It is further understood and agreed by Owner and the Village that such portion of the Subject Property which will not be owned by the Owner but will continue to be owned by the Calvary Reformed Church, an Illinois not-for-profit corporation, is not being developed by said Church and that the Village will look solely to the Owner for compliance with this Agreement and not to said Church.

Owner agrees that permission for the construction of those public improvements which require approval from the Metropolitan Water Reclamation District of Greater Chicago or any other governmental agency, must be obtained. Owner agrees to maintain and keep in good repair the public improvements that are to be constructed until accepted by the Village.

Owner agrees to construct any improvements required by the aforesaid permit at Owner's sole expense.

Said sum of money shall be a lien on the Subject Property until paid, and Owner acquiesces and agrees to the payment of said sum being a lien on the Subject Property subordinate to any acquisition loan or construction development loan of this or any subsequent developer of the Subject Property from the date hereof. In the event of a default in the payment of said sums, or any part thereof, the Village shall have the right to foreclose the lien aforesaid in the same manner as provided for with respect to a mortgage foreclosure. Other than such payments to the Village as provided in this Agreement as well as the customary permit and inspection fees, no additional contributions, impact or exaction fees shall be paid to the Village by Owner.

Village shall solely determine how said sum so paid shall be allocated and disbursed.

Sums of money required to be paid hereunder shall be obligations of the Owner and all successors in title, and no conveyance of the Subject Property shall relieve Owner or any subsequent Owner, of said obligation. The Village agrees to permit connection of the aforementioned sanitary sewers to the sanitary sewer facilities of the Village and to furnish sewer service on the same basis as said services are furnished to other parts of the Village. Owner agrees that no surface water is to be discharged into the sanitary sewerage collection system and will make adequate provision that this will not occur. The detention pond is to be perpetually owned and maintained by Owner and its successors in title. Appropriate covenants shall be prepared, submitted to the Village attorney for approval, and recorded to provide for such private ownership and maintenance of the detention pond.

All public improvements, which shall be completed within 2 years after approval of the Plat of Subdivision, shall be inspected by the Village upon completion and if they are found to be

in compliance with the requirements of the Code and in accordance with the final engineering plans they shall thereupon, without unreasonable delay, be accepted by the Village.

SECTION SIX: Dedication, Maintenance/Cleaning of Streets; Street Lights; Bicycle Path; Miscellaneous.

A. Streets.

The Owner shall provide access to the site. All deliveries of construction supplies or materials shall be restricted to certain streets or temporary haul roads designated by the Village. Owner shall dedicate, for street/road purposes, the necessary right-of-way shown on EXHIBIT B for 151st Street (as described in SECTION TWO B. 2, above).

Also, Owner shall be required to keep all public streets adjoining the Subject Property free from mud and debris generated by construction activity on the Subject Property. Such streets must be cleaned at least once a week, and more often if required by Village in its sole judgment. For each day that the streets are not cleaned as required hereunder during construction, Owner shall be subject to a fine as provided in the Code. If any such fine is not promptly paid, the Village shall have the right to stop any and all further construction until paid.

B. Bicycle Path.

Owner shall be required to construct a bicycle path along 151st Street in accordance with the Code and final engineering plans approved by the Village.

C. Miscellaneous.

The cost of the bicycle path and street trees to be installed on public rights of way shall be included in the required letters of credit for the development of the Subject Property, with the amounts to be computed on the same basis as the amounts to be included in the letter of credit for all other public improvements for the Subject Property. The Owner's obligation to install the street trees may not be assigned or transferred by the Owner to a subsequent title-holder, and the street tree(s) shall be planted not later than the planting season next following the issuance of the Village occupancy permit.

SECTION SEVEN: Easements.

The Owner agrees at the time of approval of the Annexation Agreement to grant to the Village, and/or obtain grants to the Village of, all necessary easements for the extension of sewer, water, street, or other utilities, including cable television, or for other improvements which may serve not only the Subject Property, but other territories in the general area.

All such easements to be granted shall name the Village and/or other appropriate entities designated by the Village as grantee thereunder and shall be located as shown on the approved engineering plans. It shall be the responsibility of the Owner to obtain all easements, both on site and off site, necessary to serve the Subject Property.

SECTION EIGHT: Developmental Codes and Ordinances and General Matters.

