2019-0276 For Sales Tax Rebate and Real Estate Tax Abatement (Von Maur) - Ordinance

The Village of Orland Park entered into a an intergovernmental agreement with Consolidated High School District 230, Orland School District 135, Orland Fire Protection District, Board of Library Trustees of the Village of Orland Park and Von Maur, Inc. The Village Board of Trustees previously determined it to be in its best interests to abate a portion of its taxes on the real estate of the former Carson Pirie Scott & Co. property, in order to encourage a commercial firm to redevelop the subject property, increase the tax base, and increase employment opportunities.

In addition, the Village has agreed to abate a portion of its sales tax received from the project. Annually, for a maximum of 10 consecutive years, unless extended by the Village Board, beginning with the period from November 1, 2019 through October 31, 2029, the Village shall pay to Von Maur a sum which totals 50% of the Village Sales Tax Revenue, for any twelve (12) month period that is attributable to gross sales originated by the development of the subject property.

Von Maur Inc. is required to remodel the exterior and interior of the existing facility and install major physical improvements at a cost in excess of \$25,000,000. Von Maur anticipates generating an additional tens of millions of dollars in new retail sales resulting in substantial additional tax revenue to the Village as well as providing employment for a substantial number of new employees generating an additional estimated average annual payroll of \$4,000,000 to \$5,000,000. Von Maur must receive occupancy no later than June 30, 2020.

Additionally, without this agreement Von Maur would reconsider its plans to renovate, remodel and improve the subject property and this project would not be possible.

I move to pass Ordinance Number 5397 entitled: AN ORDINANCE PROVIDING FOR SALES TAX REBATE AND REAL ESTATE TAX ABATEMENT (VON MAUR).

This matter was PASSED on the Consent Agenda.

2019-0260 Certificate Occupancy Village Code Section 5-1-4 Amendment - Ordinance

New businesses are required to obtain a business license and Certificate of Occupancy prior to opening their business. Landlords (building owners) and property managers should be aware of the Village's requirements. Currently, some tenants are allowed by the landlord to move in and open their business without informing the Village and getting the proper permits and approvals. The Village often has issues obtaining occupancy and a business license after the business has entered the tenant space. The Development Services Department is proposing an amendment to Title 5 Chapter 1 Section 4 of the Village Code to regulate these violations. The proposed code amendment will educate the property owners and landlords as to the responsibility they have to provide the minimum safety code requirements. The local changes to the present code are red lined and highlighted in the attachments for clarity.

This item was reviewed at the February 18, 2019 Committee meeting and as a result, some language was changed.

This item was recommended for approval at the March 18, 2019 Committee meeting, however, the Village attorney suggested the penalty fees be changed to citations with fines so that the offender has the opportunity to appear in court.

On April 15, 2019, this item was reviewed by the Development Services Planning and Engineering Committee, recommended for approval and referred to the Village Board of Trustees for consideration of the ordinance.

I move to pass Ordinance Number 5398 entitled: AN ORDINANCE AMENDING TITLE 5 CHAPTER 1 OF THE ORLAND PARK VILLAGE CODE (BUILDING PERMITS AND FEES)

This matter was PASSED on the Consent Agenda.

PLANNING DISCUSSION

Inadvertently, the motion to approve the rezoning for Orland Ridge was not included in the recommended motion at the original Public Hearing at Plan Commission on February 19, 2019 or at the Development Services, Planning and Engineering Committee meeting on March 18, 2019. A recommendation by the Plan Commission is required by Code in order to motion on the rezoning at the Board level. The Village attorney recommended that the request for a rezoning go back before the Plan Commission for a recommendation. It was also recommended by the Village attorney that rezoning go directly from the Plan Commission to the Village Board of Trustees.

PLAN COMMISSION DISCUSSION, APRIL 2, 2019

Commission members were in support of the rezoning. There was no additional discussion. Please refer to the Detailed Planning Discussion in the Plan Commission Report attached in Legistar for more details.

