Village of Orland Park  
Karie Friling  
Director of Development Services

To Whom It May Concern:

The intent of this letter is to request an extension for the loan between the Village of Orland Park and 15657 S. 70<sup>th</sup> Court with Madison Construction. The loan was originally approved in 2012 when the vacant industrial building was fully remodeled to become the new Madison Construction headquarters. We are requesting an extension of our loan to help facilitate our continued commitment to the Orland Park area and to our headquarters.

Madison Construction is a thriving general contractor with expertise in several types of building construction for both public and private investors. Madison Construction relocated the company headquarters into Orland Park in 2012 from a smaller location, also in Orland Park. Madison Construction has grown exponentially in recent years and nearly doubled its staff. We currently employ over eighty full time employees and many contract and part time employees. We have employees that reside in Orland Park, but we have also hired from surrounding areas. This is beneficial for Orland Park by increasing the employment rate, but also introducing the area to employees that would otherwise be unfamiliar. All our employees thoroughly enjoy the shopping, eating, and entertainment that Orland Park has to offer. Madison Construction is proud to advertise that they are headquartered in Orland Park specifically with Crain's when they have recently been Madison Construction has been recognized in Crain's multiple times over the past five years, most recently in 2017 as listed as one of the largest privately held companies in the Chicago area.

Madison Construction looks forward to our continued growth as a company and as a resident of Orland Park. We are looking to the future for additional expansion as well as construction projects to which we can partner.

Thank you in advance for your time and we look forward to hearing back from you.

Sincerely,

A handwritten signature in blue ink, consisting of a stylized 'M' followed by a long, sweeping horizontal line that tapers off to the right.
