and operate the System Project in such a manner as shall not have any adverse impact on or be detrimental to its ability to provide Chicago Water to all the Municipal Customers as required by this Agreement.

(4) The cost of such System Project shall be borne by Oak Lawn itself or by Oak Lawn and such other persons as may agree to pay for all or a portion of same pursuant to payments which are to be made either by a source of funds other than revenues of a Municipal Customer Water System (such as cash on hand not derived from Regional System Revenues or the proceeds of general obligation bonds) or, if payable from revenues of a Municipal Customer Water System, such payments are wholly subordinated to all payments of such Municipal Customer due under the terms of this Agreement.

customers of (a) the Municipal Customers (except for customers of the Oak Lawn Retail Water System) or (b) the Municipal Customers' customers.

Section 6. Water Supply.

A. Serve and Purchase Full Water Requirements; Exceptions. Subject to the provisions stated in this Agreement, each Municipal Customer agrees to purchase from Oak Lawn, and Oak Lawn agrees to sell to such Municipal Customer, an amount of Chicago Water necessary to serve its Full Water Requirements; *provided, however,* that Oak Lawn's obligation to each Municipal Customer to deliver Chicago Water hereunder shall be limited as follows: (1) prior to the completion of construction of the 2013 Regional System Improvements, the amount of Chicago Water to be delivered to any Municipal Customer shall be subject to the limitations of the existing Oak Lawn Regional Water System; (2) for all Municipal Customers, to a maximum annual amount determined on the basis of the then Current Year Allocations of such Municipal Customer and any wholesale customer of such Municipal Customer; and (3) for all Municipal Customers, to a maximum daily amount not in excess of such Municipal Customer's Daily Peaking Factor. The Parties understand and agree that the Oak Lawn Regional Water System may likewise serve the Oak Lawn Southeast System, as described above. In the event that due to limitations of the Lake Michigan Water allocations by IDNR or Oak Lawn Regional Water System incapacities, the Full Water Requirements of a Municipal Customer are not able to be served, Municipal Customers may seek an alternate source of supply of water to provide the difference between what the Oak Lawn Regional Water System is capable of providing, taking into account such IDNR allocations, and Full Water Requirements. The Oak Lawn Regional Water System incapacities giving rise to the ability of Municipal Customers to seek an alternate source of supply of water must be evidenced by either (a) express acknowledgement by Oak Lawn or (b) failure or inability of the Oak Lawn Regional System to deliver the Full Water Requirements to a Municipal Customer for not less than ten (10) days a month for three (3) consecutive months, which failure or inability is not due to (i) a break or damage to the Oak Lawn Regional Water System which is being repaired or (ii) construction or reconstruction within the Oak Lawn Regional Water System pursuant to the Asset Management Program.

B. Continuous Water Supply. Oak Lawn undertakes to use reasonable care and diligence to provide a continuous supply of Chicago Water as herein provided for, but reserves the right at any time to turn off temporarily the Chicago Water in its mains for emergency and maintenance purposes. Oak Lawn shall give to the Municipal Customers notice not less than fourteen (14) days in advance of any such turn-off, except that in emergencies it shall give notice which is reasonable under the particular circumstances of any turn-off for emergency purposes. If, at any time during the term of the Agreement, the Total Regional System Design Capacity Available, as set forth in *Exhibit "D"*, is demonstrated to be less than that set forth in *Exhibit "D"*, based upon the methodology set forth for long-term capacity in *Exhibit "L"*, then, Oak Lawn shall immediately undertake a system design capacity study to determine the cause of the deficiency. Such study shall be performed by an independent consulting engineer and the result of the study, including its recommendations, shall be provided to the Municipal Customers for review and comment. If the deficiency is the result of an operational or maintenance issue requiring no improvement to the Oak Lawn Regional Water System, Oak Lawn shall correct the cause of the deficiency as soon as practicable and demonstrate that the System design capacity

has been restored. If the deficiency requires further improvements to the Oak Lawn Regional Water System to correct, Oak Lawn shall coordinate and provide such improvements as soon as practicable. Such improvements shall be deemed a “System Project” and shall generally entail: (1) commencing a study of the improvement needed; (2) preparing a design (*i.e.*, plans and specifications) of the improvement; and (3) obtaining funding pursuant to this Agreement and thereupon constructing the improvement. In addition to any other rights under this Agreement, the Municipal Customers shall have the right to review and comment on the proposed System Project and all related studies and designs prepared by or for Oak Lawn.

C. Delivery of Additional Water. Each Municipal Customer may request from Oak Lawn the use of Available Capacity during the term of this Agreement. Such a request shall be for up to a one-year period as specified in the request. Such use shall not be unreasonably denied by Oak Lawn, *provided* that: (1) an independent consulting engineer selected by Oak Lawn has determined that Available Capacity exists using the methodology set forth in *Exhibit “L”* and such determination has been approved by the Executive Consent Obtained of Municipal Customers having not less than seventy-five percent (75%) of the 2030 Allocations; (2) the requesting Municipal Customer’s use of Available Capacity will not cause the Municipal Customer to exceed its Current Year Allocation for the year in which the request is made, except to the extent permitted by law; (3) the requesting Municipal Customer’s use of Available Capacity will not adversely affect Oak Lawn’s ability to deliver Chicago Water to other Municipal Customers as required by contracts with those Municipal Customers; and (4) the requesting Municipal Customer’s use of Available Capacity does not compromise Oak Lawn’s ability to comply with the terms and conditions of the Chicago-Oak Lawn Agreement. The Parties understand that the use of Available Capacity, if granted, may occasionally cause a Municipal Customer to exceed the Daily Peaking Factor. Such excess use will not be construed as a breach of this Agreement *provided* the aforementioned Available Capacity use provisions have been satisfied. Municipal Customers shall compensate Oak Lawn for the use of Available Capacity in accordance with Section 15.

D. Curtailment. If it becomes necessary for Oak Lawn to limit its delivery of Chicago Water to Municipal Customers or Future Water Customers for any reason, then each Municipal Customer, and each Future Water Customer whose water supply agreement provides for a pro rata share in the event of curtailment, shall be entitled to receive a share of Chicago Water during such period of curtailment as determined by the ratio of its Current Year Allocation (or such lesser amount to which such Customer may be entitled pursuant to its water supply agreements) to the sum of the Current Year Allocations (or such lesser amount to which such Customer may be entitled pursuant to its water supply agreements) of all such entities entitled to Chicago Water.

E. Pressure at Delivery. Oak Lawn shall supply Chicago Water to the Municipal Customers at their respective Points of Delivery at a pressure sufficient to deliver the Chicago Water and, from and after the date the 2013 Regional System Improvements are Substantially Complete and Operational, the pressure at the meter at each Point of Delivery shall in no event be less than 20 pounds per square inch, except when permitted by federal or state law. Oak Lawn shall not provide Chicago Water at a pressure such that it may cause damage to the Municipal Customers’ Water Systems.

F. Certain Water Quality Provisions. Oak Lawn shall provide Chicago Water at each Municipal Customer Point of Delivery of a quality not less than as provided under the Chicago-Oak Lawn Agreement. If said water quality degrades below that required under the Chicago-Oak Lawn Agreement and a means of correction is available to Oak Lawn as a result of the completion of the 2013 Regional System Improvements, Oak Lawn shall use all commercially reasonable efforts to correct the degradation. If said water quality degrades below that required by the Chicago-Oak Lawn Agreement and no means of correction is available to Oak Lawn to correct the degradation without further improvement to the Oak Lawn Regional Water System, Oak Lawn shall coordinate and provide such improvements as soon as practicable. Such improvements shall be deemed a “System Project” and shall generally entail: (1) commencing a study of the improvement needed; (2) preparing a design (*i.e.*, plans and specifications) of the improvement; and (3) obtaining funding pursuant to this Agreement and thereupon constructing the improvement. In addition to any other rights under this Agreement, the Southwest System Customers shall have the right to review and comment on the proposed System Project and all related studies and designs prepared by or for Oak Lawn.

Section 7. Certain Permitted Service and Connections.

A. Municipal Customer Service and Connections Generally. Each Municipal Customer shall have the exclusive right to serve and distribute Chicago Water to: (1) its current customers, whether or not within its corporate limits; (2) future customers on land presently located within its limits; (3) future customers on land lawfully annexed by it; and (4) future customers not within its corporate limits, subject to the provisions of the Chicago-Oak Lawn Agreement. Municipal Customers shall have the right to maintain and use existing wells or other alternate sources of water to meet emergency needs when Oak Lawn is not able to provide Full Water Requirements to such Municipal Customers. Municipal Customers shall have the right to maintain and use emergency connections with adjacent communities for mutual assistance purposes. The emergency well or alternate supply usage or emergency connections shall not be used without notifying Oak Lawn within forty-eight (48) hours after a required use.

B. Wholesale Service and Connections Recognized. Oak Lawn and all the Municipal Customers expressly recognize the full right and privilege of (i) Tinley Park through the Tinley Park Branch System to serve Tinley Park, Mokena, New Lenox and the Illinois American Water Company within its service area in the Village of Orland Hills and vicinity within the Current Year Allocations provided, (ii) Orland Park through its Municipal Customer Water System to serve the Illinois American Water Company within its service area in the area commonly known as “Alpine Heights” and vicinity within the Current Year Allocations provided, and (iii) Tinley Park or Mokena through its respective Municipal Customer Water System to serve the Illinois American Water Company within its service area in the area commonly known as “Arbury Hills” and vicinity within the Current Year Allocations provided.

C. Oak Lawn Service and Connections. Subject to the provisions of Sections 7.A and 7.B and Section 6.A, Oak Lawn shall have the sole and exclusive right to service the Municipal Customers and Future Water Customers, not located within any Municipal Customer’s corporate limits, through the Oak Lawn Regional Water System; *provided, however*, that with respect to such Future Water Customers which are not within the Oak Lawn Southeast System, Oak Lawn

is able to adequately and fully service not only Municipal Customers' water requirements as provided in this Agreement, but also all customers being serviced through the Oak Lawn Regional Water System at such time pursuant to such agreements as are then in place; and *provided further* that any such additional customer is to be served with facilities designed and constructed in accordance with sound engineering principles. In the event that the Southeast System Customers do not enter into the New Southeast Customer Agreements, the Municipal Customers which are Parties to this Agreement acknowledge the existence of the Oak Lawn Southeast System and the obligations of the Oak Lawn Regional Water System to deliver water for the duration of the Existing Southeast Customer Contracts. Further, upon the final expiration of such Existing Southeast Customer Contracts, as in effect at this time, said Municipal Customers acknowledge the full right of Oak Lawn to continue to serve the Oak Lawn Southeast System, subject to the municipalities which are served by the Oak Lawn Southeast System becoming, at such time, Future Water Customers as provided herein.

D. Emergency Customers. Oak Lawn may enter into mutual assistance agreements for emergency service with other suppliers of water; *provided*, that such service, if it is not limited to being provided solely from the Oak Lawn Reserved Share, shall be subject to the limitations as follows: "emergency" for purposes of this limitation shall exclude seasonal peaking requirements and shall generally be limited to system breaks, temporary loss of supply, or similar events; and, *provided, further*, if such emergency service results in any curtailment of service to the Southwest System Customers, such emergency service shall not continue beyond five (5) days during the period from May 15 and ending September 15 of any year or ten (10) days during any other period. Oak Lawn may also provide emergency service without meeting the requirements or beyond the limits set forth in this paragraph pursuant to Executive Consent Obtained. For purposes of this paragraph, Executive Consent Obtained shall be provided or denied within forty-eight (48) hours after notice from Oak Lawn. For purposes of this section, notice to a Municipal Customer shall be by telephone and confirmed in writing immediately by notice pursuant to Section 34.

E. Other Service by Amendment. Except as otherwise provided in this Agreement, upon written amendment to this Agreement, Municipal Customers may service other municipalities or private entities, not located within their corporate limits, through or with Chicago Water supplied by the Oak Lawn Regional Water System, upon such terms and conditions as may be agreed to by Oak Lawn and each (100%) of the Municipal Customers affected.

Section 8. Certain Mutual Storage, Operation and Conservation Provisions; Asset Management Program; Certain System Project and Related Financing Permitted.

A. Municipal Customer Storage Requirements. Each Municipal Customer shall maintain and operate, at its own cost and expense, facilities for the storage of Chicago Water sufficient in the aggregate to store not less than two (2) times its respective average day's use of water (calculated on an average annual daily basis).

B. Operation of Municipal Customer Water Systems. Municipal Customers agree to operate their respective Municipal Customer Water System from the Point of Delivery on to the

Municipal Customer's customers in such a manner as to not place the Oak Lawn Regional Water System in jeopardy of failing to meet: (1) the regulations of any agency or governmental authority having jurisdiction in the operation of public water supplies; or (2) the commitments to other Municipal Customers and to Future Water Customers and to Chicago (except when such commitments could be in violation or derogation of Oak Lawn's obligations to Municipal Customer's rights under this Agreement). If a Municipal Customer shall fail to operate its respective Municipal Customer Water System as described in this Section 8.B after ninety (90) days written notice to do so by Oak Lawn, or in the case of an emergency, such reasonable notice as may be given under the circumstances, Oak Lawn may, in the reasonable discretion of Oak Lawn, (a) turn-off or curtail its delivery of Chicago Water to said Municipal Customer or (b) repair or replace, but is not obligated to, the appropriate parts of said Municipal Customer Water System, as is necessary for the proper operation of the Oak Lawn Regional Water System, and the cost of such repairs or replacement, including engineering costs, attorney's fees, and permitting fees relating thereto, shall be charged to and paid by said Municipal Customer. No such non-emergency repair or replacement of a Municipal Customer Water System shall be performed by Oak Lawn without first obtaining all necessary permits from entities with jurisdiction over the proposed repair or replacement, which permits, if to be issued by such Municipal Customer, shall not be unreasonably withheld. Upon request from Oak Lawn, each Municipal Customer will provide to Oak Lawn access to SCADA system near real-time data, including daily and weekly tallies, sufficient to allow monitoring of operating conditions within its Municipal Customer Water System (and, for Municipal Customers that provide Chicago Water to wholesale customers, further, of the operating conditions of the water systems of each of such wholesale Chicago Water customers), which access to such data shall be provided not later than one year after such request but in no event prior to the date which is one year after the 2013 Regional System Improvements are Substantially Complete and Operational.

