Title/Name/Summary

Electronic Sign - Discussion

### History

On October 21, 2013, the Development Services & Planning Committee discussed a possible code change to allow for electronic message boards in the Village of Orland Park. This item has been discussed a number of times before the Village Board of Trustees, including on October 2, 2013 when the item was sent back to committee for further follow-up and discussion. At the October 21, 2013 meeting (reference attached minutes) there was not a consensus to move forward on initiating a code change to allow electronic message boards. Now that the LaGrange Road improvement project is well underway, the Mayor has requested that this be re-reviewed for consideration, as many businesses are in the process of finalizing their new permanent signage.

Attached is the exact staff report from the October 21, 2013 Development Services & Planning Committee meeting.
