Technical Proposal

Physicians Immediate Care (Physicians) is dedicated to fulfilling the contract commitment with the Village of Orland Park. We have a proven track record of providing the requested services with attentive, quality care. Physicians Immediate Care was founded in 1987. We have grown to over 40 locations, with 37 in Illinois, and are rapidly expanding throughout the Midwest. Physicians currently employs over 700 employees. As one of the largest occupational health providers in the Midwest, we serve more than 7,000 employers in a wide variety of industries. All locations are open 7 days a week, up to 12 hours a day with after-hours service available. We are also open most holidays.

For over 25 years we've offered a full range of services including, but not limited to, pre placement medical examinations for safety and non-safety sensitive employees, fitness for duty examinations, DOT services, respiratory clearance exams, fit testing, physical ability assessements, x-rays, labs, vaccinations, audiograms, vision exams, workers' compensation injury care and urgent care. Appointments are not necessary.

Our clinics are certified collection sites to perform pre-employment, random, return-to-duty, reasonable suspicion/reasonable cause, post accident and follow-up (direct observation) drug screenings and breath alcohol testing.

Our providers are available to the Village Human Resource staff for medical consultations. We offer on-site services such as drug testing and vision testing. All medical services and testing can be performed at our clinic on an as-needed basis. Services can been completed on a walk-in basis, or scheduled in advance, depending on the client's preference.

Special Requirements

Our clinics require no appointments and have extended evening and weekend hours. Our clinics offer urgent care services for injuries and illnesses.

Our occupational health program is overseen by the direction of Dr. John Koehler, who is Board Certified in Occupational Medicine. Dr. Koehler has over two decades of experience in emergency and occupational medicine, and is the founder and director of occupational medicine for Physicians Immediate Care. Dr. Koehler completed his residency in occupational medicine at the University of California, San Francisco, and a residency in emergency medicine at Butterworth Hospital, Grand Rapids, Mich. He received his MD degree from The Pennsylvania State University College of Medicine and earned a bachelor's degree in biology at Wheaton College.

Protocol process and occupational medicine training is provided to all staff. All confidential medical records are maintained at the clinic for the retention period required by State and Federal laws and regulations. All results will be reported to Human Resource staff via secure email or secure fax.

All Physicians Immediate Care providers are on the National Registry of Certified Medical Examiners.

We build a relationship with our clients and keep them informed so they can effectively run their business. Our doctors contact you on the same day to discuss every first workers' comp visit. We provide accurate feedback with quick turnaround (typically within 24 hours) for work status reports,

medical records, drug screenings and physicals. We do provide all the services outlined in this request for proposal and can provide results in the timeline requested.

In addition to the staff available to support the Village, we offer convenient online resources. Medical authorization can be submitted online for any of our clinics. Additionally, employees can check current wait times at various clinic locations, including Orland Park, and can save their spot in line by registering online before arriving at the clinic.