C. Notice in Certain Events Regarding Water Supply. Municipal Customers also agree to notify Oak Lawn as promptly as possible of all emergency and other conditions which may directly or indirectly affect the quantity or the quality of the Chicago Water received hereunder or the Oak Lawn Regional Water System.

D. Conservation. Each Municipal Customer further agrees to take measures to conserve and prevent waste of water and not to exceed its respective Daily Peaking Factor, except as provided in Section 6.C of this Agreement.

E. In General—Operation of Oak Lawn Regional Water System. Oak Lawn will take all steps necessary so that the Oak Lawn Regional Water System may at all times be operated advantageously and efficiently, and in compliance with all applicable federal, state and local laws, codes, ordinances, rules and regulations. To that end, Oak Lawn shall take steps to incorporate best practices for the operation, administration and management of the Oak Lawn Regional Water System which include, without limitation, the following:

- (1) Maintenance of the Oak Lawn Regional Water System in good working order, completing necessary repairs in a manner consistent with good utility practices, and maintaining proper documentation of same.

(2) Exercise all valves in the Oak Lawn Regional Water System not less than once every twenty-four (24) months, and provide a report or other suitable documentation to the Municipal Customers demonstrating completion and results after implementation of the 2013 Regional Water System Improvements.

(3) Response to emergency situations involving the Oak Lawn Regional Water System, such as main breaks, pump failures and other emergency situations, immediately upon identifying the emergency, and maintenance of an adequate inventory of spare parts and materials, such as pipes and valves, as well as contractors ready and available to respond on short notice to ensure completion of necessary repairs in a timely manner.

(4) Not later than one year after the 2013 Regional System Improvements are Substantially Complete and Operational, provide access to SCADA system near real-time data, including daily and weekly tallies, sufficient to allow monitoring of operating conditions of the Oak Lawn Regional Water System.

(5) Provide the following reports to the Municipal Customers upon request: (i) daily flow reports, and (ii) such annual, monthly and other flow and usage reports normally produced by Oak Lawn; *provided, however*, that this provision is not intended to require Oak Lawn to create reports that it does not regularly produce.

(6) Conduct a leak detection survey of not less than ten (10%) percent of the Oak Lawn Regional Water System on an annual basis to determine water losses in the System and identify areas of the Oak Lawn Regional Water System requiring improvements to resolve leakage, including provision of a written report to the Municipal Customers describing all findings and recommendations from the surveys.

(7) Conduct regular monitoring and testing of all cathodic protection systems used as part of the Oak Lawn Regional Water System, and identify where operating conditions and/or levels of protection may have changed, with copies of reports of such testing and analysis to be provided to the Municipal Customers upon request, when available.

F. Asset Management and Asset Management Program. Oak Lawn will identify and implement best management practices and standards for the Oak Lawn Regional Water System. To that end, within two (2) years after the Effective Date, Oak Lawn will provide an Asset Management Program. The Asset Management Program shall thereafter be updated annually. To be effective for the provisions of this Agreement, the Asset Management Program and any annual updates must be approved by Executive Consent Obtained. Upon such consent, Oak Lawn shall implement such Asset Management Program.

Section 9. Measuring Equipment.

A. Measuring Supply to Municipal Customers. Oak Lawn shall assume ownership of, as part of the Oak Lawn Regional Water System, and each Municipal Customer shall convey by

bill of sale to Oak Lawn for use in the Oak Lawn Regional Water System, the existing Meters, Valves and Controls for water delivery at the Points of Delivery to Oak Forest, Orland Park and Tinley Park North and Tinley Park South. Oak Lawn shall, from and after the Effective Date of this Agreement, furnish, install, operate, maintain, repair and replace at each Municipal Customer's respective sole cost and expense at the Point of Delivery the necessary Meters, Valves and Controls, which shall remain the property of the Oak Lawn Regional Water System. The Meters, Valves and Controls shall be of a type meeting the standards of the American Water Works Association for properly measuring the quantity of Chicago Water delivered under this Agreement. Such Meters, Valves and Controls shall be located upon land provided by or available to each Municipal Customer pursuant to Section 11. Both Oak Lawn and each Municipal Customer, respectively, shall have access to such Meters, Valves and Controls for examination and inspection at all reasonable times, *provided* that Oak Lawn's access to the Meters, Valves and Controls shall be with prior notice to, and supervision by, personnel of the Municipal Customer. The reading for billing purposes, calibration and adjustment thereof shall be performed only by the employees or agents of Oak Lawn and only with Oak Lawn's authorization.

B. Annual Calibration. Not less than once in each Fiscal Year, Oak Lawn shall (1) for meters that can be calibrated in place, calibrate its meters in the presence of respective representatives of the Municipal Customers, and such Parties shall jointly observe any adjustments which are made to the meters in case any adjustments shall be necessary, and (2) for meters that must be removed for calibration, coordinate with the Municipal Customer affected as to the time for such removal and calibration, identify to the Municipal Customer the testing company Oak Lawn proposes to use for the calibration, and provide to the Municipal Customer a copy of any calibration reports and documentation showing the calibration results and any repairs or adjustments that are made. Except as otherwise expressly provided, the measurement of Chicago Water for the purpose of this Agreement shall be solely by Oak Lawn's meters located at the Points of Delivery.

C. Check Meters. Each Municipal Customer may, at its option, require that Oak Lawn furnish and install a check meter at the expense of the Oak Lawn Regional Water System, which expense shall be deemed a Transmission Main Maintenance Cost, in the event that Oak Lawn elects to modify the configuration of the Meters, Valves and Controls at that Municipal Customer's Point of Delivery as such Meters, Valves and Controls existed as of the Effective Date. Any such meter installed for a Municipal Customer will, upon acceptance by the Customer, be owned and operated by that Municipal Customer, provided each check meter does not interfere with the accuracy of the Oak Lawn meter. All check meters shall be of a type meeting the standards of the American Water Works Association for properly measuring the quantity of Chicago Water and shall be subject to inspection and examination by any employee or agent of Oak Lawn, but the calibration and adjustment thereof shall be only by the Municipal Customer, except during any period when a check meter may be used under the provisions of this Section for measuring the amount of Chicago Water delivered to the Municipal Customer, in which case such meters shall be calibrated by Oak Lawn in the presence of respective representatives of such Party and the Parties shall jointly observe any adjustment in case any adjustment is necessary. Except as may be expressly otherwise provided or agreed, the

measurement of Chicago Water for the purpose of this Agreement shall be solely by Oak Lawn's meters located at the Points of Delivery.

D. Variance. If any Party at any time observes a variation between a delivery meter and a check meter, or any other evidence of meter malfunction, such Party shall promptly notify the other affected Party and the affected Parties shall then cooperate to procure an immediate calibration test and adjustment of such meter or may request an independent testing and adjusting service, and shall jointly observe any such adjustment. Each Party shall give the other Party not less than forty-eight (48) hours notice of the time of all tests of meters so that the other Party may have a representative present. If said representative is not present at the time set in such notice, calibration and adjustment may, notwithstanding any other provision of this Section, proceed in the absence of said representative. If such test shall show any meter to be registering within two percent (2%) (plus or minus) of the correct quantity, it shall be considered accurate and the cost of all such testing shall be borne by the Party claiming the variation. If any such test shows any meter to be measuring incorrectly, (plus or minus) to any extent greater than two percent (2%) of the correct quantity, an adjustment shall be made with respect to the amount paid or to be paid to Oak Lawn for Chicago Water passing through such meter by mutual agreement between Oak Lawn and the affected Municipal Customer based upon the best data available, for a period extending back to the time when such inaccuracy began if such time is ascertainable, or for a period extending back one-half of the time elapsed since the last date of calibration (but in no event further back than a period of six months) if such time is not ascertainable, and the costs of such testing shall be borne by the Party responsible for the Meter.

E. Notice of Testing and Calibration. Each Party shall give the other affected Party not less than forty-eight (48) hours notice of the time of all tests of meters so that the other Party may have a representative present. If said representative is not present at the time set in such notice, calibration and adjustment may, notwithstanding any other provision of this Section, proceed in the absence of said representative. Every effort shall be made to perform meter maintenance and calibration during periods that are not high water demand periods, and during which water conservation rules are not in effect.

F. Unit of Measurement. The unit of measurement for Chicago Water delivered under this Agreement shall be one thousand (1000) gallons of water, U.S. Standard Liquid Measure, and all measuring devices shall be so calibrated unless Oak Lawn and the Municipal Customers agree otherwise in writing. Should it become necessary or desirable to use cubic feet as the unit of measurement, the basis of conversion shall be that 7.48052 gallons is equivalent to one cubic foot.

G. Meter Malfunctions. If, for any reason, any meter is out of service or in disrepair so that the amount of Chicago Water delivered cannot be ascertained or computed from the reading thereof, then the Chicago Water delivered during the period such meter is out of service or in disrepair shall be deemed to be the registration of the check meter if one has been installed and is measuring accurately, or, in the event that no check meter has been installed or the check meter is registering inaccurately, shall be estimated:

(i) By correcting the error if the percentage of the error is ascertainable by calibration tests or mathematical calculations; or

(ii) If the error is not ascertainable by calibration tests or mathematical calculations, by estimating the quantity of delivery by considering deliveries during preceding periods under similar conditions when the meter or meters were registering accurately.

Section 10. Ownership.

A. Title to Chicago Water. Title to Chicago Water supplied hereunder shall remain with Oak Lawn to each Point of Delivery and, upon passing into the respective Municipal Customer Water System at the Point of Delivery, title to the Chicago Water shall pass to that Municipal Customer.

B. Oak Lawn Ownership. The ownership of the Oak Lawn Regional Water System including all System Projects is and shall be vested in Oak Lawn (except for the Orland Spur One Main and the Orland Spur Two Main, which shall be owned by Orland Park) and responsibility for the maintenance and repair of the Oak Lawn Regional Water System shall be solely that of Oak Lawn.

Section 11. Transfer of Property Rights.

A. Conveyance of Southwest Customer Easements. The Southwest Customers agree to grant or provide the following interests in land or property in connection with the following elements of the Oak Lawn Regional Water System, to the extent that these elements are on land or property owned by the particular Southwest Customer:

(1) Oak Forest, Orland Park and Tinley Park shall grant to Oak Lawn such easements, licenses or rights of access for Oak Lawn to Meters, Valves and Controls and other related facilities to be operated by Oak Lawn pursuant to Section 9.A as are reasonably necessary for Oak Lawn's operation of the Oak Lawn Regional Water System, within ninety (90) days after Oak Lawn provides notice and a proposed form of grant to the affected Southwest System Customer; and

(2) the affected Southwest System Customers shall grant to Oak Lawn the necessary easements, licenses, permits or rights of access for those portions of the 2013 Regional System Improvements described in the nine bid packages listed in *Exhibit "C"*, within ninety (90) days after Oak Lawn provides notice and a proposed form of grant to

the affected Southwest System Customer for a particular bid package for which the easement, license, permit or right of access is necessary; and

(3) an easement, license, permit or right of access for an existing element of the Oak Lawn Regional Water System that Oak Lawn discovers is in place as of July 1, 2013 on land or property owned by a Southwest System Customer, within one hundred eighty (180) days after Oak Lawn provides a written request pursuant to notice and a proposed form of grant to the affected Southwest System Customer for that particular element that is fully described in the notice, and for which there is no easement, license, permit or right of access in place as of the date of the notice.

Any easement, license, permit or right of access requested by Oak Lawn pursuant to this Section shall not require the Southwest System Customer to relocate, alter or modify existing improvements or facilities in any way that would disrupt the continued operations and purposes of that Southwest System Customer. Oak Lawn agrees that any costs and expenses (such as legal or engineering fees) incurred by the Southwest System Customers in connection with the provision of any such easements, licenses or other rights to Oak Lawn shall be reimbursed by Oak Lawn as a cost of the Oak Lawn Regional Water System. The Southwest System Customers agree to reasonably assist (at the expense of the Oak Lawn Regional Water System) with the acquisition of other easements, licenses or rights of access on land or property located within their respective boundaries, upon written request from Oak Lawn that identifies a specific parcel of land or property.

B. Acquisition of Property. Oak Lawn shall, immediately after the Effective Date of this Agreement, commence all actions necessary to acquire all easements, licenses, and rights of access not already owned by Oak Lawn necessary for construction and operation of the 2013 Regional System Improvements or for continued effective operation of the Oak Lawn Regional Water System and to fulfill the requirements of Section 13. All such easements, licenses, and rights of access shall be obtained by Oak Lawn at Oak Lawn's expense as a cost of the Oak Lawn Regional Water System.

C. License to Use the Orland Spur One Main. For the term of this Agreement, Orland Park hereby grants to Oak Lawn a license to operate, use, maintain, test, inspect, repair, remove, and replace, together with all reasonable rights of ingress and egress necessary for the exercise of the license, as a part of and an expense of the Oak Lawn Regional Water System, the Orland Spur One Main. The Orland Spur One Main is owned by Orland Park and such ownership shall continue to be held by Orland Park. Orland Park reserves the right (i) to test and inspect the Orland Spur One Main at any time without notice to Oak Lawn, and (ii) to repair, or to remove and replace, the Orland Spur One Main following notice to Oak Lawn and Oak Lawn's failure to complete the necessary repair, or removal and replacement, following ninety (90) days notice to Oak Lawn of the need for the repair, or removal and replacement. Orland Park will submit evidence of all costs and expenses incurred in connection with any such repair, or removal and replacement, and such costs and expenses shall be reimbursed by Oak Lawn to Orland Park and such costs and expenses shall be treated by Oak Lawn as costs and expenses of Oak Lawn Regional Water System.