The development of the Subject Property annexed shall be in accordance with the existing building, zoning, subdivision, storm water retention and other developmental codes and ordinances of the Village as they exist on the date each respective permit for development is issued. Planning and engineering designs and standards, and road construction and dedication of public improvements, shall be in accordance with the then existing ordinances of the Village or in accordance with the statutes and regulations of other governmental agencies having jurisdiction thereof if such standards are more stringent than those of the Village of Orland Park at such time.

No occupancy permit shall be issued for the building prior to the completion and approval by the Village of the required public improvements. The construction and installation of the public improvements to be done by Owner may be commenced at any time after Owner has delivered to Village an irrevocable letter of credit, in a form satisfactory to, and from a bank or other financial institution approved by, the Village in the amount of 125% of the Owner's Engineer's estimate of the cost of construction and installation of all such improvements as approved by the Village Engineer, including all required lighting, streets and street lights, sidewalks, landscaping, street trees, sewer and water lines and storm water management facilities. The Village Engineer may, in his discretion, permit the amount of said letter of credit to be reduced, from time to time, as major public improvements are completed. In the case of landscaping, the time for completion shall be extended if and when weather conditions do not allow for planting, and this shall not delay the issuance of the certificate of occupancy.

All public improvements shall be constructed and installed within two (2) years from the date of approval of the Plat of Subdivision; however, if the completion date falls after September 30th, the date shall be the following May 30th. Notwithstanding any other provision of this Agreement, no construction of public improvements shall commence until the plans and specifications for the public improvements have been approved, this Agreement has been executed, the minimum security has been provided, the requirements of Ordinance No. 2084. No earthwork shall be done in any area tentatively identified as wetlands until an appropriate permit or permission has been obtained and such permit or permission is shown to the Village. The Plat(s) of Subdivision shall contain such restrictive covenants, drainage covenants and easement provisions as are or were required by the President of the Board of Trustees as a condition to approval of the Plat(s) of Subdivision.

Owner, at its own cost, agrees to provide the Village "as built" engineering plans and specifications upon substantial completion of the public improvements or at the request of the Village Engineer but in no event later than the time required by Ordinance No. 2084.

It is agreed that all of the public improvements contemplated herein shall upon acceptance thereof by the Village, become the property of Village and be integrated with the municipal facilities now in existence or hereafter constructed and Village thereafter agrees to maintain said public improvements. Acceptance of said public improvements shall be by resolution of the President and Board of Trustees only after the Village Engineer or Village Engineer Consultant has issued his Certificate of Inspection affirming that the improvements have been constructed in accordance with approved Engineering Plans and Specifications. Owner agrees to convey by appropriate instrument and Village agrees to promptly accept,

subject to terms hereof, the public improvements constructed in accordance with the Approved Engineering Plans and Specifications.

SECTION NINE: Utilities.

All electricity, telephone, cable television and gas lines shall be installed underground, the location of which underground utilities shall be at the Owner's option.

SECTION TEN: Impact Requirements.

Owner agrees that any and all contributions, dedications, donations and easements provided for in this Agreement substantially advance legitimate governmental interests of the Village, including, but not limited to, providing its residents, and in particular the future residents of the Subject Property, with access to and use of public utilities, streets, libraries, schools, parks and recreational facilities, police protection, and emergency services. Owner further agrees that the contributions, dedications, donations and easements required by this Agreement are specifically and uniquely attributable to, reasonably related to and made necessary by the development of the Subject Property.

SECTION ELEVEN: Binding Effect and Term and Covenants Running with the Land.

This Agreement shall be binding upon and inure to the benefit of the parties hereto, successor owners of record of the Subject Property, assignees, lessees and upon any successor municipal authorities of said Village and successor municipalities, for a period of seven (7) years from the date of execution hereof and any extended time that may be agreed to by amendment.

The terms and conditions of this Agreement relative to the payment of monies to the various Village recapture funds, contributions to the Village construction and/or dedication of public improvements, granting of easements to the Village, dedication of rights-of-way to the Village and the developmental standards established herein shall constitute covenants which shall run with the land.

SECTION FOURTEEN: Conveyance Dedication and Donation of Real Estate.

