AMERICAN LEGAL
Publishing Corporation

March 17, 2021

Office of Village Clerk
Village of Orland Park
14700 S. Ravinia Ave.
Orland Park, IL 60462

Dear Reader:

Thank you for allowing us to bid on RFP #21-019, Recodification Services, Publication and Supplement Services for the Municipal Code and Land Development Code, and for considering American Legal Publishing for your codification project. We do have the entire municipal code and Land Development Code currently on our system. We originally took over the supplements of the in-house code from the Village - so the format is what was provided to us. This agreement will allow American Legal to provide you with a new and improved code in a better format. Enclosed is our proposal to codify Orland Park's code of ordinances.

In the RFP, you state that during the codification and in future supplements you want ordinances analyzed for discrepancies or conflicts with other parts of the code, State of Illinois statutes, and federal law. A recodification with American Legal Publishing will provide a state law update with the initial recodification and all supplements in the future. You can see this by an example that I have enclosed in (Exhibit A). Unfortunately, when we took over the supplements to the Village's in-house Municipal Code, the state law check was not requested by the Village. **You do need to ask your future codification company that they are checking your ordinances against state law on a yearly basis. We list it right on our website.**

We feel an accurate code, reviewed by a staff of 16 licensed attorneys, is the most important part of the codification project. We have more attorneys on staff than any other codification firm. Our staff can also provide free model ordinances on areas not currently covered by your ordinances during the recodification and into the future for no additional charge. There is also the option to receive the new code on a flash drive or you can download it at your convenience, as well as having the code of ordinances placed online.

Once the recodification project is completed, we offer a total solution for municipal document management that includes **indexing, search and retrieval software** for ordinances, meeting minutes, committee meetings, and other documents on the Internet. In addition to producing high quality print products, we are the industry leader in municipal document computerization.

In future years, new ordinances can be easily added to your code with American Legal's instant online updates and paper supplement services. You can also search all codes on our internet site free of charge when you feel like looking for models yourself. No additional fees for citizens or businesses. We welcome the opportunity to help manage Orland Park's municipal documents. Should you have any questions about the proposal, please do not hesitate to call me.

Best regards,

BACKGROUND

History of American Legal Publishing

American Legal Publishing began as the codification division of the Anderson Publishing Company of Cincinnati in 1934. We became a separate corporation in 1979, and in 1988, American Legal became a wholly-owned subsidiary of the Columbus, Ohio-based Westford Group with less than 500 active clients. In 2000, the Westford Group reorganized its holdings and classified American Legal Publishing as a wholly-owned subsidiary of Bancinsurance Corporation (also of Columbus, Ohio). In 2006, American Legal **then became an independent, employee-owned C-Corporation**. With Steve Wolf, CEO at the helm for the last 36 years he along with many long term employees turned this small company into the most respected codification company in the country with over 3,400 current clients. Many cities have turned to American Legal for our accuracy, attention to detail, instant web updates, more attorneys on staff than any company, and customer service. However, our newest advantage over our competition has been empowering cities to tell us when they want to update the code instead of the company dictating when it will be done. This has lead to both small and large cities, boroughs, and townships to switch to American Legal Publishing. We conduct all of our editing, printing, online services, marketing and distribution work from our facilities in Cincinnati and Cleveland, Ohio

Qualifications of the American Legal Staff

American Legal's success is the direct result of the hard work and professionalism of our team of editors, lawyers and technical specialists, including **16 attorneys**. We have more attorneys on staff, which is why we provide the accurate codes and why so many governments have switched to American Legal.

Our editorial production staff consists of experienced editors (many of whom hold advanced degrees in English or Law) who are skilled in the multiple disciplines required in providing codification services. Our technical specialists have extensive experience in producing online products and providing consulting, training and support. We are the only company with a full time Illinois licensed attorney on staff with over 20 years of Illinois municipal law experience.

Our commitment to excellence in the provision of core editorial and publishing services has led entities such as the Cities of New York, Chicago, Los Angeles, Dallas, Albuquerque, Fort Worth, San Francisco, Boston, Honolulu and Tucson to *switch* to American Legal. Our systems and personnel permit us to implement customized programs meeting the highest standards for quality and service for each of our clients large or small.

Our legal staff's **Exclusive Editorial and Legal Report** details internal code inconsistencies as well as inconsistencies between your ordinances and state statutes and federal law. Our legal team consists of sixteen members with law degree. We provide the **most comprehensive analysis** in the codification industry: outlining problems, providing you with alternatives, and allowing you to implement desired improvements.

You receive the Editorial and Legal Report with the **draft** of your code, allowing you to review your code with the assistance of our detailed, written editorial analysis which will ultimately be reviewed with you at a conference in Orland Park.

