SECTION ONE: Site Plan Approval.

A. The Subject Property shall be developed substantially in accordance with the site plan titled "Mixed Use Building for McDuffy's Beacon St. Condominiums Orland Park, Illinois," sheet number A-1.0, prepared by W.K. Olson Architects, Inc., dated 10/16/06, dated

received 1/31/11, project number 260450 (EXHIBIT A), and the elevations titled “Mixed Use Building for McDuffy’s Beacon St. Condominiums Orland Park, Illinois”, sheet numbers A-2, A-3, A-4 and A-5, prepared by W.K. Olson Architects, Inc., dated 10/16/06, dated received 1/31/11, project number 260450. The Developer agrees that the Subject Property shall be developed substantially in accordance with said plans as shown on said site plan (EXHIBIT A) as approved or as may be subsequently amended and approved by the Village, and in accordance with supporting preliminary and final engineering drawings and plans to be submitted to the Village Engineer for review and approval, and subject to the following conditions:

1. That the Developer provides a no parking/loading zone sign along Beacon Avenue for a specific time of day (morning or evening) to accommodate any loading activities on the street;
2. That the garbage enclosure be constructed of masonry materials that match the principle building in style and color, be six (6) feet tall and be constructed to include a solid 100% opaque enclosure door made of wood or non-white vinyl;
3. That the garbage pick-up schedule take into consideration the neighboring single-family residential properties;
4. That if turning into the drive-ways provides to be difficult for future residents, the two guest parking spaces at the rear of the building be removed to expand the width of the four required drive-ways;
5. That the Developer reconstruct the alley behind the Subject Property through to 144th Street, subject to Village approval of final engineering of the construction and the construction to include pitching the alley away from the residents to the west to redirect storm water flows from the Subject Property to the center of the alley, where it will travel north to 143rd Street and south to 144th Street storm water systems;
6. That all utility conduits be screened from view of neighboring properties and public rights-of-way, including the alley;
7. That a landscape plan be submitted for separate review and approval; and
8. That all Building Code related items are met and all necessary building permits obtained.

B. In addition, Developer will reconstruct the parkway along Beacon Avenue that fronts the Subject Property in order to match the existing parkway pattern.

SECTION TWO: Contributions.

Upon, and as a condition to, the issuance of a building permit for the Subject Property, Developer shall make the following contributions as required by Village ordinance and as set forth in the attached Schedule (Exhibit B) for “Condos/Apts.” which are payable to the Village.

In addition, Developer shall make a contribution of \$1.15 per square foot of retail space (per Section 5-112(H)(6) of the Code).

The Village shall solely determine how said sums so paid shall be allocated and disbursed.

In addition to the contributions shown above, Developer shall pay all required water connection fees (meter and tap fees), building permits and other standard fees for commercial or residential units, as a condition of receipt of a building permit for each unit.

SECTION THREE: Storm Water Retention/Detention and Storm Sewers.

Storm water run off emanating from the Subject Property shall be retained or detained in accordance with a storm water management system for the Subject Property to be constructed and installed by the Developer, as finally may be required and approved by the Village, including both on-site and off-site storm sewers, as needed, in accordance with final engineering plans approved by the Village. The design criteria, construction and maintenance of the storm sewers shall be in accordance with all standards of the Village in force on the date hereof, and also all standards of the Metropolitan Water Reclamation District of Greater Chicago in effect at the time of final approval, and shall be completed by the Developer at its expense. Developer shall retain ownership and maintenance responsibility for all detention/retention areas.

SECTION FOUR: Water Supply.

Developer shall be required to construct and install at its expense all necessary on-site water mains to service the Subject Property. All such water mains shall be constructed and installed in accordance with the Code and final engineering plans approved by the Village. Due to the location of the existing water main, an excavation of Beacon Avenue will likely be required. If Developer does excavation work within Beacon Avenue, the Developer will provide a full width patch across Beacon Avenue to repair it after the excavation. The Developer shall pay to the Village all required meter and water connection charge(s) based upon the size of each in accordance with Village codes and ordinances.

SECTION FIVE: Sanitary Sewers.

Developer shall be required to construct and install at its expense all necessary sanitary sewers to service the Subject Property in accordance with the Code and final engineering plans approved by the Village.

SECTION SIX: Alley Construction, Street Lighting, Parkway Construction and Street Trees.

