

Code Change General Notes

- **Highlighted text** is new words/numbers to be added to the existing ordinance.

DRAFT for review purposes.

The highlighted code sub-section below is wording from the original IBC model code. It was mistakenly removed due to an amendment of the entire Section. The last sentence is added due to our restrictive amendments in our other adopted codes.

EXHIBIT A

5-1-13: AMENDMENTS TO IBC/2012:

3. That Section 101.4 shall read as follows:

101.4 REFERENCED CODES: Title 5, of The Village Code, (Ordinance 2989 as amended), shall be used to reference other building related codes adopted for regulating Permit Fees, Electrical, Plumbing, Fire Prevention, Mechanical, Property Maintenance, and Rental Housing where referenced in “this code”. Adoption of the State of Illinois, International Energy Conservation Code (IECC) is referenced in Chapter 13 of these amendments.

101.4.1 FUEL GAS CODE: The provisions of the *International Fuel Gas Code* shall apply to the installation of gas piping from the point of delivery, gas appliances and related accessories as covered in this code. These requirements apply to gas piping systems extending from the point of delivery to the inlet connections of appliances and the installation and operation of residential and commercial gas appliances and related accessories as referenced in Chapter 35. Where conflicts may occur with other Village Code amendments, (Building and Mechanical Codes) the more restrictive shall apply.
