Additional information added/required as per bid instructions. I have listed the page # on the Request for Proposal to assist with the interpretation of the following information:

OPERATIONS (PAGE 5)

We would also like to visit the idea of opening both facilities from 4pm – 7pm, Monday – Friday to offer additional products to the commuters on the way home from the train. Those products could be items that they may want to enjoy that evening with family and friends, such as cupcakes, assorted pastries, fresh baked cookies and even give the commuters the opportunity to order cakes from Doughs Guys Bakery that they can pick up on the way home and save them an additional trip to the store.

SERVICES TO BE PROVIDED (PAGE 6)

Doughs Guys Bakery will provide the morning commuters that will/should get their day off to a much better start than just “waiting” for the train to arrive to shuttle them to their job....When we hire any of our bakery store help we have but 3 requirements....must be able to smile....must be able to say “Please & Thank you”....and must be willing to assist any of our customers with help to carry anything to their vehicle.....In a day when the art of really appreciating the customer and the support that they are willing to show our business it’s time that somebody (Doughs Guys) says “Thank You” and in the process work hard to have that customer return or even better, tell somebody else how “Doughs Guys” treat their customers. In regards to equipment that we would use it would consist of a Coffee Grinder (oh the smell of fresh ground coffee beans), Coffee Brewer, Counter Top refrigerated case (uses standard electricity, Two Door Refrigerated Glass cooler (like what is being used at 143rd Street) as well as the addition of a single door glass fridge at the 153rd Street location.

EXPERIENCE (PAGE 7)

Doughs Guys Bakery has rolled out our "Dough on the Go" rolling bakery to the area business and more importantly to both the Chicago Ridge Metra Station (Ridgeland Avenue) and the Palos Heights Metra Station (Southwest Highway at 111th Street) since September/2013. We have the experience of servicing the commuters from our "Dough on the Go" food truck and have the knowledge and products that the commuters are looking for on a regular basis. We know that for the most part the commuters are generally in a hurry (running late) and that "seconds" sometimes is all they have to grab that morning cup of coffee or that fresh donut or sweet roll that is required because they didn't have time to make something that morning....We know how to put smiles on the commuters faces and give them maybe a better start to their workdays!!!!

I have enclosed (3) references on an additional sheet which should be easier to read...

OPERATING HISTORY (PAGE 7)

Doughs Guys Bakery has been putting smiles on the faces of our customers since we opened our doors 17 months ago. We have hired only the best bakers, cake decorators and store clerks that would insure that we provide not only the best tasting products but also the best looking products all served by our store clerks who know the meaning of a warm smile for the customer and then actually says "Thank You" for their business. We are big believer's in providing the best service from Doughs Guys Bakery that you can't get from the proverbial "Big Box" retailer. Our customers want to get our fresh donuts, cupcakes, pastries, cakes, etc. from Doughs Guys Bakery rather than from a store that also sells kitty litter, motor oil and washing machines..

I have enclosed (3) references on an additional sheet which should be easier to read...

QUALIFICATIONS (PAGE 7)

Doughs Guys Bakery would make sure that we have the most talented staff available to service the commuters at both of the Metra stops (143rd Street & 153rd Street). All of our store clerks have the experience to work in a very quick and efficient manner. In addition, we are prepared to provide any of our personal with Food /Sanitation Certification as required. Also, as the owners of Doughs Guys Bakery we will be involved on a daily basis at both stations to insure that we meet the needs and expectations of not only the commuters but the Village of Orland Park as well. We realize this is a great opportunity and "Doughs Guys" are willing to invest the time and resources to create that experience for the commuter so that they continue to board the trains in Orland Park.
