Any provisions in the Contractor's Proposal or Bid or other submittals which are in conflict with or inconsistent with any of the same provisions in the Village's RFP, ITB, and/or Purchase Order shall be void to the extent of such conflict or inconsistency and the terms of the Village's RFP, ITB, and/or Purchase Order shall control.

2. Payment:

- A. Compensation: The Village agrees to pay the Contractor as compensation for all Work required by this Agreement as follows:

- (i) It is expressly understood and agreed to by both Parties that in no event shall the total amount to be paid by the Village for the complete and satisfactory performance of services, under this Agreement exceed \$377,000.00. 1301193-01-11-16

This Contract calls for the construction of a “public work”, within the meaning of the Illinois Prevailing Wage Act, 820 ILCS 130/.01, et seq. (“the Act”). The Act requires contractors and subcontractors to pay laborers, workers and mechanics performing services on public works projects no less than the current “prevailing rate of wages” (hourly cash wages plus amount for fringe benefits) in the county where the work is performed. The Illinois Department of Labor (“IDOL”) publishes the prevailing wage rates on its website at <http://labor.illinois.gov/>. The IDOL may revise the prevailing wage rates from time to time and the contractor/subcontractor has an obligation to check the IDOL’s website for revisions to prevailing wage rates and comply with the most current prevailing wage rates. For information regarding current prevailing wage rates, please refer to the IDOL website. All contractors and subcontractors rendering services under this contract must comply with all requirements of the Act, including but not limited to, all wage requirements and notice and record keeping duties, including but not limited to each contractor and subcontractor who participates in public works to file with the Illinois Department of Labor (IDOL) certified payroll for those calendar months during which work on a public works project has occurred. The Act requires certified payroll to be filed with IDOL no later than the 15th day of each calendar month for the immediately preceding month through the Illinois Prevailing Wage Portal—an electronic database IDOL has established for collecting and retaining certified payroll. The Portal may be accessed using this link: <https://www2.illinois.gov/idol/Laws-Rules/CONMED/Pages/Prevailing-Wage-Portal.aspx>. The Village reserves the right to withhold payment due to Contractor until Contractor and its subcontractors display compliance with this provision of the Act. The Contractor shall also pay prevailing wages at rates not less than those prevailing under Davis-Bacon Wage Act Provisions as determined by the U.S. Department of Labor to all laborers, workmen and mechanics performing work under this Contract, if such Act is applicable, and, in such event, the more restrictive (i.e., higher) prevailing wage requirements shall be applicable.

The Contractor shall require all subcontractors (if any) to conform with said laws, and any rules or regulations now and thereafter issued pursuant to said laws by Contractor, his subcontractors, and/or anyone working through or on behalf of Contractor or Contractor’s subcontractors.

ORLAND PARK

ITB #24-024

2024 Asphalt Pavement Patching

PROJECT DETAILS

Scope of Work

The Village of Orland Park, Illinois (the "Village") is requesting unit pricing bids for asphalt pavement patching upon roadways. Work type is generally, but not limited to street pavement patching (the "Project"), as generally described in the Bid Specifications. **This project is essentially a season long maintenance contract which will entail multiple mobilizations throughout the project term limit as work areas are marked and assembled by Public Works staff for the patching of numerous locations spread throughout Orland Park.**

All work shall be performed in accordance with the latest editions of the following: Illinois Department of Transportation "Standard Specifications for Road and Bridge Construction" along with the latest edition of "Supplemental Specifications and Recurring Special Provisions" (collectively the "SSRBC"), the "Illinois Manual on Uniform Traffic Control Devices for Streets and Highways", and the "Standard Specifications for Water and Sewer Main Construction in Illinois." **It is imperative that the successful Bidder employs appropriate traffic control and protection measures for asphalt pavement patching operations at ALL times. Hence the reason why the project includes a specific pay item, Traffic Control And Protection, Special, for this operation.**

Special Conditions:

