RE: *NOTICE TO PROCEED*
Colette Highlands Development 2007

Dear Mr. Inman:

This notification is to inform you that the Village of Orland Park has received all necessary contracts, certifications, and insurance documents in order for work to commence on the above stated project.

Please contact Frank Stec at 708-403-6139 to arrange the commencement of the work.

The Village will be processing a Purchase Order for this contract/service and it will be faxed to your company. It is imperative that this number on the Purchase Order be noted on all invoices, correspondence, etc. All invoices should be sent directly to the Accounts Payable Department at 14700 S. Ravinia Ave. Orland Park, IL 60462. Also, your final invoice for this contract/service should state that it is the final invoice pertaining to that Purchase Order.

For your records, I have enclosed one (1) original executed contract dated August 16, 2007 in an amount not to exceed Eighty Thousand and No/100 (\$80,000.00) Dollars. Please return to me one fully executed proposal dated June 26, 2007 for my files. If you have any questions, please call me at 708-403-6173.

Sincerely,

Denise Domalewski
Contract Administrator

RE: The Highlands – 2007 grading and restoration project

Dear Frank:

Thank you for asking the Hitchcock Design Group team to submit this design and engineering proposal to grade and restore the +/- 11-acre Highlands site and the +/- 1 acre outlot. We appreciate the opportunity to continue our work on this monumental project and are thrilled that the Village is advancing this initiative.

The planning process has been successful to date and has yielded an exciting direction for the project. The Village, although embracing the master plan for The Highlands, has agreed to delay the project in order to advance several other major community initiatives. For now, the Village is interested in grading and stabilizing the site in accordance with the long-term design vision.

The goals for this phase of work include:

- Improve the aesthetics of the park.
- Control site erosion and siltation of Lake Sedgewick and the onsite retention pond.
- Finally determine if any fill needs to be exported.
- Establish site contours that anticipate future construction phases including:
 - o minimizing topsoil depth under future pavement
 - o locating compactable cohesive materials in areas of future buildings
 - o specifying compaction and testing methods
 - o other tactics to ensure cost effectiveness of future phases of work

To do this successfully, we need to move through the following steps:

- Commission a professional land surveyor to update the topographic survey (Atwell Hicks).
- Advance the master plan to the Schematic Design level to refine site geometry. This will be necessary to build final consensus on the layout and to give structure to the grading plan.
- Design and engineer a detailed grading plan based on the refined geometry including, storm sewer infrastructure, drainage routes and a balanced earth motion.
- Design a detailed restoration plan including conventional seeding, erosion control, native landscaping and Best Management Practices.
- Update the overall cost opinion for the entire project to reflect anticipated construction schedule.
- Quantify and prepare the Phase 1 grading and restoration cost opinion.

You would like for us to commence this work over the summer and to bid the work in the fall of 2007. We will confirm the project costs during the design and engineering process, but anticipate the construction value of this work to be between \$1.2 and 1.5 million.

Please see the attached Scope of Services for our step-by-step approach.

Based on the attached Scope of Services, we propose the following fee structure:

Topographic survey: \$17,000

Research and Analysis Phase,
Design Development Phase,
Construction Documentation and Permitting Phase: \$46,000

Bidding and Negotiation Phase,
Construction Phase Services: \$14,000

Reimbursable expenses (printing, mileage and courier) will be invoiced in addition to the professional service fees and will be capped at \$3,000. We can begin work at your authorization and anticipate completing documents suitable for bidding within 60 days after receiving the topographic survey.

Thanks, Frank! Please let myself or Joel Baldin know if you require additional information.

Sincerely,
Hitchcock Design Group

Bill Inman
Senior Vice President

ACCEPTANCE

Please indicate your acceptance of this proposal and attached terms and conditions by signing and returning this copy. A countersigned proposal will be returned to you. This proposal may be modified or withdrawn unless written authorization to proceed has been received within 30 days.

