WHEREAS, to install the Facilities, Grantee needs a temporary construction easement on a portion of Grantor's Property to temporarily locate equipment and materials and a permanent utility easement on a portion of Grantor's Property in which to construct, install, operate, maintain, repair, replace and use the Facilities; and

WHEREAS, Grantee has offered, and Grantor is willing to accept payment of TEN AND NO/100 DOLLARS (\$10.00) as compensation for the requested temporary construction and permanent easements; and

WHEREAS, Grantor is willing to grant Grantee temporary construction and permanent utility easements in and along a portion Grantor's Property for the construction, installation, operation, maintenance, repair, replacement and use the Facilities on the terms and conditions contained herein.

NOW, THEREFORE, in consideration of the sums to be paid by Grantee to Grantor as specified herein, and the covenants and agreements set forth in this Agreement, Grantor and Grantee covenant and agree as follows:

1. **INCORPORATION OF RECITALS.** The above recitals are hereby incorporated by reference as if set forth fully herein.

2. **GRANT OF EASEMENTS.**

2.1 Temporary Construction Easement. Subject to the terms of this Agreement, Grantor, for itself and for its successors and assigns, hereby conveys and grants to Grantee, its successors and assigns, a temporary, non-exclusive easement ("Temporary Construction Easement") over, across and upon the portion of Grantor's Property legally described and depicted in **Exhibit B** attached hereto and made a part hereof ("Construction Easement Area"). Grantee may use the Construction Easement Area for the purposes of constructing and installing the Facilities within the Permanent Easement Area (as defined in Section 2.2 below), and other work necessary and incident to the construction and installation of the Facilities, including but not limited to the right to temporarily place and store equipment, vehicles and materials; the right to trim, cut, and remove trees, structures, and any other obstruction or obstacles. All costs and expenses for the construction of the Facilities shall be at Grantee's sole cost and expense. Except as in cases of emergencies, Grantee's access to the Construction Easement Area shall be restricted to 6 A.M. to 6 P.M. Mondays through Fridays, with access on Saturdays and Sundays requiring approval of the Grantor, which approval shall not be unreasonably withheld or delayed.

2.2 Permanent Easement. Subject to the terms of this Agreement, Grantor, for itself and for its successors and assigns, hereby conveys and grants to Grantee, its successors and assigns, a permanent, non-exclusive public utility easement ("Permanent Easement") over, under, in, along, across and upon the portion of Grantor's Property legally described and depicted in **Exhibit B** attached hereto and made a part hereof ("Permanent Easement Area," which together with the "Construction Easement Area" are collectively referred to as the "Easement Areas"), including the right to ingress and egress over the Easement Areas for the lawful construction, installation, operation, maintenance, repair, replacement and use of the Facilities, as well as the ability to connect the Facilities to the existing

pump station on the Grantor's Property. Grantee shall at all times during the applicable term of the respective easements granted in this Agreement have ingress to and egress from the applicable Easement Area for the stated purpose of said easement by such reasonable route as may be designated by Grantor and agreed upon by Grantee.

Grantee's rights in the Easement Areas above include the right to have Grantee's contractors and subcontractors upon the Easement Areas for the purposes described above as long as those contractors and subcontractors comply with the terms of this Agreement.

3. TERM OF EASEMENTS.

3.1 Temporary Construction Easement. The Temporary Construction Easement shall commence after Grantee has given Grantor written notice of no less than sixty (60) calendar days that construction of the Facilities shall begin, and construction of the Facilities shall begin promptly after the sixty (60) calendar days have passed from the date of the notice. Grantee estimates construction of the facilities shall occur between approximately September 1, 2023 and December 31, 2025, and Grantee shall keep Grantor generally informed of the schedule of construction of Grantee's construction project in the vicinity of Grantor's Property, which project includes construction of the Facilities. The Temporary Construction Easement shall automatically terminate and expire upon the earlier of: (i) the date construction of the Facilities is completed, or (ii) December 31, 2025. Grantee shall have the right to extend the Temporary Construction Easement for up to sixty (60) calendar days by delivering written notice to Grantor no later than November 1, 2025. Upon the expiration of the term of the Temporary Construction Easement, (a) all of the rights and benefits of Grantee in, to and under this Agreement with respect to the Temporary Construction Easement shall automatically terminate and be of no further force and effect and (b) Grantee must remove from the Construction Easement Area all of Grantee's materials, equipment, and other property and restore Grantor's Property to the condition it was in prior to the date Grantee began the work.

