Owner agrees at the time of approval of the Development Agreement to grant a public access easement for all sidewalks and streets located on private property within the Subject Property.

All such easements to be granted shall name the Village and/or other appropriate entities designated by the Village as grantee hereunder. It shall be the responsibility of Owner to obtain all easements, both on-site and off-site, necessary to serve the Subject Property.

## SECTION EIGHT: Developmental Codes and Ordinances and General Matters.

The development of the Subject Property shall be in accordance with the existing building, zoning, subdivision, storm water retention and other developmental codes and ordinances of the Village as they exist on the date hereof, or, with respect to codes and ordinances subsequently adopted by the Village for the protection of life, health and safety and applicable to similar commercial buildings Village-wide, as are in existence during development of the Subject Property. Planning and engineering designs and standards, and road construction and dedication of public improvements, shall be in accordance with the then existing ordinances of the Village, or in accordance with the statutes and regulations of other governmental agencies having jurisdiction thereof if such standards are more stringent than those of the Village of Orland Park at such time.

No occupancy permit shall be issued for any building prior to the completion and acceptance by the Village of any required public improvements except that an occupancy permit will be issued for the temporary motor vehicle sales and rental facility. The occupancy permit for the temporary motor vehicle sales and rental facility will terminate upon termination of that temporary use. Any required public improvements shall be completed within one (1) year from the date hereof and the Owner shall deliver to the Village an irrevocable letter of credit (the form of security Owner has elected to provide) in a form satisfactory to and from a bank or financial institution and in an amount as provided for in the Code. Said Letter of Credit is to include all costs related to required lighting, landscaping, roadway, sidewalk, sewer and water lines and storm water management facilities. The Village may, in its discretion, permit the amount of said letter of credit (or such other form of security acceptable to the Village) to be reduced, from time to time, as major public improvements are completed. The Village may also require an increase, from time to time, if the estimated cost of completing the public improvements increases more than 3% per annum.

## SECTION NINE: Utilities.

All electricity, telephone, cable television and gas lines shall be installed underground, the location of which underground utilities shall be at Developer's option as long as the underground facilities do not conflict with village-maintained infrastructure.

## SECTION TEN: Impact Requirements.

Owner agrees that any and all contributions, dedications, donations and easements provided for in this Agreement substantially advance legitimate governmental interests of the Village, including, but not limited to, providing its residents, with access to and use of public utilities, streets, fire protection, and emergency services. Owner further agrees that the contributions, dedications, donations and easements required by this Agreement are uniquely attributable to, reasonably related to, and made necessary by the development of the Subject Property.

This Agreement shall be binding upon and inure to the benefit of the Parties hereto, successor owners of record of the Subject Property, assignees, lessees and upon any successor municipal authorities of said Village and successor municipalities, for a period of ten (10) years from the date of execution hereof and any extended time that may be agreed to by amendment.

The terms and conditions of this Agreement relative to the payment of monies to the various contributions to the Village, construction and/or dedication of public improvements, granting of easements to the Village, dedication of rights-of-way to the Village and the developmental standards established herein shall constitute covenants which shall run with the land.
