RE: 94th Avenue and 151st Street Signal and Interconnect
Project Coordination/Submittals/Meeting Time – STP Funding
Job No. ORLD-060697-TR01

Dear Mr. Casey:

During our meeting December 12, 2007, the Village of Orland Park instructed SEC to proceed with the process of obtaining federal funding for the subjected project through the Surface Transportation Program. This requires additional submittals and meeting time that go beyond the scope of our original contract. With your approval, the following is a summary of additional fees and services that will be provided on a time and materials basis:

- Additional meeting time
 - The project coordination requires additional meeting time both with IDOT and the Southwest Conference of Mayors. This includes meeting prep as well as meeting minutes preparation.
 - Additional work: 10 hours, \$1,130.00
- Submittals
 - Plan set submittals to IDOT for reviews, revisions (as required), and two (2) submittals are anticipated to be required. It is estimated that IDOT will require 4 full size plan sets.
 - Additional work: 38 hours, \$3,420.00
- Total Amount for Additional Services: 48 hours, \$4,550.00

Should you concur with the above summary of additional work, please sign this acceptance letter and return to our office. Should you have any questions or need further clarification, please feel free to contact me at (815) 462-9324.

Sincerely,
