Bid Bond

CONTRACTOR:

(Name, legal status and address)
Visu-Sewer of Illinois, LLC
9014 S. Thomas Avenue
Bridgeview, IL 60455

SURETY:

(Name, legal status and principal place of business)
SiriusPoint America Insurance Company
1 World Trade Center
285 Fulton Street, 47th Floor, Suite 47J
New York, NY 10007

OWNER:

(Name, legal status and address)
Village of Orland Park
14700 S. Ravinia Ave
Orland Park, IL 60462

BOND AMOUNT: Ten Percent of the Bid Submitted

PROJECT:

(Name, location or address, and Project number, if any)
2024-2026 Sanitary Sewer Cleaning & Televising Program

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

Any singular reference to Contractor, Surety, Owner or other party shall be considered plural where applicable.

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

**POWER OF ATTORNEY
SIRIUSPOINT AMERICA INSURANCE COMPANY
NEW YORK**

KNOW ALL MEN BY THESE PRESENTS: That SiriusPoint America Insurance Company, a New York corporation, having its principal office in the City of New York, pursuant to the following Resolution, which was adopted by the Board of Directors of the Company, to wit:

RESOLVED, that the President, Senior Vice President, Chief Financial Officer, Secretary or Assistant Secretary is hereby authorized to execute Powers of Attorney appointing as attorneys-in-fact selected employees of certain surety companies who shall have the power for and on behalf of the Company to execute and affix the seal of the Company to surety contracts as co-surety.

Does hereby nominate, constitute and appoint:

Christopher K. Hovden, Angelica M. Lopez

Its true and lawful attorney-in-fact, to make, execute, seal and deliver for and on its behalf, and as its act and deed; any and all bonds, contracts, agreements of indemnity, and other undertakings in suretyship (NOT INCLUDING bonds without a fixed penalty or financial guarantee bonds) and to bind the Company thereby as fully and to the same extent as if same were signed by the duly authorized officers of the Company, provided, however, that the penal sum of any one such instrument executed hereunder shall not exceed the sum of:

\$50,000,000 single bond limit

All acts of said attorneys-in-fact pursuant to the authorities herein given are hereby ratified and confirmed. The executive officers listed above in the Resolution may from time to time and at any time remove any such appointee and revoke the power given to him or her.

The execution of such bonds or undertakings in pursuance of these presents, within one year of the date of issue of these presents, shall be binding upon said Company, as fully and amply, to all intents and purposes, as if they had been duly executed and acknowledged by the regularly elected officers of the Company at its office in New York, New York, in their own proper persons.

IN WITNESS WHEREOF, SiriusPoint America Insurance Company has caused its corporate seal to be hereunto affixed, and these presents to be signed by its Secretary this 17th day of August in the year 2023.

SiriusPoint America Insurance Company

By: 
Melissa J. Ralph
Secretary

State of New Jersey }
County of Monmouth } ss.

On this 17th day of August 2023, before me, a Notary Public of the State of New Jersey in and for the County of Monmouth duly commissioned and qualified, came Melissa J. Ralph, Secretary, of SiriusPoint America Insurance Company, to me personally known to be the individual and officer described in, and who executed the preceding instrument, and acknowledged the execution of the same, and, being by me duly sworn, depose and saith, that she is the officer of the Company aforesaid, and that the seal affixed to the preceding instrument as the corporate seal of said Company, and the said corporate seal and her signature as officer were duly affixed and subscribed to the said instrument by the authority and direction of the said Company, referred to in the preceding instrument, is now in force.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed my official seal.

Notary Public
My Commission expires
March 31, 2028

State of New Jersey
County of Monmouth

I, Melissa J. Ralph, Secretary, of SiriusPoint America Insurance Company, a New York corporation, do hereby certify that the above and foregoing is a full, true correct copy of Power of Attorney, is still in force and effect and has not been revoked.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said Company this 22nd day of April, 2024

Melissa J. Ralph
Secretary

 ORLAND PARK
CERTIFICATE OF COMPLIANCE

Proposals shall complete this Certificate of Compliance. Failure to comply with all submission requirements may result in a determination that the Proposals is not responsible.

