A RESOLUTION IMPOSING A NINE-MONTH TEMPORARY MORATORIUM ON THE
ACCEPTANCE AND APPROVAL OF CERTAIN BUSINESS LICENSES, DEVELOPMENT,
AND ZONING APPLICATIONS IN THE VILLAGE OF ORLAND PARK, ILLINOIS

..B

WHEREAS, the Village of Orland Park, a home rule municipal corporation, may exercise any power and perform any function pertaining to its government and affairs; and

WHEREAS, the Village of Orland Park has adopted regulations requiring the licensing of all businesses within the Village's boundaries and has adopted a zoning code that provides for the regulation of businesses within the Village; and

WHEREAS, the Village of Orland Park Land Development Code, Section 4-101, provides that the Village will adopt, from time to time, a Comprehensive Plan that "shall be considered an official statement of the policy of the Village with respect to the existing and developing character of various areas of the Village; the proper objectives, standards, and directions for future maintenance, growth and development of the Village; and the actions and programs to be undertaken by the Village with respect to its future maintenance and development." (Village of Orland Park Land Development Code §4-101(B)); and

WHEREAS, the Village of Orland Park last adopted a comprehensive plan in 2013; and

WHEREAS, the Village of Orland Park's strategic plans have identified an updated Comprehensive Plan as a key part of the Village's next steps in updating its development goals and defining the Village's future plans to ensure a continued vibrancy and diversity in the Village's character of strong social, community, and fiscal health; and

WHEREAS, commensurate with these goals, the Village is initiating the solicitation of consulting services to provide guidance regarding the Comprehensive Plan updates; and

WHEREAS, this initial framing period will shape the goals and policies of the updated Comprehensive Plan, and determine the code updates necessary, to align the Village Code and the with the goals and direction of the Village; and

WHEREAS, already identified areas of concentration for the Comprehensive Plan and resultant code updates include updating of use categories, reevaluation of by-right development and special use requirements, review of zoning districts, and business licensing regulations; and

WHEREAS, Village staff recently undertook a period of study and review in connection with revisions to the rental housing licensing requirements of the Village, which proved successful in identifying goals, reviewing potential solutions, and implementing a density scheme that was in the best interest of the Village's residents; and

WHEREAS, similarly, the Village President and Board of Trustees of the Village likewise have determined that a period of analysis of regulations connected to land use and development and business licensing may advance the goals of identifying development objectives that prevent the overdevelopment of certain specific types of businesses, to protect the viability of both the current businesses present in the Village and to reduce the potential for unstable commercial turnover as a result of precipitous approvals; and

WHEREAS, the Village President and Board of Trustees of the Village additionally find that certain uses may reduce business diversity, overtax parking and access, limit redevelopment options, and are less likely to spur facility and site improvements; and

WHEREAS, accordingly, the President and Board of Trustees of the Village have determined that a temporary moratorium on the acceptance, processing, and/or approval of newly issued business licenses and/or zoning relief requests for certain uses, as outlined below, will allow the initial goals and direction of the updated Comprehensive Plan to be identified, and any necessary preliminary code revisions in furtherance thereof to be formulated, considered and adopted; and

WHEREAS, the Village has determined that this proposed temporary moratorium is in the best interest of the Village and its residents and property owners.
