The IDOL may revise the prevailing wage rates from time to time and the contractor/subcontractor has an obligation to check the IDOL’s website for revisions to prevailing wage rates and comply with the most current prevailing wage rates. For information regarding current prevailing wage rates, please refer to the IDOL website. In the same manner as the other provisions of this Agreement, the Proposer will be liable for compliance with applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the Department in the event any subcontractor fails or refuses to comply therewith. In addition, the Proposer will not utilize any subcontractor declared by the Illinois Human Rights Department to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations.

"Subcontract" means any agreement, arrangement or understanding, written or otherwise, between the Proposer and any person under which any portion of the Proposer's obligations under one or more public contracts is performed, undertaken or assumed; the term "subcontract", however, shall not include any agreement, arrangement or understanding in which the parties stand in the relationship of an employer and an employee, or between a Proposer or other organization and its customers.

In the event of the Proposer's noncompliance with any provision of this Equal Employment Opportunity Clause, the Illinois Human Right Act, or the Rules and Regulations for Public Contracts of the Department of Human Rights the Proposer may be declared non-responsible and therefore ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and this agreement may be canceled or avoided in whole or in part, and such other sanctions or penalties may be imposed or remedies involved as provided by statute or regulation.

7) PREVAILING WAGE COMPLIANCE: Yes No

In the manner and to the extent required by law, this RFP is subject to the Illinois Prevailing Wage Act and to all laws governing the payment of wages to laborers, workers and mechanics of a Proposer or any subcontractor of a Proposer bound to this agreement who is performing services covered by this contract. If awarded the Contract, per 820 ILCS 130 et seq. as

amended, Proposer shall pay not less than the prevailing hourly rate of wages, the generally prevailing rate of hourly wages for legal holiday and overtime work, and the prevailing hourly rate for welfare and other benefits as determined by the Illinois Department of Labor or the Village and as set forth in the schedule of prevailing wages for this contract to all laborers, workers and mechanics performing work under this contract (available at <https://www2.illinois.gov/idol/Laws-Rules/CONMED/Pages/Rates.aspx>).

The undersigned Proposer further stipulates and certifies that it has maintained a satisfactory record of Prevailing Wage Act compliance with no significant Prevailing Wage Act violations for the past three (3) years.

Certified Payroll. The Act requires certified payroll to be filed with IDOL no later than the 15th day of each calendar month for the immediately preceding month through the Illinois Prevailing Wage Portal—an electronic database IDOL has established for collecting and retaining certified payroll. The Portal may be accessed using this link: <https://www2.illinois.gov/idol/Laws-Rules/CONMED/Pages/certifiedtranscriptofpayroll.aspx>. The Village reserves the right to withhold payment due to Contractor until Contractor and its subcontractors display compliance with this provision of the Act.

8) PARTICIPATION IN APPRENTICESHIP AND TRAINING PROGRAM: Yes No

Proposer participates in apprenticeship and training programs applicable to the work to be performed on the project, which are approved by and registered with the United States Department of Labor's Office of Apprenticeship.

RFP #24-026

2024 Concrete Flatwork and Sidewalk Replacement

PROJECT DETAILS

Scope of Work

Part I

In 2022, the Village completed a sidewalk condition assessment of all Village owned sidewalks. Deficiencies have been identified as either LOW PRIORITY, MEDIUM PRIORITY, or HIGH PRIORITY. All assessment data such as type of defect, nearest address, GPS coordinates, and panel dimensions have been stored in an online portal. The Village has decided to begin repairs of HIGH PRIORITY sidewalk defects identified as needing full removal and replacement.

The Village will provide the CONTRACTOR with a GIS layer; shapefile, KML file, or file geodatabase, detailing the locations of all sidewalk repairs and dimensions. These repairs will be located within the project area outlined in Exhibit B – Project Location. Additional areas may be added if funds allow. The Village will provide the location with the nearest address that coincides with the site, before pictures, and will pre-mark the defect/ repair to be completed.

This portion of the project has a completion date of November 1, 2024, including restoration.

Part II

The Village will secondarily provide locations in need of concrete and associated asphalt repair and replacement for work throughout the Village including, but not limited to, utility dig restorations, curb or inlet drainage issues, and replacement of failing concrete.

The Village will provide the CONTRACTOR with a GIS layer; shapefile, KML file, or file geodatabase, detailing the locations of all concrete/asphalt repairs and dimensions. These repairs will be located throughout the Village. The Village will provide the location with the nearest address that coincides with the site and will pre-mark the defect/ repair to be completed.

