Variances**

SECTION 5-109. VARIANCES.

- A. **Authority and Purpose.** The Hearing Officer(s) and the Plan Commission are hereby authorized to grant **and/or recommend to the Board of Trustees** such variances from the literal terms of these regulations where there are practical difficulties or unnecessary hardships that may result from strict compliance with these regulations so that the spirit of these regulations shall be observed, public safety and welfare secured, and substantial justice done. The Hearing Officer(s) shall hear those applications affecting **one (1) single family residential dwelling and those applications affecting multi-family dwellings of fewer than six (6) units.** ~~developments of six (6) units or less.~~ All other applications for a variance shall be heard by the Plan Commission. (Ord. 3281 - 8/16/99)

- B. **Application.** An application for a variance authorized under the provisions of this Section shall be submitted to the Development Services Department and reviewed in accordance with the provisions of Sections 5-101.

- ~~C~~ B. **Timing.** Variances shall only be granted at the final approval stage. If a final plan is not required, then variances shall be granted prior to the issuance of a building permit. (Ord. 3070-10/20/97)

- ~~D~~ C. **Standards Applicable to all Variances.** The findings of the Hearing Officer(s) or Plan Commission and the Board shall be based on data submitted pertaining to each standard in this section as it relates to the development. A variance shall be granted only if the applicant demonstrates:
 - 1. That the property in question cannot yield a reasonable return if permitted to be used only under the conditions allowed by the regulations governing the district in which it is located;
 - 2. That the plight of the owner is due to unique circumstances;
 - 3. That the variation, if granted, will not alter the essential character of the locality;
 - 4. That because of the particular physical surroundings, shape or topographical conditions of the specific property involved, a particular hardship to the owner would result, as distinguished from a mere inconvenience, if the strict letter of these regulations were carried out;
 - 5. That the conditions upon which the petition for a variation ~~is~~ **are** based are unique to the property for which the variance is sought and are not applicable, generally, to other property;
 - 6. That the alleged difficulty or hardship is caused by these regulations and has not resulted from any act of the applicant or any other person presently having an interest in the property subsequent to the effective date hereof, whether or not in violation of any portion thereof;
 - 7. That the granting of the variation will not be detrimental to the public welfare or injurious to other property or improvements in the neighborhood in which the property is located or otherwise be inconsistent with the Comprehensive Plan, any

adopted overlay plan or these regulations;

- 8. That the proposed variation will not impair an adequate supply of light and air to adjacent property, or substantially increase the congestion in the public streets, or increase the danger of fire, or endanger the public safety, or substantially diminish or impair property values within the neighborhood;
- 9. That the variance granted is the minimum adjustment necessary for the reasonable use of the land; and
- 10. That aforesaid circumstances or conditions are such that the strict application of the provisions of this Section would deprive the applicant of any reasonable use of his or her land. Mere loss in value shall not justify a variance; there must be deprivation of all beneficial use of land.

~~D. **Conditions.** Issuance of a variance may be made subject to such conditions as are necessary to carry out the purposes of these regulations and to prevent or minimize adverse effects upon other property in the neighborhood, including, but not limited to, limitations on size and location, hours of operation, requirements for landscaping, lighting, and ingress and egress.~~

If the variance is not within one of those variances authorized in Subsection F, the Hearing Officer or Plan Commission may recommend to the Board of Trustees whether the variance requested complies with the standards of Subsection C, above.
