constitute an improvement of the tax base of the Village, be in implementation of the comprehensive plan of the Village and will constitute a preservation of environmental values.

6. Owner covenants and agrees that it will execute all necessary directions and issue all necessary instructions and take all other action reasonably necessary to perform its obligations hereunder.

SECTION ONE: Zoning, Plan Approval and Design Standards.

A. The Village, upon the necessary hearings before the relevant governmental bodies having taken place pursuant to statute and ordinances in such cases made and provided and pursuant to requisite notice having been given, will by proper ordinance cause the above-described Subject Property to be classified under the Code as zoned ORI Mixed Use Office Research and Industrial Zoning District.

B. The Subject Property shall be developed substantially in accordance with the Preliminary Site Plan appended hereto and incorporated herein as EXHIBIT A entitled "American Technical Publishers Preliminary Site Plan," prepared by Archideas, 1 of 1, dated July 6, 2007. The Owner agrees that the Subject Property shall be developed substantially in accordance with said Final Plan (EXHIBIT A) as approved or as may be subsequently amended and approved by the Village, and in accordance with supporting preliminary and final engineering drawings and plans to be submitted to the Village Engineer for review and approval, subject to and conditioned upon the following:

The Owner shall:

- 1) Work with Village staff on cross access easement when adjacent areas are developed;
- 2) Meet all final engineering related items;
- 3) Submit a landscape plan (which shall include a fence along the retaining wall at the southeast corner of the proposed parking lot and which extends approximately 75 feet) within 60 days of final engineering approval;
- 4) Submit to the Village Building Department signage related items for review and approval;
- 5) Submit a plat of subdivision for separate review and approval to the Village Department of Development Services; and
- 6) Provide cash in lieu of current construction of a sidewalk (the cost of which is currently estimated to be \$6,300.00) along Orland Parkway to be placed in an escrow account pending the construction of the sidewalk in the future.

C. The Subject Property shall also be developed substantially in accordance with the Elevations Plan titled, prepared by Archideas, Inc., dated July 6, 2007.

D. A subdivision consistent with a final approved Plan, subject to the above-stated conditions, shall be approved by the Village.

SECTION TWO: Contributions.

As a condition of obtaining a building permit, Owner shall pay to the Village the Fair Share Road Exaction Fee - \$.90 per square foot for the 45,000 square foot office building, as provided by Section 5-112(K) (6) of the Code. For the 45,000 sq. ft. total, the road fee is \$40,500.00.

The Village shall solely determine how said sums so paid shall be allocated and disbursed.

SECTION THREE: Storm Water Retention/Detention and Storm Sewers.

Storm Water run off emanating from the Subject Property shall be retained or detained in accordance with a storm water management system for all development planned for the Subject Property (and to serve development of adjacent property as more fully described in the Recapture Agreement referenced in SECTION NINE hereof), to be constructed and installed by the Owner, as finally may be required and approved by the Village. Such system shall include all storm water management facilities, including both on-site and off-site storm sewers, if needed, in accordance with final engineering plans approved by the Village. The design criteria, construction and maintenance of the storm sewers shall be in accordance with all standards of the Village in force on the date of final plat approval for each phase, and also all standards of Will County and the Metropolitan Water Reclamation District of Greater Chicago ("MWRD") in effect at the time of final plat approval, and shall be completed by the Owner at its expense. All storm water detention/retention facilities shall be perpetually owned and maintained by the Owner.

SECTION FOUR: Water Supply.

Owner shall be required to construct and install at its expense all necessary on-site and off-site water mains to service the Subject Property (and to serve development of adjacent property as more fully described in the Recapture Agreement referenced in SECTION NINE hereof). All such water mains shall be sized, constructed and installed in accordance with the Code and final engineering plans approved by the Village. The Owner shall pay to the Village the required water connection charge(s) based upon the size of the connection(s) in accordance with Village ordinances. The twelve (12") inch water main along the 102nd Avenue roadway is subject to recapture as provided in SECTION NINE hereof and shall be constructed with the roadway. The eight (8") inch internal water main extending from Orland Parkway to the north line of the Subject Property is solely the responsibility of Owner and not subject to recapture.

SECTION FIVE: Sanitary Sewers.

Owner shall be required to construct and install at its expense all necessary sanitary sewers to service the Subject Property in accordance with the Code and final engineering plans approved by the Village. Said sewers shall be sized as required by the Village. Owner shall pay the annual MWRD Service Charge for the handling and treatment of the sanitary, industrial and other waste originating within the Will County Service Area of the Village. The annual rate is equal to 140% of the current ad valorem tax rate levied by the MWRD multiplied by the latest

equalized assessed valuation of the Subject Property. This Service charge will be billed by the Village to the Owner, and successors in title, semi-annually.

SECTION SIX: Sidewalks.

All sidewalks shown on the final plan (Exhibit A) shall be constructed by Owner to the applicable Village standards.

SECTION SEVEN: Easements.

Owner agrees at the time of approval of this Development Agreement to grant to the Village, and/or obtain grants to the Village, of all necessary easements for the extension of sewer, water, or other utilities (to be installed as provided in SECTION TEN hereof); including cable television, or for other improvements which may serve not only the Subject Property, but other territories in the general area, in accordance with the final, approved plat of subdivision.

All such easements to be granted shall name the Village and/or other appropriate entities designated by the Village as grantee hereunder. It shall be the responsibility of Owner to obtain all easements, both on-site and of-site, necessary to serve the Subject Property.

SECTION EIGHT: Developmental Codes and Ordinances and General Matters.