The undersigned Todd R. Bonk,
(Enter Name of Person Making Certification)

as Division Manager
(Enter Title of Person Making Certification)

and on behalf of Visu-Sewer of Illinois, LLC,
(Enter Name of Business Organization)

certifies that Proposers is:

1) **A BUSINESS ORGANIZATION:** Yes [☒] No []

Federal Employer I.D. #: 02-0694906
(or Social Security # if a sole proprietor or individual)

The form of business organization of the Proposer is (check one):

☐ Sole Proprietor
☐ Independent Contractor (Individual)
☐ Partnership
☒ LLC
☐ Corporation _____
(State of Incorporation) (Date of Incorporation)

2) **STATUS OF OWNERSHIP**

Illinois Public Act 102-0265, approved August 2021, requires the Village of Orland Park to collect "Status of Ownership" information. This information is collected for reporting purposes only. Please check the following that applies to the ownership of your business and include any certifications for the categories checked with the proposal. Business ownership categories are as defined in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act, 30 ILCS 575/0.01 *et seq.*

Minority-Owned []	Small Business [] (SBA standards)
Women-Owned []	Prefer not to disclose []
Veteran-Owned []	Not Applicable [☒]
Disabled-Owned []	

How are you certifying? Certificates Attached [] Self-Certifying []

STATUS OF OWNERSHIP FOR SUBCONTRACTORS

This information is collected for reporting purposes only. Please check the following that applies to the ownership of subcontractors.

Minority-Owned []	Small Business [] (<u>SBA standards</u>)
Women-Owned []	Prefer not to disclose []
Veteran-Owned []	Not Applicable [✓]
Disabled-Owned []	

3) AUTHORIZED TO DO BUSINESS IN ILLINOIS: Yes [✓] No []

The Proposer is authorized to do business in the State of Illinois.

4) ELIGIBLE TO ENTER INTO PUBLIC CONTRACTS: Yes [✓] No []

The Proposer is eligible to enter into public contracts, and is not barred from contracting with any unit of state or local government as a result of a violation of either Section 33E-3, or 33E-4 of the Illinois Criminal Code, or of any similar offense of "bid-rigging" or "bid-rotating" of any state or of the United States.

5) SEXUAL HARASSMENT POLICY COMPLIANT: Yes [✓] No []

Please be advised that Public Act 87-1257, effective July 1, 1993, 775 ILCS 5/2-105 (A) has been amended to provide that every party to a public contract must have a written sexual harassment policy in place in full compliance with 775 ILCS 5/2-105 (A) (4) and includes, at a minimum, the following information:

(I) the illegality of sexual harassment; (II) the definition of sexual harassment under State law; (III) a description of sexual harassment, utilizing examples; (IV) the vendor's internal complaint process including penalties; (V) the legal recourse, investigative and complaint process available through the Department of Human Rights (the "Department") and the Human Rights Commission (the "Commission"); (VI) directions on how to contact the Department and Commission; and (VII) protection against retaliation as provided by Section 6-101 of the Act. (Illinois Human Rights Act). (emphasis added). Pursuant to 775 ILCS 5/1-103 (M) (2002), a "public contract" includes "...every contract to which the State, any of its political subdivisions or any municipal corporation is a party."

6) EQUAL EMPLOYMENT OPPORTUNITY COMPLIANT: Yes [✓] No []

During the performance of this Project, Proposer agrees to comply with the "Illinois Human Rights Act", 775 ILCS Title 5 and the Rules and Regulations of the Illinois Department of Human Rights published at 44 Illinois Administrative Code Section 750, et seq.

The Proposer shall:

(I) not discriminate against any employee or applicant for employment because of race, color,

religion, sex, marital status, national origin or ancestry, age, or physical or mental handicap unrelated to ability, or an unfavorable discharge from military service; (II) examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization; (III) ensure all solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, marital status, national origin or ancestry, age, or physical or mental handicap unrelated to ability, or an unfavorable discharge from military service; (IV) send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organization or representative of the Vendor's obligations under the Illinois Human Rights Act and Department's Rules and Regulations for Public Contract; (V) submit reports as required by the Department's Rules and Regulations for Public Contracts, furnish all relevant information as may from time to time be requested by the Department or the contracting agency, and in all respects comply with the Illinois Human Rights Act and Department's Rules and Regulations for Public Contracts; (VI) permit access to all relevant books, records, accounts and work sites by personnel of the contracting agency and Department for purposes of investigation to ascertain compliance with the Illinois Human Rights Act and Department's Rules and Regulations for Public Contracts; and (VII) include verbatim or by reference the provisions of this Equal Employment Opportunity Clause in every subcontract it awards under which any portion of this Agreement obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor.