This portion of the project will consist of no more than six (6) and no less than four (4) mobilizations to address the concrete/asphalt repairs needed throughout the Village. The initial mobilization is to address the first list of concrete repairs provided, which will include areas of work performed throughout the Village this past fall and winter. Additional lists will be provided as work accumulates. When an additional list is provided to the CONTRACTOR, it is expected that work will begin within one (1) week of the Village providing it and will complete all aspects unless directed otherwise by the designated Village contact. A final list will be provided by October 1 with **all** work to be completed by November 1, 2024, including restoration.

The Village has budgeted an amount not to exceed \$1,500,000.00 for this entire project.

Other

The Village will have a designated contact which the CONTRACTOR is responsible to contact should any concerns or discrepancies come up. The contractor shall contact the Village provided contact prior to removal of any concrete where questions arise different from previously marked.

The CONTRACTOR shall provide the Village with photographs of each completed repair with time stamp, uploaded as an attachment to each defect record in ArcGIS Online. The Village will create the feature service in ArcGIS Online and grant the Contractor permission to make edits to the data

ORLAND PARK

2024 Concrete Flatwork and Sidewalk Replacement

in the field utilizing the ArcGIS Field Maps app. This requirement shall be factored into the unit price.

All work shall be performed in accordance with the latest editions of the following: Illinois Department of Transportation "Standard Specifications for Road and Bridge Construction" along with the latest edition of "Supplemental Specifications and Recurring Special Provisions" (collectively the "SSRBC"), the "Illinois Manual on Uniform Traffic Control Devices for Streets and Highways", and the "Standard Specifications for Water and Sewer Main Construction in Illinois."

If the VILLAGE decides to increase or decrease the work, the Contractor will perform the work as altered, increased or decreased, at the Contract unit price.

LOCATION OF WORK AND SPECIFICATIONS:

The Bid Specifications for this RFP #24-026 are attached as *Exhibit A and Exhibit B*.

Exhibit A - Special Provisions provides specific project descriptions and requirements.

Exhibit B - Project Location Map

It is expressly understood and agreed to by both Parties that in no event shall the total amount to be paid by the Village for the complete and satisfactory performance of services, exceed the proposed amount. Said price shall be the total compensation for Contractor's performance hereunder including, but not limited to, all work, deliverables, materials, supplies, equipment, subcontractor's fees, and all reimbursable travel and miscellaneous or incidental expenses to be incurred by Contractor. In the event the Contractor incurs cost in excess of the sum authorized for service, the Contractor shall pay such excess from its own funds, and the Village shall not be required to pay any part of such excess, and the Contractor shall have no claim against the Village on account thereof. For the avoidance of doubt, in no event shall Contractor be entitled to receive more than the proposed amount and this amount includes all costs incurred by Contractor in connection with the work and services authorized hereby, including, but not limited to: (i) any known or unknown and/or unexpected condition(s); (ii) any and all unforeseen difficulties; (iii) any unanticipated rises in the cost of labor, materials or equipment, changes in market or negotiating conditions, and errors or omissions made by others; (iv) the character of the work and/or services to be performed; and (v) any overrun in the time or cost necessary for the Contractor to complete the work due to any causes, within or beyond its control. Under no circumstances shall the Village be liable for any additional charges if Contractor's actual costs and reimbursable expenses for such work, service or deliverable exceed the proposed amount. Accordingly, Contractor represents, warrants and covenants to the Village that it will not, nor will Contractor have anyone on its behalf, attempt to collect an amount in excess of the proposed amount agreed to by the Contractor.

Project 24-026 - 2024 Concrete Flatwork & Sidewalk Replacement
Buying Organization Village of Orland Park

No	Question/Answer	Question Date
Q1	<p>Question: class D patches #10 and 11</p> <p>Is this work associated with damage done by contractor during the removal of sidewalk or curb? or.. Is it the contractors responsibility to pave areas throughout the village non associated with contractor sidewalk or curb removal and replacement ? but from the village crews removing and repairing utility breaks during the past year? Thank you.</p> <p>Answer: These items are used for addressing a combination of work. Item #10 will be used for associated asphalt removal needed for other concrete removal and replacements while item #11 is more geared towards previously removed asphalt from other work throughout the the Village including but not limited to utility work/ repairs. Asphalt work to be performed is intended to be associated with other concrete work being performed as part of this job.</p>	03/05/2024
Q2	<p>Question: PCC sidewalk location sizes</p> <p>What is the average size of each area of sidewalk to be removed and replaced? meaning the majority? 25, 50, 100...Square feet? Thank you.</p> <p>Answer: There is a wide range of possible sizes of concrete removal and replacement. Sidewalk may be as small as one square (25 sqft.) but may also stretch several squares. There is no average or majority of sizes of sidewalk removal and replacements. Same applies to other concrete replacements including curb and driveways.</p>	03/05/2024
Q3	<p>Question: Tree Protection</p> <p>How is this getting paid for (there are no qty's)? What is expected?</p> <p>Answer: This is not paid separately, but is to be included in the items for which the work is associated. Any work needed to protect the tree (trunks, limbs, and roots) from any construction related damage is what were looking for with this item. For example, a low hanging tree limb may need to be trimmed to prevent interference/ damage when any construction activities take place.</p>	03/12/2024
Q4	<p>Question: Restoration</p> <p>How is this getting paid for (there are no qty's)? There is specs for topsoil, seed & blanket & also for sodding. Sodding is to be installed @ village discretion. How are we to quantify between the two types of restoration?</p> <p>Answer: This item is not paid separately, but is to be included in the items for which the work is associated. Restoration of seed and topsoil or sod is associated with any removal and replacement work or any construction related damage. Any areas of utility work will be restored by the Village. Sod is only to be installed at the Village's discretion so will only be minimally used based on disturbance.</p>	03/12/2024