Scope of Services

A. Research and Analysis Phase

We will:

1. Participate in a kick-off meeting with you and the other project team members to confirm:
 - a. Project area, goals and objectives, and schedule
 - b. Project team structure
 - c. Constituent interests and jurisdictional agencies
 - d. Budgeted costs and potential revenue sources
 - e. Team responsibilities and communications protocol
 - f. Invoicing and payment procedures
 - g. Contract process (if it changed)
 - h. Other administrative considerations
2. Inventory available existing data for the project area and the immediate surroundings including:
 - a. As-built plans and calculations for the retention pond
 - b. Utility atlas information
 - c. Existing master plan and schematic grading
 - d. Existing estimates of probable construction cost
 - e. Schedules and funding / cash flow model
 - f. Available reports and surveys
3. Prepare written Request for Proposal and obtain pricing for Topographic Surveying services from professional land surveying companies. Present the information to you for approval. Schedule, coordinate and manage the selected firm's service. **(completed)**
4. Contact applicable jurisdictional agencies to discuss the probable requirements. Forward information to the respective agencies as may be required to describe the proposed improvements. Schedule and attend pre-application meetings to further identify the project's permitting requirements. Agencies identified for coordination to date include:
 - a. Village of Orland Park
5. Observe and photograph the project area and immediate surroundings in order to re-confirm apparent physical conditions.
6. Prepare written memo of Research and Analysis phase.

B. Design Development Phase

We will:

1. Utilizing the approved master plan, we will advance the geometric layout of the proposed site amenities in preparation for designing the detailed grading and restoration documents for the park. Deliverables to include:
 - a. Detailed schematic plan view drawing, rendered
 - b. Written executive design summary
 - c. Gazebo and senior area / plaza

2. Prepare the design development level grading and restoration plans including:
 - a. Site preparation plans
 - b. Stormwater Pollution Prevention Plans (required by IEPA)
 - c. Site grading plans (to be stamped by a Licensed Professional Engineer)
 - d. Site restoration plans
 - e. Utility plans (limited to storm water conveyance utilities)
 - f. Erosion and sediment control details
3. Document the design on base maps created from the topographic survey as well as create supplementary drawings as may be appropriate.
4. Prepare a summary of estimated quantities and an opinion of probable construction costs for:
 - a. The entire project, based on the Villages projected schedule
 - b. The phase 1 grading and restoration project
5. Prepare outline specifications for each component or system.
6. Review the drawings, specifications, costs, product data and material samples with you at the 75% complete Design Development milestone. Prepare written summaries of discussions, direction and decisions following the meeting.

C. Construction Documentation and Permitting Phase

Following your approval of the Design Development Phase, we will:

1. Finalize the graphic and written documentation that will be used to bid and construct the improvements including:
 - a. Digital construction drawings
 - b. Written specifications and project manual
 - i. General and Supplementary Conditions (supplemented by Orland Park standards)
 - ii. Technical specifications
2. Review the drawings, specifications, costs, permitting and construction strategy with you at 50% and 100% complete Construction Documentation and Permitting Phase milestones. Prepare written summaries of discussions, direction and decisions following each meeting.
3. Make revisions and advancements to the documents and supporting materials between milestone meetings.
4. Submit copies of the documents and application information to the Village of Orland Park engineering department and other applicable departments.
5. Make revisions as may be required to facilitate jurisdictional approvals and permit(s).

D. Bidding and Negotiation Phase

Following your approval of the Permitting and construction Documentation Phase, we will:

1. Print and deliver 10-copies of the final construction documents to the Village of Orland Park Clerk's office for distribution.
2. Fax invitations to bid to reputable contractors.
3. Help you advertise the bid letting by preparing a written advertisement (legal notice) for you to place in a local newspaper

4. Answer questions and issue written addenda, when appropriate, to all bidders regarding changes to or clarifications of the contract documents.
5. Review the bids, tabulate the results and issue a recommendation to you regarding the contract award.
6. Prepare written recommendation and forward to you for review and consideration.

E. Construction Phase Services

Following the award of the construction contract to a single General Contractor, we will provide these Construction Services until Final Acceptance of the work, or until 60 days after Substantial Completion of the work, whichever occurs first:

