P.I.N.: 27-15-100-023-0000

The said property is hereinafter referred to as the "Subject Property."

3. The Subject Property is generally located at the southeast corner of 151st Street and LaGrange Road in the Village of Orland Park and consists of four parcels. Parcel 1 is owned by Orland Chi Chi's LLC, and consists of approximately 1.25 acres. Parcel 2 is owned by Inland and consists of approximately 0.72 acres. The building currently on the property is planned for demolition and a new, approximately 23,400 square foot multi-tenant commercial building will be constructed on the site and on Parcel 2. Parcel 2 is the subject of a ground lease between Orland Chi Chi's, LLC and Inland Orland Park Place II, LLC, permitting the new construction. A cross access and parking agreement exists over the remainder of Lot 1 in favor of Parcel 1. Parcel 3 is approximately 900 square feet, is owned by Inland and is also subject to the ground lease. It is located at the extreme northwest corner of the Subject Property.

4. The development plan for the Subject Property includes a corner plaza landscape feature on Parcel 3. Also included in the plan for the Subject Property is a restaurant with possible outdoor seating, as well as other retail and/or office uses.

5. Because the proposed restaurant is not within 300 feet of a residential area, it will not require a special use permit. Variations from the regulations that (i) no parking be located between the street and the building, (ii) a 10 foot parking setback is required, and (iii) foundation area landscaping is required, will be needed in order to provide for parking between the building and both 151st Street and LaGrange Road, with a 9-foot setback, and the elimination of foundation landscaping.

6. The Village of Orland Park is a Home Rule Unit pursuant to the provisions of the Illinois Constitution, Article VII, Section 6, and the terms, conditions and acts of the Village under this Agreement are entered into and performed pursuant to the Home Rule powers of the Village and the statutes in such cases made and provided.

RECITALS:

1. The parties hereto desire that the Subject Property be developed in the Village, subject to the terms and conditions as hereinafter set forth and that the Subject Property be developed in the manner as set forth in this Agreement.

2. Developer has petitioned the Village for development approval and zoning variations to permit the requested development.

3. The parties hereto have fully complied with all relevant statutes of the State of Illinois and ordinances of the Village including the filing of an application by Developer to enable development as herein provided. The Village has caused the issuance of proper notice and the conduct of all hearings by all necessary governmental entities to effectuate such Special Use Permit for a Planned Development and development as herein provided.

4. All reports by all relevant governmental entities have been submitted enabling appropriate action by the Village Board of Trustees to achieve the following:

- (a) Adoption and execution of this Agreement by ordinance;
- (b) Adoption of such ordinances as are necessary to effectuate the terms and provisions of this Agreement including the classification of a portion of the Subject Property pursuant to the terms and conditions of this Agreement and the granting of modifications to setback and parking requirements;
- (c) The adoption of such other ordinances, resolutions and actions as may be necessary to fulfill and implement this Agreement pursuant to the terms and conditions herein contained.

5. The parties hereto have determined that it is in the best interests of the Village and Owners, and in furtherance of the public health, safety, comfort, morals and welfare of the community, to execute and implement this Agreement and that such implementation of this

Agreement and development of the Subject Property pursuant to its terms and conditions will constitute an improvement of the tax base of the Village, be an implementation of the comprehensive plan of the Village and will constitute a preservation of environmental values.

6. Owners covenant and agree that they will execute all necessary usual, customary and reasonably acceptable directions and issue all necessary usual, customary and reasonably acceptable instructions and take all other commercially reasonable actions reasonably necessary in Owner's reasonable judgment to direct, cause and require Developer to perform its obligations hereunder.

SECTION 1: Zoning Variations, Plan Approval and Design Standards.

A. The Village, upon the necessary hearings before the relevant governmental bodies having taken place pursuant to statute and ordinances in such cases made and provided and pursuant to requisite notice having been given, shall by proper ordinance after execution of this Agreement, grant zoning variations to permit development pursuant to the approved plan.

B. The Subject Property shall be developed substantially in accordance with the site plan and building elevations appended hereto and incorporated herein as EXHIBIT A entitled "Orland Park Place Retail Building," prepared by Greenberg Farrow, project number 20050213, Sheet A.20 dated 9-28-05, latest revision 3-24-06, and sheet C-3.1 dated 3-23-06. The Developer agrees that the Subject Property shall be developed substantially in accordance with said plans as shown on said site plan (EXHIBIT A) as approved or as may be subsequently amended and approved by the Village, and in accordance with supporting preliminary and final engineering drawings and plans to be submitted to the Village Engineer for review and approval, and subject to the following conditions:

1. That the petitioner plan approval be subject to final engineering approval, and that the Developer return to the Board with any significant changes, if needed, based on site engineering;
2. That, in the event a Landscape Plan has not yet been approved, the Developer return for approval of a Landscape Plan for this development, within sixty (60) days after full execution hereof;
3. That the cross access and parking agreement over Parcel 3 in favor of Parcel 1 be provided to and approved by the Village Attorney;
4. That Building Code related items are met, including that a firewall be constructed where the building spans the lot line between Parcels 1 and 2.

SECTION 2: Storm Water Detention and Storm Sewers.

Storm Water run off emanating from the Subject Property is not expected to create any additional problems for the area, because the amount of impervious surface will not change.

Storm water shall be retained as it has in the past and in accordance with a storm water management system for the Subject Property as finally approved by the Village. The design criteria, construction and maintenance of the storm sewers shall be in accordance with all standards of the Village in force on the date of final approval, and also all standards of the Metropolitan Water Reclamation District of Greater Chicago in effect at the time of final approval. Required sewers shall be completed and maintained by the Developer at its expense. As of the date of this Agreement, the Village Engineering Department has approved the storm water plan submitted by the Developer.

SECTION 3: Contributions.

Upon, and as a condition to, the issuance of a retail building permit, Developer shall pay the Fair Share Road Exaction Fee as established in the Village's Land Development Code, Section 5-112 (K)(6). For Developer's 23,074 square foot building less a credit of 10,753 square feet for the demolished Chi-Chi's building, the fee shall be \$14,169.15. The Village shall solely determine how said sum so paid shall be allocated and disbursed.

SECTION 4: Water Supply.

Developer shall be required to construct and install at its expense all necessary on-site water mains to service the Subject Property. All such water mains shall be constructed and installed in accordance with the Land Development Code of the Village and final engineering plans approved by the Village. As of the date of this Agreement, the Village has approved the on-site water main plan submitted by the Developer.

SECTION 5: Sanitary Sewers.

Developer shall be required to construct, install and maintain at its expense all necessary sanitary sewers to service the Subject Property in accordance with the Land Development Code of the Village and final engineering plans approved by the Village. Developer agrees that no surface water is to be discharged into the sanitary sewerage collection system and Developer will make adequate provision that this will not occur.

SECTION 6: Streets, Sidewalks and Street Lights.

Developer shall construct and install all streets, sidewalks, walking paths, ramps and street lights as shown in EXHIBIT A (and as modified in accordance herewith), and in accordance with the Land Development Code of the Village and final engineering plans approved by the Village.

SECTION 7: Easements.

The Owners agree at the time of approval of this Development Agreement to grant to the Village, and/or obtain grants to the Village of, all necessary easements for the extension of sewer, water, street, or other utilities, including cable television, or for other improvements that

may serve not only the Subject Property, but other territories in the general area, provided such service shall not adversely affect such use at the Subject Property.

All such easements to be granted shall name the Village and/or other appropriate entities designated by the Village as grantee thereunder. It shall be the responsibility of the Owners to obtain all easements, both on site and off site, necessary to serve the Subject Property.

SECTION 8: Developmental Codes and Ordinances and General Matters.

The development of the Subject Property shall be in accordance with the existing building, zoning, subdivision, storm water retention and other developmental codes and ordinances of the Village as they exist on the date each respective permit for development of the Subject Property is applied for, except that parking locations and setbacks shown on EXHIBIT A and the foundation area landscape elimination shown on EXHIBIT A shall be permitted pursuant to a variation ordinance to be approved.

No occupancy permit shall be issued for any unit in the proposed building prior to the completion and approval for use by the Village of the required public improvements. All required public improvements shall be completed within one (1) year from the date hereof, and the Developer shall deliver to Village an irrevocable letter of credit (the security Developer has elected to provide), in a form satisfactory to, and from a bank or other financial institution approved by, the Village in an amount as provided for in the Land Development Code of the Village, said letter of credit to include all required lighting, sidewalks, corner landscape feature, streets and street lights, landscaping and sewer and water lines and required storm water management facilities. The Village Engineer may, in his discretion, permit the amount of said letter of credit to be reduced, from time to time, as major public improvements are completed.

SECTION 9: Utilities.

All electricity, telephone, cable television and gas lines shall be installed underground, the location of which underground utilities shall be at the Developer's option, but with locations in public rights of way also subject to Village Engineering Department approval.

SECTION 10: Binding Effect and Term and Covenants Running with the Land.

This Agreement shall be binding upon and inure to the benefit of the parties hereto, successor owners of record of the Subject Property, assignees, lessees and upon any successor municipal authorities of said Village and successor municipalities, for a period of seven (7) years from the date of execution hereof and any extended time that may be agreed to by amendment.

The terms and conditions of this Agreement relative to the construction and/or dedication of public improvements, granting of easements to the Village, dedication of rights-of-way to the Village and the developmental standards established herein shall constitute covenants which shall run with the land.

2. If the Village, in its sole discretion, determines there is, or may probably be, a conflict of interest between Village and either or both entities comprising Owners, on an issue of importance to the Village having a potentially substantial adverse effect on the Village, then the Village shall have the option of being represented by its own legal counsel. In the event the Village exercises such option, then Developer shall reimburse the Village from time to time on written demand from the President of the Village and notice of the amount due for any expenses, including but not limited to court costs, reasonable attorneys' fees and witnesses' fees, and other reasonable expenses of litigation, incurred by the Village in connection therewith.

In the event the Village institutes legal proceedings against either or both entities comprising Owners for violation of this Agreement and secures a judgment in its favor, the court having jurisdiction thereof shall determine and include in its judgment against any such Owner all reasonable expenses of such legal proceedings incurred by the Village, including but not limited to the court costs and reasonable attorneys' fees, witnesses' fees, etc., incurred by the Village in connection therewith.
