This provision constitutes the VILLAGE's continuing demand for such certificates and endorsement(s) or true and correct copies thereof and the obligation to provide such insurance coverage shall be in full force and effect during the life of the CONTRACT. Failure of the VILLAGE to request such certificates and endorsements shall not relieve the CONTRACTOR of these obligations to provide insurance.

ARTICLE 14: CHANGES IN THE WORK

14.1 All changes in the WORK must be requested by CONTRACTOR and approved by the VILLAGE via an Authorization to Proceed document bearing the signature of the Project Principle for VILLAGE. Any change order or series of change orders that increase or decrease the CONTRACT value by \$10,000 or more, or that increases or decreases the

CONTRACT duration beyond the approved project schedule must be accompanied by a written request from CONTRACTOR justifying the additional cost or change in schedule. Within an agreed upon period of time, VILLAGE will provide a response to CONTRACTOR's Change Order or Time request by providing a determination signed by the VILLAGE or its designee finding that the change requested was not reasonably foreseeable at the time the CONTRACT was signed, the change is germane to the CONTRACT or the change is in the best interest of VILLAGE. Traffic Signal Modifications – 151st Street & 80th Avenue

Description: This item shall consist of modifying the existing traffic signal at the above noted intersection in accordance with the attached plans and specifications provided by Christopher Burke Engineering LTD. (CBBEL) – Exhibit D.

Materials: All material and equipment utilized to complete this work shall conform to the requirements of the Standard Specifications.

Construction Requirements: All traffic control measures required to maintain a safe work zone will be the responsibility of the contractor. Once started, work will need to be continuous until completed, as intersection is adjacent to an emergency response facility. Prior to the commencement of any work appropriate signage shall be placed in the work zone area to notify residents and motorists of work activities and projected completion date. Additional signage may be required by the Director of Public Works or his designee for safety or informational purposes and will be the responsibility of the contractor to procure and erect such signage. A signage plan shall be developed and submitted for approval to the Village of Orland Park. All roads shall remain open to normal traffic during construction. The contractor shall provide guidance and warnings as needed to ensure the safe operation and passage of all traffic, including pedestrians. The cost of this resident notification and traffic control shall be considered incidental to the unit price of the work being performed. The contractor will be responsible for developing an Emergency Communications Plan (ECP) with 24 hour contact information should the need arise. The Village will supply appropriate phone numbers of staff and other agencies that will need to be included on the ECP. See Exhibit E in this document for an example of an ECP. This is included for informational and layout purposes only. An individualized plan for this project will need to be developed and distributed to all appropriate agencies prior to the start of construction. This will include the Cook County Highway Department, Orland Police Department, The Orland Fire Protection District, Orland Township Offices, Orland Public Works Department and The Village of Orland Park Administration Department.

Clean-up: Any and all debris that is a result of the construction activities shall be cleaned up and removed daily, and disposed of offsite by the Contractor in accordance with Section 202.03, and with the Environmental Protection Act [415 ILCS 5/22.51]. Disposal of debris generated by this work will not be measured for payment, and considered incidental to the traffic signal modification work.

Guarantee: All modification work will be guaranteed by the Contractor to be free of defects in material and workmanship for a minimum of one year (1) from date of acceptance. The contractor will be responsible for warranting material and equipment purchased from approved vendors for the specified warranty period (e.g. LED signal heads). The guarantee shall include all labor, materials, tools, equipment, and services required for the proper repair and/or replacement of the defective materials or equipment.

Basis of Payment: This work will be paid for at the contract total cost following inspection and approval by the Village of Orland Park Public Works Director or his designee.

Section I. This EQUAL EMPLOYMENT OPPORTUNITY CLAUSE is required by the Illinois Human Rights Act and the Rules and Regulations of the Illinois Department of Human Rights published at 44 Illinois Administrative Code Section 750, et seq.

Section II. In the event of the Contractor's noncompliance with any provision of this Equal Employment Opportunity Clause, the Illinois Human Right Act, or the Rules and Regulations for Public Contracts of the Department of Human Rights (hereinafter referred to as the Department) the Contractor may be declared non-responsible and therefore ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and this agreement may be canceled or avoided in whole or in part, and such other sanctions or penalties may be imposed or remedies involved as provided by statute or regulation.

During the performance of this Agreement, the Contractor agrees:

A. That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin or ancestry; and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization.

B. That, if it hires additional employees in order to perform this Agreement, or any portion hereof, it will determine the availability (in accordance with the Department's Rules and Regulations for Public Contracts) of minorities and women in the area(s) from which it may reasonably recruit and it will hire for each job classification for which employees are hired in such a way that minorities and women are not underutilized.

C. That, in all solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, marital status, national origin or ancestry, age, or physical or mental handicap unrelated to ability, or an unfavorable discharge from military service.

D. That it will send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organization or representative of the Contractor's obligations under the Illinois Human Rights Act and Department's Rules and Regulations for Public Contract.

E. That it will submit reports as required by the Department's Rules and Regulations for Public Contracts, furnish all relevant information as may from time to time be requested by the Department or the contracting agency, and in all respects comply with the Illinois Human Rights Act and Department's Rules and Regulations for Public Contracts.

F. That it will permit access to all relevant books, records, accounts and work sites by personnel of the contracting agency and Department for purposes of investigation to

ascertain compliance with the Illinois Human Rights Act and Department's Rules and Regulations for Public Contracts.

G. That it will include verbatim or by reference the provisions of this Equal Employment Opportunity Clause in every subcontract it awards under which any portion of this Agreement obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor. In the same manner as the other provisions of this Agreement, the Contractor will be liable for compliance with applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the Department in the event any subcontractor fails or refuses to comply therewith. In addition, the Contractor will not utilize any subcontractor declared by the Illinois Human Rights Department to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations.

Section III. For the purposes of subsection G of Section II, "subcontract" means any agreement, arrangement or understanding, written or otherwise, between the Contractor and any person under which any portion of the Contractor's obligations under one or more public contracts is performed, undertaken or assumed; the term "subcontract", however, shall not include any agreement, arrangement or understanding in which the parties stand in the relationship of an employer and an employee, or between a Contractor or other organization and its customers.