D. *Conveyance of and License to Use the Orland Spur Two Main.* As part of the 2013 Regional Water System Improvements, Oak Lawn will design, construct and install the Orland Spur Two Main, the cost of which will be borne and paid for by Orland Park as part of Orland Park's share of the Capital Costs and Charges. Oak Lawn shall include alternate bid items in the bid package for the Orland Spur Two Main for alternate pipe sizes for the Main that are larger than 24-inches in diameter as requested by Orland Park. Oak Lawn shall notify Orland Park of the prices received for the alternate pipe sizes; in the event that Orland Park notifies Oak Lawn that Orland Park elects to have the Main be constructed in one of the alternate pipe sizes, Oak Lawn shall include the alternate pipe size elected by Orland Park in the contract for that bid package. Within thirty (30) days after completion and final approval of the Main and the submission of an invoice by Oak Lawn to Orland Park therefor, Orland Park shall reimburse Oak Lawn for the additional cost of construction of the Main resulting from the election of the alternate pipe size, and Orland Park shall not pay any additional amount as a part of the Capital Costs and Charges due to the election of the alternate pipe size. Upon completion and final acceptance, Oak Lawn will convey the Orland Spur Two Main to Orland Park by a bill of sale from Oak Lawn to Orland Park. After completion of that conveyance, for the remaining term of this Agreement: (i) Orland Park hereby grants to Oak Lawn a license to operate, use, maintain, test, inspect, repair, remove, and replace, together with all reasonable rights of ingress and egress necessary for the exercise of the license, as a part of and an expense of the Oak Lawn Regional Water System, the Orland Spur Two Main; (ii) the Orland Spur Two Main will be owned by Orland Park and such ownership shall continue to be held by Orland Park; and (iii) Orland Park reserves the right (a) to test and inspect the Orland Spur Two Main at any time without notice to Oak Lawn, and (b) to repair, or to remove and replace, the Orland Spur Two Main following notice to Oak Lawn and Oak Lawn's failure to complete the necessary repair, or removal and replacement, following ninety (90) days notice to Oak Lawn of the need for the repair, or removal and replacement. Orland Park will submit evidence of all costs and expenses incurred in connection with any such repair, or removal and replacement, and such costs and expenses shall be reimbursed by Oak Lawn to Orland Park and such costs and expenses shall be treated by Oak Lawn as costs and expenses of Oak Lawn Regional Water System.

Section 12. Construction by Municipal Customers. The Municipal Customers will with all practicable speed, prepare and complete plans for the construction of their respective Municipal Customer Improvements. Each Municipal Customer will ensure that its respective (1) Municipal Customer Improvements and (2) Future Improvements to its respective Municipal Customer Water System performed by the Municipal Customer, shall be made in accordance with sound engineering principles, constructed in a reasonable and workmanlike manner and designed in a manner compatible with the Oak Lawn Regional Water System to allow effective delivery of Chicago Water to such Municipal Customer. Oak Lawn shall have the right, but not the obligation, to review and comment on all studies, construction drawings, and contract documents for the construction of said Municipal Customers Improvements and Future Improvements. Oak Lawn's approval shall not be unreasonably withheld. Upon completion, the Municipal Customer Improvements shall be deemed part of the respective Municipal Customer Water System.

Section 13. Coordination and Completion of the 2013 Regional System Improvements and Future Projects.

A. 2013 Regional System Improvements. Oak Lawn will construct the 2013 Regional System Improvements with due diligence. Oak Lawn will undertake to work and cooperate with the Municipal Customers to establish construction schedules which will efficiently cause acquisition and construction of the System Projects that comprise the 2013 Regional System Improvements so as to meet the needs of the Municipal Customers with minimal disruptions of service, and the Municipal Customers shall likewise work and cooperate with Oak Lawn to such end and to provide such facilities within each respective Municipal Customer Water System as will permit the Oak Lawn Regional Water System to efficiently serve such needs. Subject to *force majeure*, Oak Lawn will complete the 2013 Regional System Improvements by December 31, 2018. Further, Oak Lawn shall proceed with due diligence to construct the 2013 Regional System Improvements in accordance with the schedule as set forth in *Exhibit "C"*. Oak Lawn shall not change any route approved herein for the 2013 Regional System Improvements to a route which is not through Cook County Forest Preserve District land without Corporate Consent Obtained. Further, Oak Lawn shall not award a Bid Package in the event the cumulative price of said Bid Package and all Bid Packages previously awarded exceeds five percent (5%) of the currently estimated cost of \$171,000,000, without Executive Consent Obtained.

B. Contracts. All contracts and agreements for work contemplated by this Agreement shall be awarded by Oak Lawn pursuant to the procurement requirements of Oak Lawn's municipal code and in compliance with any procurement requirements of the IEPA (as and if applicable), except where another process is proposed by Oak Lawn and approved by two-thirds of Oak Lawn's corporate authorities. Oak Lawn shall include in all contracts and agreements for the design and construction of the 2013 Regional System Improvements and any future System Projects such terms and conditions that will provide reasonable and sufficient protection for Oak Lawn and the Municipal Customers to ensure the prompt and timely completion of the 2013 Regional System Improvements and future System Projects, as applicable. Such terms and conditions shall include, without limitation, submission of work schedules for review and approval, performance bonds and labor and material payment bonds from sureties with appropriate ratings and assets for the specific project, and liquidated damages.

Section 14. Air Gap. Each Municipal Customer shall install and maintain an Oak Lawn approved backflow prevention device immediately downstream of the Point of Delivery. Such device (or devices) shall take the form of an air gap. Air gap based backflow prevention shall provide a minimum of six (6) inches between the highest possible receiving water level in the Municipal Customer's Water System and the point of discharge to the air gap. No water utilization equipment, service connections, etc., shall be connected to the Municipal Customer's Water System between the Point of Delivery and the Oak Lawn approved backflow prevention device.

(1) Each Municipal Customer shall pay an amount equal to the amount payable by the Oak Lawn Regional Water System to Chicago for the month pursuant to the Chicago-Oak Lawn Agreement or any successor agreement for the measured amount of Chicago Water delivered by Oak Lawn to that Municipal Customer at its Point or Points of Delivery. Such amount shall be stated in a dollar cost per 1,000 gallons of Chicago Water delivered times the gallons so delivered, and, except upon Executive Consent Obtained, shall not be adjusted during the course of a given Fiscal Year from the rate in effect at the start of such Fiscal Year or, if a rate increase is known to become effective at the start of such Fiscal Year, then also giving effect to such rate increase as of its effective date.

B. Capital Costs and Charges. All elements of Capital Costs and Charges shall be due and payable quarterly on the last business day of the months selected by Oak Lawn as provided in Section 20.B, and shall be in default if not paid within thirty (30) days after the due date.

(1) Each Municipal Customer shall pay an amount equal to the amount of Capital Costs and Charges required for the Fiscal Year by the Oak Lawn Regional Water System as budgeted for such Fiscal Year (a) divided by four to represent a quarterly amount and (b) times such Municipal Customer's Proportionate Share of such costs.

C. Other Non-Operating Charges. All elements of Other Non-Operating Charges shall be due and payable monthly and shall be in default thirty (30) days after the due date.

(1) Each Municipal Customer shall pay an amount equal to the amount of all Other Non-Operating Charges required for the Fiscal Year by the Oak Lawn Regional Water System at the Common Usage Rate, and, except for payment of Default Costs Allocable to Other Aggregate Costs or upon Executive Consent Obtained, shall not be adjusted during the course of a given Fiscal Year from the rate in effect at the start of such Fiscal Year.

The amount so accumulated for the O&M Reserve shall not exceed the sum of (a) the cost of Chicago Water for the previous Fiscal Year divided by 12 plus (b)(i) all Operation and Maintenance Costs for the previous Fiscal Year minus said cost of Chicago Water for the previous Fiscal Year (ii) divided by 4. The required amount of the O&M Reserve shall be accumulated at the Common Usage Rate of \$0.08 (8 cents) per 1,000 gallons of Chicago Water delivered times the gallons so delivered. Draws upon said reserve shall be replenished, to the extent required, in the second Fiscal Year after such draws. Increases in the required amount of said reserve, in each year after Fiscal Year 2018, shall be shall be fully funded, at a Common Usage Rate to be determined, in the two (2) Fiscal Years after the amount of such increase is determined. The accumulation of the O&M Reserve provided for by this provision is payable as an Other Non-Operating Charge, but the expenditure of amounts in the O&M Reserve will be for specific Operations and Maintenance Costs categories (*e.g.*, Chicago Water, Electricity Costs, or Pump Station Maintenance Costs) and Municipal Customers and Future Water Customers shall be charged for replenishment on the basis of such cost categories pursuant to the true-up provisions of Section 15.E.

Other than as set forth in this section, no Other Non-Operating Charges shall be charged by the Oak Lawn Regional Water System for reserves for Operation and Maintenance Costs.

(3) Beginning in Fiscal Year 2014, Other Non-Operating Charges shall include an amount in each Fiscal Year budgeted to produce an annual contribution (the “*Annual Contribution*”) to provide funding up to full funding (“*Full Funding*”) of the Renewal, Repair and Replacement Reserve Fund and thereafter for deposit to the unencumbered reserves of the Oak Lawn Regional Water System. The Annual Contribution amount shall be not less than \$750,000 for Fiscal Year 2014, and said sum of \$750,000 adjusted for any increase or decrease in the PPI in each Fiscal Year thereafter multiplied in each such year by a fraction the numerator of which is the amount of Chicago Water delivered through the Oak Lawn Regional Water System to Municipal Customers that are paying for the Annual Contribution at the Common Usage Rate and the denominator of which is all Chicago Water delivered through the Oak Lawn Regional System to Municipal Customers. The Annual Contribution may be increased pursuant to the approved Asset Management Program. Amounts in the Renewal, Repair and Replacement Reserve Fund may be expended only for Major Capital Costs or System Repairs or, as provided in the proceedings for the issuance of the Bonds, for Default Costs, or to pay Bonds in the event there has been a default in the payment of Capital Costs and Charges. (5) Each Municipal Customer shall pay its share of Default Costs Allocable to Other Aggregate Costs, which share shall be as follows: (a) first, in any given Fiscal Year, Oak Lawn shall pay all Default Costs up to an amount equal to the Equitable Return received by Oak Lawn for the previous Fiscal Year and (b) thereafter, all Municipal Customers (including Oak Lawn) not in default under this Agreement shall pay a share of remaining Default Costs equal to the proportion of Chicago Water

Such statement shall include the amount by which each Municipal Customer may have overpaid or underpaid such actual Aggregate Costs in comparison to the approved budget for the Oak Lawn Regional Water System. Each Municipal Customer who underpaid such actual Aggregate Costs as compared to the approved budget shall make up such underpayment in the following Fiscal Year (that is, the second Fiscal Year after the Fiscal Year for which the accounting is provided due to the adequate timing that is necessary to complete such accounting). Each Municipal Customer will pay such actual Aggregate Costs classified by the particular category (*i.e.*, Operation and Maintenance Costs such as Chicago Water, Electricity Costs, Pump Station Maintenance, Transmission Line Maintenance or System Operations Costs and Capital Costs and Charges) under the same allocation method used in preparing the approved budget. Each Municipal Customer who overpaid such actual Aggregate Costs shall receive a credit in that same Fiscal Year in which underpayments would be made, such credit being allocable by the particular category (*i.e.*, Operation and Maintenance Costs such as Chicago Water, Electricity Costs, Pump Station Maintenance, Transmission Line Maintenance or System Operations Costs and Capital Costs and Charges) under the same allocation method used in preparing the approved budget. Such makeup of underpayments or receipt of credit as provided in this Section 15.E shall be divided into twelve (12) equal monthly installments unless otherwise mutually agreed between Oak Lawn and an affected Municipal Customer, and such underpayments shall be payable as an Aggregate Cost.

F. Recognition of Lien of Bonds. Each Municipal Customer acknowledges that all of the moneys paid over and held by Oak Lawn in the funds and accounts of the Oak Lawn Regional Water System, except those monies properly held for Operation and Maintenance Costs, may be subject to the prior lien of Bonds, may be pledged by Oak Lawn without limitation and in such order of priority among Bonds as Oak Lawn shall determine, and may be held by a trustee, Bondholder, or otherwise in a pledged account, and may be expended without any further action on the part of any person to pay Bonds, all as may be stated in the proceedings adopted by Oak Lawn in the authorization and issuance of Bonds.

Section 16. Payments to Chicago.

A. Timely Payments. Oak Lawn shall make timely payments to Chicago pursuant to the Chicago-Oak Lawn Agreement. Oak Lawn shall have the sole discretion as to the form of payment to Chicago for any amounts that Oak Lawn is charged under the Chicago-Oak Lawn

Agreement. Any discounts, rebates or other incentives received from Chicago by Oak Lawn as a result thereof shall be the sole property of Oak Lawn and shall not affect the payment obligations of the Municipal Customers hereunder; *provided, however*, that any such discount, rebate or other incentive so received from Chicago on account of early payment to Chicago shall be shared proportionately with each Southwest System Customer and Oak Lawn which have provided early payments so as to accommodate the payments to Chicago.

B. Late Payments. In the event that Oak Lawn makes a late payment to Chicago because of circumstances within Oak Lawn's control, Oak Lawn shall pay any interest and penalty costs due to Chicago pursuant to the Chicago-Oak Lawn Agreement and such interest and penalty costs shall not be costs of the Oak Lawn Regional Water System. If the cause of the late payment is within Oak Lawn's control and Oak Lawn fails to pay Chicago for two (2) consecutive months, the Municipal Customers may pay Chicago directly for Chicago Water. In the event that Oak Lawn makes a late payment to Chicago because of a late payment by a Municipal Customer, the interest and penalty costs due to Chicago shall be paid by the Oak Lawn Regional Water System.