1. Construction Administration
 - a. Help you prepare an Owner/Contractor Agreement.
 - b. Conduct a pre-construction meeting with you and the Owner, consultant team, and the Contractor to review:
 - i. Contractor mobilization and staging
 - ii. Contractor schedules and submittals
 - iii. Responsibilities, communication protocol and payment procedures
 - c. Issue interpretations or clarifications of the Contract documents when requested by you or the Contractor.
 - d. Review shop drawings, product data and material samples which the Contractor is required to submit to determine their general conformance with the design intent and information contained in the Contract Documents.
 - e. Prepare written recommendations for construction change orders, as requested by:
 - i. Owner for a change that you wish to make to the scope of the Contractor's work
 - ii. The Contractor because of the discovery of job site conditions that were concealed or unknown when the Owner/Contractor Agreement was executed.
 - f. Prepare written recommendations regarding the Contractor's periodic application for payment.
2. Construction Observation
 - a. Assuming a 3 month construction period, participate in site meetings every 2 weeks (6 total meetings budgeted) with you and the Contractor, to become familiar with the progress and quality of the Contractor's work, to determine if the work is proceeding in general conformance with the contract documents, and to review the Contractor's schedule, shop drawings, submittals and requests.
 - b. Review required testing procedures and data provided by independent testing services, as applicable.
3. Contract Close-out
 - a. Participate in one (1) site visit to conduct a walk through and prepare a punch list upon substantial completion of the construction documents prepared by HDG.
 - b. Review required contract close out submittals provided by the Contractor, such as but not limited to:
 - i. Contractor provided as-built record drawings
 - ii. Contractor provided labor and material lien waivers
 - iii. Review contractor provided final payment application
 - g. Participate in one (1) site visit to conduct a final walk through to verify completion of the punch list items and establish final acceptance.
 - h. Prepare recommendations regarding the Contractor's request for final acceptance of completed work.

EQUAL EMPLOYMENT OPPORTUNITY

Section I. This EQUAL EMPLOYMENT OPPORTUNITY CLAUSE is required by the Illinois Human Rights Act and the Rules and Regulations of the Illinois Department of Human Rights published at 44 Illinois Administrative Code Section 750, et seq.

Section II. In the event of the Contractor's noncompliance with any provision of this Equal Employment Opportunity Clause, the Illinois Human Right Act, or the Rules and Regulations for Public Contracts of the Department of Human Rights (hereinafter referred to as the Department) the Contractor may be declared non-responsible and therefore ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and this agreement may be canceled or avoided in whole or in part, and such other sanctions or penalties may be imposed or remedies involved as provided by statute or regulation.

During the performance of this Agreement, the Contractor agrees:

A. That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin or ancestry; and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization.

B. That, if it hires additional employees in order to perform this Agreement, or any portion hereof, it will determine the availability (in accordance with the Department's Rules and Regulations for Public Contracts) of minorities and women in the area(s) from which it may reasonably recruit and it will hire for each job classification for which employees are hired in such a way that minorities and women are not underutilized.

C. That, in all solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, marital status, national origin or ancestry, age, or physical or mental handicap unrelated to ability, or an unfavorable discharge from military service.

D. That it will send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organization or representative of the Vendor's obligations under the Illinois Human Rights Act and Department's Rules and Regulations for Public Contract.

E. That it will submit reports as required by the Department's Rules and

Regulations for Public Contracts, furnish all relevant information as may from time to time be requested by the Department or the contracting agency, and in all respects comply with the Illinois Human Rights Act and Department's Rules and Regulations for Public Contracts.

F. That it will permit access to all relevant books, records, accounts and work sites by personnel of the contracting agency and Department for purposes of investigation to ascertain compliance with the Illinois Human Rights Act and Department's Rules and Regulations for Public Contracts.

G. That it will include verbatim or by reference the provisions of this Equal Employment Opportunity Clause in every subcontract it awards under which any portion of this Agreement obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor. In the same manner as the other provisions of this Agreement, the Vendor will be liable for compliance with applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the Department in the event any subcontractor fails or refuses to comply therewith. In addition, the Vendor will not utilize any subcontractor declared by the Illinois Human Rights Department to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations.

Section III. For the purposes of subsection G of Section II, "subcontract" means any agreement, arrangement or understanding, written or otherwise, between the Vendor and any person under which any portion of the Vendor's obligations under one or more public contracts is performed, undertaken or assumed; the term "subcontract", however, shall not include any agreement, arrangement or understanding in which the parties stand in the relationship of an employer and an employee, or between a Vendor or other organization and its customers.

