Organization Chart

A-4 State of Equal Employment Opportunity Practices

MBE/WBE Commitment

EIS is aware that the Village of Orland Park is committed to an aggressive program of providing continuing and long-term opportunities for MBE/WBE's. We understand that the Village of Orland Park seeks partners who both understand your commitments and have independent resources to react and complete tasks that relate to the betterment of all the citizens of Orland Park. Our commitment is to work diligently on this Affirmative Action Program throughout the life of the contract.

EIS has brought together diverse skills and years of experience in a variety of disciplines to ensure operations that are fresh and vibrant, yet integral to the surrounding work space. The same skills and capabilities will be applied to our Affirmative Action/Equal Opportunity Program.

The following Policy Statement of Affirmative Action and Equal Employment describes the philosophy and the process by which we hope all groups within the Chicagoland area will participate in this exciting operation. Our Affirmative Action Program will be creative and goal-oriented, and establishes a mechanism to achieve significant results for minority and female business owners and employees.

EIS Policy Statement of Affirmative Action and Equal Employment

EIS is committed to the goal of equal and representative opportunities for minorities and women. The philosophy of our company is based upon prudent business principles, combined with a creative and flexible view towards providing opportunities to minorities and women. Its day-to-day challenge in operating our inspection business is to provide and manage such operations with care and attention to detail which is unparalleled in its market place. Similar high standards will also be brought into action in efforts related to equal opportunity and participation by Minority/Women business Enterprises (MBE/WBE). Affirmative Action is an essential element in the management process, and EIS will establish and implement an honorable, progressive, innovative and goal-oriented program that serves appropriate sectors of the community.

Our Affirmative Action Program is in recognition of the fact that certain individuals have, for one reason or another, have been unable to benefit fully from the opportunities available to all members of our society. We also recognize that successful Affirmative Action/EEO programs are important to the continued growth and vitality of the Village of Orland Park, and the state of Illinois.

With respect to the team's internal operations, management will aggressively pursue employment practices which provide equal opportunity to all people regardless of sex, color, race or creed. We will not countenance discrimination against any employee or applicant because of race, sex, marital status, national origin, age, or the presence of physical handicaps unrelated to ability. These non-discriminatory practices will apply to all areas of employment, including: hiring, upgrading and promotions, demotions, transfers, recruiting, advertising, layoffs, termination's, compensation and benefit programs. All managers will be responsible for the implementation of this policy and for compliance with all applicable state and federal laws and regulations.

EIS has adopted a policy of equal employment opportunity in all operations and will require the inclusion of this policy statement and established goals in all contracts and subcontracts at any level. Additionally, we will seek to ensure and maintain a working environment free of harassment intimidation and coercion at all sites, and in all facilities at which employees are assigned to work. All on-site supervisory personnel will be made aware of, and will be responsible for, maintaining such a working environment with specific attention paid to minority and/or female individuals.

Our ownership is committed to an affirmative action oriented comprehensive program for MBE/WBE business development as well as to minority and female employment. EIS wants to ensure that maximum opportunities exist for such firms and such individuals, and will comply with all established Village of Orland Park goals and objectives as they relate to the utilization of local firms and residents.

A-5 Scope of Required Services

In light of our staff's long term experience in the eight categories listed, we complete our contracted assignments with a thoroughness our clients have come to rely upon. Based on our predictable reliability, we are confident that our staff will fulfill the requirements of the full scope of stated services. May we recommend that scheduling of inspections should be planned on an annual basis rather than a bi-annual basis.

EIS encourages you to consider utilizing our password protected internet site for the advantage of accessing inspection status information at website speeds. This growing data base will retain a non-expiring history of all inspections. We provide this service at no charge for our contracted customers.

Additionally, as Q.E.I. credential holders, we perform as "witness in attendance" when the new Illinois Fire Marshall mandated pressure tests are conducted annually on hydraulic elevators and every five years for the full load test on traction elevators. Because these tests must be conducted by a licensed elevator service contractor, witness invoicing is typically directed to the service contractor.

A-7 Concluding Remarks

EQUAL EMPLOYMENT OPPORTUNITY

Section I. This EQUAL EMPLOYMENT OPPORTUNITY CLAUSE is required by the Illinois Human Rights Act and the Rules and Regulations of the Illinois Department of Human Rights published at 44 Illinois Administrative Code Section 750, et seq.

Section II. In the event of the Contractor's noncompliance with any provision of this Equal Employment Opportunity Clause, the Illinois Human Right Act, or the Rules and Regulations for Public Contracts of the Department of Human Rights (hereinafter referred to as the Department) the Contractor may be declared non-responsible and therefore ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and this agreement may be canceled or avoided in whole or in part, and such other sanctions or penalties may be imposed or remedies involved as provided by statute or regulation.

During the performance of this Agreement, the Contractor agrees:

- A. That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin or ancestry; and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization.
- B. That, if it hires additional employees in order to perform this Agreement, or any portion hereof, it will determine the availability (in accordance with the Department's Rules and Regulations for Public Contracts) of minorities and women in the area(s) from which it may reasonably recruit and it will hire for each job classification for which employees are hired in such a way that minorities and women are not underutilized.
- C. That, in all solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, marital status, national origin or ancestry, age, or physical or mental handicap unrelated to ability, or an unfavorable discharge from military service.
- D. That it will send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organization or representative of the Vendor's obligations under the Illinois Human Rights Act and Department's Rules and Regulations for Public Contract.
- E. That it will submit reports as required by the Department's Rules and Regulations for Public Contracts, furnish all relevant information as may from time to time be requested by the Department or the contracting agency, and in all respects comply with the Illinois Human Rights Act and Department's Rules and Regulations for Public Contracts.
- F. That it will permit access to all relevant books, records, accounts and work sites by personnel of the contracting agency and Department for purposes of investigation to ascertain compliance with the Illinois Human Rights Act and Department's Rules and Regulations for Public Contracts.

G. That it will include verbatim or by reference the provisions of this Equal Employment Opportunity Clause in every subcontract it awards under which any portion of this Agreement obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor. In the same manner as the other provisions of this Agreement, the Vendor will be liable for compliance with applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the Department in the event any subcontractor fails or refuses to comply therewith. In addition, the Vendor will not utilize any subcontractor declared by the Illinois Human Rights Department to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations.

Section III. For the purposes of subsection G of Section II, "subcontract" means any agreement, arrangement or understanding, written or otherwise, between the Vendor and any person under which any portion of the Vendor's obligations under one or more public contracts is performed, undertaken or assumed; the term "subcontract", however, shall not include any agreement, arrangement or understanding in which the parties stand in the relationship of an employer and an employee, or between a Vendor or other organization and its customers.