In the same manner as the other provisions of this Agreement, the Proposer will be liable for compliance with applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the Department in the event any subcontractor fails or refuses to comply therewith. In addition, the Proposer will not utilize any subcontractor declared by the Illinois Human Rights Department to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations.

"Subcontract" means any agreement, arrangement or understanding, written or otherwise, between the Proposer and any person under which any portion of the Proposer's obligations under one or more public contracts is performed, undertaken or assumed; the term "subcontract", however, shall not include any agreement, arrangement or understanding in which the parties stand in the relationship of an employer and an employee, or between a Proposer or other organization and its customers.

In the event of the Proposer's noncompliance with any provision of this Equal Employment Opportunity Clause, the Illinois Human Right Act, or the Rules and Regulations for Public Contracts of the Department of Human Rights the Proposer may be declared non-responsible and therefore ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and this agreement may be canceled or avoided in whole or in part, and such other sanctions or penalties may be imposed or remedies involved as provided by statute or regulation.

7) PREVAILING WAGE COMPLIANCE: Yes [☒] No [☐]

In the manner and to the extent required by law, this RFP is subject to the Illinois Prevailing Wage Act and to all laws governing the payment of wages to laborers, workers and mechanics of a Proposer or any subcontractor of a Proposer bound to this agreement who is performing services covered by this contract. If awarded the Contract, per 820 ILCS 130 et seq. as

amended, Proposer shall pay not less than the prevailing hourly rate of wages, the generally prevailing rate of hourly wages for legal holiday and overtime work, and the prevailing hourly rate for welfare and other benefits as determined by the Illinois Department of Labor or the Village and as set forth in the schedule of prevailing wages for this contract to all laborers, workers and mechanics performing work under this contract (available at <https://www2.illinois.gov/idol/Laws-Rules/CONMED/Pages/Rates.aspx>).

The undersigned Proposer further stipulates and certifies that it has maintained a satisfactory record of Prevailing Wage Act compliance with no significant Prevailing Wage Act violations for the past three (3) years.

Certified Payroll. The Illinois Prevailing Wage Act requires any contractor and each subcontractor who participates in public works to file with the Illinois Department of Labor (IDOL) certified payroll for those calendar months during which work on a public works project has occurred. The Act requires certified payroll to be filed with IDOL no later than the 15th day of each calendar month for the immediately preceding month through the Illinois Prevailing Wage Portal—an electronic database IDOL has established for collecting and retaining certified payroll. The Portal may be accessed using this link: <https://www2.illinois.gov/idol/Laws-Rules/CONMED/Pages/certifiedtranscriptofpayroll.aspx>. The Village reserves the right to withhold payment due to Contractor until Contractor and its subcontractors display compliance with this provision of the Act.

8) PARTICIPATION IN APPRENTICESHIP AND TRAINING PROGRAM: Yes [☒] No [☐]

Proposer participates in apprenticeship and training programs applicable to the work to be performed on the project, which are approved by and registered with the United States Department of Labor's Office of Apprenticeship.

Name of A&T Program: Chicagoland Laborers' J.A.T.C.

Brief Description of Program: The program provides specific training and education
for laborers that meets the needs of a contractor or union membership.

9) TAX COMPLIANT: Yes [☒] No [☐]

Proposer is current in the payment of any tax administered by the Illinois Department of Revenue, or if it is not: (a) it is contesting its liability for the tax or the amount of tax in accordance with procedures established by the appropriate Revenue Act; or (b) it has entered into an agreement with the Department of Revenue for payment of all taxes due and is currently in compliance with that agreement.

