NO.	REVISIONS

Special Use Request for Mojoes at 15750 S Harlem Ave. In Orland Park Illinois.

1. Mojoes is requesting the use of the unit at 15750 S. Harlem to be extended from retail to a Coffeehouse with special events which will include the uses; Musical and theatrical entertainment, room rentals for birthday parties, baptisms, baby showers etc. My objective with this location is to help with the need of a theatrical, artistic and musically entertaining atmosphere for all-age groups to congregate as a group to enjoy the same ideals. Also, to serve as a room for rent, such as a banquet hall, where the special use might be a need or desire for prospective party renters. Example: Renting the room for a birthday party, where a stage and open area for seating/standing is needed for a band, musical or theatrical act to perform.

2. Mojoes feels that Orland Park is a great community to have a location and a business such as this due to their emphasis on architecture and their open-mindedness to modern arts, moreover, the village's importance on the art in general. Mojoes will provide a location for people of all ages to sit and enjoy art that relates to music and print, with the ambience of an independent coffee house.. Mojoes would also like to do art shows and craft shows to capture a much larger audience.

3. There will be no visual change to the location referring to the exterior. In the spring of 2009, a patio would like to be an option on the south side of the unit with tables, chairs and The interior will be visually pleasing in colors and design relating to modern art.

4. There will be no major changes that should affect the surrounding properties in relations to visual modifications. The use of this business at this particular location should help with the need of traffic and customers to the restaurants in surrounding plazas and to the immediate plaza.

5. Mojoes , and the special use for coffee and artistic freedoms, will adhere to all rules and regulations in these public facilities and services and all services in this regard will not be limited in anyway.

6. No improvements will be made without an application of a building permit by the city when a permit is necessary. Mojoes will comply with any rules in regards to health and sanitation for the preparations of smoothies, drinks and coffee.

7. Mojoes is not aware of any adverse affects, if any, this special use would cause.

8. Marc Bernal, owner of Mojoes, is licensed for the preparation of coffee and food by the State of Illinois. Health and Sanitation license number is
