Response: There shall be no change to the outside of the building other than a sign that will be consistent with other outdoor signage in the park.

4. The proposed use will not have an adverse effect on the value of the adjacent property; (If necessary, be prepared to offer expert testimony that the proposed project will have no adverse impact on surrounding properties);

Response: There shall be no adverse affect to the value of adjacent properties.

5. The applicant has demonstrated that public facilities and services, including but not limited to roadways, park facilities, police and fire protection, hospital and medical
