RE: PLAN C for Clerk's Centralized Files / High-Density Mobile Shelving System (BSC Project# 4756)

Dear Mr. La Margo:

Incorporating the ideas and suggestions from our meeting, we are pleased to present the following proposal for your review. Our second proposal is based on proposing a third option for the Clerk's Centralized File Area labeled Plan C. As stated in our previous proposal, **the majority of materials can be purchased through the Illinois State Contract our factory has negotiated with the state in order to guarantee the best possible price.** Our pricing is based on our enclosed drawing.

In Plan C, we are proposing a Mechanical Assist high-density mobile system that is designed to accommodate two future carriages. The proposed system has one stationary platform, two double-entry carriages, one single-entry carriage and rail, floor and decking that will run the full length of the room so future carriages can be easily added as future capacity needs dictate. All Plan C mobile carriages will have dual flange guidance and will run on bar stock anti-tip rail. This type of rail is required for systems with fifteen-inch deep carriages.

We have made the Plan C mobile system fully lockable by closing off the 15" deep carriage with steel back panels and utilizing a hub lock on this carriage to secure the entire system. The stationary shelving range that stores binders will have two Rollok® Rolling Doors so this range can be secured independently from the mobile system. Rollok® Rolling Doors secure media by a single push button locking system. Each door will fully enclose two shelving sections.

As stated in our previous proposal, we have designed the majority of the system to accommodate either legal files or box storage. One shelving range within the system is designed to accommodate binders of minutes and ordinances. Across from the mobile system, we have also incorporated one stationary shelving section into the room layout. This section is designed to accommodate rolled plans. Please see following descriptions and plan for more details.

Thank you for the opportunity to submit this proposal. We look forward to working with you on your filing and storage needs and providing you with the highest quality equipment and service in the industry. If you have any questions, I can most easily be reached at 630-369-9999.

Sincerely,

Bill Wilkening
Bradford Systems Corporation

PLAN C—MECHANICAL ASSIST MOBILE SYSTEM & SHELVONG DESCRIPTIONS**SPACESAVER MOBILE SYSTEM COMPONENTS:**

- ◆ Carriage movement is initiated by mechanical assist operation. Users open system aisles by rotating ergonomic three-spoked drive handles to provide an efficient method of moving mobile system carriages.
- ◆ Carriages have an integrated chain tensioner that can be easily adjusted without disassembly of system.
- ◆ Carriages have synchronized drive in order to transmit power to both sides of the carriage for positive tracking even with unbalanced loads.
- ◆ Carriages have a standard gear ratio of 1 to 8,000 (1 lb. of effort moves 8,000 lbs.).
- ◆ The Elevation B stationary shelving range within the mobile system sits on a stationary platform.
- ◆ The Elevation C stationary shelving section across from the system sits directly on the floor.
- ◆ The carriages and platform provide a 3/4" shelf mounting recess for positive shelving alignment and attachment.
- ◆ In-rail and overhead anti-tips on the 15-inch deep lockable carriage.
- ◆ Hub lock on the 15" deep carriage to secure system.
- ◆ Dual flange guidance system with bar stock anti-tip rail.
- ◆ Fully grouted rails evenly distribute weight.
- ◆ Low profile 3/4" underlayment decking and ramp on both sides of the system to prevent tripping hazard.
- ◆ Low pressure laminate face panels, manufacturer's standard finishes (Panolam, Group 1 or 2).
- ◆ Overall mobile system height for the Elevation A ranges is approximately 95-5/16" high.
- ◆ Overall mobile system height for the Elevation B range with Rollok® doors is approx. 102-15/16" high.
- ◆ Overall height of the fixed shelving section across from the mobile system is 88-1/4" high.

SYSTEM SAFETY FEATURES:

- ◆ One safety lock control per carriage that can be used to prevent unwanted movement by activating the pin and locking the carriage in place. Locks have a bright visual indicator to easily show lock status.

SPACESAVER SHELVING/ELEVATION COMPONENTS:

- ◆ The shelving ranges are comprised of four-post shelving with closed end and closed intermediate uprights.
- ◆ All shelving sections have 88-1/4" high uprights.

EQUAL EMPLOYMENT OPPORTUNITY

Section I. This EQUAL EMPLOYMENT OPPORTUNITY CLAUSE is required by the Illinois Human Rights Act and the Rules and Regulations of the Illinois Department of Human Rights published at 44 Illinois Administrative Code Section 750, et seq.

Section II. In the event of the Contractor's noncompliance with any provision of this Equal Employment Opportunity Clause, the Illinois Human Right Act, or the Rules and Regulations for Public Contracts of the Department of Human Rights (hereinafter referred to as the Department) the Contractor may be declared non-responsible and therefore ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and this agreement may be canceled or avoided in whole or in part, and such other sanctions or penalties may be imposed or remedies involved as provided by statute or regulation.

During the performance of this Agreement, the Contractor agrees:

A. That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin or ancestry; and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization.

B. That, if it hires additional employees in order to perform this Agreement, or any portion hereof, it will determine the availability (in accordance with the Department's Rules and Regulations for Public Contracts) of minorities and women in the area(s) from which it may reasonably recruit and it will hire for each job classification for which employees are hired in such a way that minorities and women are not underutilized.

C. That, in all solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, marital status, national origin or ancestry, age, or physical or mental handicap unrelated to ability, or an unfavorable discharge from military service.

D. That it will send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organization or representative of the Vendor's obligations under the Illinois Human Rights Act and Department's Rules and Regulations for Public Contract.

E. That it will submit reports as required by the Department's Rules and Regulations for Public Contracts, furnish all relevant information as may from time to time be requested by the Department or the contracting agency, and in all respects comply with the Illinois Human Rights Act and Department's Rules and Regulations for Public Contracts.

F. That it will permit access to all relevant books, records, accounts and work sites by personnel of the contracting agency and Department for purposes of investigation to

ascertain compliance with the Illinois Human Rights Act and Department's Rules and Regulations for Public Contracts.

G. That it will include verbatim or by reference the provisions of this Equal Employment Opportunity Clause in every subcontract it awards under which any portion of this Agreement obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor. In the same manner as the other provisions of this Agreement, the Vendor will be liable for compliance with applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the Department in the event any subcontractor fails or refuses to comply therewith. In addition, the Vendor will not utilize any subcontractor declared by the Illinois Human Rights Department to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations.

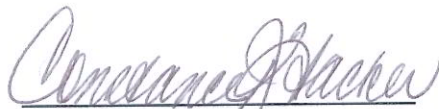

Section III. For the purposes of subsection G of Section II, "subcontract" means any agreement, arrangement or understanding, written or otherwise, between the Vendor and any person under which any portion of the Vendor's obligations under one or more public contracts is performed, undertaken or assumed; the term "subcontract", however, shall not include any agreement, arrangement or understanding in which the parties stand in the relationship of an employer and an employee, or between a Vendor or other organization and its customers.
