NOW, THEREFORE, Be It Ordained by the President and Board of Trustees of the Village of Orland Park, Cook and Will Counties, Illinois, as follows:

SECTION 1

The Plan Commission has made its report of findings and recommendations, and such are hereby adopted by reference as findings of this President and Board of Trustees as fully as if completely set forth at length herein. All exhibits submitted at the aforesaid public hearing are also incorporated by reference into this Ordinance. This President and Board of Trustees find that the proposed amendment to a special use for planned development and modifications are in the public good and in the best interests of the Village and its residents, are consistent with the Comprehensive Plan of the Village, and are consistent with and fosters the purposes and spirit of the Land Development Code of the Village of Orland Park, as set forth in Section 1-102 thereof.

SECTION 2

In addition to the findings set forth in Section 1 hereof, this Board of Trustees further finds in relation to the amendment to a special use permit for planned development as follows:

(a) The Subject Property is located within the Village of Orland Park in Will County, at 18404 S. 116th Avenue and 11551 W. 184th Place, within the Orland Park Business Center, and is zoned ORI Mixed Use Zoning District. It is an approximately 3.54 acre site.

(b) The Subject Property is the subject of Special Use Ordinance No. 4140, which approved the construction of two (2) approximately 25,000 square foot office/warehouse buildings with a shared loading area on Lot 5. Only the building on the north half of Lot 5 has been constructed.

(c) Specifically, Petitioner proposes to construct a new 23,975 square foot light industrial/office building on the south half of Lot 5, and to resubdivide Lot 5. Petitioner also proposes to construct a 70,884 square foot light industrial/office building on Lot 6 and to resubdivide Lot 6 and 7 to accommodate the planned development and to ensure shared access and parking for the users/occupants of the buildings.

(d) Petitioner also requests modifications to a) locate parking between the building and the street on the north front set back of Lot 7; and (b) increase the over-all number of parking spaces from 228 to 344 on Lot 5b, 6 and 7.

(e) Granting the requested modifications will enhance the ability of the proposed special use to meet the general standards for all special uses set out in Section 5-105(E) of the Land Development Code.

(f) The proposed amended special use for planned development is consistent with the character of the immediate vicinity of the Subject Property. The surrounding property to the north and east is zoned ORI Mixed Use District, to the south (across I-80) are single family residences in Mokena and to the west is unincorporated vacant land.

(g) The amendment to a special use is consistent with the purposes, goals, objectives and standards of the Comprehensive Plan, any adopted overlay plan and the Land Development Code of the Village of Orland Park. The Comprehensive Plan designates this site as Office Employment. The new light industrial/office buildings will be consistent with this designation. There will be revised vehicular circulation, multiple access point and additional landscaping, to meet current development requirements.

(h) The conditions on the amended special use as hereinafter set forth in SECTION 4 are reasonable, necessary and appropriate.

(i) The design of the proposed amended special use will minimize any adverse effects, including visual impacts, on adjacent properties. The proposed building elevations have been designed to blend in with the existing buildings in the Orland Park Business Center and to incorporate green space and landscaping to further minimize any potential adverse impacts on adjacent properties. Multiple access to points, cross access easement and curb cuts will enhance mobility to and from the site.

(j) The Petitioner has demonstrated that public facilities and services, including but not limited to roadways, park facilities, police protection, hospital and medical services, drainage systems, refuse disposal, water and sewers, and schools, will be capable of serving the amended special use at an adequate level of service.

(k) The Petitioner has made adequate legal provisions to guarantee the provision and development of any open space and other improvements associated with the proposed development.

(l) The development will not adversely affect a known archaeological, historical or cultural resource.

(m) The amended special use as granted shall in all aspects conform to the applicable regulations of the Land Development Code of the Village of Orland Park as amended, for the district in which it is located as well as all applicable regulations and ordinances of the Village, unless specifically addressed in this or another Ordinance.