Section 17. Arrearages. Any Municipal Customer which does not pay its share of Aggregate Costs when due shall be in arrears to such amount ("*Arrearages*"). All Arrearages shall be payable immediately without demand and shall bear interest until paid at the rate equal to the average rate of interest on all Bonds then outstanding plus two percent (2%) or if no Bonds are outstanding then one and a half percent (1-1/2%) per month (without compounding) or at the otherwise then highest taxable rate which may be paid by an Illinois non-home rule municipality on its bonds (of any kind), if such rate be lesser. Payments of Arrearages, when received, shall be credited pro rata to the Municipal Customers who may have paid Default Costs on account of such Arrearages as soon as practicable within the billing cycle.

Section 18. Further Covenants. The following covenants are made by all Parties to this Agreement.

A. Payments Due Hereunder are Limited to Revenues Pledged. All payments to be made under this Agreement are payable solely and only from the revenues of the Municipal Customer Water Systems, and all payments due under this Agreement shall be a continuing valid and binding obligation of each such municipality payable from the revenues derived from the operation of each such system for the period of years of this Agreement. This Agreement shall not be a debt within the meaning of any constitutional or statutory limitation under the laws of the State of Illinois. No prior appropriation shall be required before entering into this Agreement, and no appropriation shall be required to authorize payments to be made under the terms of this Agreement. Notwithstanding the provisions of this Section 18.A, the Municipal Customers and Oak Lawn are not prohibited by this Agreement from using other available funds to make the payments required by this Agreement.

B. Lien Priority of Payments Under Agreement. Each Municipal Customer shall provide in all future documents or proceedings obligating the revenues of its respective Municipal Customer Water System, and, for Oak Lawn, of the Oak Lawn Retail Water System, that all payments made under this Agreement shall be deemed and treated as operation and

maintenance costs, having a first lien and priority with other such costs of such system, on the revenues of the Municipal Customer Water System or the Oak Lawn Retail Water System, as applicable.

C. Mutual Cooperation in Issuance of Obligations. Each Municipal Customer shall cooperate with Oak Lawn in the issuance of Bonds, and Oak Lawn shall cooperate with each Municipal Customer in the issuance of the Municipal Customer's bonds or other obligations of its Municipal Customer Water System. In such connection, each Municipal Customer and Oak Lawn will comply with all reasonable requests of the other and will, upon request, do as follows: (1) make available in a timely manner general and financial information about itself; (2) consent to publication and distribution of its financial information; (3) certify that general and financial information about it is accurate, does not contain an untrue statement of a material fact and does not omit to state a material fact necessary in order to make the statements in that information, in light of the circumstances under which they were made, not misleading; (4) make available certified copies of official proceedings, minutes, ordinances, resolutions, orders and documents related to this Agreement or its respective duties hereunder; (5) provide reasonable certifications to be used in a transcript of closing documents in connection with such Bonds or other obligations; and (6) provide and pay for reasonably requested opinions of counsel as to the validity of its actions taken with respect to and the binding effect of this Agreement, title to its Municipal Customer Water System, as applicable, pending or threatened litigation which could materially affect its performance hereunder, and other reasonably related opinions.

D. Segregate Revenues. Each Municipal Customer shall provide for the segregation of all revenues of its Municipal Customer Water System in such system fund or account and provide for the application of the necessary portion of the revenues for the purpose of this Agreement. An amount of funds of a Municipal Customer Water System which exceeds the obligations of such Municipal Customer hereunder may be used by that Municipal Customer for any lawful corporate purposes to the extent permitted by law. All Regional System Revenues shall be deposited in the funds and accounts of the Oak Lawn Regional Water System and used for purposes of the Oak Lawn Regional Water System. Any interest or other earnings on Regional System Revenues shall be considered Regional System Revenues.

E. General Covenant to Operate Properly. From time to time, Oak Lawn and each Municipal Customer will take steps reasonably necessary so that the Oak Lawn Retail Water System and each respective Municipal Customer Water System may at all times be operated properly and efficiently.

F. Accounting and Audit. Each Municipal Customer will make and keep proper books and accounts (separate and apart from all other records and accounts of such Municipal Customer) in which complete entries shall be made of all transactions relating to its Municipal Customer Water System, and, within two hundred ten (210) days following the close of each fiscal year of such Municipal Customer, it will cause the books and accounts of its Municipal Customer Water System to be audited annually by independent certified public accountants, showing the receipts and disbursements on account of its Municipal Customer Water System, and each Municipal Customer shall promptly upon receipt provide a copy of such audit to Oak Lawn. Likewise, Oak Lawn will make and keep proper books and accounts (separate and

apart from all other records and accounts of Oak Lawn) in which complete entries shall be made of all transactions relating to the Oak Lawn Regional Water System and, within two hundred ten (210) days following the close of the Fiscal Year, Oak Lawn will cause the books and accounts of the Oak Lawn Regional Water System to be audited annually by independent certified public accountants, showing the receipts and disbursements on account of the Oak Lawn Regional Water System, and Oak Lawn shall promptly upon receipt provide a copy of such audit to the Municipal Customers.

G. Maintain Ownership of Oak Lawn Regional Water System and Municipal Customer Water System and Properties. Oak Lawn with respect to the Oak Lawn Regional Water System and each Municipal Customer with respect to its Municipal Customer Water System will continue to own and possess such systems and will, within the exercise of reasonable business judgment and in a manner so as not to cause a default hereunder, dispose of property which is part of such systems only to the extent that such property is no longer useful or profitable in the operations of such systems.

H. Tax Status. (1) No Municipal Customer shall use or permit to be used any of the Chicago Water acquired under this Agreement or operate its Municipal Customer Water System in any manner or for any purpose or take any other action or omit to take any action which could, either alone or in conjunction with any other similar actions by that Municipal Customer or any other Municipal Customers, result in loss of the exclusion from gross income for federal income tax purposes of the interest on any Bond or Bonds or entitlement of Oak Lawn to a credit payment from the United States Treasury (such as, for example, was available to units of local government for “build America bonds”) in lieu of all or part of such exclusion from gross income (any of such advantages being “*Tax-Advantaged Status*”), or which could be issued in the future, as such Tax-Advantaged Status is governed by the federal income tax laws, as amended from time to time, including but not limited to, Section 141 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations or any rulings promulgated thereunder or as affected by a decision of any court of competent jurisdiction (collectively, the “*Tax Laws*”).

(2) At the time of execution of this Agreement, each Municipal Customer represents for itself that it has no contracts (other than standard retail service agreements or arrangements by which water service is provided to all retail customers pursuant to rate schedules or ordinances, as amended from time to time, in the discretion of the respective corporate authorities) whereby any person, corporation, partnership or other entity other than Mokena and New Lenox agrees to purchase from such Municipal Customer any water provided to such Municipal Customer under this Agreement for a period of more than thirty (30) days, except as shown in *Exhibit “J”* hereto, and such Municipal Customer has no current expectation of entering into any such contracts, except as set forth in *Exhibit “J”* hereto. Other than as provided in the above text relating to the Tinley Park Branch System providing service to Mokena, New Lenox, and the Illinois American Water Company and service by Orland Park to said water company in the “Alpine Heights” area, which may be provided at any time, at least sixty (60) days prior to entering into any contract whereby any person, corporation, partnership or other entity agrees to purchase from any Municipal Customer any water provided to such Municipal Customer under this Agreement for a period of more than thirty (30) days, such Municipal Customer shall notify Oak Lawn of its

intent to enter into such contract and provide copies of such contract to Oak Lawn. Within sixty (60) days after receipt of such notice, Oak Lawn shall advise such Municipal Customer as to whether, in the opinion of Bond Counsel selected by mutual agreement of the affected Municipal Customer and Oak Lawn, the entering into of such contract would result in a violation of the covenant in clause (1) above. The cost of this opinion shall be borne by such Municipal Customer. Any determination by Oak Lawn that any such contract would violate the covenant set forth in clause (1) above shall be made by Oak Lawn based upon the aforementioned opinion. In the event that allocations are necessary under the Tax Laws to determine whether entering into any such contract violates the covenant set forth in clause (1) above, Oak Lawn shall make such allocations, in its sole discretion, after receipt of an opinion of Bond Counsel as selected by Oak Lawn and paid for by such Municipal Customer.

I. Statement of Mutual Cooperation Process. The Statement of Mutual Cooperation Process (the “*Statement*”) set forth in *Exhibit “P”* attached is hereby incorporated by reference; *provided, however*, that notwithstanding any text therein which may imply the contrary, (1) any advice or recommendation resultant from the actions taken under the Statement are advisory only, not in any way mandatory or directory upon Oak Lawn, (2) all information to be supplied by Oak Lawn under the Statement shall be supplied in good faith in a commercially reasonable manner but is not guaranteed as to accuracy, (3) default or noncompliance under the Statement shall not obviate or diminish in any way any of the other obligations, duties or rights of any Party under this Agreement, and (4) enforcement of obligations or rights under the Statement shall be limited to actions for mandamus, declaratory relief, or the like, and no money damages may be awarded in connection with any such action. Nothing in this Section 18.I or *Exhibit “P”* shall diminish, limit or modify any other rights of the Municipal Customers under this Agreement or applicable law. All costs and expenses incurred as a result of the Working Groups (as defined in *Exhibit “P”*), except as specifically excluded in the immediately succeeding sentence, shall be treated as monthly Operation and Maintenance Costs of the Oak Lawn Regional Water System. The Southwest System Customers shall be solely responsible for any costs and expenses that the Southwest System Customers incur in conjunction with the Working Groups for independently retained experts and consultants, including but not limited to, auditors, accountants, architects, engineers and attorneys, and such costs and expenses shall not be included in the monthly Operation and Maintenance Costs of the Oak Lawn Regional Water System.

J. No Agency, Partnership or Joint Venture. Notwithstanding anything contained herein to the contrary, the Parties do not intend to create an agency, partnership, joint venture or employment relationship between the Parties and under no circumstances shall this Agreement be construed as one of agency, partnership, joint venture or employment between the Parties. The Parties shall each be solely responsible for the conduct of their respective officers, employees and agents in connection with the performance of their obligations under this Agreement.

Section 19. Service to Political Subdivisions. Any Municipal Customer entering into or renewing a wholesale contract or agreement with a person or entity constituting a governmental or like entity whose use of the services of the Oak Lawn Regional Water System would not adversely affect the ability of Oak Lawn to issue Bonds having Tax-Advantaged Status (*i.e.*, any such person or entity not described in the first sentence of Section 18.H(2) above), shall obtain

such covenants in such contract or agreement enabling such Municipal Customer to meet its covenants under this Section 19 and Section 18.H. Oak Lawn acknowledges that the execution of this Agreement by Mokena and New Lenox fulfills Tinley Park's obligation under this Section with respect to the contracts or agreements Tinley Park has with Mokena and New Lenox.

Section 20. Billings and Computations; Security Deposit in Certain Events.

A. Delivery; Computation; Verify. All bills or statements of charges will be made in writing by Oak Lawn and mailed and delivered electronically to an officer of the Municipal Customers selected by the Municipal Customer or, in the absence of such designation, to the Municipal Manager or Administrator of the Municipal Customer. All computations required by this Agreement shall be made by Oak Lawn. At the request of a Municipal Customer and upon payment by the Municipal Customer of all fees and expenses related thereto, the Municipal Customers reserve the right to review, verify and/or audit such bills and changes with such consultants and/or accountants as retained by the Municipal Customers at their own cost and expense.

B. Notify Each Month. Oak Lawn shall notify each Municipal Customer (except for Mokena and New Lenox as set forth in Section 20.E) of such Municipal Customer's amount of all Aggregate Costs other than Capital Costs and Charges for a month on or before the 5th business day of the following month. The Municipal Customer's amount of Aggregate Costs other than Capital Costs and Charges for a month shall be due and payable and must be received by Oak Lawn within fifteen (15) days after the date of notification. Oak Lawn shall notify each Municipal Customer of such Municipal Customer's amount of Capital Costs and Charges for each quarterly payment on or before the 5th business day of the month of the due date of such amount. The Municipal Customer's amount of Capital Costs and Charges for a quarter shall be due and payable and must be received by Oak Lawn on or before the last business day of the month.

C. Security Deposit in Certain Events. In the event (1) a Municipal Customer is rated below "BBB-" by S&P or "Baa3" by Moody's or (2) a Municipal Customer has defaulted on payments due under this Agreement, Oak Lawn may require such Municipal Customer to deposit money (the "Security Deposit") as security for payments due under this Agreement, upon written request. The Security Deposit shall be in an amount equal to the monthly average of the previous Fiscal Year's Aggregate Costs to that Municipal Customer and shall be paid immediately or accumulated in installments over time. The Security Deposit may be drawn upon at any time to make payments due and owing by the Municipal Customer under this Agreement or to avoid a default under this Agreement. If drawn upon, Oak Lawn may require the Municipal Customer to replenish said Security Deposit.

The Security Deposit shall be held in an account separate from all other accounts of Oak Lawn in trust for the purpose of making payments due under this Agreement. The Security Deposit may be invested in accordance with the investment policy of Oak Lawn. The investment income earned on the Security Deposit shall accrue to the benefit of the Municipal Customer in whose name such Security Deposit is established.

At its option, Oak Lawn may discontinue the requirement of the Security Deposit at any time and return the funds to the Municipal Customer in whose name the Security Deposit is held. However, Oak Lawn must return the Security Deposit to the Municipal Customer if (1) the Municipal Customer's rating has improved to "BBB-" (or higher) by S&P and "Baa3" (or higher) by Moody's and (2) the Municipal Customer has not been in default for a payment due under this Agreement for a period of three (3) years.

