

Here is a list of the plant changes at the McDonald's Restaurant in Orland Park that diverted from the drawing.

1. Planting bed in front of the outside patio; Densiformis Yews were changed to Green Velvet Boxwood 24"-30". Quantity installed increased from 10 plants to 14 plants.
2. The three planting bed islands along the south property line; 12 Grow Low Sumac were changed to 15 Little Quick Fire Hydrangea. Quantity increased by 3.
3. The tree planting bed islands along the north property line; 12 Grow Low Sumac were changed to 20 Little Lime Light Hydrangea. Quantity increase by 8.
4. The planting bed behind the restaurant in the north east corner; 3 Serviceberry plants were substituted to 3 Royal Raindrop multi stem Crabs. Quantity stayed the same.
5. Planting bed along the south side of the building; Tor Birch Leaf Spirea were substituted to 4 Dwarf Burning Bush and 6 Little Quick Fire Hydrangea. Quantity of 10 stayed the same.