The cost of all alley construction, parkway construction, street lighting and street trees shall be included in the required letter of credit for the development of the Subject Property, with the amounts to be computed on the same basis as the amounts to be included in the letter of credit (see SECTION EIGHT) for all other public improvements for the Subject Property. The

street tree(s) shall be planted not later than the planting season next following the issuance of the Village occupancy permit for the first units in the building. Should the trees not be planted by the next planting season (spring or fall), the Village shall, at its option, draw on the letter of credit to install said street trees after fourteen (14) calendar days prior written notice to the Developer. All street trees shall be planted in accordance with the approved landscape plan. Further, the Developer shall provide each prospective condominium owner with a "Prospective Condominium Buyer Disclosure Brochure," in a form approved by the Village attorney, obtain receipts therefore from each such recipient, and provide copies of said receipts to the Village, if requested. Said brochure shall clearly indicate how individual residence units will be assessed for the Condominium Association and how maintenance of the landscaping, parking and other common areas will be handled by the Condominium Association.

SECTION SEVEN: Easements.

Owner agrees at the time of approval of this Development Agreement to grant to the Village, and/or obtain grants to the Village of, all necessary easements for the extension of sewer, water, street, or other utilities, including cable television, or for other improvements that may serve not only the Subject Property, but other territories in the general area. All such easements to be granted shall name the Village and/or other appropriate entities designated by the Village as grantee thereunder. It shall be the responsibility of Developer to obtain all easements, both on site and off site, necessary to serve the Subject Property.

Developer shall also provide the purchaser of each residence with appropriate documentation of an easement of access over any Common Areas. Such easements shall survive the transfer of the Common Areas to a Condominium Association.

SECTION EIGHT: Developmental Codes and Ordinances and General Matters.

The development of the Subject Property shall be in accordance with the existing building, zoning, subdivision, storm water retention and other developmental codes and ordinances of the Village as they exist on the date hereof, or as are in existence during development of the Subject Property. Planning and engineering designs and standards, and road construction and dedication of public improvements, shall be in accordance with the then existing ordinances of the Village or in accordance with the statutes and regulations of other governmental agencies having jurisdiction thereof if such standards are more stringent than those of the Village of Orland Park at such time.

No occupancy permit shall be issued for any unit prior to the completion and acceptance by the Village of the required public improvements. All required public improvements shall be completed within one (1) year from the date hereof and the Developer shall deliver to the Village an irrevocable letter of credit (the form of security Developer has elected to provide) in a form satisfactory to and from a bank or financial institution and in an amount as provided for in the Code, said Letter of Credit to include all costs related to required lighting, landscaping, street tree installation, alley construction, parkway construction, roadway, sidewalk, sewer and water lines and storm water management facilities. The Village Finance Director may, in his or her

discretion, permit the amount of said letter of credit to be reduced, from time to time, as major public improvements are completed.

SECTION NINE: Utilities.

All electricity, telephone, cable television and gas lines shall be installed underground, the location of which underground utilities shall be at the Developer's option.

SECTION TEN: Impact Requirements.

Developer agrees that any and all contributions, dedications, donations and easements made to the Village and provided for in this Agreement substantially advance legitimate governmental interests of the Village, including, but not limited to, providing its residents with access to and use of public utilities, streets, fire protection, and emergency services. Developer and Owner further agree that the contributions, dedications, donations and easements made to the Village and required by this Agreement are uniquely attributable to, reasonably related to, and made necessary by the development of the Subject Property.

SECTION ELEVEN: Binding Effect and Term and Covenants Running with the Land.

This Agreement shall be binding upon and inure to the benefit of the parties hereto, successor owners of record of the Subject Property, assignees, lessees and upon any successor municipal authorities of said Village and successor municipalities, for a period of ten (10) years from the date of execution hereof and any extended time that may be agreed to by amendment.

The terms and conditions of this Agreement relative to the payment of monies for the various contributions to the Village, construction and/or dedication of public improvements, granting of easements to the Village, dedication of rights-of-way to the Village and the developmental standards established herein shall constitute covenants which shall run with the land.

SECTION FOURTEEN: Reimbursement of Village for Legal and Other Fees and Expenses.

