REQUESTED ACTIONS

The Petitioner is requesting the approvals below to construct a full-service oil change facility located at 11320 179th Street:

PLAN COMMISSION DISCUSSION

Present at the Plan Commission were 6 commissioners (with 1 member absent), members of staff, members of the public, and the petitioners. Following the staff presentation, the commissioners discussed their support of the project and, outside of a few questions for clarification, did not have further items for discussion.

The Plan Commission reviewed the existing access drive between Aldi and the proposed Valvoline facility and found it to be adequate to serve both uses and provide shared internal circulation. The Commission also reviewed the petitioner's access and detention maintenance agreements with Aldi and found them acceptable, concluding that the proposed use is appropriate for the site and will not adversely affect the quality of life of nearby residents. In addition, Commissioners complimented the overall site design, including the proposed landscaping plan.

Overall, the project was unanimously recommended for approval by the Plan Commission 6-0-1 with the Staff Recommended Action. This item is now before the Board for consideration.