Owner shall convey the westerly 1.001 acres of the Subject Property to the Village for purposes of Open Space and to complement the adjacent Boley Farm owned by the Village. This conveyance, dedication or donation of real estate required of the Owner (hereinafter referred to as Grantor for purposes of this Section Fourteen) to the Village under this Agreement shall be made in conformance with the following requirements and any other applicable provisions of this Agreement:

(2) terms of this Agreement;

(3) general taxes for the year in which the deed, conveyance or dedication is delivered or made and for the prior year if the amount of prior year's taxes is not determinable at the time of delivery, conveyance or dedication; and

Grantor, shall provide to grantee, not less than ten (10) days prior to the time for delivery of the deed, conveyance or dedication, a commitment for title insurance from Chicago Title Insurance Company or such other title insurance company acceptable to the grantee. The commitment for title insurance shall be in usual and customary form subject only to:

(1) the usual and customary standard exceptions contained therein;

The commitment for title insurance shall be in the amount of the fair market value of the real estate and shall be dated not less than twenty (20) days prior to the time for delivery of the deed, conveyance or dedication. Grantor shall further cause to be issued within thirty (30) days after delivery of the deed, conveyance or dedication a title insurance policy in such amount from the company issuing the commitment for title insurance, subject only to the exceptions stated above.

All title insurance charges shall be born by Grantor.

E. Taxes, Liens, Assessments, Etc.

General taxes and all other taxes, assessments, liens and charges of whatever nature affecting the real estate shall be paid and removed prior to delivery of the deed, conveyance or dedication. To the extent that any such item cannot be removed prior to delivery of the deed, conveyance or dedication because the amount of the same cannot then be determined, Grantor hereby covenants that it will promptly pay the same upon determination of such amount and that it will indemnify, hold harmless and defend the Village against any loss or expense, including but not limited to attorneys' fees and expenses of litigation, arising as a result of a breach of the foregoing covenant.

F. Delivery of Deed, Conveyance or Dedication.

To the extent not provided in this Agreement, delivery of the deed, conveyance or dedication shall occur at a date, time and place mutually agreeable to Grantor and Village, otherwise at a date, time and place set by Village not less than thirty (30) days after notice thereof is given by Village to Grantor.

G. Environmental Assessment.

Not less than five (5) days prior to any conveyance, dedication or donation of real estate required under this Agreement, any Village ordinance or other requirement, the Grantor, at its sole cost and expense, shall have caused to be prepared and submitted to the Village, a written report of a site assessment and environmental audit, in scope, form and substance, and prepared by an independent, competent and qualified environmental engineer ("Engineer") satisfactory to the Village (the "Environmental Audit"), and dated not more than sixty (60) days prior to the transfer date, showing the Engineer made all appropriate inquiry into the previous ownership and uses of the property consistent with good commercial and customary practice in an effort to minimize liability, which takes into account and satisfies the "innocent landowner" provision set forth at 42 U.S.C. 96901(35), such that consistent with generally accepted engineering practice and procedure, no evidence or indication came to light which would suggest there was a release of substances on the property which could necessitate an environmental response action, and which demonstrates that the property and the facility complies with, and does not deviate from, all applicable federal, state, county, regional and local environmental statutes, laws, ordinances, rules and regulations, including any licenses, permits or certificates required thereunder.

The Environmental Audit shall also demonstrate that the property and the improvements located thereon, if any, do not contain:

- (1) asbestos in any form;
- (2) urea formaldehyde;
- (3) transformers or other equipment that contain fluid containing polychlorinated biphenyls;
- (4) underground storage tanks; or
- (5) any other chemical, material or substance, the exposure to which is prohibited, limited or regulated by any federal, state, county, regional or local authority (the "Authorities") or which poses a hazard to the health and safety of the occupants of the property or the facility, or the occupants of adjacent property.

The Environmental Audit shall also demonstrate that the property and facility are not, and have not been, the subject of any past, existing or threatened investigation, inquiry or proceeding concerning environmental matters by the Authorities, and that no notice or submission concerning environmental matters has been given or should to given with regard to the property and the facility to the Authorities. The Environmental Audit shall demonstrate that the property and facility are not subject to, or covered by, the requirements of the Emergency Planning and Community Right-To-Know Act of 1986, 42 U.S.C. 11001, et seq., and that the property is not now being used and has never been used for any activities involving directly or indirectly the use, treatment, storage or disposal of any hazardous or toxic chemical, material, substance or waste.

