

Proposed Building and Health Code Amendments

The Village of Orland Park is considering amendments to the following Building Code and Health Code regulations before the end of June 2025:

- [Title 5, Chapter 1 Existing Building Code \(IEBC\)](#) (PDF)
- [Title 6, Chapter 1 Health Code \(IDPH/FDA 2022 Food Code\)](#)
- [Title 5, Chapter 1 Building Code \(IBC\)](#) (PDF)
- [Title 5, Chapter 2 Building Permits and Fees](#) (PDF)

The purpose of building and health codes is to establish minimum standards to protect the health, safety, and general welfare of the public. Recent text amendments at the state level are intended to improve upon past regulations, and communities with local codes are expected to amend their regulations to comply with state regulations.

The proposed text amendments are intended to better support our community, while not becoming an unnecessary burden to property owners, businesses, and contractors.

Select the links above to view the proposed amendments. Submit questions and/or comments regarding the proposed regulations to developmentsservices@orlandpark.org. Visit <https://orlandpark.legistar.com/Calendar.aspx> for Board of Trustees meeting agendas.