EXTENDED OPTIONS

1. Employers' Liability Insurance

Item 3.B. of the Information Page is replaced by the following:

B. Employers' Liability Insurance:

1. Part Two of the policy applies to work in each state listed in Item 3.A.

The Limits of Liability under Part Two are the higher of:

Bodily Injury by Accident	<u>\$500,000</u>	<u>Each Accident</u>
Bodily Injury by Disease	<u>\$500,000</u>	<u>Policy Limit</u>
Bodily Injury by Disease	<u>\$500,000</u>	<u>Each Employee</u>

OR

2. The amount shown in the Information Page.

This provision 1 of **EXTENDED OPTIONS** does not apply in New York because the Limits Of Our Liability are unlimited.

In this provision the limits are changed from \$500,000 to \$1,000,000 in California.

2. Unintentional Failure to Disclose Hazards

If you unintentionally should fail to disclose all existing hazards at the inception date of your policy, we shall not deny coverage under this policy because of such failure.

3. Waiver of Our Right To Recover From Others

- A. We have the right to recover our payments from anyone liable for an injury covered by this policy. We will not enforce our right against any person or organization for whom you perform work under a written contract that requires you to obtain this agreement from us.

This agreement shall not operate directly or indirectly to benefit anyone not named in the agreement.

- B. This provision 3. does not apply in the states of Pennsylvania and Utah.

4. Foreign Voluntary Compensation and Employers' Liability Reimbursement

A. How This Reimbursement Applies

This reimbursement provision applies to bodily injury by accident or bodily injury by disease. Bodily injury includes resulting death.

1. The bodily injury must be sustained by an officer or employee.
2. The bodily injury must occur in the course of employment necessary or incidental to work in a country not listed in Exclusion C.1. of this provision.
3. Bodily injury by accident must occur during the policy period.
4. Bodily injury by disease must be caused or aggravated by the conditions of your employment. The officer or employee's last exposure to those conditions of your employment must occur during the policy period.

B. We Will Reimburse

We will reimburse you for all amounts paid by you whether such amounts are:

1. voluntary payments for the benefits that would be required of you if you and your officers or employees were subject to any workers' compensation law of the state of hire of the individual employee.
2. sums to which Part Two (Employers' Liability Insurance) would apply if the Country of Employment were shown in Item 3.A. of the Information Page.

C. Exclusions

This insurance does not cover:

1. any occurrences in the United States, Canada, and any country or jurisdiction which is the subject of trade or economic sanctions imposed by the laws or regulations of the United States of America in effect as of the inception date of this policy.
2. any obligation imposed by a workers' compensation or occupational disease law, or similar law.
3. bodily injury intentionally caused or aggravated by you.

BUSINESS LIABILITY COVERAGE FORM

(6) When You Are Added As An Additional Insured To Other Insurance

That is other insurance available to you covering liability for damages arising out of the premises or operations, or products and completed operations, for which you have been added as an additional insured by that insurance; or

(7) When You Add Others As An Additional Insured To This Insurance

That is other insurance available to an additional insured.

However, the following provisions apply to other insurance available to any person or organization who is an additional insured under this Coverage Part:

(a) Primary Insurance When Required By Contract

This insurance is primary if you have agreed in a written contract, written agreement or permit that this insurance be primary. If other insurance is also primary, we will share with all that other insurance by the method described in c. below.

(b) Primary And Non-Contributory To Other Insurance When Required By Contract

If you have agreed in a written contract, written agreement or permit that this insurance is primary and non-contributory with the additional insured's own insurance, this insurance is primary and we will not seek contribution from that other insurance.

Paragraphs (a) and (b) do not apply to other insurance to which the additional insured has been added as an additional insured.

When this insurance is excess, we will have no duty under this Coverage Part to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

- (1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
- (2) The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method Of Sharing

If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach, each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

8. Transfer Of Rights Of Recovery Against Others To Us

a. Transfer Of Rights Of Recovery

If the insured has rights to recover all or part of any payment, including Supplementary Payments, we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them. This condition does not apply to Medical Expenses Coverage.

b. Waiver Of Rights Of Recovery (Waiver Of Subrogation)

If the insured has waived any rights of recovery against any person or organization for all or part of any payment, including Supplementary Payments, we have made under this Coverage Part, we also waive that right, provided the insured waived their rights of recovery against such person or organization in a contract, agreement or permit that was executed prior to the injury or damage.

