

Centennial Park Dog Park Fundraising

Our Goal

Through the efforts of the Village of Orland Park Parks Department and along with generous contributions from dog lovers like you, the Village of Orland Park is beginning preliminary measures to develop a securely fenced open space area where owners can let their dogs off leash for exercise, socialization and fun.

How Can I Help?

We are seeking contributions through private donors such as you to make this dog park a reality. Through your generous donations of financial resources, time, and materials we can develop this much needed Dog Park.

Make a tax deductible monetary contribution

Add a donation checkbox to the water bill mailing

Sponsor specific pieces of equipment:

<u>Item</u>	<u>Donation</u>
Shade Structure	\$5000
Drinking Fountain	\$4000
Benches	\$1200
Sanitation Station	\$1000
Trees	\$300
Engraved Brick 4x8	\$100
Advertising Banner (per year)	\$1000
Fountain	TBD
Dog bone picnic table	\$4500

Become a Dog Park sponsor by purchasing the naming rights for the dog park.

- Naming the Dog Park for a 10 year commitment: \$50,000
- Naming as area within the Dog Park for a 10 year commitment: \$10,000

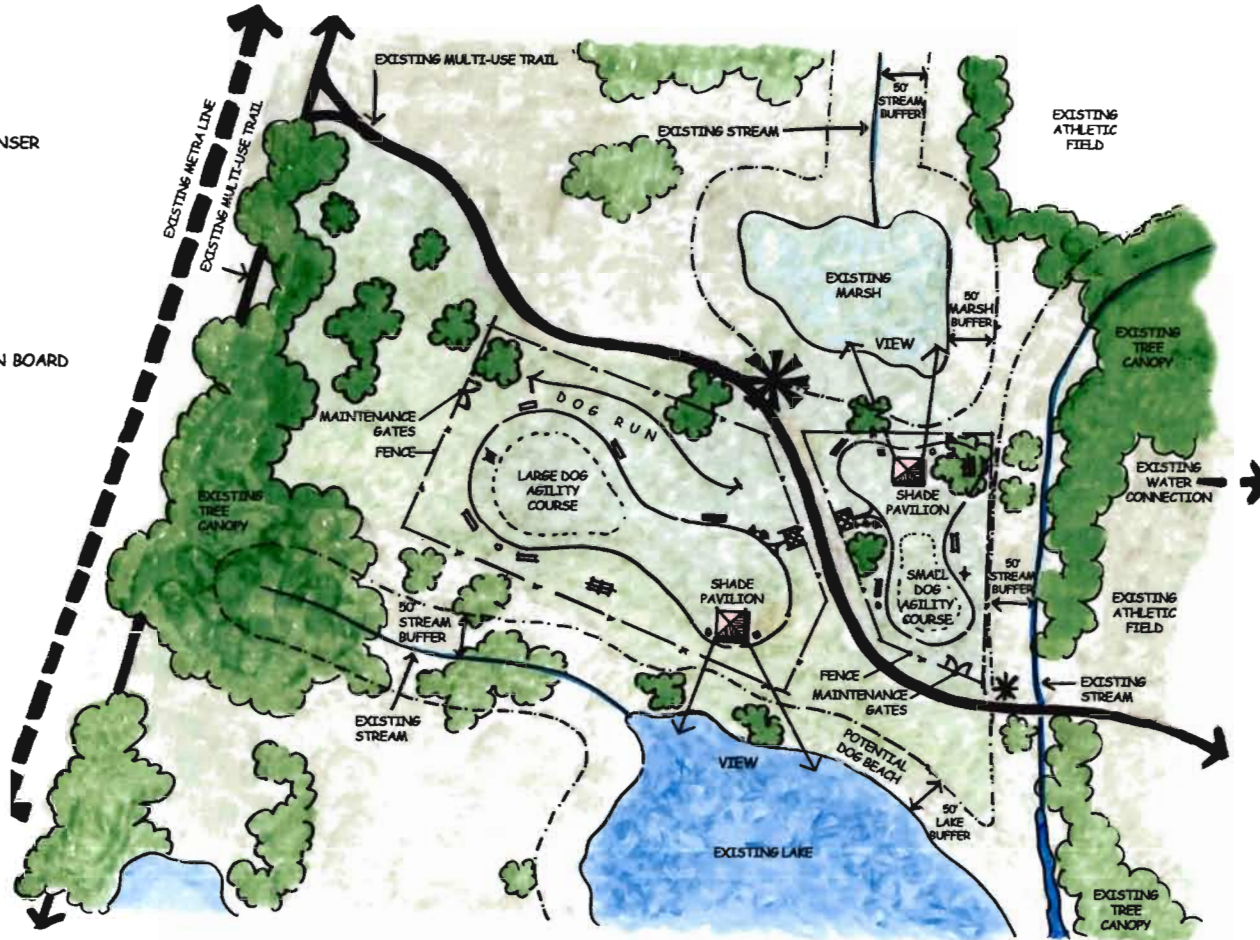

Donations of new building materials such as fencing, irrigation supplies, concrete, etc.