3.2 Permanent Easement. The Permanent Easement shall commence on the Effective Date of this Agreement and shall run with the land and continue in full force and effect in perpetuity. Grantee's rights hereunder shall be subject to all valid and existing easements, rights, leases, licenses, reservations and encumbrances, whether of record or not, affecting Grantor's Property or any portion thereof. Grantee's occupancy or use of the Easement Areas shall not create nor vest in Grantee any ownership or interest of whatsoever nature in the Property other than as specifically given herein. If Grantee desires to obtain an insurance policy insuring its rights in the Easement Areas as granted in this Agreement, Grantor shall reasonably cooperate with Grantee's requests to provide information and materials to the insurer as may be necessary for Grantee to obtain such policy.

4. **RESTORATION/IMPROVEMENTS.** The Easement Areas disturbed by Grantee's exercise of any of its rights under this Agreement shall be restored or replaced, as reasonably as practical, to the condition in which it existed at the commencement of such activities.
5. **RESERVATION BY GRANTOR/NON-EXCLUSIVE USE.** All right, title and interest in and to the Easement Areas under this Agreement which may be used and enjoyed without impairing, interfering or obstructing the rights conveyed by this Agreement are reserved to Grantor; provided, however, that other than paving, Grantor shall not locate any permanent structure in the Permanent Easement Area without the express written consent of the Grantee. To the extent that the Easement Areas are not paved as of the date of this Agreement, Grantor and its successors and assigns, shall have the right to grade and pave the Easement Areas.
6. **INSURANCE.** During the term of this Agreement, Grantee, at its sole cost and expense, shall carry and maintain and cause itself and its assigns and their respective employees, agents, representatives, consultants, contractors, subcontractors, directors and invitees (collectively, the "Grantee Parties") that access the Easement Areas to obtain and maintain (a) commercial general liability insurance, protecting against claims for damages for bodily injury, including death, resulting therefrom as well as for property damage that may arise from Grantee's and the Grantee Parties' access and use of the Easement Areas, with a minimum combined single limit of \$1,000,000.00 per occurrence and in the aggregate; (b) workers' compensation insurance as required by law; and (c) Umbrella or Excess Liability Insurance with limits of no less than \$3,000,000 excess of the underlying general liability coverage. Before accessing the Easement Areas, Grantee shall provide (and cause its consultants and contractors to provide) Grantor with certificates of insurance and copies of the additional insured endorsements reasonably acceptable to Grantor evidencing the existence of the coverage described above. Such insurance may be written by additional premises endorsement on any master policy of insurance carried by Grantee which may cover other property in addition to the property described in this Agreement. Grantor and any lender shall be named as an additional insured on such policies.
7. **COMPLIANCE WITH RULES AND REGULATIONS.** The Facilities installed under or, as expressly permitted in this Agreement, on the Permanent Easement Area by Grantee shall be installed, operated, repaired, maintained, used, and removed in compliance with all applicable laws and regulations and in such a manner as not to interfere with the operations of Grantor, its agents, contractors or employees, on the Property. Furthermore, any and all work relating to this Agreement and/or rights granted herein shall be done in a workmanlike manner, and by acceptance of this document, Grantee agrees to comply with Grantor's reasonable guidelines during any construction period, including, but not limited to:
 - 7.1 Except in an emergency, prior to the entrance by Grantee or any of the Grantee Parties upon the Easement Areas for any reason, including, but not limited to the times of initial construction or any future construction of the Facilities or for maintenance purposes, that in each case would not limit, prevent, or otherwise

affect the use of the surface of any part of the Easement Areas by Grantor or Grantor's tenants or customers, Grantor will be given forty eight hours (48) hours prior written notice in order to allow Grantor, if desired, to have a representative present during such entrance.