There will be a large number of grouped and isolated roadway "spot-repair" areas throughout the Village. The Public Works field engineer will provide to the successful Bidder the necessary addressing and/or map(s) of these areas as for proper identification and sizing. The intent of the project is to provide the successful Bidder with a list of a large amount of work to substantiate the Bidder's mobilizations. It is not the intent of the project to request the Bidder to make special accommodations for "one-off" repairs, unless the pavement repair is of an emergency-like location upon a heavily traveled roadway- such as a water main break restoration on a major roadway. The total quantities listed in the bid unit price sheet are an estimated quantity of asphalt tonnage based upon available budget. In other words, the quantity amounts are an estimated value and not guaranteed quantity amounts. Any pavement patches milled will not be allowed to be left open overnight except when weather does not allow for asphalt placement.

LOCATION OF WORK AND SPECIFICATIONS:

The Bid Specifications for this ITB #24-024 are attached as *Exhibit A*.

Exhibit A- Special Provisions offers specific descriptions pertaining to project pay items and Bidder requirements.

It is expressly understood and agreed to by both Parties that in no event shall the total amount to be paid by the Village for the complete and satisfactory performance of services, exceed the proposed amount. Said price shall be the total compensation for Contractor's performance hereunder including, but not limited to, all work, deliverables, materials, supplies, equipment, subcontractor's fees, and all reimbursable travel and miscellaneous or incidental expenses to be incurred by Contractor. In the event the Contractor incurs cost in excess of the sum authorized for service, the Contractor shall pay such excess from its own funds, and the Village shall not be

ORLAND PARK

ITB #24-024

2024 Asphalt Pavement Patching

required to pay any part of such excess, and the Contractor shall have no claim against the Village on account thereof. For the avoidance of doubt, in no event shall Contractor be entitled to receive more than the proposed amount and this amount includes all costs incurred by Contractor in connection with the work and services authorized hereby, including, but not limited to: (i) any known or unknown and/or unexpected condition(s); (ii) any and all unforeseen difficulties; (iii) any unanticipated rises in the cost of labor, materials or equipment, changes in market or negotiating conditions, and errors or omissions made by others; (iv) the character of the work and/or services to be performed; and (v) any overrun in the time or cost necessary for the Contractor to complete the work due to any causes, within or beyond its control. Under no circumstances shall the Village be liable for any additional charges if Contractor's actual costs and reimbursable expenses for such work, service or deliverable exceed the proposed amount. Accordingly, Contractor represents, warrants and covenants to the Village that it will not, nor will Contractor have anyone on its behalf, attempt to collect an amount in excess of the proposed amount agreed to by the Contractor.

ADDITIONAL INSURED WRAP

This Endorsement modifies insurance provided under the following:
COMMERCIAL GENERAL LIABILITY COVERAGE PART

With respect to coverage provided by this Endorsement, the provisions of the Coverage Part apply unless modified by this Endorsement.

A. Additional Insured When Required By Written Agreement

1. Operations Performed For An Additional Insured

WHO IS AN INSURED is amended to include as an additional insured any person or organization for whom you are performing operations when you and such person or organization have agreed in a written agreement prior to a loss, that such person or organization be added as an additional insured on your policy. Such person or organization is an additional insured only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

- a. Your acts or omissions; or
- b. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured.

A person's or organization's status as an additional insured under this provision ends at the earlier of when your operations for that additional insured are completed; or the end of the policy period.

2. Limitations

The Operations Performed For An Additional Insured coverage is limited as follows:

- a. This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:
 - (1) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
 - (2) Supervisory, inspection, architectural or engineering activities.
- b. This insurance does not apply to "bodily injury" or "property damage" occurring after:
 - (1) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
 - (2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.
- c. The Limits of Insurance applicable to the additional insured are those specified in the written agreement or in the Declarations for this policy, whichever is less. These Limits of Insurance are inclusive and not in addition to the Limits of Insurance shown in the Declarations. If other insurance available to you and written by us is applicable to this additional insured, the maximum recovery under all coverage forms or policies combined may equal but not exceed the highest applicable limit under any one coverage form or policy providing coverage on either a primary or excess basis.
- d. This insurance does not apply if the person or organization required to be added as an additional insured is specifically named as an additional insured under any other provision of, or endorsement added to this policy.

