Title/Name/Summary

Rock Salt - Certificate of Authority by Vote and Rock Salt Purchase

History

The proposed 2025 Fiscal Year Budget is anticipated to include funds for the purchase of rock salt for snow fighting operations through the early months of January, February, and March, while also providing salt for any end of year events in November and December.

Rock salt has traditionally been purchased utilizing the State of Illinois Rock Salt Joint Purchasing program. The State solicits interest in this program mid-year across Illinois municipalities. Larger participation should result in better competitive pricing, but factors such as weather, salt availability, contractor availability, and fuel prices play a part. The Village is committed to purchasing two thousand five hundred (2,500) tons of rock salt, with the understanding that a minimum of 80% is required per the contract. An

additional 20% may be purchased at the contract price. Any additional rock salt above this amount is negotiable.

At this time, the State contract price has not been determined nor has it been solicited. However, due to the potential dollar amount exceeding the \$25,000.00 threshold, the State of Illinois requires a Certificate of Authority Vote to be taken, documented, and executed by the Village Board. The Village of Orland Park can not place a salt order for 2025 until a "Certificate of Authority Vote" has been taken.

Public Works staff recommends utilizing the State of Illinois Rock Salt Purchasing Contract with the State of Illinois with an approved contractor/vendor of their choice, for the purchase of two thousand five hundred tons of rock salt. This is with the understanding, that a minimum purchase of 80% is required per the contract. An additional 20% may be purchased at the contract price. Any additional rock salt above this amount is negotiable.

Financial Impact

Funding for this project can be available upon approval of the FY 2025 budget in account 1008020-462600.