AUTHORIZATION & SIGNATURE:

I certify that I am authorized to execute this Certificate of Compliance on behalf of the Proposer set forth on the Proposer Summary Sheet, that I have personal knowledge of all the information set forth herein and that all statements, representations, that the proposal is genuine and not collusive, and information provided in or with this Certificate are true and accurate.

The undersigned, having become familiar with the Project specified in this RFP, proposes to provide and furnish all of the labor, materials, necessary tools, expendable equipment and all utility and transportation services necessary to perform and complete in a workmanlike manner all of the work required for the Project.

Statement of Qualifications **Sanitary Sewer CCTV Inspection**

Visu-Sewer, Inc.
9014 S. Thomas Ave.
Bridgeview, IL 60455
800-876-8478

Company History:

Visu-Sewer, Inc. is a second-generation family-owned company headquartered in Pewaukee, Wisconsin. Founded in 1975 by Ernest Alexander, Visu-Sewer was started with a core group of employees dedicated to providing the highest quality sewer inspection, cleaning, and maintenance services in the industry.

During the first few years, the company focused primarily on sewer cleaning and CCTV inspection work. These were the formative years for techniques such as hydro jet flushing and CCTV Inspection. In the 1980s, Visu-Sewer's scope of work spread to rehabilitation services such as chemical grouting, slip lining, manhole lining, and fold/formed lining. Our Minneapolis/St. Paul office was opened in 1988 and during this time we also opened satellite offices to handle large scale projects in Dayton, Ohio and Houston, Texas.

Other significant milestones in our company include founding member of The National Association of Sewer Service Companies (NASSCO), the introduction of National Liner CIPP in 1994, the promotion of Keith Alexander to President in 2001, the acquisition of Internal Pipe Inspection (Chicago, IL) in 2002, the acquisition of Walden Technologies (East St. Louis, MO) in 2012, the acquisition of D&S Construction (Ashland, VA) in 2018, and the acquisition of Dreier & Maller, Inc. (Columbus, OH) in 2020.

NASSCO has continued to play a key role in the development of the sewer inspection and maintenance industry in the US. **Visu-Sewer is honored to be the only company with three past Presidents of this**

Visu-Sewer was instrumental in the refinement of these techniques and was a founding member of the National Association of Sewer Service Companies (NASSCO).

fine organization: Ernest Alexander (1985), Keith Alexander (2004), and John Nelson, Jr. (2012). We are currently represented on the NASSCO Board of Director by Randy Belanger, Vice President, Sales. Today, Visu-Sewer is

widely recognized as one of the oldest and largest sewer inspection, maintenance, and rehabilitation companies in the United States. **Our list of services now includes Sewer Cleaning, sewer and lateral CCTV Inspection, Sanitary Sewer Evaluation Surveys, Pipe & Manhole Grouting, Cured-in-place-pipe Lining (CIPP), and Manhole Lining and Epoxy Coatings.**

We currently have over 120 field employees supported by twenty-five managers working at our six offices – Pewaukee, Wisconsin; Blaine, Minnesota; Chicago, Illinois; Mason City, Iowa; Ashland, VA and E. St. Louis, Illinois. From these offices, we provide services to municipal customers in Minnesota, Ohio, Michigan, Indiana, Illinois, Missouri, Iowa, Kansas, South Dakota, North Dakota, Wisconsin, Virginia, Maryland, and North Carolina. Additional information regarding our company can be found at www.visu-sewer.com

Project Field Personnel:

All our inspection field crews are staffed with a working crew leader. These individuals are highly trained and average over 12 years of actual field experience. We currently have over 80 field employees, with an average industry experience of 6 years. Each of our field staff members undergo field safety, confined space entry, general traffic control, sewer cleaning & jet truck training. This training consists of classroom and field training in each of the following areas:

- Confined Space Entry & First Aid
- Proper hydrant operation and filler hose connections
- Hydrant Valve / Backflow Prevention Devices
- Manhole Lid Removal Techniques
- Proper use of traffic control devices
- Jet Heads - types and techniques
- Root Cutters – installation, blade design, maintenance, retrieval rates

In addition to these standard training programs our cleaning crew leaders are fully trained in proper pipe jet cleaning techniques and nozzle selection. On a typical day, Visu-Sewer crews clean, inspect and repair over 20,000 feet of sanitary & storm sewer. Thus, throughout the course of a year, we regularly encounter situations which require quick critical field analysis and resolution. We recognize that good communication with clients, staff members and residents is the key to successful problem solving. As such, if any abnormal conditions are encountered, our operators are trained to document (via written reports and photos) and notify appropriate personnel (via cellular phone).