D. Access to Records; Disputes. In addition, Municipal Customers shall have access to Oak Lawn's water and financial department records at all reasonable business hours for the sole purpose of verifying the billing pursuant to this Section. If a Municipal Customer desires to dispute all or any part of any payments under this Agreement, the Municipal Customer shall nevertheless pay the full amount of any such payment when due and include with such payment written notification to Oak Lawn identifying the charges that are disputed, the grounds for the dispute and the amount in dispute within ninety (90) days after the time that the Municipal Customer knew or should have known of the facts giving rise to the dispute. Upon receipt of the notification of dispute, Oak Lawn representatives shall meet with the Municipal Customer's representatives to resolve such dispute. No adjustment or relief on account of any disputed charges shall be made unless such disputed charges are the subject of the notice. Oak Lawn and the Municipal Customer shall promptly attempt and continue efforts to resolve the dispute. In the event that it is determined that the Municipal Customer shall have overpaid, the Municipal Customer shall receive a refund. No actions by the Parties hereto and none of the provisions of this Agreement shall in any way whatsoever relieve any Municipal Customer's payment obligations. Each Municipal Customer will in each Fiscal Year make all budgetary, emergency or other provisions or appropriations necessary to provide for and authorize the prompt payment by that Municipal Customer to Oak Lawn, during each Fiscal Year and on each payment date, of all the charges, payments and adjustments provided for in this Agreement.

E. Tinley Park Role in Billing Mokena and New Lenox. Oak Lawn shall notify Mokena and New Lenox directly with respect to their respective amounts of Capital Costs and Charges due according to Subsection B of this Section. Oak Lawn shall notify Tinley Park of all Aggregate Costs other than Capital Costs and Charges due from Mokena and New Lenox according to Section 20.B. Tinley Park shall remit the Aggregate Costs other than Capital Costs and Charges to Oak Lawn on behalf of Mokena and New Lenox, *provided, however*, that Tinley Park shall not be liable for such payments due from Mokena or New Lenox in the event that Mokena or New Lenox fails to pay. Tinley Park shall provide Oak Lawn with the details of each payment allocable to Mokena and New Lenox, including the amount of Chicago Water delivered to Mokena and New Lenox by Tinley Park.

Section 21. Future Water Customers; Special Connection Fees.

A. Permit Future Water Customers.

(1) Prior to entering into any written agreement for the purchase, sale, hypothecation or conveyance of Chicago Water pursuant to Sections 21.A(3) and 21.A(4), Oak Lawn shall first provide notice to the Municipal Customers: (a) that there is Available Capacity for the Chicago Water covered by such an agreement and

(b) whether or not Oak Lawn proposes the Chicago Water to be sold, conveyed or hypothecated will be provided from the Oak Lawn Reserved Share and (c) the Proposed Component Cost Shares of any proposed Future Water Customer other than an Oak Lawn Reserved Share Customer as provided in the definition of Component Cost Share. In the event that Oak Lawn cannot provide Available Capacity as a result of a refusal by the Municipal Customers to approve repairs included in the approved Asset Management Plan for two years prior to the notice under this Section, then such lack of Available Capacity shall not preclude Oak Lawn from entering into a written agreement pursuant to Section 21.A(3).

(2) In the event the Southeast System Customers and Oak Lawn do not enter into a New Southeast Customer Agreement, Oak Lawn may at any time enter into agreements or contracts with the Southeast System Customers as Future Water Customers in the form of a Conforming Agreement. Until the Southeast Customers and Oak Lawn enter into a New Southeast Customer Agreement or a Conforming Agreement, Oak Lawn shall annually provide notice to each of the Southeast System Customers of that Customer's estimated payments for the Special Connection Fee and Old Bonds Special Connection Fee and shall also provide copies of said notices to the other Municipal Customers.

(3) At any time after one year after the Oak Lawn Regional Water System is Substantially Complete and Operational, Oak Lawn may sell, hypothecate or otherwise convey the Chicago Water which is part of the Oak Lawn Reserved Share pursuant to agreements or contracts with Oak Lawn Reserved Share Customers on such terms as Oak Lawn may in its sole discretion agree; *provided, however*, that Oak Lawn may not sell any of the Oak Lawn Reserved Share to any of the Southeast System Customers before Oak Lawn and that Southeast System Customer have entered into a Conforming Agreement that is in full force and effect for the sale of Chicago Water to that Southeast System Customer for its Current Year Allocations. In the event of sales of the Oak Lawn Reserved Share, Oak Lawn shall pay a share of Electricity Costs, Transmission Main Maintenance Costs and Pump Station Maintenance Costs for such share in the same percentage as set forth in the Exhibits for such costs as the Municipal Customer most nearly located geographically to such Oak Lawn Reserved Share Customer. As to all other Aggregate Costs attributable to sale of the Chicago Water to an Oak Lawn Reserved Share Customer, except Capital Costs and Charges, Oak Lawn shall be deemed to have taken delivery of such Chicago Water.

(4) Except as otherwise provided in Sections 21.A(2) and 21.A(3), Oak Lawn may enter into agreements or contracts with other Future Water Customers only upon Corporate Consent Obtained of Municipal Customers other than Oak Lawn having not less than 80% of the 2030 Allocations of all the Municipal Customers other than Oak Lawn.

B. To Pay Special Connection Fee for Capital Costs and Charges. Unless Oak Lawn receives Corporate Consent Obtained of Municipal Customers other than Oak Lawn who are at the time Parties to this Agreement or the North Customer Agreements and who have not less

than 80% of the 2030 Allocations of all such Municipal Customers, Oak Lawn agrees to charge Southeast System Customers who propose to become Future Water Customers not less than the amount of the Special Connection Fee. The Special Connection Fee shall be calculated as follows: the Buy In Base multiplied by a fraction, the numerator of which is the Projected Proportionate Share, and the denominator of which is the sum of the Proportionate Shares of the Municipal Customers who are obligated to pay Proportionate Shares and Future Water Customers who have participated in the payment of Capital Costs and Charges for the full Fiscal Year preceding the Connection Fee Date (collectively, “*Participating Customers*”). This formula is further expressed as follows:

Projected Proportionate Share					
$\frac{\text{Projected Proportionate Share}}{\text{Proportionate Shares of the Participating Customers for a period preceding the Connection Fee Date during which all Customers paid Capital Costs and Charges}}$	X	Buy In Base	=	Special Connection Fee	

An example of the Special Connection Fee computation is shown in *Exhibit “M”*, which example shall be non-binding and for illustrative purposes only.

Such Special Connection Fee shall be paid to all Participating Customers on a proportionate basis based upon the following formula:

Special Connection Fee	X	$\frac{\text{Participating Customer's Proportionate Share for a period preceding the Connection Fee Date during which all such Customers paid Capital Costs and Charges}}{\text{The total Proportionate Shares of all Participating Customers for a period preceding the Connection Fee Date during which all such Customers paid Capital Costs and Charges}}$	=	Participating Customer's share of the Special Connection Fee
------------------------	---	--	---	--

C. To Pay Proportionate Shares. Oak Lawn shall require each Southeast System Customer which becomes a Future Water Customer to pay its Proportionate Share (as calculated below) of Capital Costs and Charges on a take or pay basis as is provided herein, having the effect of reducing the Proportionate Shares of Participating Customers at the time, and, accordingly, the Proportionate Shares of Participating Customers will be adjusted at said time as stated in *Exhibit “E”* or as otherwise provided in this Agreement. The Proportionate Share allocable to a Southeast System Customer which becomes a Future Water Customer shall be *not less than* the share determined pursuant to the Cost Methodology.

D. To Pay Old Bonds Special Connection Fee. Unless Oak Lawn receives Corporate Consent Obtained of all Municipal Customers other than Oak Lawn who have made payments of principal and interest on the Old Bonds, Oak Lawn agrees to charge any of the Southeast System

Customers who propose to become Future Water Customers, or any Future Water Customers other than an Oak Lawn Reserved Share Customer, who propose to utilize any portion of the improvements paid for by any portion of the Old Bonds not less than the amount of the Old Bonds Special Connection Fee or Oak Lawn may elect to pay said Old Bonds Special Connection Fee itself.

Section 22. Special Connection Fee Payments to Oak Lawn Retail Water System and Certain Municipal Customers. Subject to the terms of any proceeding, ordinance or resolution or related document such as an indenture of Oak Lawn relating to issuance of Bonds as to payments being made subordinate to other prior claims on Regional System Revenues (such as being payable from surplus or a surplus account or from generally available revenues after prior account requirements shall have been met), each of the Oak Lawn Retail Water System and certain of the Municipal Customers shall be entitled to receive the payments from the Oak Lawn Regional Water System of the Special Connection Fee in the relative amounts provided for same in Section 21.

Section 23. Indemnity/Insurance.

A. Municipal Customer Indemnity. Each Municipal Customer, to the fullest extent permitted by law, agrees to save, keep and hold Oak Lawn harmless from any and all damages of every kind, nature and description, including attorney's fees, which Oak Lawn may suffer as a result of that Municipal Customer's operation or use of that Municipal Customer Water System provided for herein and for any of that Municipal Customer's breaches of this Agreement.

B. Oak Lawn Indemnity. Oak Lawn, to the fullest extent permitted by law, agrees to save, keep and hold Municipal Customers harmless from any and all damages of every kind, nature and description, including attorney's fees, which Municipal Customer may suffer as a result of Oak Lawn's operation or use of the Oak Lawn Regional Water System provided for herein and for any of Oak Lawn's breaches of this Agreement.

C. Insurance. Each Municipal Customer with respect to its Water System and Oak Lawn with respect to the Oak Lawn Regional Water System shall insure or self-insure such systems against physical damages or losses, tort claims, unemployment insurance claims, and other losses commonly covered by insurance in such manner as is commonly provided in the industry for similar water system operations. All such insurance or self-insurance programs shall be in accordance with recommendations made not less often than every five (5) years by an independent insurance consultant who, in the case of self-insurance, shall provide recommended levels of reserves. Upon request, the Parties agree to supply each other copies of the current insurance recommendations and the status of insurance procured and reserves maintained in response thereto. Any insurance provided pursuant to this Agreement shall not limit the indemnity obligations of the Parties under this Agreement.

D. Notice of Claims. In the event of a potential claim under the indemnity obligations of this Agreement or under the insurance required by this Agreement, the Party making such a claim shall promptly notify the Party against which such a claim is directed of the nature of the

claim, the extent of the claim, and such other information as to reasonably inform the other Party of the claim.

Section 24. Compliance with All Applicable Rules and Regulations. No Municipal Customer shall contaminate Chicago Water supplied by the Oak Lawn Regional Water System during delivery of such water through the Municipal Customer Water System. Oak Lawn reserves the right, based upon reasonable cause and following reasonable notice, given the circumstances, to make inspections of and perform tests with respect to those facilities within a Municipal Customer Water System which may affect the quality of Chicago Water supplied to the Municipal Customer through the Oak Lawn Regional Water System.

Section 25. Consequential Damages. In no event shall Oak Lawn be liable to any Municipal Customer for any special or consequential damages, including, but not limited to, loss of income, loss of revenue, loss of profits, loss of use, loss of capital, rental expenses, financing, reputation, overhead expenses, or interest, whether based on contract, tort, negligence, strict liability, or otherwise and arising from any cause whatsoever by performance under this Agreement or breach of this Agreement.

Section 26. Approvals and Consents; Corporate Consent Obtained; Executive Consent Obtained.

A. In General. Except as otherwise expressly provided or modified in this Agreement, any action subject to approval or consent or denial by the Municipal Customers shall be either by Corporate Consent Obtained or Executive Consent Obtained. Except as otherwise expressly provided or modified in this Agreement, consent means the approval or consent of the Municipal Customers having 51% or more of the 2030 Allocations of all Municipal Customers who are Parties to this Agreement, Parties to the North Customer Agreements, Parties to the New Southeast Customer Agreements and Future Water Customers that have entered into Conforming Agreements that are in full force and effect.

B. Corporate Consent Obtained. Corporate Consent Obtained is consent by the corporate authorities of the Municipal Customers. Such consent or denial of consent may be provided, and shall be conclusively evidenced by, a copy, certified by a Party's acting or deputy or assistant Municipal Clerk and under such municipality's seal, of such proceedings, ordinances, resolutions or other records purporting to provide such consent or denial of consent. Consent or denial of consent must be received within sixty-five (65) days after the receipt of notice giving rise to the power of consent or denial of consent. If no consent or denial of consent is received from a given Municipal Customer within the time provided in the foregoing sentence (or other express provision relating to time of consent or denial), then such Municipal Customer shall be conclusively deemed to have provided the required written consent.

C. Executive Consent Obtained. Executive Consent Obtained is consent by the Municipal Manager or by the designee(s) of such Municipal Manager; *provided however*, if and only if the Municipal Manager and the designee(s) of the Municipal Manager are unavailable, the Mayor or President of the Municipal Customer may provide consent (the person so acting on any matter for a Municipal Customer being referred to herein as its "*Authorized*

Representative”). Each Municipal Customer shall provide Oak Lawn up-to-date name and contact information, including official, mobile, and home telephone numbers and official email addresses for each Municipal Manager and Mayor or President. Unless otherwise provided, the notice provisions as set forth in Section 34 herein shall apply.

Unless otherwise provided, consent or denial of consent must be received within thirty (30) days after the receipt of notice giving rise to the power of consent or denial of consent. If no consent or denial of consent is received from a given Authorized Representative within the time provided herein (or other express provision relating to time of consent or denial), then such Municipal Customer shall be conclusively deemed to have provided the required written consent.