BUSINESS LIABILITY COVERAGE FORM

This insurance does not apply to structural alterations, new construction and demolition operations performed by or for that person or organization.

9. Additional Insured – Owners, Lessees Or Contractors – Scheduled Person Or Organization

- a. WHO IS AN INSURED under Section C. is amended to include as an additional insured the person(s) or organization(s) shown in the Declarations as an Additional Insured – Owner, Lessees Or Contractors, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:

(1) In the performance of your ongoing operations for the additional insured(s); or

(2) In connection with "your work" performed for that additional insured and included within the "products-completed operations hazard", but only if this Coverage Part provides coverage for "bodily injury" or "property damage" included within the "products-completed operations hazard".

- b. With respect to the insurance afforded to these additional insureds, this insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

- (1) The preparing, approving, or failure to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders, designs or drawings and specifications; or
- (2) Supervisory, inspection, architectural or engineering activities.

10. Additional Insured – Co-Owner Of Insured Premises

WHO IS AN INSURED under Section C. is amended to include as an additional insured the person(s) or Organization(s) shown in the Declarations as an Additional Insured – Co-Owner Of Insured Premises, but only with respect to their liability as co-owner of the premises shown in the Declarations.

The limits of insurance that apply to additional insureds are described in Section D. – Limits Of Insurance.

How this insurance applies when other insurance is available to an additional insured is described in the Other Insurance Condition in Section E. – Liability And Medical Expenses General Conditions.

G. LIABILITY AND MEDICAL EXPENSES DEFINITIONS

1. "Advertisement" means the widespread public dissemination of information or images that has the purpose of inducing the sale of goods, products or services through:

- a. (1) Radio;
(2) Television;
(3) Billboard;

RE: The Highlands – 2007 grading and restoration project

Dear Frank:

Thank you for asking the Hitchcock Design Group team to submit this design and engineering proposal to grade and restore the +/- 11-acre Highlands site and the +/- 1 acre outlot. We appreciate the opportunity to continue our work on this monumental project and are thrilled that the Village is advancing this initiative.

The planning process has been successful to date and has yielded an exciting direction for the project. The Village, although embracing the master plan for The Highlands, has agreed to delay the project in order to advance several other major community initiatives. For now, the Village is interested in grading and stabilizing the site in accordance with the long-term design vision.

The goals for this phase of work include:

- Improve the aesthetics of the park.
- Control site erosion and siltation of Lake Sedgewick and the onsite retention pond.
- Finally determine if any fill needs to be exported.
- Establish site contours that anticipate future construction phases including:
 - o minimizing topsoil depth under future pavement
 - o locating compactable cohesive materials in areas of future buildings
 - o specifying compaction and testing methods
 - o other tactics to ensure cost effectiveness of future phases of work

To do this successfully, we need to move through the following steps:

- Commission a professional land surveyor to update the topographic survey (Atwell Hicks).
- Advance the master plan to the Schematic Design level to refine site geometry. This will be necessary to build final consensus on the layout and to give structure to the grading plan.
- Design and engineer a detailed grading plan based on the refined geometry including, storm sewer infrastructure, drainage routes and a balanced earth motion.
- Design a detailed restoration plan including conventional seeding, erosion control, native landscaping and Best Management Practices.
- Update the overall cost opinion for the entire project to reflect anticipated construction schedule.
- Quantify and prepare the Phase 1 grading and restoration cost opinion.

You would like for us to commence this work over the summer and to bid the work in the fall of 2007. We will confirm the project costs during the design and engineering process, but anticipate the construction value of this work to be between \$1.2 and 1.5 million.

Please see the attached Scope of Services for our step-by-step approach.

Based on the attached Scope of Services, we propose the following fee structure:

Topographic survey: \$17,000

Research and Analysis Phase,
Design Development Phase,
Construction Documentation and Permitting Phase: \$46,000

Bidding and Negotiation Phase,
Construction Phase Services: \$14,000

Reimbursable expenses (printing, mileage and courier) will be invoiced in addition to the professional service fees and will be capped at \$3,000. We can begin work at your authorization and anticipate completing documents suitable for bidding within 60 days after receiving the topographic survey.

Thanks, Frank! Please let myself or Joel Baldin know if you require additional information.

Sincerely,
Hitchcock Design Group

Bill Inman
Senior Vice President