B. Additional Insured When Required By Written Agreement – Completed Operations

1. Additional Insured – Completed Operations

WHO IS AN INSURED is amended to include as an additional insured any person or organization, when you and such person or organization have agreed in a written agreement prior to a loss, that such person or organization be added as an additional insured on your policy, but only with respect to "bodily injury" or "property damage" caused, in whole or in part, by "your work" performed for that additional insured and included in the "products-completed operations hazard".

2. Limitations

The Additional Insured - Completed Operations coverage is limited as follows:

- a. This insurance does not apply to "bodily injury" or "property damage" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:
 - (1) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
 - (2) Supervisory, inspection, architectural or engineering activities.
- b. A person or organization's status as an insured under Additional Insured - Completed Operations continues only until the earlier of the end of the policy period; or the period of time required by the written agreement. If no time period is required by the written agreement, a person or organization's status as an additional insured under this endorsement will not apply beyond the lesser of the end of the policy period; or five years from the completion of "your work" on the project which is the subject of the written agreement.
- c. The insurance as provided to the additional insured does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of "your work" for which a consolidated (wrap-up) insurance program has been provided by the prime contractor-project manager or owner of the construction project in which you are involved.
- d. The Limits of Insurance applicable to the additional insured are those specified in the written agreement or in the Declarations for this policy, whichever is less. These Limits of Insurance are inclusive and not in addition to the Limits of Insurance shown in the Declarations. If other insurance available to you and written by us is applicable to this additional insured, the maximum recovery under all coverage forms or policies combined may equal but not exceed the highest applicable limit under any one coverage form or policy providing coverage on either a primary or excess basis.
- e. The coverage provided to the additional insured by this endorsement and by paragraph f. of the definition of "insured contract" under DEFINITIONS do not apply to "bodily injury" or "property damage" arising out of the "products-completed operations hazard" unless required by the written agreement.
- f. This insurance does not apply if the person or organization required to be added as an additional insured is specifically named as an additional insured under any other provision of, or endorsement added to this policy.

C. Primary And Noncontributory

As respects the coverage provided under this endorsement, the Other Insurance Condition is amended as follows:

The paragraph regarding Excess Insurance is deleted and replaced with the following:

Excess Insurance

This insurance is excess over any other insurance available to the additional insured whether primary, excess, contingent or on any other basis unless the written agreement described in A. and B. above specifically requires that this insurance be either primary or primary and noncontributory. Then this insurance is primary and not contributing with any insurance available to the additional insured which covers that person or organization as a named insured.

D. Waiver Of Transfer Of Rights Of Recovery Against Others To Us

As respects the coverage provided under this endorsement, the Transfer Of Rights Of Recovery Against Others To Us Condition is amended by adding the following:

We waive any right to recover all or part of any payment we have made under this Coverage Part arising out of your ongoing operations or "your work" done under a written agreement requiring such waiver with that person or organization. However, our rights may only be waived prior to the "occurrence" for which we make payment under this Coverage Part. The insured must do nothing after a loss to impair our rights. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

E. Amendment – Aggregate Limits Of Insurance (Per Project)

Under LIMITS OF INSURANCE shown on the Declarations, the General Aggregate Limit applies separately to each of your projects away from the premises owned by you or rented to you. This extension does not apply to the "products-completed operations hazard".

F. Additional Condition

The following condition is added:

Additional Insured Duty To Notify

The additional insured described in A. or B. above must give written notice of loss, including a demand for defense and indemnity, to any other insurer having coverage for the loss under its policies. Such notice must demand full coverage available and the additional insured shall not waive or limit such other available coverage.

This additional condition does not apply to the insurance available to the additional insured which covers that person or organization as a named insured.

