If there is any question regarding the appropriate category for a nonresidential development for the purposes of this subsection, the nonresidential development shall be treated as if the development belonged in the most similar category, as determined by the Development Services Department or its designee. An applicant may appeal this determination to the Board of Trustees. The Village may elect to assume the obligation of an exaction fee as an incentive to encourage industrial and office development, so long as the Village follows the standards and procedures adopted by the Village for determining when such abatement is appropriate.