Subject Matter Format

We will arrange your ordinances according to logical subject matter. We group all of your land use ordinances together in one section, your business regulations together in one section, your administrative ordinances in another section, etc. Should you have your own format in mind we can cater to your needs and provide you the code you want.

We offer free **Model Ordinances** covering nearly any municipal topic to replace an outdated ordinance or to cover an area where you may not have an ordinance.

Table of Special Ordinances, Parallel References and Indexing

As part of your new code, we will create Tables of Special Ordinances covering such topics as annexations, zoning map changes, franchises, easements, etc. These ordinances will be listed in table form by ordinance number, date of passage, and will include a brief description of each ordinance.

Your code will include Parallel Reference Tables that indicate which code sections are based on state statutes, where prior code sections appear in your new code, and a cross-reference of ordinance numbers to code section numbers.

Our comprehensive index includes no dead ends when you search for a topic.

Style Options

We offer different typesets for your code. We offer the code in single or dual column printing. We offer various types of binders such as the 3 ring binder, post binder, and swing hinge binders. We can provide the binders in many different colors. If there is a particular font that you want we can provide this as well. If you have other ideas or questions just ask. We are always listening to our clients.

Timely Delivery and Flexible Billing

We will complete your code within 9 months (excluding your review time). In some cases we can complete the project sooner or delay it based on your needs. We can work with you to schedule the project so that it meets your budgetary needs as well. You can pay over two fiscal years and in some cases three years. We complete your future supplements within days if requested and we can update your code instantly with newly passed ordinances online if you like.

Re-Orders and Pamphlets

We have **no minimum** or maximum orders of extra copies of your code. You can call us or email us at any time and order 1 or 1,000 additional copies of your code. You can order only as many codes as you need without having to worry about buying, storing and updating copies that you don't need. You can print specific pamphlets for your police department, zoning department, etc.

Subscriber Services

American Legal can sell current copies of Orland Park's code (printed and the searchable version) via our "800" number directly to Law Firms, Developers Realtors, and other outside interested parties.

Our service relieves Orland Park the burden of maintaining and updating inventory of codes and processing individual payments.

Supplement Services

Our staff will provide you with accurate updates of your code on a timely basis. Our fast and efficient supplement service will keep your code current in future years. You can supplement as often as necessary - even after every council meeting using our instant updating service. We can also upload newly passed ordinances online and link them to the section they affect in the code of ordinances until you are ready to update your code book.

Electronic and Website Hosting

Our experienced electronic publishing staff provides the highest quality online code products and services in the codification industry. Unlike our competitors, we offer a non proprietary software. We specialize in providing instant access to your code of ordinances 24/7. Our experience integrating local government information with our proven online program is unmatched in the industry. All of our online codes contain an electronic table of contents and extensive hypertext linking (for the table of contents, cross-references, chapter analyses and title analyses). We can also provide on-site training and consulting if requested.

Our online codes provides *hit-to-hit highlighting* so that users will be able to see the exact word or phrase that they are trying to find, instead of merely finding the page where the information resides. Please take a look at our website (www.amlegal.com under Library) for examples of city and county codes including the current codes for Los Angeles, Chicago, Philadelphia, Dallas, Boston, Tucson, Cleveland, San Francisco, etc.

The American Legal Web Hosting Advantage:

American Legal Publishing's online codes have advanced features making it possible for users to print, save, and email material from the site with just a few clicks of the mouse. Users are also able to set bookmarks in their browser's favorites list. They can view a URL for a specific chapter or section of a code and set static links.

Our Web hosting service offers:

- **Fast, full-text searching** in seconds.
- An ADA compliant view and a Mobile View in addition to the standard online view.
- A **Quick Search** feature, as well as an **Advanced Filters Search** feature so that users can choose the type of search they want to perform.
- A **specially-designed interface** that allows you to see the text of your document and the table of contents. Our specially-designed interface allows you to quickly and easily access the portion of the document you need to utilize. *We can also customize the look and feel of the site in case you want to develop a unique appearance for your document.*
- **Easy-to-use navigation options** that allow you to move from search hit to search hit, and from document to document (both forward and backward) without having to return to a results list to move to the next search find. This feature is available in both the desktop and mobile view versions.
- The ability to **print individual chapters or sections** of the document and the ability to **download** the document into numerous formats like Word and HTML.
- American Legal applies **Google Translate** features to the code of ordinances and minutes.
- An on-line **Internet query template** that allows our clients to search ALL the Codes in our Internet collection.

Please Note: Unlike other codification firms, American Legal allows users to search our *entire collection* of codes at no cost.

*When the U.S. Conference of Mayors was planning to sign onto an amicus brief in the marriage equality cases a few years ago to be heard by the United States Supreme Court, they assisted the drafter, Blithe Brock in the Los Angeles City Attorney's Office, by utilizing American Legal's **free multi-city search** capabilities on our website. Simultaneously searching codes from diverse cities like Boston, Chicago, Philadelphia, San Francisco, Fort Worth, Tucson and Baltimore County, Blithe raved that our **free multi-city search** capabilities are "amazing and I'm making it one of my 'favorites' so I can use it all the time! I often want to look at other cities"*

ordinances—for example, we were just re-drafting our ordinance affecting the homeless who live in cars—and this is a great resource.”

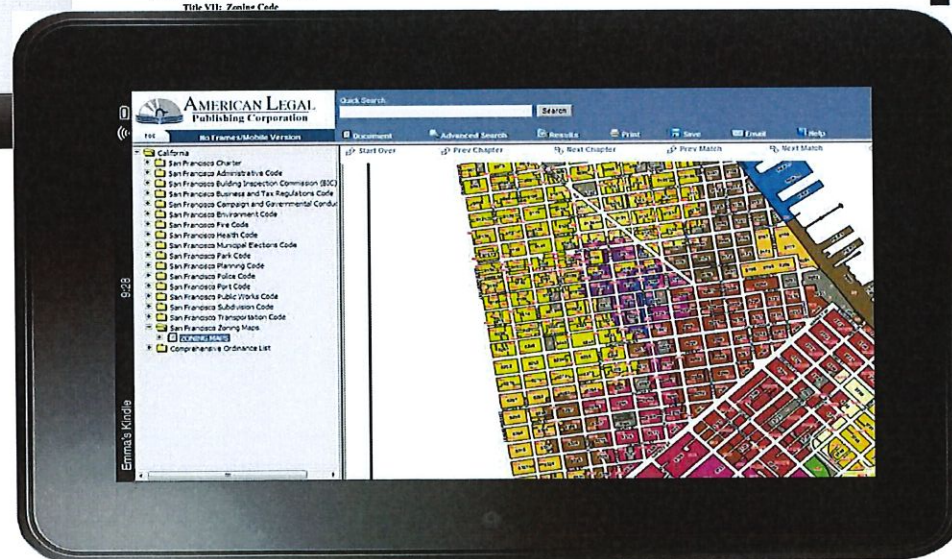

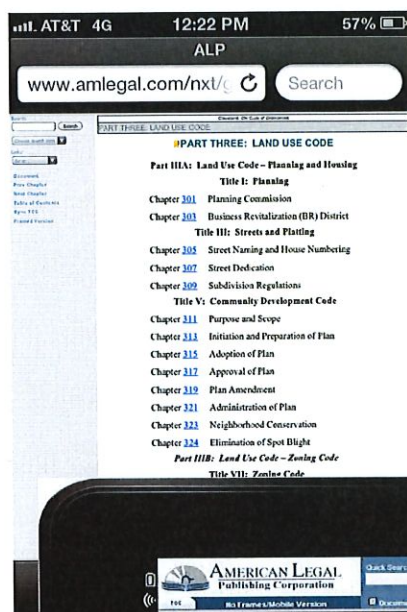

American Legal is the only publisher in the codification industry that permits **free simultaneous searches of multiple** major city codes such as Los Angeles, Chicago, Philadelphia, Dallas, San Francisco and Boston. Others permit only single city searches or require costly subscription registration, greatly restricting the public’s ability to search public information. Our commitment to free, convenient access to public information is long-standing and complete. Adding your municipality’s information to this free library would be a tremendous benefit not only to your citizens but to those state and nationwide to help review how other municipalities handle ordinances.

Electronic and Internet Supplements:

- American Legal shall also supplement the Online version of your code on any frequency requested by the municipality. American Legal and the Municipality will mutually determine the frequency and delivery dates of each supplements once a final supplement schedule is determined.

Mobile Optimized Formats:

American Legal provides online codes in a format for viewing the code via smartphones (Android and iPhone) and other mobile devices, including iPads, Kindle and tablets.

CODIFICATION AGREEMENT

March 17, 2021

Orland Park, a municipal corporation in the State of Illinois ("Municipality") and American Legal Publishing Corporation, ("Publisher"), an Ohio corporation, agree as follows:

I. THE PUBLISHER SHALL:

- (1) Examine the Municipality's prior code of ordinances and all ordinances or resolutions provided by the Municipality and determine which materials are to be codified.
- (2) Utilize its staff of attorneys to review all materials to be codified and prepare a written report for the municipal attorney.
 - (a) The report may include notice of and suggestions for resolving the following: Apparent conflicts with referenced state and federal statutes and administrative regulations;

Repealed, renumbered, or obsolete state and federal statutes and administrative regulations;

Apparent conflicts with prominent federal case law; and Internal discrepancies such as duplications, ambiguities, and obsolete terminology.
 - (b) Suggest new provisions which the Municipality should consider including in the new code, and delete old provisions which are no longer necessary or which might be improper or unlawful.
 - © The review will not involve re-drafting of entire chapters by the Publisher. However, the Publisher will provide model ordinances to the Municipality upon request if available.
 - (d) At the option of the municipality, hold a manuscript conference with municipal representatives to review the report. The Municipality will not be billed for time of the American Legal staff attorney if it chooses this option, but will be billed for travel expenses.