Section 27. Force Majeure. In case by reason of *force majeure* any Party to this Agreement shall be rendered unable wholly or in part to carry out any obligation under this Agreement, then if such Party shall give notice and full particulars of such *force majeure* in writing to the other Parties within a reasonable time after occurrence of the event or cause relied on, the obligation of the Party giving such notice, so far as it is affected by such *force majeure*, shall be suspended during the continuance of the inability then claimed, but for no longer period, and any such Party shall endeavor to remove or overcome such inability with all reasonable dispatch. The settlement of strikes and lockouts (as described in the definition of *force majeure*) shall be entirely within the discretion of the Party having the difficulty and that the above requirement that any *force majeure* shall be remedied with all reasonable dispatch shall not require the settlement of strikes and lockouts by acceding to the demands of the opposing Party or Parties when such settlement is unfavorable to it in the judgment of the Party having the difficulty. No *force majeure* which renders any of the Parties unable to perform under this Agreement shall relieve a Party of its obligation to make the payments which constitute take or pay agreed-upon payments as set forth above in the payment terms in Sections 2 and 15.

Section 28. Enforcement.

A. Oak Lawn to Enforce. Oak Lawn will at all times take all reasonable measures permitted by law to collect and enforce payment of all payments, charges and adjustments provided for in this Agreement.

B. May Pursue Any Remedies. Every obligation assumed by or imposed upon Municipal Customers by this Agreement shall be enforceable by Oak Lawn by appropriate action or proceeding, and Oak Lawn may have and pursue any and all remedies provided by law for the enforcement of such obligation.

C. Failure by Oak Lawn. Failure on the part of Oak Lawn in any instance or under any circumstance to observe or fully perform any obligation assumed by or imposed upon it by this Agreement except its willful failure to supply Chicago Water hereunder without just cause, shall not relieve any Municipal Customer from making any payment to Oak Lawn or fully performing any other obligation required of it under this Agreement. Municipal Customers have and may pursue any and all other remedies provided by law for compelling performance by Oak Lawn of said obligation assumed by or imposed upon Oak Lawn.

D. Pursuit of Legal Remedies. In the event any payment due hereunder is not paid by Municipal Customer, Oak Lawn may pursue any and all legal options available to it under this Agreement and the laws of the State of Illinois.

Section 29. Default.

A. Oak Lawn May Immediately Terminate. Oak Lawn may, by written notice to a given Municipal Customer, immediately terminate this Agreement solely with respect to such Municipal Customer if:

- (1) That Municipal Customer admits in writing an inability to pay its obligations under this Agreement as they become due;
- (2) That Municipal Customer persistently fails to perform any of its payment obligations under this Agreement;
- (3) That Municipal Customer abandons operation of its Municipal Customer Water System; or
- (4) The Chicago-Oak Lawn Agreement is terminated.

B. Oak Lawn May Terminate After Notice and Opportunity to Cure. Subject to and upon completion of the dispute resolution provisions contained in Section 30, for all other defaults that do not allow for immediate termination pursuant to Section 29.A, if a Municipal Customer shall fail, after thirty (30) days written notice of the Municipal Customer's default of any term of this Agreement, to cure, or undertake reasonable efforts to cure the default within ninety (90) days of the written notice if such cure cannot reasonably be completed within thirty (30) days, Oak Lawn may terminate this Agreement solely with respect to such Municipal Customer by providing written notice of termination to the Municipal Customer with a copy to the other Southwest System Customers. Such termination shall be effective upon Oak Lawn's sending of the written notice of termination.

C. Certain Effects of Termination. In the event of any termination, the Proportionate Shares as shown in *Exhibit "E"* shall be recomputed among the remaining Municipal Customers using the Cost Methodology; and the Allocation of Electricity Costs as shown in *Exhibit "F"*, Allocation of Pump Station Maintenance Costs as shown in *Exhibit "G"*, and Allocation of Transmission Main Maintenance Costs as shown in *Exhibit "H"* shall be recomputed among the remaining Municipal Customers based on the methods for each such cost in the respective exhibits. In the event that Oak Lawn shall terminate with respect to Tinley Park, all rights of Mokena and New Lenox hereunder shall remain unaffected.

D. Municipal Customers May Not Terminate. Except as otherwise provided in Section 41 of this Agreement, Municipal Customers shall have no right to terminate, cancel or rescind this Agreement, nor any right to withhold from Oak Lawn payments due or to become due under this Agreement, nor any right to recover from Oak Lawn amounts previously paid under this Agreement (unless paid in error or contrary to the provisions of this Agreement or

law), nor any right of reduction or set-off against the amounts due or to become due under this Agreement to Oak Lawn, nor any lien on any amounts in any fund established by Oak Lawn for any reason or on account of the existence or occurrence of any event, condition or contingency, whether foreseen or unforeseen or foreseeable or unforeseeable by the Municipal Customers or Oak Lawn or any other person; including by way of illustration and not limitation, by reason of the fact that the Oak Lawn Regional Water System in whole or in part is not completed, operable or operating; the output of the Oak Lawn Regional Water System in whole or in part is suspended, interrupted, interfered with, reduced or curtailed; either party to the Chicago-Oak Lawn Agreement, including Chicago, does not perform in whole or in part thereunder; any of the Municipal Customers' allocations of Chicago Water received from the IDNR is modified or terminated or any Municipal Customer or Future Water Customer does not perform in whole or in part under any agreement with Oak Lawn; it being the intent hereof that each Municipal Customer shall be absolutely and unconditionally obligated to make all payments under this Agreement, such obligations to survive termination of this Agreement. Oak Lawn will issue its Bonds in specific reliance upon the limitations set forth in this Section with respect to the rights of the Municipal Customers.

Section 30. Dispute Resolution.

A. Negotiation. The Parties desire to avoid and settle without litigation any future disputes that may arise between them relative to this Agreement. Accordingly, the Parties agree to engage in good faith negotiations to resolve any such dispute. If any Party has a dispute about a violation, interpretation, or application of a provision of this Agreement, or a dispute regarding a Party's failure to comply with this Agreement, then that Party may serve on the other Party written notice, delivered as provided in Section 34, setting forth in detail the dispute, the provisions of this Agreement to which the dispute is related, and all facts and circumstances pertinent to the dispute. The Parties then, within seven (7) days, shall schedule a date certain for representatives of the Parties to meet in a conference to resolve the dispute. Such conference shall be conducted within thirty (30) days after notice of the dispute has been delivered as provided herein.

B. Continuation of Services and Payments. During all negotiation proceedings and any subsequent proceedings provided for in this Section, Oak Lawn and the Municipal Customers shall continue to fulfill the terms of this Agreement to the fullest extent possible. Oak Lawn shall continue to provide Chicago Water to the Municipal Customers as provided by this Agreement. The Municipal Customers shall continue to make all payments to Oak Lawn for Chicago Water as provided by this Agreement, including all payments about which the Municipal Customers have or may have a dispute.

C. Remedies. Provided that the Parties have met their obligations under Section 30.A, the Parties shall be entitled to pursue such remedies as may be available in law and equity. The requirements of Subsection A of this Section 30 shall be waived in the event of either significant risk of irreparable harm or significant jeopardy to public health and safety.

Section 31. Substitution of More Favorable Provisions.

A. *Copy Provided.* Oak Lawn must provide, within seven (7) days after a request from the Southwest System Customers, a copy of any water sale, purchase or service agreement between Oak Lawn and any other Municipal Customer or Future Water Customer.

B. *Customer Determination.* If the Southwest System Customers learn of an Other Agreement that has a Favorable Provision, then the Southwest System Customers may each adopt an ordinance adding to this Agreement any such Favorable Provision from the Other Agreement and deleting from this Agreement the provisions, if any, for which any Favorable Provision has been substituted. Each Favorable Provision adopted by the Southwest System Customers must be substantially identical to the provision in the Other Agreement, and Oak Lawn must accept the Favorable Provision as a term of this Agreement, subject to the procedures set forth below.

C. *Notice to Oak Lawn.* Any Southwest System Customer adopting such an ordinance pursuant to this Section shall provide written notice to Oak Lawn of such action within thirty (30) days after such ordinance becomes effective. Such notice shall be delivered as provided in Section 34 and shall include a copy of the ordinance.

D. *Disputes.* If Oak Lawn disagrees with the action(s) taken pursuant to an ordinance adopted by a Southwest System Customer pursuant to this Section, such disagreement shall be initially subject to the process set forth in Section 30.

E. *Mediation.* If the Parties are unable to resolve their disagreement under this Section 31 through the dispute resolution process in Section 30, the Parties agree to attempt to resolve any such disagreement under this Section 31 by mediation, which shall be conducted pursuant to any applicable Illinois law and the then current procedures of, and using a mediator from, ADR Systems or, if ADR Systems is unable to handle the mediation, the Association of Attorney-Mediators (Illinois Chapter), or any other procedure and mediator upon which the Parties may agree.

(1) The Parties further agree that their respective good faith participation in mediation is a condition precedent to pursuing any other available legal or equitable remedy, including litigation.

(2) Either Oak Lawn or the Southwest System Customers may commence the mediation process by providing to the other Parties written notice, setting forth the bases for the disagreement and the result requested. Within ten (10) days after the receipt of the foregoing notice, the other Parties shall deliver a written response to the initiating Party's notice. The initial mediation session shall be held within thirty (30) days after the initial notice. The Parties agree to share the costs and expenses of the mediation with one-half paid by Oak Lawn and one-half paid by the Southwest System Customers (which shall not include the expenses incurred by each Party for its own legal representation in connection with the mediation).

(3) The Parties further acknowledge and agree that mediation proceedings are settlement negotiations and that, to the extent allowed by applicable law, all offers, promises, conduct and statements, whether oral or written, made in the course of the mediation by any of the Parties or their agents shall be confidential and inadmissible in any other legal proceeding involving the Parties; *provided, however*, that evidence which is otherwise admissible or discoverable shall not be rendered inadmissible or non-discoverable as a result of its use in the mediation.

(4) At no time prior to the initial meeting shall any Party initiate any litigation relating to the disagreement under this Section 31. However, this limitation is inapplicable to a Party if another Party refuses to comply with the requirements of paragraphs (1) and (2) above.

(5) All applicable statutes of limitation and defenses based on the passage of time shall be tolled while the procedures specified in paragraphs (1) and (2) above are pending and for fifteen (15) days thereafter. The Parties will take such action, if any, required to effectuate such tolling.

F. *Further Remedies.* If the Parties are unable to resolve their disagreement pursuant to mediation as set forth above, then any Party may pursue any remedy at law or in equity as may be available to it.

Section 32. Records. Except as otherwise prohibited by law, or as otherwise excluded by other sections of this Agreement, the Southwest System Customers shall have reasonable access to records pertaining to the Oak Lawn Regional Water System and to those records pertaining to Oak Lawn's compliance with its obligations under this Agreement, and for the purposes of inspection by any authorized representatives of the Southwest System Customers, including the Working Groups, during regular business hours, upon reasonable notice, to the same extent as such records are available for inspection by any authorized representatives of Oak Lawn.

Section 33. Successors and Assigns. This Agreement may not be assigned by any Party without the prior written consent of the other Parties; *provided, however*, because this Agreement is made with particular reference to the holders or prospective holders of the Bonds for the purpose of assuring and protecting the interests of such holders, Oak Lawn may at any time assign or pledge for the benefit and security of the holders of the Bonds all of its rights under the provisions of this Agreement to receive payments from Municipal Customers. This Agreement shall be binding upon the Parties, and their respective successors, assigns, heirs and legal representatives, subject, however, to the provisions hereof limiting assignment.

Section 34. Notices. By notice complying with the requirements of this Section 34, each Party to this Agreement shall have the right to change the address or the addressee, or both, for all future notices and communications to them, but no notice of a change of addressee or address shall be effective until actually received.

Section 35. Section and other Headings. Section or other headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement.

Section 36. Construction. This Agreement is the end result of the combined effort of the Parties and has been jointly negotiated, drafted and reviewed by each Party and its respective attorneys. No one Party shall be deemed to have drafted this Agreement and no ambiguity in this Agreement shall be interpreted or construed against any Party.

Section 37. *Superseder; Amendment; Waiver.*

A. Exhibits. All Exhibits attached hereto are incorporated into and made a part of this Agreement.

B. Entire Agreement. This Agreement and the Exhibits attached hereto constitute the entire Agreement between Oak Lawn and the Southwest System Customers for the purchase and sale of Chicago Water, and the intergovernmental agreements between or among some or all of the Parties to this Agreement including but not limited to those that are listed in *Exhibit "N"* to this Agreement are hereby superseded and shall be of no further force and effect. Contracts or Agreements to which Oak Lawn is not a party are neither superseded nor affected by this Agreement.

C. Amendments and Waivers. No addition, deletion, revision, alteration, change, modification or waiver of any term or condition of this Agreement shall be binding on any Party unless made in writing and signed by the Parties. The failure by a Party to enforce any provision of this Agreement or to require performance by the other Parties will not be construed to be a waiver, or in any way affect the right of any Party to enforce such provision thereafter.

D. Limitations on Modifications. No such change or modification may materially impair or adversely affect the ability or obligation of any Municipal Customer to make payments to Oak Lawn at the times, in the amounts, and with the priority required in order for Oak Lawn to timely meet Oak Lawn's obligations under this Agreement, the Chicago-Oak Lawn Agreement, other Oak Lawn water purchase or sale contracts and the Bonds, including without limitation the making of all deposits in various funds and accounts created under the proceedings, resolution or any ordinance authorizing the Bonds or any related document such as an indenture; or materially impair or adversely affect the ability of the holders of the Bonds, to enforce the terms of this Agreement. No such change or modification which will affect the rights and interest of the holders of the Bonds shall be made without the written approval of an authorized representative of the holders of at least seventy percent (70%) of the outstanding Bonds and no such change or modification shall be effective which would cause a violation of any provisions of the resolution or any ordinance authorizing the Bonds of Oak Lawn.

Section 38. *Severability.* Should any part, term or provision of this Agreement be determined by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining portions or provisions shall not be affected thereby.

Section 39. *Choice of Law.* This Agreement shall be governed by and construed in accordance with the laws of the State of Illinois, without giving effect to its principles of conflict of laws.

