However, if there is a Master Purchase/Service Agreement or Customer Agreement that includes Maintenance Services Terms (Attachment D) or Maintenance and Managed Services Terms (Attachment 3) already in effect between the parties, this Order Form shall be subject to the terms and conditions of such agreement. Customer authorizes Avaya to release information related to inventory and billing for this customer location to the authorized Avaya BusinessPartner/Distributor. Avaya will, at its discretion, perform a true up on no more than a quarterly basis to reconcile future billing on any items which have been added (activated) or removed (deactivated) during the previous period. No credits or cash payments will be issued against previously paid amounts. Service charges for IP ports and certain Communication Manager applications (including but not limited to Wan Spare Processor, Local Spare Processor, Survivable Remote Processor & IP Agents) located at remote customer sites that are priced under the utility pricing methodology will be invoiced at customer's main/media server location. These service charges will be invoiced based on the coverage option and pricing reflected at the main site or location.