No	Question/Answer	Question Date
Q5	<p>Question: Material Excavation Is this for elevation changes once the existing sidewalk and or concrete is removed or is this for new walk which would require full depth excavation with replacement of a 4" agg base course prior to installing new walk?</p> <p>Answer: This is intended for use with existing sidewalk that may have elevation change. There is not new sidewalk being installed with this project.</p>	03/12/2024
Q6	<p>Question: Curb Slot Patching How is the curb slot pavement restoration getting paid for? (gap of the roadway to be filled once removal & replacement of curb has been completed)</p> <p>Answer: This would be paid for under the Class D patches item.</p>	03/12/2024
Q7	<p>Question: Traffic Control - Flaggers Are any of these locations on main streets that require flagging operations & arrow boards? (Example: 159th St, 143rd St, Lagrange Ave, 94th Ave)</p> <p>Answer: No work is scheduled on these main streets mentioned. All traffic control and lane closures is to follow IDOT standards for lane closures based on speed limits.</p>	03/12/2024
Q8	<p>Question: QC Testing Is QC testing required by the contractor?</p> <p>Answer: The Village may request core sample's at our discretion.</p>	03/12/2024

..Title

2024 Concrete Flatwork and Sidewalk Replacement Program

History

The Village completed a sidewalk condition assessment of all Village-sidewalks in 2022. Deficiencies were identified as either low, medium, or high priority based on assessment criteria laid out in the 2021 Sidewalk Condition Assessment RFP 21-065. This assessment was completed, and identified over ten-thousand (10,000) defects. Some defects are minor and only require minimal saw cutting to eliminate the tripping hazard, while others are severe requiring complete removal and replacement. Staff estimates all remaining removal and replacement defects identified in the assessment

will be addressed.

The Village has combined the concrete flatwork program with the sidewalk removal and replacement program. The concrete flatwork portion of the project will address additional concrete and associated asphalt replacement in areas throughout the Village outside of the annual Road Improvement Program areas. Staff has identified numerous locations throughout the Village where the replacement of excavated sidewalk, curb, and driveways would again be ideal for this bid project often associated with work performed by the Village including but not limited to water main breaks, sewer repairs, and addressing drainage issues.

The Village budgeted one million five hundred thousand dollars (\$1,500,000.00) this year to address this work.

RFP 24-026 was opened on March 22, 2024, at which point seven (7) contractors had submitted bids. Contractors bid on a unit price based on a quantity given by Village of type of repair throughout the Village. A summary of the bid prices received for this project is provided below:

Globe Construction, Inc. of Addison, Illinois - \$1,044,645.00
Davis Concrete Construction Co. of Monee, Illinois - \$1,155,670.00
M & J Asphalt Paving Company Inc. of Cicero, Illinois - \$1,199,925.00
Strada Construction Co. of Addison, Illinois - \$1,219,760.00
McGill Construction LLC of Frankfort, Illinois - \$1,318,550.00
M & J Underground Inc. of Monee, Illinois - \$1,339,675.00
Scanlon Excavating and Concrete of Kankakee, Illinois - \$1,513,300.00

Globe Construction, Inc. of Addison, Illinois was identified as the low bidder. The unit price submitted by Globe Construction for sidewalk removal and replacement is comparable to larger volume pricing staff has traditionally received for similar work. It is staff's recommendation to accept the bid from Globe Construction, Inc. of Addison, Illinois in an amount not to exceed \$1,500,000.00.

This agenda item is being considered by the Committee of the Whole and the Village Board of Trustees on the same night.

Financial Impact

Funds for this work are available in account 1008020-470400, 1008020-443300, 5008150-443300, 5008160-443300, and 5008170-443300.

Recommended Action/Motion

I move to approve awarding RFP 24-026 Concrete Flatwork and Sidewalk Replacement Program to Globe Construction, Inc. of Addison, Illinois for an amount not to exceed \$1,500,000.00;

AND

Authorize the Village Manager to execute all related contracts subject to Village

Attorney review.
