Dear Mr. Corrigan:

Per our discussion, this letter outlines additional services not included in our original scope. The following out of scope item will be required to complete the project:

Prepare a Plat of Highways that is approved by the Village and IDOT. As shown on the attached exhibit, permanent easements will be taken from an anticipated three (3) property owners: the Village, an unidentified private owner, and a commercial owner. The extra tasks required consist of:

- Purchasing title reports (5 PIN numbers per available Sidwell mapping)
- Researching at Cook County Recorder's office
- Field survey to recover boundary evidence and stake property corners
- Office calculations, drafting the Plat, and writing legal descriptions
- Processing draft and final Plat submittals
- Obtaining Plat approval, and
- Coordination with the Village

Please see the attached spreadsheet which outlines the hours and fee to complete this additional scope task.

Please call me or Mr. Jason Souden if you have any questions or require more detail about the additional scope.

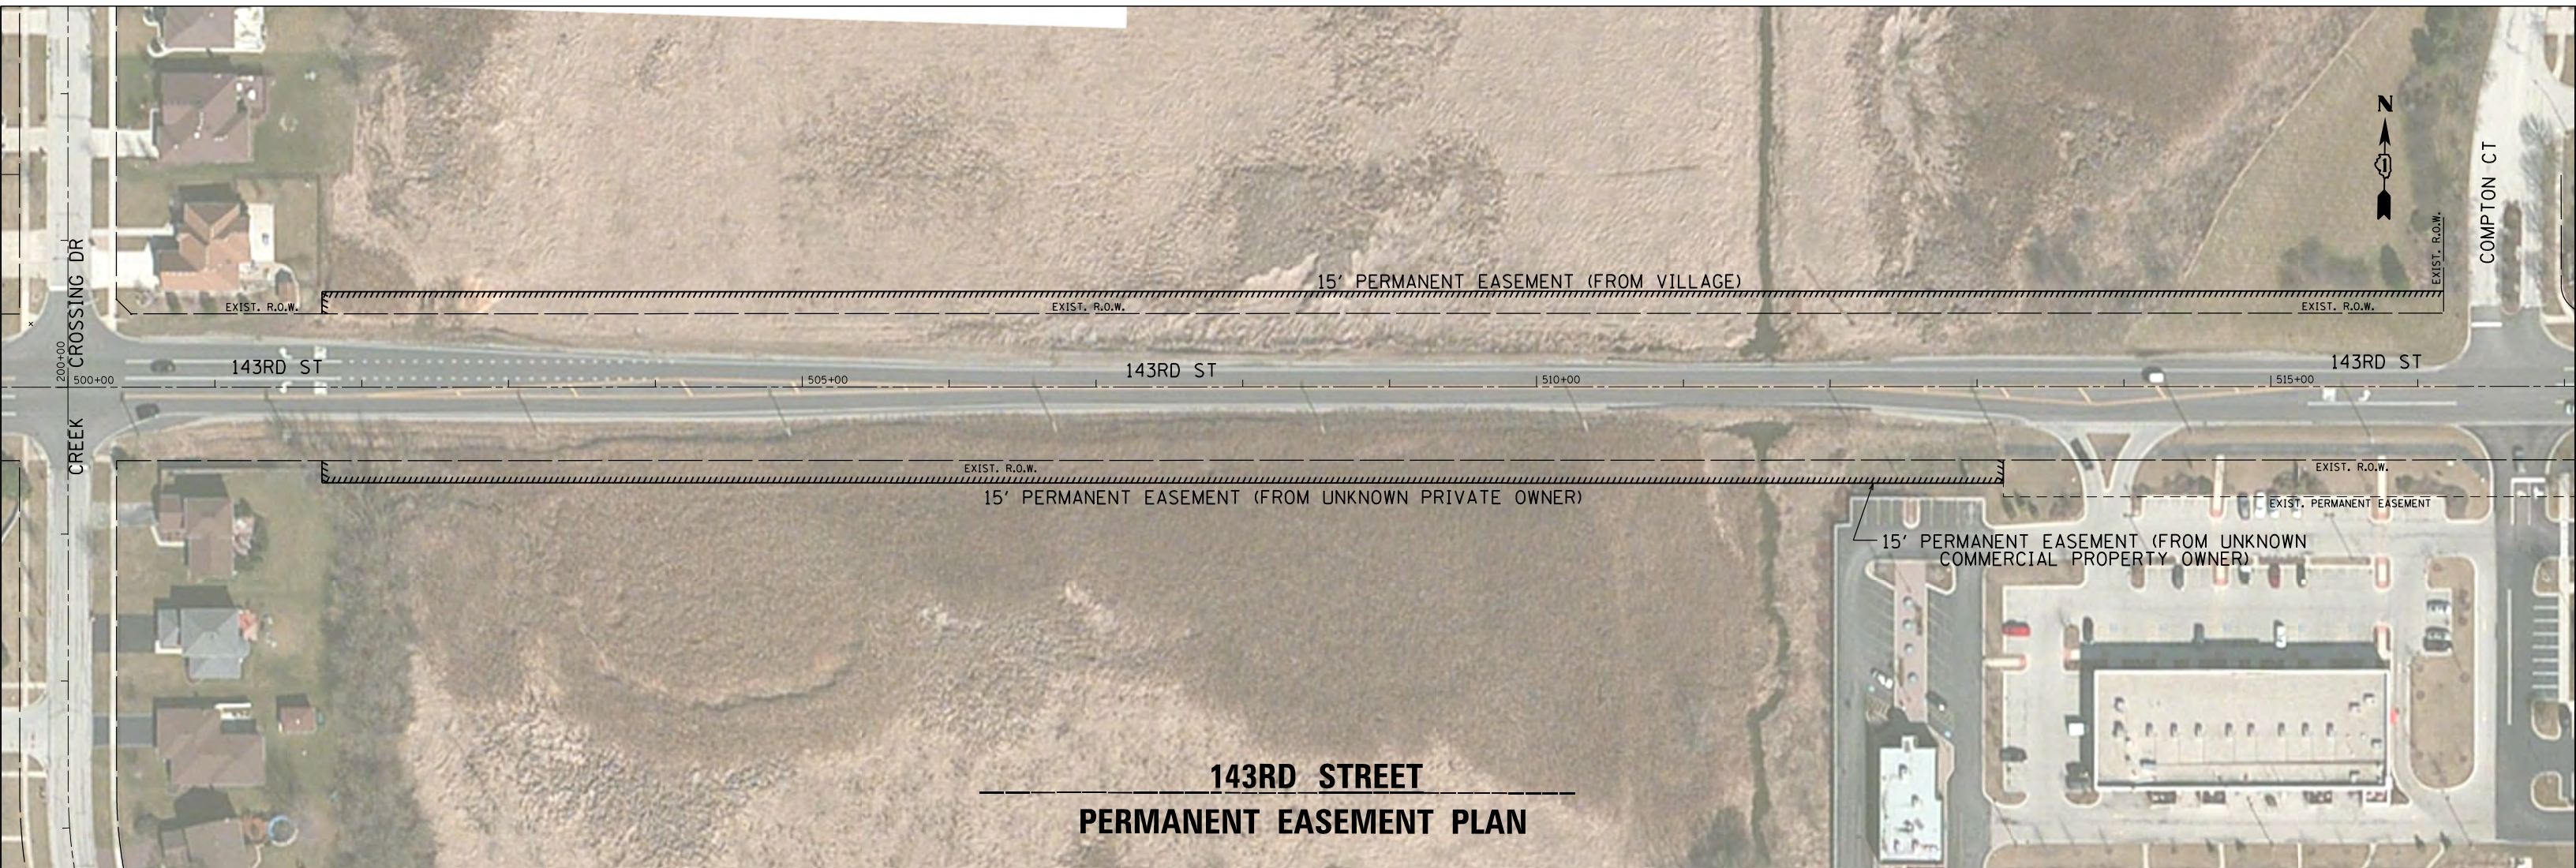

Sincerely,

Accepted by:
