

**Program Justification**

3/3/2011

<b>Program Supervisor:</b>	<b>Simpson</b>		<b>Season: Winter 2010</b>
<b>Program Name:</b>	<b>Number of Seasons Offered</b>	<b>Number Enrolled</b>	<b>Justification to Continue Offering with Low Enrollment</b>
Digital Photography	4	4	While 4 may seem like a low number, for an adult class it is good. It is a contractual program so she receives a per person rate so it does not cost us anything to run with the lower numbers
Etiquette - youth/teen	4	0	We tried some new things for this age group under the etiquette name and since this class is still fairly new, we are experimenting with it to find the age niche that fits the class and also the time of year that best fits the class.
Photo Fundamentals I & II	4	3 & 0 respectively	Because this too is an adult class, it is hard to get big numbers in the special interest classes. The Photo II number is good and we always like to offer something for those that have already taken a previous class but are looking for a little bit more. It does sometimes run with a couple of people.
Preschool Spanish	4	4	This class has been very successful in the past but given the current economy, enrollment has been low. I hope to get bigger numbers in the fall and next winter sessions.
Spanish Workshop	4	0	I usually offer one per season and they have been successful in the past. I would like to try another sessions and will discontinue if enrollment is low.
Choreography	2	0	This class is usually only offered in the summer. It ran in 08 but got cancelled in 09. I am trying it in the winter to see if we can generate some interest.
Dance and Stuff Workshops	4	4	These classes have typically been offered in the summer only and include Lyrical, Modern, Leaps and Turns, etc. I am going to begin plugging some of these classes into the schedule.
Pointe	1	0	This too is typically only offered in the summer. It ran in 08 and not in 09. I am going to offer it in the winter for the girls in Company.
