The Village shall provide to the Architect such information as is available to the Village and the Village's consultants and contractors, and the Architect shall be entitled to rely upon the accuracy and completeness thereof unless, in the exercise of his professional skill, Architect becomes aware of inaccuracies or incompleteness. The Village recognizes that it is impossible for the Architect to assure the accuracy, completeness and sufficiency of such information, either because it is impossible to verify, or because of errors or omissions which may have occurred in assembling the information the Village is providing.
19. **Terms of Payment:** Architect shall submit monthly statements for the Services and any additional services rendered and for Reimbursable Expenses incurred, based upon Architect's estimate of the proportion of the total services actually completed at the time of billing or based upon actual hours expended during the billing period. Each document or signature so transmitted shall be deemed an enforceable original. Upon request, the transmitting party agrees to provide the receiving party with the original document transmitted by facsimile machine; however, the parties agree that the failure of either party to comply with such a request shall in no way affect the genuineness, authenticity or enforceability of the document. Each party waives and relinquishes as a defense to the formation