A. To Effective Date of Agreement.

The Developer, concurrently with approval of the development of the Subject Property, shall reimburse the Village for the following expenses incurred in the preparation and review of this Agreement, and any ordinances, letters of credit, plats, easements or other documents relating to the Subject Property:

1. the costs incurred by the Village for engineering services;
2. all reasonable attorneys' fees incurred by the Village; and

B. From and After Effective Date of Agreement.

Except as hereinafter provided, upon demand by Village made by and through its President, Developer from time to time shall promptly reimburse Village for all enumerated reasonable expenses and costs incurred by Village in the administration of the Agreement, including and limited to engineering fees, reasonable attorneys' fees and out of pocket expenses involving various and sundry matters such as, but not limited to, preparation and publication, if any, of all notices, resolutions, ordinances and other documents required hereunder.

Such costs and expenses incurred by Village in the administration of the Agreement shall be evidenced to the Developer upon its request, by a sworn statement of the Village; and such costs and expenses may be further confirmed by the Developer at its option from additional documents relevant to determining such costs and expenses as designated from time to time by the Developer.

Notwithstanding the immediately preceding paragraph, Developer shall in no event be required to reimburse Village or pay for any expenses or costs of Village as aforesaid more than once, whether such are reimbursed or paid through special assessment proceedings, through fees established by Village ordinances or otherwise.

In the event that any third party or parties institute any legal proceedings against any party hereto, which relate to the terms of this Agreement, then, in that event, the Developer or Owner on notice from Village shall assume, fully and vigorously, the entire defense of such lawsuit and all expenses of whatever nature relating thereto unless such suit arises solely out of the gross negligence or willful misconduct of the Village; provided, however:

1. Neither Developer nor Owner shall not make any settlement or compromise of the lawsuit, or fail to pursue any available avenue of appeal of any adverse judgment, without the approval of the Village.
2. If the Village, in its sole discretion, determines there is, or may probably be, a conflict of interest between Village, Owner or Developer on an issue of importance to the Village having a potentially substantial adverse effect on the Village, then the Village shall have the option of being represented by its own legal counsel. In the event the Village exercises such option, then Owner and/or Developer shall reimburse the Village from time to time on written demand from the President of Village and notice of the amount due for any expenses, including but not limited to court costs, reasonable attorneys' fees and witnesses' fees, and other reasonable expenses of litigation, incurred by the Village in connection therewith.

In the event the Village institutes legal proceedings against Owner and/or Developer for violation of this Agreement and secures a judgment in its favor, the court having jurisdiction thereof shall determine and include in its judgment against Owner and/or Developer all expenses of such legal proceedings incurred by Village, including but not limited to the court costs and reasonable attorneys' fees, witnesses' fees, etc., incurred by the Village in connection therewith.

Owner and/or Developer may, in its sole discretion, appeal any such judgment rendered in favor of the Village against Owner and/or Developer.

SECTION FIFTEEN: Provisional Occupancy Permits.

The Village, in accordance with the requirements and customary practice of the Development Services Department, will grant provisional occupancy permits for individual units between November 1st and May 15th if weather prevents the Developer from completing the following work for any such unit (it being understood that if other work remains to be done, no occupancy permit, provisional or otherwise, will be issued): landscaping, street trees, if required, surface course of asphalt.

As a condition of the issuance of any such provisional occupancy permit, the Developer shall provide the Village with a reasonable timetable acceptable to the Village for completion of the outstanding work, which timetable shall be deemed a part of the provisional occupancy permit.

SECTION SIXTEEN: Permits and Letter of Credit.

The Developer shall not be entitled to obtain any building permits, nor any sign permits, unless and until the proper letter of credit (as referenced in SECTION EIGHT hereof), has been made to the Village in accordance with the Code. The letter of credit shall specifically include an amount to cover the cost of street trees and sidewalks as required by the Code and this Agreement.

SECTION SEVENTEEN: Dedication of Real Estate; Exchange of Parcels

General taxes and all other taxes, assessments, liens and charges of whatever nature affecting the real estate shall be paid and removed prior to dedication. To the extent that any such item cannot be removed prior to dedication because the amount of the same cannot then be determined, Owner hereby covenants that it will promptly pay the same upon determination of such amount and that it will indemnify, hold harmless and defend the Village against any loss or expense, including but not limited to attorneys' fees and expenses of litigation, arising as a result of a breach of the foregoing covenant.