We are in the process of applying for a grant from Petco and a sponsorship from PetSmart for additional funding. Orland Park is also participating in the "Bark for Your Park" contest sponsored by PetSafe. The winner will be awarded \$100,000 to build a Dog Park.

LEGEND

-  BENCH
-  DELUXE BENCH
-  PICNIC TABLE
-  MUTT MITTS & DISPENSER
-  PET WASTE
-  WASTE
-  WATER FOUNTAIN
-  DOUBLE GATE
-  HYDRANT
-  PARK SIGN & BULLETIN BOARD
-  EXISTING OVERLOOK

DESIGN APPROACH

This site plan provides for two separate dog parks (one for small dogs and one for large dogs). The parks are situated adjacent to the existing lake within Centennial Park. The parks have been located on either side of an existing multi-use pathway, both parks can be accessed from this pathway. This pathway also leads to an existing parking lot that can be utilized by the dog park user. An existing water connection centrally located just east of the proposed park locations will provide hook-up to drinking fountains and potential Phase II play fountains/dog showers.

LARGE DOG PARK

+/- 2.0 Acre Park

The large dog park is located just west of the existing multi-use trail and takes advantage of the views to the existing lake. The large dog park would provide surround fencing with a double gated entrance and a secondary maintenance access. The park would also provide a large dog agility equipment system, a shade pavilion, a dog run, walking pathways, a picnic table, dog and people water fountains, dog and people waste receptacles and dog mutt mitts/dispensers.

SMALL DOG PARK:

+/- 1.0 Acre Park

The small dog park is located on the eastern side of the existing multi-use trail and takes advantage of the views to an existing marsh/wetland. The park would provide surround fencing with a double gated entrance and a secondary maintenance access. The park would also provide a small dog agility equipment system, a shade pavilion, walking pathways, a picnic table, dog and people water fountains, dog and people waste receptacles, and dog mutt mitts/dispensers.

DOG-ON-it-PARKS

Turning off-leash areas into . . . PARKS!

The first dog exercise equipment engineered for public park use.

Dog-ON-It-Parks Features:

- Designed for the average recreational off-leash park user with no prior experience
- Safely practice obedience skills & build confidence, plus it's great family exercise for all ages
- Components provide fun activities for all abilities and dog sizes
- Highest quality materials to be both safe & vandal-resistant in public park environments
- Proprietary PawsGrip™ texture is slip-resistant for better traction on ramps
- ADA Accessible for use by everyone  (with accessible surfacing)
- Exclusive 5-year warranty
- Training information & user support at www.dog-on-it-parks.com

Tough enough for any park setting:

- Galvanized steel pipe with baked powder coat finish
- Polymeric PawsGrip™ coating is nearly as tough as steel
- Extra-strong, reinforced 12-gauge steel planks
- Solid polyethylene & recycled plastic with stainless steel hardware
- Tunnel interior is specially molded to be slip-resistant

Complete:

SYSTEM 1

(Minimum area 75' x 150')

- Includes the most popular activities
- Activities for all size dogs
- Twelve fun & challenging activities
- Includes Custom Park Rules Sign & Pet Parking Post

(Site furnishings shown not included)

Small Dog:

SYSTEM 2

(Minimum area 50' x 100')

- Created specifically for small dogs
- Includes seven size-appropriate activities

More details on each component & training tips at www.dog-on-it-parks.com

EXERCISE COMPONENTS:

S-TUNNEL #6802-S

Slip resistant tunnel interior with or without Dog Houses
(Shown w/2 Doghouses)

WAIT TABLE

3' x 3'

#6403-S
8" Height

#6404
16" Height

ADJUSTABLE TIRE JUMP #6520

16" of adjustment for all dog sizes.

JUMP WALL #6601-S, #6602-S, #6603

3 heights available

ADJUSTABLE JUMP BAR #6521-S

Knock-down safety bar adjusts to 7 positions

HOUD HURDLES #6509-S

Set of 4 hurdles

6" Height

AGILITY WALK #6413-S

Slip resistant (set of 5 steps)

FLEXIBLE WEAVE POSTS #6516-S

Safely flexes with no spring back. Set of 6

HOUD HOOPS #6415

Set of 5 hoops

A-FRAME #6401

3' high x 14" long x 38" wide

DOG TEETER-TOTTER #6412

10' long x 12" wide with shock absorbers

DOG WALK RAMP #6402

3' high x 18' long x 20" wide

(-S suffix indicates component is also suitable for Small Dog areas)
