CRC is compensated in a variety of ways, including commissions and fees paid by insurance companies and fees paid by clients. Some insurance companies pay brokers supplemental commissions (sometimes referred to as "contingent commissions" or "incentive commissions"), which is compensation that is based on a broker's performance with that carrier. These supplemental commissions may be based on volume, profitability, retention, growth or other measures. Even if a contingent commission agreement exists with a carrier, we recognize that our responsibility is to promote the best interests of the policyholder in the selection of an insurance company. For more information on CRC's compensation, please contact your CRC broker.