The Grantor of the property and facility acknowledges and agrees that the Village shall not be obligated to take title to any land if, in its sole and exclusive judgment (including without limitations, information revealed by the Environmental Audit), that the use or condition of the property, or any part thereof, poses a material health, safety or environmental hazard.

The Village shall keep and maintain said 1.001 acre parcel as open space and as an integral part of the adjacent Boley Farm. Further, the Village agrees that said 1.001 acre parcel shall not be built upon or improved except for recreational or agricultural purposes complementary to the adjacent Boley Farm. This paragraph of this Agreement may be memorialized by a recordable covenant with respect to said 1.001 acre parcel.

SECTION FIFTEEN: Reimbursement of Village for Legal and Other Fees and Expenses.

A. To Effective Date of Agreement.

The Owner, concurrently with annexation and zoning of the property or so much thereof as required, shall reimburse the Village for the following expenses incurred in the preparation

and review of this Agreement, and any ordinances, letters of credit, plats, easements or other documents relating to the Subject Property:

- (1) the costs incurred by the Village for engineering services;
- (2) all attorneys' fees incurred by the Village; and
- (3) miscellaneous Village expenses, such as legal publication costs, recording fees and copying expenses.

B. From and After Effective Date of Agreement.

Except as provided in the paragraph immediately following this paragraph, upon demand by Village made by and through its President, Owner from time to time shall promptly reimburse Village, for all enumerated reasonable expenses and costs incurred by Village in the administration of the Agreement, including and limited to engineering fees, attorneys' fees and out of pocket expenses involving various and sundry matters such as, but not limited to, preparation and publication, if any, of all notices, resolutions, ordinances and other documents required hereunder, and the negotiation and preparation of letters of credit and escrow agreements to be entered into as security for the completion of land improvements.

Such costs and expenses incurred by Village in the administration of the Agreement shall be evidenced to the Owner upon its request, by a sworn statement of the Village; and such costs and expenses may be further confirmed by the Owner at its option from additional documents relevant to determining such costs and expenses as designated from time to time by the Owner.

Notwithstanding the immediately preceding paragraph, Owner shall in no event be required to reimburse Village or pay for any expenses or costs of Village as aforesaid more than once, whether such are reimbursed or paid through special assessment proceedings, through fees established by Village ordinances or otherwise.

In the event that any third party or parties institute any legal proceedings against the Owner or the Village, which relate to the terms of this Agreement, then, in that event, the Owner on notice from Village shall assume, fully and vigorously, the entire defense of such lawsuit and all expenses of whatever nature relating thereto; provided, however:

1. Owner shall not make any settlement or compromise of the lawsuit, or fail to pursue any available avenue of appeal of any adverse judgment, without the approval of the Village, which approval would not be unreasonably delayed or withheld.

2. If the Village, in its sole discretion, determines there is, or may probably be, a conflict of interest between Village and Owner, on an issue of importance to the Village having a potentially substantial adverse effect on the Village, then the Village shall have the option of being represented by its own legal counsel. In the event the Village exercises such option, then Owner shall reimburse the Village from time to time on written demand from the President of Village and notice of the amount due for any expenses, including but not limited to court costs, reasonable attorneys' fees and witnesses' fees, and other expenses of litigation, incurred by the Village in connection therewith.

In the event the Village institutes legal proceedings against Owner for violation of this Agreement and secures a judgment in its favor, the court having jurisdiction thereof shall determine and include in its judgment all expenses of such legal proceedings incurred by Village, including but not limited to the court costs and reasonable attorneys' fees, witnesses' fees, etc., incurred by the Village in connection therewith. Owner may, in its sole discretion, appeal any such judgment rendered in favor of the Village against Owner.

SECTION SIXTEEN: Warranties and Representations.

The Owner represents and warrants to the Village that it is the legal title holder and the owner of record of the Subject Property.

The Owner identified on the first page hereof represents and warrants to the Village that:

1. The Owner proposes to develop the Subject Property in the manner contemplated under this Agreement.
2. Other than the Owner, no other entity or person has any ownership interest in the Subject Property, or its development as herein proposed.