To keep up with the demands of changing technologies in our industry, Visu-Sewer has a full time IT Manager on staff. This allows us to provide in-house immediate support to our field personnel. Every one of our inspection trucks contains a fully functional desktop computer which captures video via digital media formats. Unfortunately, as with most computers, breakdowns and technical issues are bound to occur. Our IT Manager is familiar with each piece of equipment and can quickly diagnose and resolve most technical issues over the phone or via wireless connections to each truck.

Project Understanding:

Proper maintenance, cleaning, and scheduled inspections of a sanitary or storm sewer system is a critical part of every owner's asset management program. Specialized equipment and methods are required to complete these tasks and Visu-Sewer is well versed at the intricacies of this type of work.

In particular, large diameter storm sewer cleaning and inspection projects can be a daunting task. In most cases, flow volumes, debris levels, depth, and access are the primary concerns, and this project is no different. Specialized equipment and data collection methods will need to be used on this project. Visu-Sewer is well versed in the challenges of these types of projects. We have the experience, equipment, and personnel to complete any pipe cleaning and inspection project.

In the past 40 years, Visu-Sewer has successfully completed over 9,000 sewer system inspection/maintenance projects. This experience coupled with a management staff that averages over 25 years of sewer "know-how" per person, allows us to provide a level of professionalism rarely found in the

industry.

Inspection & Cleaning Equipment:

We currently have a vast array of inspection and cleaning equipment including - 14 CCTV inspection units, 3 Lateral Evaluation Televising System (LETS) units, four (4) mini-cameras, twenty-one (21) sewer jet cleaning trucks, six (6) Vactors, and over three (3) dozen support vehicles.

Each of our TV inspection units are outfitted with computers and are capable of capturing video in 4 different digital formats (DVD, MPEG1, MPEG2 & MPEG4). The video and data can be delivered via DVD or portable hard drive.

A mainline zoom camera with pan & tilt will be utilized on the TV inspection work. This unit is mounted on a remote crawler system or pontoon and will be used on mainline pipe sections. This camera system can be used in 6"-120" pipe.

Inspection Software:

PipeTech is the software utilized on all our inspection computers. This is the most widely used TV inspection capture software in the industry. All pipe sections are logged into the PipeTech database during inspection.

A basic version of the PipeTech viewing software is included with all our large-scale televising projects. This software allows the end user to instantly search for specific defects and/or video clips thus greatly reducing the post inspection data review process. In addition, the database can be exported for uploading to any in-house data management system.

Specific information related to this software can be found at www.pipetech.tv

Cleaning and Inspection Procedures:

All jet and Vactor operators are trained according to the National Association of Sewer Service Contractors (NASSCO) Jetter Code of Practices. The purpose of this program is to provide standardization and consistency in the way of jet cleaning techniques and equipment selection. This program provides jet and vacuum truck operators with a defined understanding of which nozzles, pressures, and methodologies should be used based on the length and diameter of pipe and debris levels.

In 2001, the National Association of Sewer Service Contractors (NASSCO) implemented a Pipeline Assessment & Certification Program (PACP). The purpose of this program was to provide standardization and consistency in the way we evaluate sewer pipe condition and in how we manage TV inspection results. This program provides system owners and engineers the ability to benchmark the sewer pipe condition and evaluate pipe conditions from one time frame to another (or even from one collection system to another).

The PACP program provides the following tools:

Standard TV Inspection Codes – The coding system was derived from the WRC Manual of Sewer Condition & Classification. These codes provide the basis for the entire program and include all major structural, O&M and construction related items. The data codes also provide a source for development of preventative maintenance work activities.

Standard Data Formats – A data dictionary defines fields, formatting, and valid entries. This neutral data interchange format allows data from different applications to be exchanged and appended without the use of proprietary conversion scripts.

