

Free Rain Barrel Program

Village of Orland Park

The Village of Orland Park is pleased to partner with the Metropolitan Water Reclamation District of Greater Chicago (MWRD) to provide free rain barrels for our residents. Rain Barrels are a form of green infrastructure that is designed to capture and reuse rain water. The largest benefit of rain barrel use is achieved by disconnecting the roof runoff from the system and installing rain barrels to reuse water. Roofs comprise 41% of the impervious surface in Cook County. Many of these surfaces are directly connected to the public drainage system.

The goal of the Metropolitan Water Reclamation District of Greater Chicago and the Village of Orland Park's Rain Barrel Program is to remove the direct load of water from entering the sewer system, reducing basement backups, and reducing combined sewer overflow volume, overland flooding, and infiltration and inflow. To qualify for free rain barrels, residents must live in Cook County in a municipality that has signed an Intergovernmental Agreement with the MWRD.

Please fill out and sign the lower half of this form and return to the Village of Orland Park Village Hall, 14700 S. Ravinia Ave, Orland Park, IL 60462. Once the order form has been processed your barrel or barrels (limit of four) will be ordered and then delivered to your home by the MWRD's vendor. Please allow up to six weeks for delivery. Installation is not included. If you have questions about the Village of Orland Park Rain Barrel program, you can contact us at 708-403-6100. If you have questions for the MWRD or need more information visit www.mwrdd.org or call (312) 751-6633.

Village of Orland Park Free Rain Barrel Order Form for Residents

Resident's information:
