RE: Affidavit of Availability

To Whom It May Concern:

Per the attached "Rules for Prequalification of Contractors and Issuance of Plans and Proposals" as published by the Illinois Department of Transportation ('IDOT'), Section 650.310 Item (d) K-Five Construction Corporation hereby requests to forgo the filing of an "Affidavit of Availability" based upon the "Super Unlimited" financial rating (d1) and "Unlimited" HMA Plant Mix rating (d2) as shown on the attached "Certificate of Eligibility."

This method of substitution for the "Affidavit of Availability" has been approved by IDOT's Prequalification Engineer and has been accepted by IDOT for contract Lettings. The Unit Chief of Prequalification Services in IDOT's (Springfield) Bureau of Construction is Frank Lowry. If there are any questions, he can be reached at (217) 782-3413.

AMENDED May 8, 2008

- c) All remaining work categories are calculated by the secondary formula.

WR = PF X CP X 1.2 (Secondary Formula)

- d) The secondary formula does not utilize an equipment factor because of the immeasurable productive capacity of the equipment or plant facility; however, equipment must be owned by or leased to the applicant. See Section 650. Appendix A of this Part for a listing of equipment or plant facilities. The secondary formula includes a factor of 1.2 to provide a margin for growth.
- e) An applicant's capacity to perform may exceed the calculated equipment factor. This can occur by good management, efficiency and additional hours of work. When this occurs, the primary and advanced formulas will be replaced by the secondary formula.
- f) The work rating in any given category may not exceed the financial rating of the applicant.
- g) A work rating may be designated as "Illinois Work Only." This work rating indicates the dollar value of work which the applicant's own forces can perform within the State of Illinois in one construction season. This rating will be established by the Department if the applicant does work in more than one state or outside the continental United States and it would be impractical to verify all outstanding work.
- h) Prior to any consideration for establishing a work rating value, the applicant shall provide a list of all technical, supervisory and key personnel who would manage a project awarded by the Department. This list should include the individual's job title and number of years of construction experience. The Department may also require the submittal of resumes of the above individuals. Applicants prequalifying with the Department for the first time shall be required to submit resumes. Insufficient personnel may be justification for a reduction in the rating of a work category as determined by the primary, advanced or secondary formula. Hiring of additional personnel may be justification for an increase in the rating of a work category. Applicants without experienced personnel for a requested work category may be denied the rating.
- i) Methods to Improve a Work Rating
- 1) Hiring of additional personnel.
 - 2) Purchase, lease or rental of additional equipment.
 - 3) Completion of additional work.
- j) A contractor may request additional rating in a work category at any time during the prequalification period by submitting a revised application or supplemental information.

SUBPART B: AUTHORIZATION TO BID

Section 650.290 Advertising for Bids

The procedures for procuring contracts are set out in the Department's rules for contract procurement found at 44 Ill. Adm. Code 660. The procedures of this Subpart B govern the granting of authority to bid on contracts advertised for bids in the Transportation Bulletin in accordance with the Department's rules for contract procurement.

(Source: Amended at 24 Ill. Reg. 18775, effective December 7, 2000)

Section 650.300 Request for Authorization to Bid or Not for Bid Status

A Request for Authorization to Bid or Not for Bid Status (Form BD-124 INT) is published with the Transportation Bulletin. The Form BD-124 INT shall be used by contractors to request proposals and plans

on CD-ROM and to request formal authorization to bid on contracts advertised in the Transportation Bulletin. Anyone may obtain proposal forms and plans regardless of prequalification status. An Authorization to Bid must be granted in accordance with this Part before a prequalified contractor may submit a bid.

(Source: Amended at 30 Ill. Reg. 16373, effective October 10, 2006)

Section 650.310 Affidavit of Availability

- a) An Affidavit of Availability (Form BC-57) is attached to the Transportation Bulletin and must be submitted with a request for Authorizations to Bid. It is a sworn statement concerning the contractor's present and pending contract commitments. The contractor shall not omit or misrepresent its work outstanding. When the contractor has uncompleted or pending work as a party of a joint venture, the contractor's responsible portion of the work shall be shown. The affidavit shall be signed by an officer or director of a corporate contractor, and otherwise, an owner shall sign. The affidavit is not required when Authorization to Bid is not being requested. The affidavit shall include:
- 1) The amount of all uncompleted work, by type, either as a principal or subcontractor together with the name of the agency under whose jurisdiction the work is being performed. All uncompleted work shall be based upon the engineer's or owner's most recent estimate.
 - 2) The commitment of equipment and personnel on a payroll or rental basis even though no formal contract exists.
 - 3) All work on which the contractor is the low bidder and which has not yet been awarded.
 - 4) A listing of all subcontractors and the value of work sublet.
- b) Prospective bidders shall notify the Department within two working days of any low bids pending award or contracts awarded after submission of the affidavit.
- c) Facsimiles of the affidavit will be accepted for analysis purposes. Authorization to Bid will not be issued without a correct, signed and notarized original affidavit in the Department's Central Bureau of Construction's possession by the cut-off date specified in the Transportation Bulletin.
- d) A contractor may request to forego filing an affidavit if it has a financial rating at either of the following levels. The Prequalification Section will grant such a request provided the contractor's existing contracts with the Department are not behind approved contract progress schedules and provided the most recent performance evaluation rating is not less than 6.0 in the performance factor calculation. (See Section 650.240 of this Part.)
- 1) A financial rating of \$300 million.
 - 2) A financial rating of at least \$150 million or a Department calculated net worth of at least \$40 million, either in conjunction with two or more work ratings calculated to equal or exceed \$50 million each.

(Source: Amended at 24 Ill. Reg. 18775, effective December 7, 2000)

Section 650.315 Disclosure of Other Procurement Relationships

- a) Section 50-35(h) of the Illinois Procurement Code [30 ILCS 500/50-35(h)] requires that all bids of more than \$10,000 be accompanied by disclosure of all current or pending contracts, proposals, leases, or other ongoing procurement relationships the contractor has with any other unit of State government. This disclosure is required in addition to the financial interest disclosure provided at Section 650.80(d) of this Part.

Q7	Question: Centennial Park Pathways I noticed that the work called out at Centennial Park Pathways - 15600 W. Ave had been completed in March of last year. Is the main drive and north lot the area you wanted the work to be completed or were your intentions to finish paving the south lots? Answer: The work for this project is for pathways that are noted in the Addendum 1 map of locations and should not include any path work that was completed in previous years. We will not pave the main drive nor the parking areas. This is strictly for walking paths.	11/21/2024