Note: The review performed by the Publisher should not be considered as a substitute for the competent advice of your Municipal Attorney, especially based on his/her in-depth knowledge of the municipal practices and procedures, and American Legal Publishing is in no way assuming the role of attorney for the municipality. Land Use sections of the code are especially specific to the locality and are thus only subject to cursory review and comparison with the rest of the code. (A sample Report can be provided to indicate the type of comments that are likely to be contained in the report for Orland Park.)

- (3) Classify all ordinances and resolutions which are of a general and permanent nature into titles, chapters, and sections, according to subject matter.
- (4) Make changes to effect uniformity of style and to correct typographical and spelling errors, grammar, and usage. Substantive changes shall not be made in the wording of the ordinances. Suggestions for additions or changes in the ordinances will be submitted to the Municipal Attorney.

- (5) Prepare:
- (a) Title, chapter, and section headings.
 - (b) A table of contents and sectional analysis for each chapter.
 - (c) A legislative history for each section, citing the ordinance number and date of passage, as indicated on copies of ordinances supplied to the Publisher.
 - (d) Statutory cross-references to sections of the state statutes and to other pertinent parts of the Code where applicable. These references shall appear at the end of the section to which they apply.
 - (e) Tables of Special Ordinances listing chronologically those ordinances in certain subject areas that the Municipality finds to be pertinent.
 - (f) Parallel Reference Tables showing:
 - 1. The disposition of ordinances (in numeric sequence) included in the codification (Ordinance to Code).
 - 2. A listing of code sections based on state statutes (Statute to Code).
 - 3. A listing of prior code sections incorporated into the new code if applicable (Old Code to New Code).
 - (g) An index (which will be created after the first draft of the Code is submitted).
- (6) Provide the Municipality with model or sample ordinances when available and upon request, at no additional charge.
- (7) Deliver to the Municipality, within 6 months from receipt of the materials deemed necessary by the Publisher to begin the codification (prior code, ordinances and new code questionnaire), one copy of a draft of the Code for the Municipality's examination.
- (8) If necessary, hold a conference to make final corrections, additions, and deletions to the Code. The Municipality will be billed for the travel expenses of the American Legal staff attorney. The Municipality may present changes to pages of the draft at the conference. After the final conference, no additional changes are to be made. Any further changes, additions, or deletions shall be made in the future supplements to the Code in accordance with III(3) of this Agreement. When the draft, and any changes thereto made by the Municipality, is returned to the Publisher, such return of the draft shall be deemed final authorization by the Municipality to publish the Code as returned. If additional conferences are requested by the Municipality which require the travel of a member of the staff of the Publisher, then the Municipality shall be advised what the additional cost, if any, for such conference will be.
- (9) Deliver to the Municipality, within 3 months of receipt of the corrected draft, 10 printed copies of the Code meeting the following specifications:
- (a) Type to be single or dual column, at the option of the Municipality
 - (b) Page size to be 8½" x 11"
 - (c) Printed on high quality paper

- (d) All copies to be in hard-covered, 3-ring, loose leaf binders. All binders shall have the Municipality's name stamped in gold and shall contain divider tabs.

(10) Provide a sample adopting ordinance to the Municipality.

II. THE MUNICIPALITY SHALL:

- (1) The Municipality will provide clear copies of all materials necessary to perform the codification, including an up to date copy of any previously published code of ordinances, copies of ordinances and pertinent resolutions not previously codified, and a completed New Code Questionnaire (provided by the Publisher).
- (2) After receipt of the draft of the code and legal report described in paragraph I (2), the Municipality shall have 60 days to review the draft and report and to return to the Publisher its comments about the draft and its answers to the legal report. In the alternative, if the Municipality opts for the legal conference described in paragraph I (9), it must contact the Publisher within 60 days to set up a meeting date. The meeting, itself, need not occur within the same 60 day period. If the Municipality fails to either return its comments and answers to the legal report within 60 days or, if applicable, to set up a meeting date, the Municipality may request that the Publisher extend the deadline in writing. The Publisher may adjust the contract price to cover any increased costs due to the Municipality's delay.
- (3) The Publisher agrees to include in the final version of the Code all ordinances adopted by the Municipality up to the time the manuscript is originally due back to the Publisher under the provisions of (2) above.