The development of the Subject Property shall be in accordance with the existing building, zoning, subdivision, storm water retention and other developmental codes and ordinances of the Village as they exist on the date hereof, or as are in existence during development of the Subject Property. Planning and engineering designs and standards, and road construction and dedication of public improvements, shall be in accordance with the then existing ordinances of the Village, or in accordance with the statutes and regulations of other governmental agencies having jurisdiction thereof if such standards are more stringent than those of the Village of Orland Park at such time.

No occupancy permit shall be issued for the building prior to the completion and acceptance by the Village of the required public improvements. All required public improvements shall be completed within one (1) year from the date hereof and the Owner shall deliver to the Village (at the time of presentation to the Village of the recordable plat of subdivision) an irrevocable letter of credit (the form of security Owner has elected to provide) in a form satisfactory to and from a bank or financial institution and in an amount as provided for in the Code. Said Letter of Credit is to include all costs related to required lighting, landscaping, roadway, sidewalk, sewer and water lines and storm water management facilities. The Village Engineer may, in his discretion, permit the amount of said letter of credit to be reduced, from time to time, as major public improvements are completed.

SECTION NINE: Recapture of a Portion of Owner's Cost to Install Storm Sewers, Watermain, Sidewalk and Curb and Gutter, Roadway, Erosion Control and Lighting.

It is understood and agreed that Owner will be expending considerable sums of money for the construction and installation of storm sewers, watermain, sidewalk, curb and gutter, a

roadway, erosion control and lighting. These required improvements will substantially benefit the Subject Property as well as nearby or adjacent property which will be developed in the future. In order for Owner to recapture that portion of the costs for such improvements as will benefit the nearby or adjacent properties, the parties hereto shall execute and record a "Recapture Agreement" in substantially the form attached hereto as EXHIBIT B.

SECTION TEN: Utilities.

All electricity, telephone, cable television and gas lines shall be installed underground, the location of which underground utilities shall be at the Owner's option.

SECTION ELEVEN: Impact Requirements.

Owner agrees that any and all contributions, dedications, donations and easements provided for in this Agreement substantially advance legitimate governmental interests of the Village, including, but not limited to, providing its residents, with access to and use of public utilities, streets, fire protection, and emergency services. Owner further agrees that the contributions, dedications, donations and easements required by this Agreement are uniquely attributable to, reasonably related to and made necessary by the development of the Subject Property.

SECTION TWELVE: Binding Effect and Term and Covenants Running with the Land.

This Agreement shall be binding upon and inure to the benefit of the parties hereto, successor owners of record of the Subject Property, assignees, lessees and upon any successor municipal authorities of said Village and successor municipalities, for a period of seven (7) years (although the Recapture Agreement provided for in SECTION NINE hereof may extend for a period of time extending beyond the date of this Agreement, and any extended time that may be agreed to by amendment.)

The terms and conditions of this Agreement relative to the payment of monies to the various contributions to the Village, construction and/or dedication of public improvements, granting of easements to the Village, dedication of rights-of-way to the Village and the developmental standards established herein shall constitute covenants which shall run with the land.

A. To Effective Date of Agreement.

The Owner, concurrently with the issuance of the first building permit, shall reimburse the Village for the following expenses reasonably incurred in the preparation and review of this Agreement, and any ordinances, letters of credit, plats, easements or other documents relating to the Subject Property:

- (1) the costs incurred by the Village for engineering services; and
- (2) all reasonable attorneys' fees incurred by the Village; and
- (3) miscellaneous Village expenses, such as legal publication costs, recording fees and copying expense.

B. From and After Effective Date of Agreement.

Except as hereinafter provided, upon reasonable demand by Village made by and through its President, Owner from time to time shall promptly reimburse Village for all enumerated reasonable expenses and costs incurred by Village in the administration of the Agreement, including and limited to engineering fees, attorneys' fees and out of pocket expenses involving various and sundry matters such as, but not limited to, preparation and publication, if any, of all notices, resolutions, ordinances and other documents required hereunder.

Such costs and expenses incurred by Village in the administration of the Agreement shall be evidenced to the Owner upon its request, by a sworn statement of the Village; and such costs and expenses may be further confirmed by the Owner at its option from additional documents relevant to determining such costs and expenses as designated from time to time by the Owner.

Notwithstanding the immediately preceding paragraph, Owner shall in no event be required to reimburse Village or pay for any expenses or costs of Village as aforesaid more than once, whether such are reimbursed or paid through special assessment proceedings, through fees established by Village ordinances or otherwise.

In the event that any third party or parties institute any legal proceedings against any party hereto, which relate to the terms of this Agreement, then, in that event, the Owner, at its option, on notice from Village may assume, fully and vigorously, the entire defense of such lawsuit and all expenses of whatever nature relating thereto; provided, however:

- (1) Owner shall not make any settlement or compromise of the lawsuit, or fail to pursue any available avenue of appeal of any adverse judgment, without the approval of the Village, which approval shall not be unreasonably withheld.
- (2) If the Village, in its sole discretion, determines there is, or may probably be, a conflict of interest between Village and Owner on an issue of importance to the

Village having a potentially substantial adverse effect on the Village, then the Village shall have the option of being represented by its own legal counsel. In the event the Village exercises such option, then Owner shall reimburse the Village from time to time on written demand from the President of Village and notice of the amount due for any expenses, including but not limited to court costs, reasonable attorneys' fees and witnesses' fees, and other reasonable expenses of litigation, incurred by the Village in connection therewith.

In the event either party (Owner or Village) institutes legal proceedings against the other party for violation of this Agreement and secures a judgment in its favor, the court having jurisdiction thereof shall determine and include in its judgment against the party found to have violated this Agreement all expenses of such legal proceedings incurred by the substantially prevailing party, including but not limited to the court costs and reasonable attorneys' fees, witnesses' fees, etc., incurred by the substantially prevailing party in connection therewith. Either party may, in its sole discretion, appeal any such judgment rendered in favor of the other party.