PLAN COMMISSION MOTION

On April 2, 2019, the Plan Commission voted unanimously (5-0) to recommend to the Village Board of Trustees the approval of a Rezoning (Map Amendment) for Orland Ridge to be rezoned from the existing E-1 Estate Residential Zoning District to the COR Mixed Use Zoning District.

DEVELOPMENT SERVICES, PLANNING AND ENGINEERING COMMITTEE DISCUSSION, MARCH 18, 2019

On March 18, 2019, the project was introduced to the Development Services, Planning and Engineering Committee and all members were in support of the project. Trustee Fenton was in support of the project and made note of her trip to a similar project built by the developer in Naperville. She made note that the group that visited the project in Naperville noticed that the layout was monotonous due to

the straight layout of the road network and repetitive architecture. Efforts were made by staff, based on that meeting to push the design of the architecture. The layout of this project is very different from the one in Naperville in that the streets are shorter in block length, and also have curves and elevation change. Trustee Dodge was in support of the project and likes how the project is laid out as a mix of uses and would urge that the commercial pieces come in sooner than later. Trustee Ruzich was in support but had a question about the target demographics, enjoys that the project seems to be "self-contained" and appreciates the interconnectivity and external connectivity/mobility. There was some discussion about the utilization of Illinois American Water and that there needs to be clear communication to the future residents that they will likely pay more for their water than other residents and why this is the case.

I move to approve a Rezoning (Map Amendment) for Orland Ridge to be rezoned from the existing E-1 Estate Residential Zoning District to the COR Mixed Use Zoning District.

This matter was APPROVED on the Consent Agenda.

PUBLIC WORKS

2019-0264 Fairway Estates Stage 3 Drainage and Water Main Improvements GMP - Change Order #1

Public Works Director John Ingram reported that the Fairway Stage 3 Drainage and Water Main Improvement was approved by the Board in December, 2018 and awarded to Burke, LLC as a design-build project in the amount of \$2,714,550.00. Construction began in February, 2019 and is nearing completion. Restoration is also currently underway.

Similar to previous stages, the roadway asphalt restoration in Stage 3 was proposed as a temporary two inch (2") patch over the utility trenches to provide a suitable driving and snow plowing surface. The subsequent road improvement program would then reconstruct the insufficient full depth of asphalt across the entire street. During Stage 3 the existing asphalt depth was found to be greater than the previous stages. Full depth reconstruction is not recommended. Financially a mill and overlay will be sufficient for road program improvements throughout Stage 3. However, with the installation of a proposed two inch (2") patch, the asphalt material as well as several inches of stone would have to be removed and hauled away for disposal. To minimize wasted costs related to the road improvement program and provide a better stabilized base, staff requested a proposal from Burke, LLC for a five inch (5") thick patch over the trenches. Burke, LLC provided the proposed change order in the amount of \$114,048.00 which is attached in Legistar. Staff reviewed the proposal and determined it to be very reasonable with the new price being \$50.00 per ton less. The change order exceeds the original board approved amount for the project by \$14,048.00. However, it will provide a cost savings to the road program. The cost for the asphalt patch would be split equally between the currently available project

Owner's Allowance and the funds allocated for the road improvement program.

Staff is requesting approval of a change order for Burke, LLC to provide a 5 inch (5") depth asphalt patch at a cost of \$114,048.00. With the project proceeding quickly and preparing for restoration, staff is requesting to expedite the approval for the change order.

This agenda item was considered by the Public Works Committee and the Village Board of Trustees on the same night.

President Pekau had comments. (refer to audio file)

I move to approve accepting the proposal from Burke, LLC of Rosemont, Illinois for Fairway Estates Stage 3 Drainage and Water Main Improvements GMP - Change Order #1 at an additional cost of \$114,048.00.

A motion was made by Trustee Fenton, seconded by Trustee Dodge, that this matter be APPROVED. The motion carried by the following vote:

Aye: 7 - Trustee Fenton, Trustee Dodge, Trustee Gira, Trustee Griffin Ruzich, Trustee Calandriello, Trustee Carroll, and Village President Pekau