Section 40. *Execution in Counterparts.* This Agreement may be executed in any number of counterparts, each of which shall be executed by Oak Lawn and the other Parties and all of which shall be regarded for all purposes as one original and shall constitute and be but one and the same.

Section 41. Effective Date and Term of Agreement.

A. Effective Date. This Agreement shall be in full force and effect and shall become binding upon the Parties if, on or before December 31, 2014, (1) each of North System Customers submits to Oak Lawn an original signed copy of the North Customer Agreements, as an offer, and Oak Lawn countersigns such North Customer Agreements as acceptance, and (2) each of Mokena, New Lenox, Oak Forest, Orland Park, and Tinley Park submits to Oak Lawn an original signed copy of this Agreement, as an offer, and Oak Lawn countersigns such Agreement as acceptance. Provided all such conditions have been met, the Effective Date of this Agreement shall be the first day of the month next following the completion of the actions set forth in clauses (1) and (2) above. The Parties hereto further agree to provide a sufficient number of duplicate originals of this Agreement so as to provide one such duplicate original to each Party. Oak Lawn agrees to supply certified copies of the North Customer Agreements to the Parties hereto promptly after execution.

B. Term. From and after the Effective Date, this Agreement shall remain in full force and effect for forty (40) years, up to and including a date in the year 2054.

C. Termination and Renewal. This Agreement may be terminated pursuant to one of the following procedures: (1) by written amendment to this Agreement duly authorized by the appropriate legislative action of all of the Parties; (2) written notice pursuant to Subsection D of this Section; or (3) by written notice served by the Party desiring to terminate this Agreement at the end of the Term stated above, specifically stating that the Party sending the notice intends that the Agreement will terminate without renewal, such notice to be effective only if served upon the other Party not more than thirty-six (36) months and not less than thirty (30) months prior to the expiration of the Term. In the event that either Oak Lawn or one or more of the Southwest System Customers provides written notice pursuant to the notice provision of clause (2) of this Section 41.C, each Party to this Agreement agrees to appoint, delegate and authorize its Chief Administrative Officer to meet and confer with the appointed, delegated and authorized Chief Administrative Officers of the other Parties promptly thereafter to discuss the reasons for the termination notice and whether there are circumstances under which the Parties might mutually agree to renewal and continue their cooperative relationship under this Agreement. If a Party does not have a Chief Administrative Office in place, then the Mayor or Village President shall participate in this meeting process. The Parties agree to use their best efforts and to work in good faith through this meeting process to resolve all issues precipitating the notice of termination. These efforts shall continue for a period of not less than twelve (12) months following the notice.

D. Partial Termination Due to Failure of Oak Lawn to Construct 2013 Regional System Improvements. Notwithstanding the provisions of Section 29, the Southwest System Customers may terminate this Agreement upon the occurrence of the following: (1) Oak Lawn has failed to issue any of the New Series Bonds for a period of three years after the Effective Date of this Agreement; or (2) Oak Lawn has not awarded at least three (3) of eight (8) Bid Packages within three (3) years after the Effective Date of this Agreement. If the Southwest System Customers find that the above prerequisites exist, the Southwest System Customers may give Oak Lawn notice within three years and three months after the Effective Date of this

Agreement that this Agreement will terminate on a designated date not more than three years after the date of such notice. This Agreement will terminate as of the date designated in such notice, unless otherwise mutually agreed by the Parties. Upon termination, those obligations to pay Capital Costs and Charges incurred prior to termination and any covenants related to the payments of Bonds and coverage requirements related thereto shall continue until said obligations have been paid.

PAYMENTS DUE TO OAK LAWN FOR “OLD BONDS”

AND OLD BONDS SPECIAL CONNECTION FEE

I. OLD BONDS FOR 2001 AND 2006 IMPROVEMENTS.

A. *2001 Improvements.* In 2001, Oak Lawn designed and constructed a new fifty-four (54) inch diameter dedicated water transmission main from the City of Chicago’s Durkin Park Pumping Station at 85th Street and Keeler Avenue to Oak Lawn’s Reich Pumping Station at 91st Street and Southwest Highway (the “*2001 Improvements*”). To pay for the 2001 Improvements, Oak Lawn issued the General Obligation Corporate Purpose Bonds, Series 2001A (“*2001A Bonds*”). The 2001A Bonds have subsequently been refinanced by Oak Lawn through the issuance of its General Obligation Refunding Bonds, Series 2011A (“*2011A Bonds*”). The Southwest System Customers have agreed to pay shares of the debt service for the costs of the 2001 Improvements.

B. *2006 Improvements.* In 2006, Oak Lawn designed and constructed the Harker Pump Station Piping Improvements and the Booster Pump Station Improvements (collectively, “*2006 Improvements*”). To pay for the 2006 Improvements, Oak Lawn issued the General Obligation Corporate Purpose Bonds, Series 2006 (“*2006 Bonds*”) and the Southwest System Customers have agreed to pay shares of the debt service for the costs of the 2006 Improvements.

C. *Prior Agreements.* Oak Lawn and the Southwest System Customers have previously entered into certain intergovernmental agreements for the payment of shares of the debt service on the 2001A Bonds and the 2006 Bonds, which the Parties agree will be replaced in full by the terms of this Exhibit K and the Agreement to which it is attached, as more particularly itemized in Exhibit N to the Agreement. In this Exhibit K, the Parties have agreed to conform the method of determining the relative shares of the Customers for both the 2001 and 2006 Improvements to be based on each Customer’s current year IDNR Lake Michigan water allocation.

D. *Old Bonds.* The 2001A Bonds, the 2011A Bonds and the 2006 Bonds are collectively referred to as the “*Old Bonds.*”

II. PAYMENTS BY SOUTHWEST SYSTEM CUSTOMERS.

A. *Obligation to Pay.* In addition to the other amounts due pursuant to Section 15 of the Agreement, the Parties recognize and agree that the Southwest System Customers and any other Old Bonds Participating Customers (as hereinafter defined) shall be solely responsible for the payment of all principal and interest costs, on a proportionate basis as described in this Exhibit K, associated with the 2001A Bonds/2011A Bonds issued for the 2001 Improvements and the 2006 Bonds issued for the 2006 Improvements and, in no event shall Oak Lawn be

responsible for any payments from its corporate or other funds for bond principal or interest repayment with respect to the 2001 and 2006 Improvements.

B. *Old Bonds Proportionate Share.* Each Southwest System Customer shall pay its proportionate share of the annual debt service incurred by Oak Lawn related to the 2001 Improvements and the 2006 Improvements, including, but not limited to, all financing, construction and land acquisition costs (if any) and all engineering and legal fees associated therewith. Each Southwest System Customer's share for each of the 2001 Improvements and 2006 Improvements is to be determined based upon that Customer's current annual Lake Michigan water allocation from the IDNR in relation to the current annual water allocations of all other Municipal Customers utilizing the 2001 Improvements and/or 2006 Improvements who have agreed to pay for a share of either or both Improvements, as applicable (hereinafter referred to as its "*Old Bonds Proportionate Share*").

C. *Billing.* Oak Lawn shall invoice each Southwest System Customer for its Old Bonds Proportionate Share of any such debt service payments no less than thirty (30) days prior to Oak Lawn's due date for depositing funds for making any such debt service payments. Each Southwest System Customer shall remit its payment for its Old Bonds Proportionate Share of such debt service payment on or before said due date, so that Oak Lawn has sufficient funds on hand to make the required debt service payment. Each Southwest System Customer's total annual payment for its Old Bonds Proportionate Share of debt service may be divided into two (2) or more partial payments by Oak Lawn so as to follow the payment schedule for Oak Lawn's debt service payments.

D. *Advance Payment.* Any Southwest System Customer may prepay all or any portion of its indebtedness under this Exhibit K without penalty at any time. Any such full debt service prepayment would fulfill all of such Customer's obligations under this Exhibit K.

E. *Duration of Obligation to Pay.* It is anticipated by Oak Lawn and the Southwest System Customers that Oak Lawn will be financing the 2001 and 2006 Improvements by issuing debt instruments with a repayment schedule that does not exceed thirty (30) years for each group of Improvements. As such, each Southwest System Customer agrees that it shall remain obligated under this Exhibit K for the payment of its Old Bonds Proportionate Share for the entire term of the debt instruments issued by Oak Lawn to finance each of the 2001 and 2006 Improvements. Said payment obligation of each Southwest System Customer shall remain in full force and effect even if that Customer ceases to obtain Chicago Water through the Oak Lawn Regional Water System prior to the final payment for the debt service for each of the 2001 and 2006 Improvements by Oak Lawn. In the event that a Southwest System Customer ceases to obtain Chicago Water through the Oak Lawn Regional Water System prior to the final payment for the debt service for each of the 2001 and 2006 Improvements by Oak Lawn, that Customer's Old Bonds Proportionate Share of said annual debt service shall, after that Customer ceases to obtain Chicago Water through the Oak Lawn Regional Water System, be calculated based on that Customer's water allocation during the twelve (12) months immediately preceding the cessation of that Customer's receipt of Chicago Water through the Oak Lawn Regional Water System.

III. REALLOCATION OF OLD BONDS PROPORTIONATE SHARES; OLD BONDS SPECIAL CONNECTION FEE.

A. *Reallocation with Southeast System Customers.* In the event that any existing Southeast System Customer of the Oak Lawn Regional Water System enters into a new water sale, purchase or service agreement with Oak Lawn relative to utilizing the 2001 Improvements, the 2006 Improvements, or both, such agreement shall contain the same terms as provided in this Exhibit K and provisions of the Agreement related to Exhibit K, and each Southwest System Customer's Old Bonds Proportionate Share payments thereafter shall be reduced accordingly (pro rata based upon each Southwest System Customer's current daily water allocation and the combined current daily water allocations of all Oak Lawn Municipal Customers participating in paying the debt service for each of the 2001 Improvements and the 2006 Improvements, including the existing Southeast System Customer).

B. *Reallocation with Future Water Customers.* In the event that Oak Lawn enters into an agreement for water sale, purchase or service with any Future Water Customer other than an Oak Lawn Reserved Share Customer after the Effective Date of this Agreement, Oak Lawn agrees that any such agreement with any such Future Water Customer that utilizes either the 2001 Improvements, the 2006 Improvements, or both, shall require the Future Water Customer to pay its Old Bonds Proportionate Share (based upon the Future Water Customer's then current daily water allocation) of the debt service incurred by Oak Lawn for 2001 Improvements, 2006 Improvements, or both, as utilized by the Future Water Customer, and that future payments of the Old Bonds Proportionate Share owed by each Southwest System Customer shall be reduced accordingly (pro rata based upon its current daily water allocation and the combined current daily water allocations of all Oak Lawn Municipal Customers participating in paying the debt service for each of the 2001 Improvements and the 2006 Improvements, including the Future Water Customer).

C. *Calculation of Old Bonds Special Connection Fee.* The Old Bonds Special Connection Fee shall be calculated as follows: the Buy In Base for Old Bonds multiplied by a fraction, the numerator of which is the annual allocation of Chicago Water by IDNR to the proposed Southeast System Customer or other Future Water Customer as of the Connection Fee Date, and the denominator of which is the sum of the total annual allocations by IDNR to those Municipal Customers as of the Connection Fee Date who are obligated to pay on each series of the Old Bonds pursuant to this Exhibit for the 2001 Improvements, the 2006 Improvements, or both, as are to be utilized by the proposed Customer (collectively, "*Old Bonds Participating Customers*"), plus the amount contained in the numerator for the Chicago Water allocation to the proposed Customer. This formula is further expressed as follows and shall be applied to each series of the Old Bonds:

IDNR water allocation to the proposed Southeast System Customer or Future Water Customer as of the Connection Fee Date <hr/> IDNR annual water allocations to the Old Bonds Participating Customers as of the Connection Fee Date plus the amount included in the numerator	X	Buy In Base for Old Bonds	=	Old Bonds Special Connection Fee
--	---	------------------------------	---	---

Such Old Bonds Special Connection Fee shall be paid to all Old Bonds Participating Customers on a proportionate basis based upon the following formula:

Old Bonds Special Connection Fee	X	Old Bonds Participating Customer's Chicago Water annual allocation from IDNR as of the Connection Fee Date <hr/> The total Chicago Water annual allocation of all Old Bonds Participating Customers as of the Connection Fee Date	=	Old Bonds Participating Customer's share of the Special Connection Fee
--	---	--	---	---

IV. INDEMNIFICATION.

For and in consideration of the obligations assumed by Oak Lawn under this Exhibit K and related provisions of the Agreement pertaining to the Old Bonds, each Southwest System Customer shall release, defend, indemnify and hold Oak Lawn, its officers, agents and employees (the "Oak Lawn Indemnified Parties") harmless from any and all claims, demands, lawsuits, damages, judgments or costs, including reasonable attorney's fees (collectively referred to as "Claims") of whatsoever nature occurring, arising from or related to any challenge to the legality of this Exhibit K and related provisions of the Agreement pertaining to the Old Bonds, by an individual and/or entity not a party to the Agreement. However, in the event Oak Lawn exercises this indemnification provision, each Southwest System Customer shall retain the right to appoint counsel of its choosing to defend against any such challenge and shall retain the right to settle or compromise any such claim with or without the consent of Oak Lawn. In addition, this indemnification obligation shall be borne by all the Participating Municipalities in their applicable Old Bonds Proportionate Shares. Without limiting the generality of the foregoing indemnity, and by way of example only, each Southwest System Customer shall release, defend, indemnify and hold the Oak Lawn Indemnified Parties harmless from any Claims by Municipal Customers or Future Water Customers with respect to their ability to utilize the 2001 or 2006 Improvements as a consequence of this Exhibit K or any payments associated therewith which may be required under this Exhibit K and the Agreement. In addition, each Southwest System Customer shall remain legally responsible for the payment of its Old Bonds Proportionate Share of the bond and interest payment irrespective of any Claims or the outcome of any legal proceedings regarding such Claims.