All other terms and conditions of this policy not in conflict with the terms and conditions of this Endorsement shall continue to apply.

WAIVER OF OUR RIGHT TO RECOVER FROM OTHERS ENDORSEMENT

We have the right to recover our payments from anyone liable for an injury covered by this policy. We will not enforce our right against the person or organization named in the Schedule. (This agreement applies only to the extent that you perform work under a written contract that requires you to obtain this agreement from us.)

This agreement shall not operate directly or indirectly to benefit anyone not named in the Schedule.

2024 Asphalt Pavement Patching - ITB 24-024

History

The 2024 Asphalt Pavement Patching project comprises the required maintenance upkeep for a large amount of asphalt roadway patching at various spot-locations throughout the village.

For 2024, staff has been collecting asphalt patch locations throughout the Village to be

provided for this work. The bid documents provided asphalt patch quantity estimates for the vendors to bid on.

ITB 24-024 for the 2024 Asphalt Pavement Patching project was published on the BidNet Direct website on January 24, 2024. BidNet data indicates one hundred forty-one (141) vendors were matched for this bid and eight (8) vendors downloaded all documents for the bid. On February 20, 2024 at 11:00am, six (6) sealed bids were opened by the Clerk's Office for this project. The attached Bid Tabulation Sheet and Bid Responsiveness Sheet shows details of the bids for reference, and a summary of lump sum bid amounts is below:

D. Construction, Inc. of Coal City, Illinois - \$250,000.00
Advantage Paving Solutions Inc. of Joliet, Illinois - \$257,000.00
McGill Construction LLC of Frankfort, Illinois - \$287,750.00
Lindahl Brothers, Inc. of Bensenville, Illinois - \$301,300.00
M & J Asphalt Paving Company, Inc. of Cicero, Illinois - \$309,950.00
M & J Underground, Inc. of Monee, Illinois - \$326,200.01

D. Construction, Inc. of Coal City, Illinois is identified as the lowest responsible bidder for the 2024 Asphalt Pavement Patching project, with a submitted project cost of \$250,000.00. This cost is below Public Works staff's estimate of \$281,000.00 for the anticipated project work areas. Therefore, it is staff's recommendation that D. Construction, Inc. of Coal City, Illinois be awarded the project for the 2024 Asphalt Pavement Patching project for \$250,000.00. A contingency of \$120,000.00, approximately 48% of the proposal total, is requested to address change orders made by additional work identified by staff for a total project cost of \$370,000.00. Additional work may include pavement patches due to deteriorating road conditions identified or by open cuts made for utility repairs.

This agenda item is being considered by the Committee of the Whole and the Village Board of Trustees on the same night.

ORIGINAL MOTION (AMENDED AT MEETING)

I move to accept the bid from D. Construction, Inc. Coal City, Illinois for ITB 24-024 2024 Asphalt Pavement Patching project in an amount not to exceed \$370,000.00 (\$250,000.00 plus a \$120,000.00 contingency);

AND

Authorize the Village Manager to execute all related contracts, subject to Village Attorney review;

AND

To authorize the Village Manager to approve change orders not to exceed the contingency amount.

Financial Impact

Funds for this project are allocated from Capital account 3008020-571250. The budget of \$6,000,000.00 in this account includes road improvement, striping, patching, and crack sealing. The Road Improvement Program is being awarded below \$5,000,000.00, so the asphalt patching amount of \$370,000.00 comes out of the remaining funds.

Recommended Action/Motion

I move to recommend to the Village Board of Trustees that it finds that D. Construction Inc. of Coal City, Illinois is not the lowest responsible bidder

And

Recommend to the Village Board to accept the bid from Advantage Paving Solutions, Inc. of Joliet, Illinois for the ITB 20-024 2024 Asphalt Pavement Patching project in the amount not to exceed \$377,000 (\$257,000 plus a \$120,000 contingency).

AND

Authorize the Village Manager to execute all related contracts, subject to Village Attorney review;

AND

To authorize the Village Manager to approve change orders not to exceed the contingency amount.