- 7.2 Except in an emergency, prior to the entrance by Grantee or any of the Grantee Parties upon the Easement Areas for any reason, including, but not limited to the times of initial construction or any future construction of the Facilities or for maintenance purposes, that in each case would limit, prevent, or otherwise affect the use of the surface of any part of the Easement Areas by Grantor or Grantor's tenants or customers or any of their respective members, managers, agents, employees, contractors, tenants or subtenants, successors or assigns (collectively, the "Grantor Parties"), then Grantee shall give Grantor at least thirty (30) calendar days prior written notice before Grantee or any of the Grantee Parties accesses the Easement Areas for that purpose, which notice shall state the commencement date of the access and the length of time that access will be needed. After the Facilities are initially constructed and commissioned, and except as otherwise agreed to by the Parties, Grantee shall not limit, prevent, or otherwise affect the use of the surface of any part of the Easement Areas by Grantor or any of the Grantor Parties for more than thirty (30) calendar days from the first date of that access.
- 7.3 In the event of any emergency such as water main breaks, Grantee may enter the Easement Areas on Grantor's Property without advance notice to Grantor; provided, however, that prior to such entrance by Grantee, Grantee shall make reasonable attempts to notify Grantor of Grantee's need for immediate entrance on the Property.
- 7.4 Grantor or third-party facilities may exist in or near the Easement Areas, which must be located prior to any digging by Grantee. Except as necessary for the construction and installation of the Facilities, Grantee will not disturb any of Grantor's or third-party facilities.
- 7.5 Grantee covenants that access to Grantor's Property other than in the Easement Areas will be maintained during the construction period. Except as agreed to by Grantor, Grantee shall not block or impede any access to the remainder of Grantor's Property or to the Easement Areas granted herein while performing any construction, maintenance, repair or operation within the Easement Areas or at any other time. Grantee shall place and maintain in the Easement Areas suitable markers indicating the presence of the Facilities. After installation of the Grantee's Facilities, Grantor's Property shall not be altered by Grantee in a manner so as to interfere with the operation and maintenance of the Property by Grantor thereof.
- 7.6 Grantee agrees to pay for all labor used upon and all materials installed in or affixed to the Easement Areas by Grantee and shall save the Property and hold Grantor harmless from any lien or claim of lien relating thereto. If Grantee fails to have any lien released or bonded over within thirty (30) calendar days after it is filed, then,

in addition to any other right or remedy of Grantor, Grantor may discharge the lien by paying the amount claimed to be due, and the amount Grantor pays and all actual out-of-pocket costs and expenses, including reasonable attorneys' fees, Grantor incurs in procuring the discharge of the lien shall be due and payable on demand by the Grantee to Grantor.

- 7.7 Grantee's maintenance, repair, replacement, and use of the Easement Areas and the Facilities shall in all cases be (a) at Grantee's sole cost and (b) in a manner that causes the least possible interference with the use, occupancy, and enjoyment of Grantor's Property by Grantor and the other Grantor Parties. Grantee shall take all appropriate safety measures to ensure that Grantor and its tenants and their respective customers and other users of the Property are not at an increased risk for injury as a result of any work associated with the easement granted by this Agreement.
8. **HAZARDOUS MATERIALS.** Grantee agrees that none of Grantee or any of the Grantee Parties shall use, have present nor transport on or about Grantor's Property any hazardous or toxic materials, wastes or substances or any pollutants or contaminants ("Hazardous Substances"), without the prior express written consent of Grantor. If at any time during the term of this Agreement, Grantee knows or has reason to believe that any Hazardous Substances have come, or will come, to be located upon, about, or underneath the Property, then Grantee shall, as soon as reasonably possible, give verbal and written notice of that condition to Grantor. Grantee covenants to investigate, clean-up and otherwise remediate any release of such Hazardous Substances by Grantee, its agents, employees, representatives, contractors, permitted assigns, or those under Grantee's control at Grantee's cost and expense. Grantee shall notify Grantor prior to commencing any clean-up or remediation.
9. **INDEMNIFICATION.** Grantee shall indemnify, defend (with counsel reasonably acceptable to Grantor), and hold harmless Grantor and the Grantor Parties, from and against any and all claims, losses, damages, costs, expenses (including reasonable attorney's fees and court costs), and liabilities for any and all injuries to, or death of, any person, or damage to any property, or for any financial loss of whatever nature, in any way arising out of or in connection with this Agreement or activities undertaken pursuant to this Agreement, whether caused by the acts, negligence or willful misconduct of Grantee or any of the Grantee Parties, or those under Grantee's control or by Grantee's or any of the Grantee Parties' failure to perform the covenants or conditions of this Agreement, or otherwise. Grantee's obligations to indemnify, defend, and hold harmless shall survive any termination of this Agreement.
10. **COMPLIANCE WITH LAWS.** Grantee shall construct and install the Facilities in a workmanlike manner and in compliance with applicable laws, statutes, ordinances, rules and regulations of all governing public authorities as those statutes, ordinances, rules and regulation are amended from time to time.

11. **COVENANTS RUNNING WITH THE LAND.** The Parties agree that the easements and other rights conferred by this Agreement are intended to, and do, constitute covenants that run with the land and shall inure to the benefit of and be binding upon the Parties and their respective grantees, heirs, successors and assigns.
12. **AUTHORIZED REPRESENTATIVE.** Each individual signing on behalf of a Party to this Agreement states that he or she is the duly authorized representative of the signing Party and that his or her signature on this Agreement has been duly authorized by, and creates the binding and enforceable obligation of, the Party on whose behalf the representative is signing.