FINANCING PLAN AND PARAMETERS OAK LAWN REGIONAL WATER SYSTEM “NEW SERIES BONDS” FOR THE “2013 REGIONAL SYSTEM IMPROVEMENTS”

I. INTRODUCTION.

This Financing Plan and Parameters (the or this “*FPP*”) is set forth as Exhibit O to that certain “Regional Water System Water Sale, Purchase and Service Agreement Between the Village of Oak Lawn, Illinois and Certain of Its Municipal Customers” (the “*Agreement*”). The defined terms of the Agreement are incorporated by reference, unless otherwise defined expressly in this Exhibit O or unless the context or use of a term clearly indicates another meaning is intended. This FPP is pursuant to Section 4.B of the Agreement and relates to the New Series Bonds and Bonds issued at any time in the future to refund New Series Bonds.

II. SOURCE OF FUNDS AND LIEN PRIORITIES; PREFERENCES FOR IEPA LOANS.

The Bonds shall be payable from the “*Net Revenues*” (Regional System Revenues less Operation and Maintenance Costs). The Bonds may be in various lien positions, commonly referred to as first lien, second lien, third lien, and so on. It is anticipated that a portion of the Bonds will be issued to the IEPA pursuant to its 20-year loan program for water projects (such portion will be referred to interchangeably with Bonds as the “*IEPA Loans*”).

IEPA Loans shall be Bonds in a third lien position on Net Revenues. Oak Lawn shall procure the maximum amount of IEPA Loans made available to it to finance the Project. In stating this preference, the Parties to the Agreement acknowledge that they are familiar with the IEPA water project loan program regulations, which in general provide funding for certain Project costs and defer loan repayment for a period of time, adding the deferred interest to principal at the time the loan begins to amortize, and such amortization occurring in level stated amounts of principal and interest semi-annually for 20 years. It is possible that during the course of acquiring and constructing the 2013 Regional System Improvements (herein also the “*Project*”) the IEPA may offer a 30-year loan program. Oak Lawn will seek to issue Bonds for 30-year IEPA Loans only after Executive Consent [is] Obtained as provided in the Agreement.

One series of IEPA Loans has already been procured by Oak Lawn, utilizing its own credit on an interim basis. This is an IEPA Loan approved for \$15,000,000 (estimated to be drawn in the amount of approximately \$12,700,000), more or less, to provide for improvements at the Harker Pumping Station. This FPP permits allocation of that IEPA Loan to a Bond (*i.e.* payable from the Net Revenues). This FPP permits Oak Lawn to have allocated to it, to the fullest extent possible, the debt service payments on this IEPA Loan as its share of Capital Costs and Charges. This provision entitles Oak Lawn to the (low) interest rate obtained on such IEPA Loan.

For Bonds which must be issued which are not IEPA Loans, this FPP permits the issuance of Senior Lien Bonds with a goal of achieving a rating in the second highest rating category by one or more appropriate rating agencies (such as Moody's or S&P) which ratings are now commonly known as "AA" or "Aa." The Parties acknowledge that such ratings typically require financial covenants, such as Net Revenues coverage of debt service on such Bonds.

III. MAXIMUM PRINCIPAL AMOUNTS.

A. The maximum principal amount of Bonds issued to pay the costs of acquiring and constructing the Project, including the costs of all lands and rights in land and water, and other necessary or advisable capital expenditures related thereto, and all costs of engineering related to the Project, shall not exceed such principal amount as will produce not in excess of \$179,550,000 of proceeds.

B. To said principal amount may be added amounts as follows:

1. Costs of issuance of the New Series Bonds (which includes the costs of all Parties to the Agreement of negotiating the Agreement) including legal, financial advisory, and engineering costs of such negotiations, bank fees and underwriting fees and similar costs, costs of credit enhancement such as bond insurance, line of credit or letter of credit fees, and the like, and typical closing costs for Bonds.

2. Bond reserve amounts not to exceed ten percent (10%) of the face ("*par*") amount of the New Series Bonds.

3. For any series of refunding Bonds, such additional principal amounts as may be necessary to accomplish such refunding (*i.e.* pay the designated debt service [principal and interest and redemption costs, if any] of such prior series of Bonds) including costs of issuance of such refunding Bonds, in each instance limited to two percent (2%) of par plus any bank fees or credit enhancement fees related to such refunding Bonds.

4. Capitalized interest on any Bonds for a maximum term of five years.

C. The maximum principal amount of Bonds of all series, including any series of refunding Bonds, which may be outstanding at any one time shall not exceed \$240,000,000.

IV. MINIMUM PURCHASE PRICE AND COMPENSATION TO BANKS AND UNDERWRITERS.

Bonds shall be sold at not less than 98% of par. Compensation paid to any bank or financial institution acquiring Bonds in a negotiated purchase shall not exceed 1% of par. Compensation to any underwriters of Bonds shall not exceed 2% of par.

V. RATES OF INTEREST ON BONDS.

No Bond shall bear a rate of interest or have a yield greater than permitted to a non-home rule governmental unit in Illinois as currently provided in the “Bond Authorization Act” of the State, as supplemented or amended. Oak Lawn will retain an independent financial advisor for all Bonds except those which are IEPA Loans. Oak Lawn will obtain from such financial advisor an opinion on each series of Bonds except IEPA Loans that the interest rates payable and the other financial terms of such Bonds are fair and reasonable in view of the structure of such Bond issue and then current conditions in the relevant market for such Bonds.

Bonds may utilize interest rate swaps upon the terms set forth in the Bond Authorization Act.

VI. MAXIMUM ANNUAL DEBT SERVICE.

Planned maximum annual debt service shall not exceed \$22,500,000. However, Bonds may become due resulting in greater debt service than that amount with the intention of refunding such Bonds (such obligations may have what is referred to as “bullet” maturities).

VII. TERM TO MATURITY; ANNUAL DEBT SERVICE; CERTAIN BOND CONSIDERATIONS.

As noted above, the Parties acknowledge the terms upon which the IEPA Loans will be repaid.

For other Bonds, planned principal authorization, to the extent commercially reasonable, will be deferred so as to begin to amortize at the final maturity of an IEPA Loan and end prior to expiration of the current term of the Agreement and provide annual debt service during and beyond the term of the IEPA Loans and taking into account the IEPA Loans, which is substantially level for all but the last two years of the maturity of all series of Bonds, in which such debt service shall decrease, but which decrease may take into account the application of money in the debt service reserve fund for such Bonds to pay all or a portion of such last two maturities.

As is the case with respect to maximum annual debt service, substantially level annual debt service is a planned parameter, within a range of plus or minus \$50,000, and greater debt service may be incurred with the anticipation that such Bonds will be refunded from time to time.

VIII. REVOLVING LINE OF CREDIT BONDS

At any time prior to December 31, 2020, Bonds may be issued in the form of a revolving line of credit (“*L/C Bonds*”) having a variable rate of interest within the maximum rate of interest set forth above. The maximum amount of such LC Bonds is \$20,000,000. Oak Lawn anticipates that the amount of the LC Bonds will be in the range of \$5,000,000 to \$15,000,000. If the L/C Bonds are outstanding on June 30, 2020, Oak Lawn will begin a financing effort to

refund such L/C Bonds with long-term Bonds. At such time, the term of the L/C Bonds may be extended to a further date if in the judgment of Oak Lawn such extension is advantageous but only after Executive Consent [is] Obtained as provided in the Agreement.

EXHIBIT P

STATEMENT OF MUTUAL COOPERATION PROCESS

For purposes of this Exhibit, all definitions as given in the Agreement of which this Exhibit is a part are incorporated by reference.

A. It is the intention of the Parties to this Agreement to create a long-term arrangement that is able to change and evolve over coming years to meet the changing demographics and needs of Oak Lawn and the Southwest System Customers.

B. Both Oak Lawn and the Southwest System Customers embrace the concept of establishing a framework for a long-term intergovernmental cooperative relationship for the reliable and cost-effective delivery of Chicago Water from Chicago to the Southwest System Customers through the Oak Lawn Regional Water System. To meet this objective, Oak Lawn and the Southwest System Customers agree to work together to investigate possible means of furthering the improvement and operation of the Oak Lawn Regional Water System to provide the Southwest System Customers with a long-term, reliable supply of Chicago Water. Oak Lawn and the Southwest System Customers agree that they will, from time to time, investigate alternative capital improvements and financing methods, as well as alternative operations and maintenance procedures, for the Oak Lawn Regional Water System, with the overall objective of enhancing the public health, safety and welfare of those to whom the Southwest System Customers provide Chicago Water.

C. Both Oak Lawn and the Southwest System Customers recognize that an essential element of this cooperative relationship is to ensure a reliable water delivery system for the provision of Chicago Water at a reasonable cost, and they jointly will seek out and develop mutually beneficial opportunities. As part of this effort, this Agreement establishes a regular method of budget development and review for the Oak Lawn Regional Water System, on Oak Lawn's annual budget cycle, and a process to evaluate budgeted items and anticipated costs.

D. Oak Lawn recognizes that the Southwest System Customers are a substantial contributor to the total Operation and Maintenance Costs of, and to the Capital Costs and Charges for, the Oak Lawn Regional Water System in the provision of Chicago Water to the Southwest System Customers, and that the Southwest System Customers desire meaningful input in various aspects of the Oak Lawn Regional Water System. Oak Lawn intends to share these enhanced input opportunities with the Southwest System Customers.

E. This Agreement will establish a variety of mechanisms for enhanced contact and communication between Oak Lawn and the Southwest System Customers on topics relevant to this Agreement including, among other things, water supply and reliability, Operation and Maintenance Costs and Capital Costs and Charges for the Oak Lawn Regional Water System, and the future effective and beneficial functioning of the Oak Lawn Regional Water System and the relationship between the Parties.

F. The mutually cooperative efforts set forth in this Exhibit will occur mainly through Working Groups as described in Sections I.B and I.D of this Exhibit and management level communications as described in the following sections. The Southwest System Customers acknowledge that providing review, feedback, recommendations and input to Oak Lawn, and Oak Lawn's acceptance of such, shall not supersede Oak Lawn's role as the sole entity responsible for the daily operation of the Oak Lawn Regional Water System. Oak Lawn supports these mutual cooperation efforts but reserves the right to accept or not accept certain recommendations provided by the Southwest System Customers.

G. The Southwest System Customers acknowledge that Oak Lawn is the licensed water system operator solely responsible for the Oak Lawn Regional Water System and as established and permitted by the IEPA, and therefore it shall be mandatory that Oak Lawn retain full operational control of the Oak Lawn Regional Water System.

H. Oak Lawn and the Southwest System Customers agree to commence mutual cooperation efforts outlined in this Exhibit, including Working Groups as described in Sections I.B and I.D of this Exhibit, upon execution of this Agreement. The Parties agree that this will enable and support the effective and efficient completion of the 2013 Regional System Improvements, the plan for which the Southwest Customers have approved.

ACCORDINGLY, OAK LAWN AND THE SOUTHWEST SYSTEM CUSTOMERS AGREE AS FOLLOWS.

I. Cooperation and Communication Regarding Reliability and Cost Control; Review and Accountability.

A. Coordination and Communication. Oak Lawn and the Southwest System Customers agree that they desire to establish a variety of means to enhance and promote communication and cooperation between Oak Lawn and the Southwest System Customers. In addition to those matters otherwise addressed in this Agreement, Oak Lawn and the Southwest System Customers also wish to establish procedures and processes to allow review of the Oak Lawn Regional Water System, to enable continuing channels of communication between Oak Lawn and the Southwest System Customers, and to ensure beneficial decision-making by Oak Lawn in the operation, maintenance and periodic improvement of the Oak Lawn Regional Water System. Nothing in this Exhibit is intended to require the Southwest System Customers to create reports that each does not regularly produce.

B. Mutual Cooperation Through Working Groups.

1. Formation. To facilitate an ongoing structure for consistent communication, Oak Lawn and the Southwest System Customers agree that the Southwest System Customers will establish three working groups ("*Working Groups*"), consisting of personnel from the Southwest System Customers, to address the subject areas described in Section I.D of this Exhibit. The Southwest System Customers will notify Oak Lawn of the formation of the Working Groups and the membership of each Working Group, as well as the designated chairperson for each Working Group and such

group's designated liaison to Oak Lawn, from time to time. The Southwest System Customers shall be responsible to provide staff support to the Working Groups, including preparation of meeting agenda and minutes. The Working Groups are intended to be performing jointly the role of staff of the Southwest System Customers, and are not intended to be public bodies subject to the provisions of the Open Meetings Act.

Oak Lawn's liaison to each Working Group shall be a person holding a position of comparable rank and responsibilities as those held by a majority of individuals serving on each Working Group.

C. Meetings with Working Groups.

1. *In General.* The Southwest System Customers will notify Oak Lawn of the proposed meeting schedule and provide an agenda for each of the Working Groups' meetings with their respective Oak Lawn liaisons from time to time. Oak Lawn and each Working Group agree that the "Operations" Working Group and the "Finance/Administration" Working Group shall each meet with their respective designated liaisons from Oak Lawn not less than two (2) times in each calendar year unless the Working Group and Oak Lawn mutually agree that fewer meetings are required from time to time. Oak Lawn and each Working Group agree that the "Management" Working Group and Oak Lawn's designated liaison will meet at least once in each calendar year, on call of the Management Working Group with at least fourteen (14) days notice to Oak Lawn. Oak Lawn and the Working Groups agree that additional meetings will be held by any of these Working Groups with their respective liaisons on call of the Working Group with at least fourteen (14) days notice to Oak Lawn. In the event of an emergency, Oak Lawn and the appropriate Working Group agree to meet as soon as is practicable under the circumstances.

2. *Cooperation with Others.* The Southwest System Customers acknowledge that other Municipal Customers may have substantially similar rights relating to mutual cooperation or may have an interest in the Working Group meetings or actions and agree to cooperate and coordinate with Oak Lawn to the end of avoiding duplicative efforts.