Training & Certification of Users - A crucial part of any assessment program is the thorough indoctrination of users to the codes and the assurance the codes are implemented correctly.

Condition Ratings – Algorithms and weighting factors are used to convert the descriptive data developed from the codes into general categories of pipe condition. This provides the system owner's and engineers the ability to quickly focus on the sewer segments that need further evaluation and consideration for rehabilitation or replacement.

The Pipeline Assessment & Certification Program has greatly enhanced sewer asset management and the quality of TV inspection data throughout the United States. Accordingly, Visu-Sewer only utilizes Certified Inspectors in complete accordance with PACP guidelines. In fact, we are one of a few companies in the US with a full time PACP Certified Trainer on staff.

All our employees are trained in proven inspection techniques and are certified in both First Aid and Confined Space Entry. Our crew leaders are Certified Inspectors via the National Association of Sewer Services Companies – Pipeline Assessment Certification Program (PACP). We also have a full-time trainer on staff that develops in-house training programs and monitors project quality.

Additional information related to the PACP program can be found at www.nassco.org

Management and Quality Assurance/Quality Control (QA/QC):

To provide the highest level of quality available, a Superintendent will be assigned to manage this project from our Pewaukee, WI office. Below is a flow chart for our proposed operations protocol:

Vice President – John Nelson Jr.

Mr. Nelson has over 28 years of experience in sewer cleaning, inspection, maintenance, and rehabilitation. He is responsible for providing direction for the day-to-day operations of Visu-Sewer as well as implementing plans and policies to achieve overall corporate objectives.

On this project, John will provide weekly logistical support for the Project Manager. He will complete all invoices; provide final QA/QC on the report.

Safety & Director – Bruce King

Bruce has over 8 years of experience in the industry and has been with Visu Sewer, Inc. for over 4 years. Bruce will develop the project safety plan, conduct safety training sessions, evaluate traffic control concerns and plans, and provide monthly safety visits. Bruce is both CHST and OSHA 500 certified.

Shawn Nico– Division Manager/Project Manager

Shawn has 22 years' experience in the industry. He will provide on-site support to the field crews, equipment support and assist with local community relations as needed.

Fleet Manager – Tom Stoffel

Mr. Stoffel has over 15 years' experience in fleet maintenance, repair, and management. He is responsible for the daily operations of a fleet of over 100 trucks. His team includes three fulltime ASE Certified mechanics, an equipment expeditor/buyer and support staff. Mr. Stoffel started with Visu-Sewer in 1997. On this project, Tom will provide equipment support for the Operators. He will resolve mechanical issues, schedule major repairs, and swap out equipment to/from the fleet as needed.

Safety:

All our employees are trained in proven inspection techniques and are certified in both First Aid and Confined Space Entry. We also have a full-time trainer on staff that develops in-house training programs and monitors project quality.

State and federal law, as well as company policy, makes the safety and health of our employees the first consideration in operating our business. Safety and health in our business is part of every operation, and every employee's responsibility at all levels. It is the intent of Visu-Sewer, Inc. to comply with all laws concerning the operation of the business and the health and safety of our employees and the public. To do this, we must constantly be aware of conditions in all work areas that can produce or lead to injuries. No employee is required to work at a job known to be unsafe or dangerous to their health.

The personal safety and health of each employee is of primary importance. Visu-Sewer considers safety management to be top priority in the company's employment responsibility. To reduce the possibility of accidents, every effort is made to keep our work areas safe and free from hazards.

Prevention of occupationally induced injuries and illnesses is of such consequence that it will be given precedence over operating productivity. To the greatest degree possible, management provides all mechanical and physical protection required for personal safety and health, but our employees bear primary responsibility for working safely. A little common sense and caution can prevent most accidents from occurring.

We maintain a safety and health program conforming to the best practices of our field. To be successful, our program embodies proper attitudes towards injury and illness prevention on the part of all employees. It requires the cooperation in all safety and health matters, not only of the employer and employee, but between the employee and all co-workers. Safety is no accident; think safety and the job will be safer.

Visu-Sewer's goal is to provide a workplace that will reduce the number of injuries and illnesses to an absolute minimum, not merely in keeping with, but surpassing the best experience of similar operations by others. Our goal is zero accidents and injuries.
